Flu hospitalizations increase in WI Young & middle-aged adults especially affected

Wisconsin has seen a recent dramatic increase in the number of hospitalizations resulting from influenza, including admissions to intensive care units (ICU), and an increase in the number of young and middle-aged adult patients requiring mechanical ventilation. The influenza virus causing most of these serious infections is the 2009 A/H1N1 virus, the same virus that caused the influenza pandemic during 2009. Once again, state health officials are strongly encouraging Wisconsin residents to get vaccinated against the flu.

"For the best protection against the flu, you need to be vaccinated annually," said Karen McKeown, State Health Officer. "Getting vaccinated during past years, or having the flu in the past, does not fully protect against this year's A/H1N1 strain. The good news is that the H1N1 strain in this year's vaccine is well matched against the 2009 A/H1N1 flu strain and should be very effective."

Influenza occurrence is approaching peak levels in Wisconsin, making it especially important to get vaccinated now to prevent future cases, McKeown noted. There have already been 565 influenza-associated hospitalizations reported since October 5, with 22 percent

Ministry Medical Group seeks applicants for medical student loan repayment program

(WOODRUFF, WI) – The Ministry Medical Group (MMG) Medical Student Loan Repayment Program offers students financial aid up to \$200,000 while they are enrolled in medical education programs. It requires students to return to, and work as a primary care provider, for five years following residency, in an assigned Wisconsin community in which Ministry Medical Group has a facility (Amherst, Crandon, Eagle River, Iola, Laona, Merrill, Plover, Rhinelander, Rib Mountain, Stevens Point, Tomahawk, Waupaca, Weston or Woodruff). It also requires students to complete a Qualified Education Program (a course of study that prepares a student to become a licensed physician in the state of Wisconsin), and specialize in primary care: family medicine, internal medicine, pediatrics or internal medicine/pediatrics.

"Ministry Medical Group loan repayments will relieve some of the staggering debt burden many health professionals face, and provide them with the opportunity to practice medicine in the location and specialty of their choice," said Brant Bergeron, medical education program manager, Ministry Medical Group.

"The five-year commitment following residency is a time for me to grow as a physician and welcome the mentoring of fellow clinicians," said Cole Marschke, MD, an inaugural recipient of the MMG Medical Student Loan (now in residency). "Ministry Health Care is a great place to do that, and I look forward to being the next link in the chain in serving the healthcare needs of a Ministry community."

The principle candidate should have the following qualifications: commitment to high quality care and the health of rural communities, demonstrate Ministry Medical Group's values and promise to patients, a demonstrated commitment to practice medicine in a rural setting to meet the medical needs of the communities, and a strong desire to live a rural lifestyle and develop social ties within the community.

Special consideration will be made for students with ties to Ministry Health Care, or who are associates of Ministry Health Care, or who have graduated from communities in which Ministry Health Care has facilities. Exceptions include: family members of physicians employed by Ministry organizations, family members of physicians on the medical staff of Ministry organizations or Ministry organization "insiders" (officers or directors) and their family members.

The application deadline is March 3, 2014. Applications are available at www.ministryhealth.org. Click on the "Careers" tab, the "Student Opportunities" link, and "Clinicals/Rotations" link to access the medical student loan application electronically. You can also request a brochure/paper application from Brant Bergeron via email at brant.bergeron@ministryhealth.org, or by calling 715.343.3371.

Letters to the Editor

We welcome letter to the Editor; however the letters should be legible, in good taste, not libelous and pertinent to current issues. Names will not be withheld upon request, except for very special circumstances. NAME AND PHONE NUMBER SHOULD BE INCLUDED FOR VERIFICATION PURPOSES. We reserve the right to reject any and all letters.

"Truth, Trust, Transparency"

The words that started Supervisor Steve Bunda's Guest Editorial on the front page of the *Pioneer Express* last week. I'm repeating them because I can't get them out of my head. We owe him a thank you.

I'm going to dedicate this letter to just those words.

Right at the start, I'm going to state my personal belief and support for the system of local government that we all have the privilege to participate in. I believe those that run for public office do so not for any personal gain, but in the spirit of serving their fellow Americans. Serving on a local town board, a county board, as officers of service organizations, all these are jobs that must be done by someone if we wish to continue the freedoms we enjoy with a democratically elected government. As someone who served 30 years on my local town board and in many different elected positions on boards of local service organizations, I know that the only reward most serving in these positions receive is personal satisfaction in serving others. I admire all of those that chose to give of their time and talent to serve.

About a month ago, I had been told that some of our Forest County Board Members had signed a Non Disclosure Statement with WORVPI, and this was the reason that they could not give out more information on the Off Road Vehicle Park that WORVPI is planning.

At this time, I couldn't believe that any of our Elected Officials would ever sign a Non Disclosure statement, with anyone. Wouldn't that be violating every ethics tenant that elected officials serve under? How could an Elected Official, someone elected to serve the best interest of those that elected them, ever sign such a document, committing them to protect the "secrets" of a private organization, from the very people they were elected to serve?

I did in fact, after thinking about this a while, ask my local County Board representative at a Town Board meeting wether or not he had ever been asked to sign a Statement of non-disclosure by WORVPI. He stated that he had not been asked to sign anything. This set my mind at rest until Steve Bunda's Editorial in th *Pioneer Express*, last week. Steve states: "Some select members have the complete reports and business plan including financials, but they cannot share the information to the public as they are tied to a non-disclosure agreement with WORVPI."

Who is WORVPI? (Wisconsin Off Road Vehicle Park Inc.) which describes itself as a "private, charitable, organization" under Sec 501 (c) (3) of the Wisconsin Tax Code. In its by-laws. (I must note, that they are operating under section 501 (c) of the Wisconsin Tax Code but have not to the best of my knowledge, as stated on their website, received such classification yet.)

Well today I went yet again to their public website at www.worvpi.org and I downloaded and printed a cop of both their Board of Directors, and their membership list. Then I went to Forest Counties home website and downloaded a list of our current Forest County Board of Supervisors, the 21 elected Forest County Officials that will have to make the decision whether or not to put Forest County millions of dollars in debt, to build the "Lambeau Field" of off road parks.

Unfortunately, I found that 3 of Forest Counties elected Supervisors, are also elected Officers on the Board of WORVPI. They are Bucky Dailey, Jack Matuszewski, and Melinda Otto.

There are several other elected officials of various local governments, that are regular members of WORVPI. I then started thinking about who if anyone would have the "complete reports and business plan" if not the Board Members of WORVPI? And unfortunately started to think about who may have signed "non-disclosure statements" with a Private Corporation to protect its secrets, and from whom?

Unfortunately, I also started thinking about the recent County Board vote, to set aside \$46,000 of our tax money, to match a grant application for WORVPI, (a private organization) a vote that was taken, with very little information given to the majority of our County Board Members about the project, and the need for the public funds. And I started to think about ethics.

So I'm going to ask for the truth. Have any of our County Board members, signed non-disclosure statements with WORVPI? I've already asked my County Board Supervisor, and his answer was no. And very simply I trust him.

Transparency, to this point, we haven't gotten any of that from WORVPI, not about the sit of their planned 10,000 acre Off Road Park, not about the funding to create the Park, not about any concrete details that we've asked for, right down to Who is going to own the Park. What few facts we do have, is only because of questions that were asked her in public forum, and those given on WORVPI's website.

I want you to know that WORVPI's website, asked for its supporters to contact all the local papers, our state representatives, and DNR personnel, with notes of support for their project. They gave a list of e-mail addresses and suggested note in support of the Off Road Park.

I took the same list of e-mail addresses from WORVPI's website, and created an e-mail group, and sent out a group e-mail telling these very same people, that there is a very large group of local citizens of Forest County that have many questions and concerns over the establishment of such a park here in Forest County. I gave my name, and a contact number for verification.

If only one side of the issue is publicly aired, these very same people will think that everyone agrees with this park. Since WORVPI put out its call to its supporters, I suggest, that those of you who wish to, send out your voice of concern.

Letter to the Editor:

"Casinos"

I guess the question is: Do the Menominees get a casino, or not!?

I thought according to the Constitution, we all had equal rights?! Do we support a monopoly, or can everyone enjoy a bite of the apple!?

There are so many small tribes who don't have size or location to have a casino.

I guess what we have, are the haves and the have nots! Maybe, all the factors should be considered, -"pot" all casino monies, and divided among all. Compensate all who have no control over their situation!

I agree Forest Co. has benefited greatly from the existing casinos, but, what about the less fortunate people? We can't "all" work for them.

If our government had not sold out to the "free" trade act, we would still have available jobs from other sources.

Money talks, but all I've ever heard it say is "MORE!!" and "Goodbye."

They say, "He who dies with the most toys, Wins!!" Now!-Just how much fun can that be?! ("you've won, but your not here to enjoy it.")

Share, it works! We lived quite well before we had casinos, and they don't give everyone a job.

Oh, by the way, I would like you to take the time to look up "Alexander Robinson" on the web. He was Ottawa and Scotch, he got a long very well with the Potawatomi tribe.

When the Chief became ill, he was appointed Chief, also married the Chief's daughter. When she passed away, he then married a "Menominee." "My grandmother," four generations ago. "That's where I come in!"

"Ain't history great!!"

No! I get no tribal monies. However I've always had a job, and got along quite well, you'll find there is nothing you "can't" do if you try.

"Opinions are like noses, everyone has one!"

"So"- I say, "Suck it up!. Give us the casino!"

You have a nice day now!

Glenda Conn

To the Editor:

I am writing to voice our support for the proposed off-road park in Forest County. Currently we average 2-3 trips per year to neighboring states with well-developed parks & trail systems. As a Wisconsin resident I would prefer to spend that money in Wisconsin. Having a park in Wisconsin would allow us to save money on gas & time traveling in order to spend more of both at our destination in Forest County.

Jim & Anne Culp
 Franklin, WI

Dear Editor:

I am writing regarding the proposed 10,000 acre Motorized Recreation Area or MRA Park in Forest County.

Please inform the public that the staff of the Forest County Forestry and Recreation Department has "absolutely" nothing to do with the proposed MRA Park.

Our Department's primary duties include managing over 12,000 acres of County Forest land, managing Veteran's Memorial Park on Lake Metonga, managing all State funded snowmobile and ATV trails as well as the Otter Springs and Hemlock Lake cross country ski trails. Again, we are not involved with the proposed 10,000 acre MRA Park.

If you have questions, comments and concerns about this proposed project please contact the individuals working on the proposal:

John Schnorr - WORVPI - 715-490-5463

Jim Schuessler - FCEDP - 715-784-6069 or 715-851-7776.

David Ziolkowski, Forestry/Parks Administrator

To the Editor:

This e-mail is to let you know that I completely support the Off-Road Park that is being proposed in Forest County, WI. As of now, visiting an off-road park means travelling out of the state and spending my time and money there instead of in our beautiful state of Wisconsin, which is where I would rather be. The sooner this park is completed, the better for both the Wisconsin off-road enthusiasts and the economy of the hosting region.

Regards,
 Dean Kortenhoven

"Home of the World's Largest Soup Kettle"

Judge Stenz Cont. from pg. 1

School and a short time later, moved my family to Forest County and began practicing law here. During that time I have gained substantial practical experience by representing people of this community in a variety of civil and criminal cases. In addition to the private practice of law, I have served as a Forest County Court Commissioner, Counsel for local townships, City Attorney for the City of Crandon, and Forest County District Attorney. As District Attorney, I implemented the Victim/Witness program to provide services and support to victims of crime. In 2005, I received the prestigious recognition from the Wisconsin District Attorney Association as Wisconsin's "Prosecutor of the Year."

Since the time I was elected by the citizens of Forest and Florence Counties as their Judge, I have demonstrated that my background, experience and leadership have made me uniquely qualified to serve you in this position.

As Judge, I was able to establish a strong, cooperative working relationship with the other participants in the justice system and together have accomplished many positive changes.

I have:

-- Overseen the implementation of policies which have resulted in the containment of costs and have increased the fines collected thereby easing the burden on the taxpayers;

-- Instituted a Mortgage Foreclosure Mediation Program to assist those individuals facing foreclosure of their homes;

-- Created policies that substantially increased the efficiency of the court system;

A judge is required to dispose of cases promptly and efficiently. Those involved in court cases are entitled to have their cases decided without delay and increased cost. Unnecessary delay also increases the burden on the court system and the taxpayers. The available statistics demonstrate that before I was elected, the median age of cases pending in Forest County was 239 days; one of the worst in the State. Now, the median age of the cases that I have pending in Forest County is 71 days; one of the best in the State.

I am currently in the process of establishing a Treatment Court to address the substance abuse, addiction and alcoholism in the criminal justice system. It has been shown that these types of programs can reduce repeat crimes and lessen the burden on the court system and taxpayers.

One of the things I'm most proud of is living up to my pledge to be fair and impartial. I believe I have fairly interpreted and applied the law without bias or prejudice. I have created an atmosphere where the prestige, integrity and public trust of the court system has returned in Forest and Florence Counties

If you have any questions about my qualifications, I invite you to ask the court staff and others whom I work with in the court system for their opinion.

I respectfully request your continued support and ask for your vote on April 1, 2014.

Flu increase Cont. from pg. 1

admitted to the ICU and 9 percent requiring mechanical ventilation. Notably, 75 percent of these hospitalizations have been reported since December 14. Although deaths caused by influenza are reportable only among pediatric patients, flu-associated fatalities among non-vaccinated young and middle-aged adults have also been noted.

According to the Centers for Disease Control and Prevention, everyone aged six months and older should be vaccinated annually against influenza. To get flu shots for you and your family, contact your health care provider, pharmacy, local public health department or tribal health clinic, or go to www.flu.gov to find a flu vaccination center near you.

Health officials also recommend these important steps:

--Wash your hands often with soap and water, or use an alcohol-based hand sanitizer.

--Cover your cough or sneeze with your upper sleeve, and try to avoid touching your face with your hands. If you use a tissue, throw it away after one use.

--Don't share drinking cups and straws.

--Avoid being exposed to people who are sick with flu-like symptoms.

--Eat nutritious meals, get plenty of rest and do not smoke.

--Frequently clean commonly touched surfaces (e.g., door knobs, refrigerator handle, telephone, faucets).

--If you think you have the flu, stay home, get rest, drink plenty of liquids and avoid using alcohol and tobacco. Contact your doctor about possible treatment for severe or persistent symptoms.

Forest County's new Humane Society manager

Becky Miotke, the new Forest County Humane Society shelter manager, poses with Cody, a three-month resident of the shelter that is waiting for a new home.

Humane Society release

As of January 2, 2014 Becky Miotke, of Wabeno, has been hired as the Humane Shelter operations manager. Becky has a tremendous love for animals and will provide maximum care services to all animals.

Her courteous, personable and friendly helpful attitude will be a huge benefit to the shelter. Her many years in the business world taught her the importance of good management skills, including caring for employees and volunteers, operating business computers, having flexible hours and to communicate effectively.

The board of directors wishes her much success and will support her efforts.

Marin, the past manager, plans to further her education in the Chicago area.

New board members have been installed. They include: Larry Sommer, Town of Lincoln; Don Korbas, Wabeno; Debra Schepker, Crandon. The existing board consists of: Al Thompson, president; Becky Danileczak, treasurer/secretary; Jackie Nowak and Kevin Danielczak, board members.

In other business: monthly meetings will be the 4th Monday of each month at the Crandon Public Library at 6:30, and the public is invited. The next meeting is on January 27th.

Larry Sommer has contacted the Forest Republican and Pioneer Express and asked for a free, small, weekly ad with a picture of an animal that is available for adoption to the public, and both agreed. Contact will also be made with Channel 12 of Rhinelander for a monthly interview.

A discussion was held regarding security cameras at the shelter. It was decided to contact 1 Prospect for costs of used equipment and to obtain donations if it is possible to go forward with this idea.

The shelter currently has 13 dogs and 30 cats available for adoption. Call Becky for a time to visit and consider adoption. Call 715-478-2098. The shelter is open Tuesday through Saturday from 8:00 a.m. until 4:30 p.m.

Benefits of Doc's Choice

When Doc's Choice was first developed almost 20 years ago, the decision was made to "pelletize" the dog food instead of "kibbling" it. Here's why:

- ☐ Doc's Choice is one of the highest bio-availability of nutrient feeds you can buy. Our proprietary method of making Doc's Choice minimizes nutrient damage like no other.
- ☐ The kibbling process, which most dog food companies use, exposes its ingredients to high temperatures (500 to 700 degrees), which destroys and/or degrades enzymes, vitamins, amino acids, proteins, probiotics, and numerous other nutrients.
- ☐ Dogs love the taste and easy-to-chew pellets.

Pelleting is a more expensive process, but Doc's Choice feels your pet is worth it!

President Jim Aschinger **Called the Regular Meeting to Order** at 5:00 p.m. Present: Jim Aschinger, Scott Reeves, Frank Shepard, Rick Krawze, Kay Connors, Laurie Asher, Dawn Cote, and Sherry Kramer to take the minutes. There was one (1) guest in attendance. Notice has been posted in accordance with Wis. Stat. 19.84.

Jim Aschinger led the **Pledge of Allegiance**.

Motion by Reeves, seconded by Krawze to approve the **Agenda**. All in favor, motion carried.

Appearances/Correspondence – None

PUBLIC FORUM (10 minutes):

Shelly Chitko thanked Ruby Westmayer for decorating the elementary doors for the holidays over Thanksgiving vacation. It was nice to come back to school and see everything that had been done. She also stated that the elementary staff is here to volunteer their time for the concert tonight.

ADDITIONAL OPEN ACTION ITEMS:

Consent Agenda Items:

Motion by Connors, seconded by Reeves to approve the Open and Closed Regular Meeting minutes dated Monday, November 11, 2013. Motion carried with Connors, Reeves, and Aschinger voting yes. Shepard and Krawze abstained.

School Disbursements and Wires paid from 10/7/13-12/5/13 = \$211,537.12

Cash Receipts for period 11/1/13-11/30/13 = \$14,560.35

Purchase Orders for period 11/6/13-12/6/13 = \$6,278.09

Motion by Reeves, seconded by Aschinger to approve the **Consent Agenda for Bills and**

Claims. All in favor, motion carried.

The **First Reading of Policy JCDAB-Controlled Substance and Alcohol Abuse** was tabled to be discussed at a future workshop session. Many of the policies dealing with student behaviors and discipline conflict with each other so more research will be done before changes are made.

The **Senior Class Trip Chaperone Guidelines** was discussed. Mrs. Asher checked the chaperone procedures used for the last three (3) senior class trips and all have done it differently. The order of chaperone selection will be class advisor, staff members, and parents. The Board feels that chaperone trip expenses should be paid by the class, unless they decline this benefit. If a staff member chaperones the trip, the District should pay for the substitute because they are responsible for the supervision of students. Chaperone selection will be done at a future meeting.

More students are participating in wrestling so there is a need for a **Junior High Wrestling Coach**. Steve Kircher has applied for the position. Motion by Reeves, seconded by Shepard to approve Steve Kircher as Jr. High Wrestling coach for the 2013-14 school year at a rate of \$500.

INFORMATIONAL ITEMS:

A written **Maintenance/DASHIR Report** was presented from Brent Stamper.

A written **High School Principal's Report** was submitted by Jim Bradley. Included was a thank you to Mrs. Perry and the student council for organizing the food drive. A thank you was given to the entire high school staff and students for making the School Forest Harvest Day a success. Mr. Kircher will be taking his physics class to Discovery World in Milwaukee. Mrs. Perry and Ms. Flannery traveled to Wausaukee to observe how technology is being used in the classrooms and will be sharing their ideas with staff. Other information given included information on attendance, National Honor Society inductions, winter sports, and Educator Effectiveness Pilot program.

Laurie Asher gave her **Administrator's Report**. She shared that Stacey Flannery, Stacy Matuszewski, Nicole Thurston, and Sara Perry are school representatives for the School Leaders Advancing Technology in Education (SLATE) training for Chrome Books and Ipads. She gave a thank you to everyone who helped make the School Forest Harvest Day a success including Jim Aschinger, Dan Bobbe, Jim Bradley, Joann Haas, Dick Krawze, Gretchen Marshall, Craig Williams, and Don Kircher. The day was great for recognizing our school forest.

Board Member Reports – Scott Reeves would like to see a plaque made for the relatives of the family the school forest land was purchased from as well as for Craig Williams for his work on the school forest. He also reminded the Board that Dashir's contract renewal is approaching and he would like it as an agenda item.

Frank Shepard received positive comments on the School Forest Harvest Day and he was happy students were able to participate. He also shared that an environmental educator from the Forest County Potawatomi community will be doing classroom activities in Laona, Wabeno and Crandon schools.

Rick Krawze stated that he felt the School Forest event had many similarities to 1979 when a tree was harvested to be the United States Capitol Christmas tree in Washington, D.C. The School Forest Day was an opportunity to educate our community, state, and federal government to show that forest management is the correct way to improve our forests. He would like to see the school forest harvesting, invasive species management, and replanting used as a model as well as a learning experience for our students.

A break was taken at 5:52 p.m. so meeting participants could attend the Christmas concert.

Motion by Reeves, seconded by Connors to **enter into closed session** pursuant to the following statutes for the following reasons: Wis. CRANDON 8TH GRADE SPEC CONFERENCES

Grade 8 Student/Parent Educational Career (SPEC) Conferences are now being scheduled for January-March at Crandon Middle School. These conferences are unlike traditional parent/teacher conferences. The focus is on each student's personal and social growth, their educational and career development and their 9th grade registration process. Emphasis is placed on review of overall academic performance, talents, abilities, interests, learning styles, Career Cruising assessment results, and transition activities to high school.

SPEC Conferences are specifically designed conferences for parents to gain insight into their child's development. Participation in the conference allows students to gain insight into the direction they are headed in the future. Our task is to determine how we can help them create and achieve broadly based goals for their future.

Parent/Guardians are a key member of the conference team. Conferencing gives parents/guardians and students the opportunity to discuss talents, interests, academic performance and future goals in a positive atmosphere and begin developing a 4-year High School Plan. SPEC Conferences are not intended for discussions of student behavior issues.

The grade 8 SPEC Conference typically lasts 45-minutes. A conference letter is being sent to all grade 8 parents/guardians. If parents/guardians are unable to attend the conference, please call Tina Taylor the Middle School Counselor at 715-478-6166 or e-mail at taylotin@crandon.k12.wi to reschedule your child's SPEC Conference.
