Former Wabeno Teacher Returns to Gift Wabeno Library with Abraham Lincoln Project

Lew Mallow, a former teacher at Wabeno High School, returned recently for a family matter, and presented the library with a complete set of his lecture series, "The Life and Times of Abraham Lincoln." He is a noted speaker and writer about Civil War history and the life of Lincoln. The thirteen titles cover a number of noted battles of the Civil War, and other information regarding historical figures such as Robert E. Lee and Mary Todd Lincoln as well as others. Mallow and his wife Helen, have traveled around the region and the country with their jointly produced lecture programs. Several of the titles below are two part segments of his talks. The videos were originally produced for airing on local community-access television channels in the Eau Claire area.

Mr. Mallow and his shop class created the wooden sign for the Wabeno Library, which still hangs at the front of the log cabin building housing the library. The Mallows generously donated the entire collection to the library at no cost.

The titles include the following: "The Battle of Fredericksburg," "The Making of a President," "The Life of Mary Todd Lincoln," "The Assassination of Lincoln and the Aftermath," "Andersonville: The Prison and The Cemetery," "Freemasons at Gettysburg," "Gettysburg: the Battle and the Speech," "Jefferson Davis," "Colonel Elmer E. Ellsworth: Citizen Soldier and National Hero," "Thomas 'Stonewall' Jackson"

These DVD's are in the process of being catalogued and added to the collection, and will be available for check-out after November 1, 2013.

Also, for those interested in the Civil War, the Wisconsin Historical Society has launched a website to commemorate the 150th anniversary of the War, and focuses primarily on Wisconsin contributions to the war, which were substantial and significant. The feared and admired Iron Brigade was comprised of primarily Wisconsin regular soldiers. Harvey Hospital in Madison was created after the efforts of Cordelia Harvey succeeded in creating the first Veterans' Hospital in the North. These are only a few of the Wisconsin contributions to the war and the preservation of the Union.

The digital collection of photos, memoirs, letters, and hundreds of documents can be accessed on line via the Historical Society Website: www.wisconsinhistory.org/civilwar

Wellness Walk in Blackwell October 12th

The Town of Blackwell and the Forest County Health Department are sponsoring a "Wellness Walk" on Saturday, October 12, 2013 in celebration of National Walking Month and the introduction of the west end of the Rat River Recreational Trail. This future scenic hiking, biking, cross country skiing, and snow-shoeing trail is being built on top of an old railroad grade that brought timber to the Flanner sawmill in Blackwell.

Registration will be from 9:00 a.m. - 9:30 a.m. at the Blackwell Town Hall, 3696 Flanner Lane. Two walking options will be offered. A one mile walk, beginning at the Town Hall and walking a half mile west on the trail, or a 2.7 mile walk, beginning at the intersection of the trail with the Nicolet Trail, and walking east to end at the Town Hall. The trail is currently graveled, so wear appropriate shoes.

Refreshments will be offered at the Town Hall following the event. Come out and enjoy the beautiful scenery while improving your health.

Cowboys visit Camp 5 this Saturday!

This Saturday, October 5th, step back in time and come take part in a Wild West train robbery. An authentic Cowboy Re-enactment and robbery of the Lumberjack Steam train. Come and ride the train and experience the Wild West up close.

The group of cowboy re-enactors, known as the Green Bush-Wackers, portray, in authentic period costumes, characters such as cowboys, bandits, a preacher, mountain men and card sharks. In addition to the train robbery, the group will form a posse that will bring the bandits to justice...or justice will be brought to the bandits! The entire family will be thrilled to experience this exciting and interactive performance. The horses and the costuming of the re-enactors always makes the visit worthwhile.

The first train leaves the depot in Laona at 11:00 a.m. and Old 4-Spot will return every hour on the hour with the last departure for Camp 5 at 2:00 p.m. The last train back to the depot leaves Camp 5 at 4:00 p.m. Call 715-675-3414 for more details.

Off-Road Park presents info around Forest County and at Wisconsin State Capitol

Crandon, WI—The Wisconsin Off-Road Vehicle Park, Incorporated (WORVPI) continued barnstorming the county in order to provide information about the proposed off-road park for Forest County. Presentations in Wabeno, Crandon, and Laona were targeted toward the existing business community, a group that will become immediate economic benefactors for the park. An additional presentation is scheduled for Armstrong Creek in early October.

These presentations are a continuation of a series of planned meetings to share information and details regarding the 10,000 Acre Forest County Off-Road Park. WORVPI recently presented information to the major motorized trail recreation user groups, as well as invited Tribal and County officials to a meeting where the details of the plan were unveiled.

WORVPI President John Schnorr and Forest County Economic Development Partnership's (FCEDP) Jim Schuessler collaborated on a detailed presentation at the FCEDP meeting, which was a dress rehearsal for the presentation in Madison.

The Madison presentation was attended by Senator Tom Tiffany and Representatives Rob Swearingen and Jeff Mursau. Lead executives from Wisconsin's Department of Tourism and the Wisconsin Economic Development Corporation attended, as well as representatives from the Governor's office and DNR. Following the presentation they offered technical support and acknowledged the park's potential to be a huge

Nicolet College's Creative Arts Series features free events in October

The Creative Arts Series at Nicolet College will offer four free events in October. These will include a travelogue on Pakistan and Afghanistan, a session on how to prepare to write a novel, a Tech Talk on how to carry your office in your pocket, and an art exhibit featuring nearly 20 years of theater costumes Kay Anderson designed for Nicolet Players productions.

Here are the details:
Inside Pakistan and Afghanistan
 Friday, Oct. 18

Think of Pakistan and Afghanistan and many envision countries torn by war and violence.

Highly acclaimed filmmaker Marlin Darrah took a deeper look into the cultures and landscape of these two countries and will share what he saw when he presents his travelogue Pakistan & Afghanistan: On the Border and on the Edge at 7:30 p.m., Friday, Oct. 18, in the Nicolet College Theatre. Admission is free.

Darrah will be on hand to introduce the film and talk with the audience about what it was like to make a film in such an exotic and sometimes harsh location.

In this 85-minute film, he'll take the audience on a guided tour of village streets and marketplaces, the region's geographical, cultural and historical highlights, and introduce the people who live there. Among the interviewed are warlords, village headmen, Taliban assassins, peaceful farmers, a wise Pakistan general, and an American woman teaching children in local schools. Darrah's documentaries have aired on several major television networks, including PBS, History Channel and Discovery Channel.

Write a Novel in November

Thursday, Oct. 24 - Organizational Meeting

If you've always wanted to write a novel, the month of November has been set aside just for you.

Nicolet is again participating in the November is National Novel Writing Month where participants challenge themselves to write a 50,000-word novel in 30 days. Through the Nicolet Library Series, the college will hold four events to help participants met this challenging goal.

All meetings will take place from 11:30 a.m. to 12:30 p.m. in Learning Resources Center 205.

The organizational meeting will take place

Thursday, Oct. 24; the Kickoff Event, Thursday, Oct. 31; the Halfway Mark Wednesday, Nov. 13; and the Final Pep-Talk and Reporting Tuesday, Nov. 26.

Last year more than 200,000 people from across the country participated in the event, which is also known as NaNoWriMo. Nicolet Library Director Todd Mountjoy will facilitate the Nicolet meetings.

Tech Talk: Carry Your Office in Your Pocket

Thursday, Oct. 10

See how you can tote an entire suite of office software around in your pocket. Bring a USB jump drive to this Tech Talk and you'll learn how to load it with free applications that meet your needs, and how to use the stored information with any Windows computer.

Presentations will take place Thursday, Oct. 10, at 3 p.m. in Learning Resources Center Room 205 on the Nicolet Campus and again at 7 p.m. at the Nicolet Lakeland Center, Minocqua, 9569 Hwy. 70 W.

A Celebration of Costumes and Theatre

Saturday, October 12 - Sunday, November 17

Opening Reception Oct. 11

Kay Anderson has been designing costumes for Nicolet Players theatre productions for nearly two decades. In this exhibit visitors will see how costume designs have touched the actors and the audience of the Nicolet Players with this retrospective exhibit in the Nicolet College Art Gallery. The Players' long history of fine theatrical productions has included costumes from the 16th century to the present day. Walk amongst the characters Kay has dressed as they tell you their tale. This is a wonderful opportunity to take a closer look at the handiwork that you may have previously seen only at a distance.

The gallery will hold an opening reception from 4:30 p.m. to 6:30 p.m., Friday, Oct. 11.

The gallery, located in the Learning Resources Center, is open 8 a.m. to 8 p.m. Monday through Friday and 8 a.m. to 4 p.m. Saturdays.

Wisconsin state properties unaffected by federal government shutdown

MADISON - As fall colors near peak in northern Wisconsin, state officials want the public to know that state park, trail, forest, wildlife and other properties all remain open for public recreation and enjoyment.

While the federal government shutdown has closed federal properties in Wisconsin, such as the Apostle Islands National Lakeshore, the Chequamegon and Nicolet National Forests and some national wildlife refuges, all state, county and local recreational areas remain open in Wisconsin.

"Fall is one of the best times of the year to get out and enjoy the 1.5 million acres of state owned land in Wisconsin," says Department of Natural Resources Secretary Cathy Stepp. "We welcome visitors to our state parks and forests...climb one of our observation towers and take in the beautiful fall colors, bike or hike our state trails, and hunt or fish on our many state wildlife and fisheries areas."

The U.S. Fish and Wildlife Service has closed the national refuge portion of Horicon Marsh, but the Horicon Marsh State Wildlife Area and Horicon Marsh Visitors Center remain open and the center has numerous events planned that will go ahead as scheduled.

The only cancellations to date are scheduled work days on the Ice Age National Scenic Trail because this program is a state, federal and nonprofit partnership and the National Park Service runs the volunteer program that helps protect volunteers in the case of injury or damages while working on projects.

People looking for places to enjoy the outdoors in Wisconsin can visit the DNR website dnr.wi.gov and search for keywords "explore outdoors," where they can find state properties by location and then activities. For a complete list of upcoming events and programs at state properties, search the DNR website for keywords "get outdoors."

Nicolet AARP Chapter 1191

Karen Pruetter, Pres., Rachel Heldt, Jim Kingsbury, V.P.

The speaker for the September meeting of the Nicolet AARP Chapter 1191 was Rachel Heldt who is a volunteer advocate for AARP Wisconsin. Rachel Heldt was at the meeting to talk to the AARP members about the Affordable Care Act and the benefits which have been added for those on Medicare. Rachel said that the Act which is frequently referred to as Obamacare reduces Medicare cost while at the same time it protects guaranteed Medicare benefits, improves Medicare benefits, and lowers out-of-pocket costs for prescription drugs. This presentation complements the presentation on the Affordable Care Act given by the local Lakewood pharmacist, Gary Donaldson, at the AARP meeting in May. It is comforting to the local AARP members that AARP promotes the Affordable Care Act for Americans and for its senior citizens. For more information anyone can access the web site at www.HealthLawAnswers.org or go to the AARP website.

All persons 50 and over are invited to join the local AARP Chapter. AARP meetings are social, entertaining, and informative. Meetings are held at the Lakewood Presbyterian Church on the fourth Tuesday of each month starting at 7:00 PM. Contact Joyce West, Membership Chairman, at 715-276-9409. Submitted by Dick Culver, Public Relations Chairman

60 Minutes to Less Stress

Are you struggling with ongoing stress? The level of stress you feel day after day could be jeopardizing your health if:

- You feel trapped by situations you can't seem to change.
- You're unhappy or anxious for weeks.
- You're angry or irritable more than usual.

Before stress harms your health or the quality of your work or relationships, here's a 2 part coping strategy sure to restore balance in your life. It may become the best 60 minutes of your day.

1.) For 30 minutes, review what's worrying you. Maybe it's worry about bills or a difficult relationship at work. Write down the likely sources and seek solutions to those situations that are fixable. If you tend to dwell on problems, writing them down may help you "see" the situation is not truly critical.

Remember, how you perceive your circumstances affects how you react to them. This 30-minute routine may help you feel more in control, so you can leave the worry and tension behind.

2.) Exercise for 30 minutes to feel less stress. Exercise can reduce stress in several ways. A 30-minute walk or cardio machine workout is a proven stress reliever. Nonstop exercise releases endorphins in your brain that heighten positive emotions.

If you've had a rough day, going for a refreshing sprint or taking out your frustration on the weights or a rowing machine is one sure way that puts you in charge.

You can't beat exercise for improving your mental health.

catalyst for Northern Wisconsin's economy. Representing Forest County were executives from county government, tourism, chamber, and economic development.

Each attendee was provided with copies of the WORVPI Business Plan and the WORVPI Feasibility Report.

WORVPI President John Schnorr stated "As policy makers and land managers it is vital to provide these entities with factual, accurate information to allow them to better understand the off-road project. WORVPI's goal was to provide information on how exactly our Park will positively improve the use of the regional land base, assure the highest of environmental standards, increase local tax revenue, strengthen existing county businesses, improve the quality of life in Forest County."

Looking forward, WORVPI will be refining phase two of the park project along with state officials. Follow-up meetings are also anticipated with the Governor's office and the Secretary of the DNR.

Buying Insurance?

There are so many choices & decisions

- Where should I buy?
- What's a good price?
- How much coverage do I need?
- What types of coverage?
- Will I have enough?

It can be overwhelming

Some companies want you to believe that the only thing you should consider is cost, but insurance is much more than just premiums. Insurance is about loyalty and teamwork and community relationships. It's about stability and consistency, and finding the right coverage at the best price.

Understanding Vitamin D

There is growing evidence that many Americans are not getting enough Vitamin D to meet their nutritional needs.

What causes this deficiency?

- Vitamin D is referred to as the sunshine vitamin because it can be made by human skin from cholesterol but only if the skin is exposed to sufficient ultraviolet light.
- However, Americans are making less vitamin D because they are spending less time in the sun.
- Those who go in the sun are now more likely to wear strong sunscreens which block the ultraviolet rays needed by the skin to make vitamin D. **Note:** Avoiding excessive ultraviolet radiation and sunburn is good advice, but a small amount of ultraviolet radiation is needed to make vitamin D.

How much sun do you need?

You need only 10-15 minutes of direct sun on your arms and legs several times a week to make enough vitamin D to meet your body's requirement.

People living in our region of the country will have a hard time making enough vitamin D for at least several months each year. Why? Because the sun's rays are too weak in the winter to penetrate even pale skin deep enough to trigger vitamin D synthesis. The problem is even worse for those with darker skin because melanin (like sunscreens) keeps the ultraviolet rays from penetrating the skin.

Can you get enough vitamin D from food?

Vitamin D can be absorbed from food or as supplements, but there are challenges to this. Except for fatty fish, fortified dairy products and orange juice, there are few reliable sources of vitamin D.

How much do I need?

Older adults need 2-3 times as much vitamin D as do younger people. In addition, their skin is much less able to make vitamin D when exposed to the sun. Some experts believe older adults need 1,000-2,000 IU of vitamin D per day. The Institute of Medicine recommends that adults over 70 need 800 IU of vitamin D daily. They also indicate that the safe upper limit of vitamin D is 4,000 IU.

What happens when you don't get enough vitamin D?

- Reduced calcium absorption and impaired bone remodeling, increasing the risk of broken bones.
- Osteomalacia, which can weaken muscles and cause bones to ache.
- Increased risk of colon, breast and prostate cancers, hypertension and heart failure.

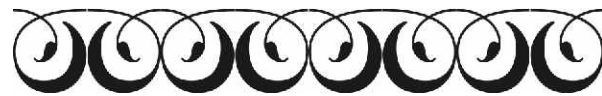

Steps to make sure you are getting enough vitamin D when sun is not an option:

1. Get 2 servings of vitamin D-fortified nonfat milk, soy milk or orange juice daily.
2. Consume fatty fish such as salmon, mackerel or sardines (about 12 ounces per week).

Saint Mary's Hospital Foundation to Host Fundraiser

(RHINELANDER, WI) - The Saint Mary's Hospital Foundation is hosting its annual Odyssey of World Cuisine, Saturday, October 5, beginning at 6 p.m. Guests will enjoy Polynesian cuisine, and Hawaiian casual attire is encouraged. Tickets are \$50 each and include all food and beverages, with sales from each ticket benefitting the Saint Mary's Hospital Foundation. A raffle and live auction for fantastic prizes will be featured.

"This year, our luau theme highlights island culture as we are offering a taste of Polynesian cuisine," said Ryan Hetland, Saint Mary's Foundation chair. "Bob and Judy Thoms have always done a terrific job hosting this event."

The auction items include a stay in a Fort Myers Beach condominium, a Green Bay area cabin retreat, a pontoon cruise on Lake Nokomis, a gourmet dinner, front row tickets to the Packers game against the Bears at Soldier Field, on the Green Bay sideline, and more.

Complete instructions and directions to the host home will be provided upon ticket purchase. Proceeds from the event benefit Saint Mary's Hospital Foundation. The Foundation, a health care advocate for the hospital and our communities, sponsors programs and services which enhance the health status of all people in the service area through voluntary action for the common good. Financial support has been directed for the James Beck Cancer Center, the annual free community Health Fair in Rhinelander, hospital equipment and other health/wellness initiatives that benefit people served by Ministry Saint Mary's Hospital.

Around the Area

Pumpkin Fest-Three Lakes

Three Lakes, WI -- The smell of freshly baked cinnamon rolls is one sure sign that PumpkinFest time is here! It is the 21st year of the popular Three Lakes fall festival, sponsored by the Three Lakes Fire Department auxiliary.

Over 100 craft booths, an outdoor farmer's market, delicious food, a raffle, games and a fire safety booth are featured at the event held at the Three Lakes High School Saturday, October 12 from 9:30 a.m. until 3 p.m. Admission is free but a donation to the local food pantry is appreciated and can be left at collection sites by the entrance.

This year's raffle highlight is a football donated by the Green Bay Packer organization. The football has the autographs of the Packer 2012 season players. The Three Lakes Winery, which sponsored the first raffle last year, joins the 20 local Three Lakes and Eagle River businesses that have donated items and gift certificates for this year's raffle. Tickets will be sold on the day of the event. You do not need to be present to win.

A newly compiled dessert cookbook Just Desserts will be available for the first time along with hats, aprons, shirts and past year's popular cookbooks.

Food will be served throughout the day with brats, chicken sandwiches, homemade soups, including the famous pumpkin soup, and desserts galore among the items offered. One of the largest bake sales in the Northwoods with tables full of homemade goodies to eat on site or take home is a popular feature of PumpkinFest which draws thousands in attendance.

A dedicated hard working group of auxiliary board members, volunteers and bakers work for months to make this event a success each year. Proceeds support the purchase of equipment, building and education needs of the Three Lakes Fire Department and provide support to the community in general.

Nicolet health occupation programs score high marks after professional review

Two health occupation programs at Nicolet recently received excellent performance reviews from professional organizations designed to ensure students receive quality education and that the programs are administered properly.

The college's Nursing Assistant program was recently reviewed by the Division of Health Services Care-Giver Quality at the Wisconsin Department of Health Services.

"Nicolet is among the best of the best in educating students," said the division's Cindy Hintz.

The rigorous review included looking at curriculum course competencies, course feedback surveys, student attendance, and criminal background checks on students, among many others.

The college's Medical Assistant program recently had its accreditation visit by the Medical Assisting Education Review Board (MAERB) for the American Association of Medical Assistants.

An accreditation visit is extremely thorough, often involving a multi-day visit by accrediting staff, and the most important review an academic program can undergo.

At the review team's initial report-out, members indicated the Nicolet program was on track to receive "full accreditation."

The official determination will likely take months, which is customary, as accrediting staff conduct a detailed review of documentation from hundreds of areas including the program's curriculum, course feedback surveys, and interviews with students, staff and members of the program's advisory committee.

Don't miss your opportunity to be included in the 2013 Forest County Visitor Guide

The Forest County Chamber of Commerce would like to remind all area businesses to get their ads in for the Official 2014 Forest County Visitors Guide! Advertising reservations forms have been mailed to all businesses throughout the County. The form explains how to place an ad in the upcoming issue of the guide. Even though print costs and expenses go up each year, ad prices remain the same (still reduced 20% thanks to the Forest County Tourism Commission), and assistance in producing ads is available free of charge.

This beautiful, full color, full size, high quality guide showcases all Forest County has to offer. Over 23,000 copies of the 2013 guide have been distributed this year, so far. The guides were supplied to various businesses, chambers, and libraries throughout the state, Wisconsin Welcome Centers, as well as mailed to thousands who requested area information. It was also featured at four tourism trade shows during the year. Thousands also accessed the guide on the internet (in PDF version) from the Chamber's website. Improvements

and additions are made every year, with many for the 2014 guide are already underway. Don't forget about the enhanced dining section and accommodations sections, which give added value to your ad.

As always, public input and suggestions are welcomed. Area groups and organizations also need to set their event dates for 2014 and submit them to the Chamber no later than December 1 of this year to be included in the guide.

If you have not yet seen the 2013 guide, stop by the Forest County Visitor Center, at 116 South Lake Avenue in Crandon, and pick up a copy. If you didn't get a media kit contact the Chamber office at (715)478-3450, or email info@visitforestcounty.com to have a copy of the media sheet sent to you.

Rep. Mursau to serve on Assembly Speaker's Task Force on Rural Schools

Madison ... Wisconsin Assembly Representative Jeff Mursau (R - Crivitz) has been selected to serve on the Assembly Speaker's Task Force on Rural Schools. Speaker Robin Vos (R - Racine) selected Mursau due to his experience securing federal forest funding for rural schools. Representative Rob Swearingen (R - Rhinelander) will lead the group.

"Some rural school challenges are very different from those in urban areas," Mursau said. "I remain committed to helping all our school children the best we can."

Crandon Lions present "Knight of Sight" awards

Accompanying the "Knight of Sight" award, a congratulatory letter from PCC Dick Hauser, Executive Director of the Lions Eye Bank, was sent and presented by Lion Larry Sommer, to PDG Sande Guinther (Crandon Lions Club), PDG Dave Sievert (Grand Chute Lions Club) and Past President Frank Bocek (Crandon Lions Club) for their leadership in arranging cornea transplants for a little girl from Iraq.

Zaharra, just 6 years old, was flown from Iraq, accompanied by her grandmother, where her cornea transplants were performed at Wausau hospital. This endeavor required numerous meetings, planning, making arrangements with the hospital, doctors, acquiring housing, etc., not to mention the involvement of numerous Lions Clubs and Lions Club International. Most of the service was donated for the cause. Little Zaharra was able to see for the first time in her life! The event received state-wide and national media attention.

The Lions Eye Bank of Wisconsin, Inc., Madison, WI, is a nonprofit team of professionals and volunteers dedicated to the mission of restoring the gift of sight through recovery and transplantation of corneas, research to advance the knowledge and treatment of eye diseases and education to increase donations of human eyes after death.

The Lions Eye Bank of Wisconsin is assisted by numerous dedicated volunteers from Lions, Lioness and Leo clubs throughout the State of Wisconsin. There are approximately 19,500 Lions Club members across the State of Wisconsin. 1,500 of these individuals transport eye tissue each year. These members bring surgically removed eye tissue to the Lions Eye Bank of Wisconsin laboratory in Madison where further evaluation and preparation of donor corneas are conducted.

The "Knight of Sight" award is the highest recognition given by the Lions Eye Bank.

PDG Sande Guinther, Past President Frank Bocek and PDG Dave Sievert each received a "Knight of Sight" award at the recent Crandon Club meeting conducted by President Bobbie Kennedy.

Red Arrow holds successful family event

A big crowd enjoyed raffles, music and lots of good food and drinks on Saturday afternoon September 25th. The homemade Chicken Booyah was a huge hit according to Red Arrow President Joe Kampf. Joe wants to express a great big thank you to Josh and his team at the Old Town Hall Bar/Restaurant in Townsend for hosting the event as well as the businesses who contributed prizes for the raffles. Despite some rain that moved the party inside things carried on well into the evening. Profits earned will help the Red Arrow Snowmobile ATV Club maintain their record of having some of the finest snowmobile and ATV/UTV trails in this part of the state.

Red Arrow has recently opened two new sections of ATV/UTV trail in the Townsend area. The first is a two mile trail that goes right just after you cross Hwy 32 from Barb's Valley Inn. This trail goes to Spring Lake Road and helps form an approximately 8 mile loop with Wildwood Trail. The second new trail is also east of Hwy 32 and uses an existing snowmobile trail to connect Hemlock Dam Road and Pickerel Lake Road. Again a nice riding loop is formed that takes you back to Townsend or to Lakewood via Pickerel Lake Road and North Road. Townsend is right in the middle of well over 500 miles of ATV/UTV trails and routes that are fully interconnected.

Red Arrow Snowmobile ATV Club meetings are held on the 2nd Wednesday evening of the month. Visitors and prospective members are always welcome. Check our website for meeting locations and up to date club information.

The clock is ticking for over 100,000 commercial driver license holders

Drivers have until January 30 to tell DMV where they drive commercially or lose their CDLs.

If you are a commercial driver license (CDL) holder, the federal government now requires that you let the state Division of Motor Vehicles (DMV) know two things:

- Whether you operate interstate or intrastate,
- And whether you are required to carry a Medical Examiner Certificate, commonly referred to as a Fed Med Card.

Drivers who are required to carry a Fed Med Card must now keep a current copy of that card on record with the DMV.

"DMV is concerned that some drivers either haven't yet heard about this new requirement or, if they have, that they might need more clarification," notes DMV Driver Qualification Chief Alison Lebwahl. "We don't want anyone surprised on January 30. We want drivers driving and on the road, so we've worked to make it easier for them to tell us where they operate and, if needed, submit a Fed Med Card."

CDL holders who have not yet told the DMV where they operate with their CDL, and, if needed, uploaded their Fed Med Card, should do it now. Those who don't do it by January 30, 2014, will lose their commercial driver license.

The fastest, easiest and cheapest way to do this is to go online to the WisDOT web site at www.cdl.wi.gov. The process takes about five to ten minutes. The online application is designed for mobile devices as well, and can be completed with a smart phone. The application requires:

- Driver license number
- Product number (11 digit number on the back upper corner of a CDL)
- The last four digits of the CDL holder's Social Security number

CDL holders may choose one of four tiers, a process called certification. The tier they choose will determine where they are allowed to drive. DMV recommends choosing Tier 1 because it is the most flexible choice and covers all commercial driving circumstances. Those choosing Tier 1 will also have to provide DMV with a copy of their Fed Med Card. Lebwahl stresses that this is most simply done with WisDOT's online application at www.cdl.wi.gov. She notes, "We even have an online instructional video for those who want to see a demonstration of how to certify and upload their Fed Med Card. We've tried to make it easy for drivers." Employers may also use the same online application, or they may choose to use our employer notification system – Public Abstract Record System (PARS). PARS can also be found at www.cdl.wi.gov.

Those who prefer not to use the online application may print out a form called the MV3230 which can also be found at www.cdl.wi.gov (type MV3230 in the search box). Print it, fill it out and either:

- Fax to: (608) 261-8201 or
- Mail to: WisDOT; Attn: CDL Certification, PO Box 7995, Madison, WI 53707-7995

Lebwahl notes that "drivers who have not yet done this receive a letter from us with an MV3230 form, but going online is faster, and available right now 24/7, so don't wait until the last minute."

Find out more about this new federal requirement for CDL holders at Wisconsin's official DMV web site, www.wisconsin.dmv.gov, in the announcements section.

Forest County Historical Society September meeting

The Forest County Historical and Genealogical Society (FCH&GS) held their Annual Meeting on September 26, 2013 at the Crandon Public Library. Elections were held for three Board of Directors positions with Karen Guth and Otto Thomaschefskey continuing on the Board and Clarice Ritchie filling the third position for a three year term.

At this time President Terry Thompson submitted her resignation from the Board citing personal obligations. She will continue working on cataloging some of the new artifacts donated to the museum. Terry was recognized for her many years of service to the Society serving as President for many years as well as Treasurer for several years. With Terry's resignation a one year term on the Board was filled with the election of Linnea Doreau. Election of officers will be held at the October meeting by members of the Board.

Tom Thielke reported on his work identifying the museums in Forest County. This is the first step in seeing if there is interest in forming a consortium to promote all the museums to expand attendance and bring to life the colorful story of Forest County.

The Business meeting was followed by a video presentation by Amanda Flannery showing what she has done during her internship this summer in organizing and cataloging papers/artifacts at the museum and library. Amanda found many interesting items stored in the basement of the old Library, currently the Veterans building, which were a historical displayed in that library many years ago. A grant through the Potawatomi is being worked on to help pay for a continuation of Amanda's services.

The next meeting of the Society will be on October 24 at 7 p.m. at the museum, 105 W. Jackson St. Crandon.
