First floor for Infinity Wood Floors

By Mike Monte

The picture above was taken in a new gymnasium at Brown Deer, Wisconsin. What is important is that it is the first floor sold by Infinity Wood Floors and was milled at the Infinity plant in Crandon's industrial park. It is a 20,000 square foot floor constructed by the best grade maple flooring available.

Pat Tallier, President of the new company located in the former Lipco Gift building, started building the new installation on October 1st. He is proud of the fact that the first day of operation, starting with a bare floor, took place on January 10, 2013. The Lipco building, says Pat, was perfect for what he planned to do. The 25,000 square foot structure gives them the room to store finished product and raw lumber. The flooring will be used in homes, for sports floors, industrial applications and commercial buildings.

To date, Infinity is employing 27 people, and according to Pat, he will need six more employees in the next three weeks. The operation not only brings more employment to Forest County, but also adds jobs in other fields. Novak Trucking Service will be delivering finished product, logs bought from McCaslin Logging have been hauled to Forest Sawmill in Wabeno to be sawed into lumber, and Mike Lemerande hauls the lumber to Kretz Lumber, in Antigo, to be kiln dried.

Infinity is a welcome addition to Crandon's industrial park and to the employment opportunities in Forest County. Tallier says it is a group effort with many people working long hours to make this business start and run in a short time period. We wish them a long run!

Hometown Trolley expands and goes electric

By Mike Monte

Double K, Crandon's trolley company, is now Hometown Trolley. While the new name is a change in the business, the big change is their move to the former woodworking building in the Crandon industrial park.

The company has been doing business out of the old structure in the park for about 20 years, and they have long since outgrown that facility. When you run out of room, you also run out of efficiency of operation.

The new facility has had major renovations already, with numerous garage doors added that will open into a bay where a new trolley will be built, and the building has been expanded in length. Currently, they are waiting for the dirt to thaw in the expansion so the Flannery crew can pour concrete.

According to Kristina Pence-Dunow, at Hometown Trolley, their orders for the unique trolleys has increased dramatically, and they will soon be building all electric trolleys. A \$2.6 million order from Alpena, Michigan to build electric trolleys will be their first order of this new product that will give off zero emissions. Going green is one of the goals of the company, and this is a great start.

Our local trolley company, up here in the frozen north of Wisconsin, has provided their unique mode of transportation to customers all over the U.S., Canada, Puerto Rico and have sold five trolleys in the Aruba area. With the new manufacturing facility, they expect to build three to four trolleys a month.

Northern Buckhunters Coyote Hunt January 19th

Some of the coyote hunters gathered for a group portrait in the snow at Main Street Ed's in Argonne. The hunters brought in ten coyotes and won cash for the efforts. Door prizes and a shotgun was raffled off. The Northern Buckhunters will use the money locally for projects like the rifle range. Another hunt is planned for February 16th. Watch this paper for more details!

Homeless count to take place in Forest, Langlade, Oneida and Vilas Counties

On Wednesday, January 30, 2013 the Northern Wisconsin Initiative to Stop Homelessness (N*WISH) Continuum of Care will be joining homeless coalitions (or Continuums) around the state in completing a local count of individuals and families experiencing homelessness. Staff and volunteers will count persons in shelters for the night as well as persons residing on the streets, under bridges, or similar places not meant for human habitation.

The collected data will assist the community in understanding the scope and size of homelessness locally, engaging individuals in programs and service development, and in applying for state and federal funding.

This year there will be a kick-off event at St. Augustine's Episcopal Church partnering with The Table, a free dinner offered the last two days of the month that is open to members of the community. Members of the N*WISH CoC will have an outreach and education booth

Two Cents Event

Wednesday, February 6, 2013
School District of Wabeno Area
6:00pm-7:00pm in the High School Auditorium

The School District of Wabeno Area is hosting another Two Cents Event. The focus of this meeting will be to share information and to answer questions about the upcoming operating referendum.

At past Two Cents Events, we explained how the long-term effects of revenue limits and declining enrollment have been catching up with our district. We also discussed the many things the district has done over the past several years to contain costs and to seek other sources of revenue.

The School District has now reached the point where we must pass an operating referendum or we will have to make severe cuts to remaining programs and staffing. Come to the Two Cents Event at 6pm on February 6 to learn more about the referendum and to get your questions answered.

Wabeno Lions donate to Wabeno Elementary

For years the Lions have valued the power of a book and this year is no exception. Again, they have donated \$800 to the Wabeno School district for the purchase of free books for each child in the spring. They also donated \$300 for the Accelerated Reading Program.

Both programs promote reading by every child. Every child looks forward to having their very own book to take home.

Crandon Lions Fish-o-ree a success

By Boyd Monte

Ice fishing is a popular sport in the North woods. There are many techniques passed along by family and friends. Fish o rees also have become popular in the northwoods. Every town seems to have at least one in the months of January or February. The Crandon Lions Club has hosted a fish o' ree for over 30 years.

The Crandon Lions Club rent the Crandon Community Building for the day, They pay out for the top three pan fish, northern, perch and walleye. \$50 dollars for first, \$25 for second and \$10 for third. They also raffle off tons of prizes all afternoon.

The winning pan fish were: Abby Pease took first place, Colby Nelson came in second and Travis Weber finished third. Chandas Bissonette earned first place in the perch category followed by Brett Palubicki and Evan Loduha. Nick Adamski was top fishermen in the walleye division. Brett Novak came in second followed by Ella Killinger. Chris Bauknecht earned first place with his 34 3/4 inch northern. Trevor Spoehr came in second and Tristan Gorges placed third.

The Crandon Lions Club uses all the money raised to help the citizens of Crandon and surrounding area. In 60 years of existence, they have given out over a quarter of a million dollars. The next fundraiser will be the 2013 Summerfest on July 13.

Stabbing in Town of Lincoln

In the early morning hours of 1/18/13, Forest County Deputies responded to a stabbing in the Town of Lincoln, near the City of Crandon. One adult male had been stabbed repeatedly by a 16 year old juvenile male. After a short search the suspect was located and arrested without incident.

The victim was transported to St. Mary's Hospital and is being treated for his wounds. The juvenile male is currently being held at the Forest County Jail and will be charged with Attempted 1st Degree Intentional Homicide. Sheriff Dennee states that there does not appear to be any other suspects involved and there is no threat to the community.

Due to the suspect's age and the continual investigation, no further information will be released at this time.

Wabeno Legion Unit Member of the Year Joanne Longway

Joanne Longway, Townsend, has been nominated as 2013 Unit Member of the Year for Wabeno American Legion Auxiliary Unit #44, by President Kathleen Marsh. Joanne is now eligible to be chosen as Department of Wisconsin State Unit Member of the Year, whose selection will be announced in May. In nominating Longway, President Marsh wrote:

Joanne Longway has been a very active member of the Auxiliary since 2005. She has been faithful in her attendance and support of all Auxiliary programs and activities. Joanne has distributed poppies, sold raffle tickets, and donated baked goods for events such as the Legion Chicken Dinner. But it is her leadership as Chair or Co-Chair of the Fall Raffle that showcases Joanne's talent and where her service shines brightest.

Acting in that capacity for five of the last seven years, Joanne has totally reorganized the Raffle. She runs the event with such efficiency that ticket sales have more than doubled. She contacts local sponsors for donations, soliciting prizes that boost ticket sales. She attends civic parades to sell raffle tickets to spectators and sets up a table at local businesses to give customers an opportunity to support the Auxiliary by buying a raffle ticket.

In addition, Joanne works tirelessly to fulfill the ALA Mission of supporting Legion activities. Not afraid to get her hands dirty, Joanne volunteered to help with a thorough housecleaning of the post some years ago. She currently works at the February Fish-O-Ree, helps decorate and set up for the Legion Awards Banquet, works in the Food Booth at the July Wienerfest, and helps hand out treats at the Valentines Day Ice Cream Social at Wabeno Elementary School. Joanne's community service includes many activities, but her personal favorite is volunteering for the Christian Food Pantry at St. John

As a giving member of our local Legion Auxiliary Unit, Joanne is more than just a "Legion Lady." She is an integral part of our group and we value and appreciate her dedicated service. For that and for just being a great lady with a ready smile and a willing heart, I nominate Joanne Longway as 2013 Unit Member of the Year.

Crandon Lions Scholarship Recipients

L to R: Mary Mattson, Alexis Marvin, Jasee Flannery & Lion Bill Schultz presenting the checks to the girls.

Jasee Flannery, Mary Mattson and Alexis Marvin attended the Crandon Lions board meeting on Monday, January 7th. All three students received the scholarship award at the June senior banquet. Having completed their first semester successfully all three received a \$1,000 check from the Lions Club.

These awards are made possible because of the great support the local businesses and individuals give the Lions fund raisers.

The annual fish-o-ree will be held on Saturday, January 19th from 11 a.m. to ? It will be at the Crandon Community Building. Food, refreshments, paddle wheel, dice game and raffle boards will be available. Tickets for cash prizes up to \$500 are being sold by Lions members now.

Again, all proceeds go toward scholarships and many other local needs.

Nicolet College Foundation scholarship applications available Jan. 28

Nicolet College Foundation scholarship applications will be available starting January 28 for anyone looking to potentially receive funding for the 2013-14 academic year at Nicolet.

Last year the Foundation awarded more than 250 scholarships ranging in value from \$400 to \$3,000, said Heather Schallock, Foundation executive director.

"We strongly encourage anyone planning on attending Nicolet next fall to apply for a scholarship," Schallock said. "We know that paying for college is often a challenge for students and that scholarships can go a long way in helping students meet that challenge."

Completed applications must be postmarked or delivered to the Foundation office in room 216 of the University Transfer Center by Tuesday, March 12.

Nicolet scholarships are available for both new and continuing students enrolling at Nicolet College next fall. Scholarship funds are applied directly to tuition costs. To be considered, students must turn in a completed application, a copy of their academic transcript, and one completed recommendation form by the March 12 deadline.

People needing applications can find them in every building on the Rhinelander campus, the Lakeland Center, tribal education offices, and high school guidance offices in the Nicolet district starting Jan. 28.

Students taking nine or more credits per semester can receive between \$500 and \$3,000 and students taking three to eight credits per semester can receive a \$400 scholarship. All applicants must have a cumulative grade point average of at least 2.5.

The \$1,000 University Transfer Liberal Arts Program Award and the \$1,000 Robert Steger Award are also available. They will be awarded to current Nicolet students in the University Transfer Liberal Arts Program who will be transferring to a four-year college or university. Separate applications for these two scholarships are available at the Foundation office.

For more information, contact the Nicolet College Foundation office at (715) 365-4518, 1-800-544-3039, ext. 4518; TDD (715) 365-4558, 711 relay, or by email at hschallock@nicoletcollege.edu.

Wisconsin's inter-district public school open enrollment program, often referred to as school choice allows parents to apply for their children to attend school districts other than the one in which they live. Parents must apply to the nonresident school district they would like to have their child/children attend.

This program is open to Wisconsin residents who have students in grades Kindergarten to 12. There are no tuition costs to parents for their children's participation in Open Enrollment. However, in most cases, parents are responsible for transporting their children to and from the nonresident school.

Additional information may be obtained from the School District Office.

Brain Food

For years we've known that Mediterranean diet - largely fruits, vegetables, whole grains, legumes and nuts - is good for the heart. People in countries bordering the Mediterranean Sea are among the healthiest. They eat small quantities of dairy and limit red meat. They like fish and poultry.

Even better news is a recent study in the Archives of Neurology showing that those eating a more Mediterranean diet were also less likely to have small vessel damage (small strokes) in the brain. Large strokes often cause major disability, but small strokes can still lead to falls and memory loss.

Bottom line: Eating more fruits and vegetables and reducing animal fat is good for your heart and your brain.

Watch Your Eating Patterns

Breakfast, lunch, dinner and some snacking: sounds simple, right? Think again. If your eating patterns include mindless eating in from of the television, during computer or phone time (work or fun), or in the car on the go, your stomach may not be "talking" to your brain like it should. Your body's food processor and appetite control system works best when you sit down, relax and enjoy bite by bite.
