## Welcome Home for Larry the Logroller

**12-6 p.m. May 25  
Food, Refreshments & Music**

Larry the Logroller is being released from the hospital shortly. Dr. Ron Piontek has pieced the old lumberjack back together, and from all reports, there is very little scarring. He is healthy and ready to stand guard over the park in Wabeno for years to come.

Larry it has been said is an old lumberjack, and we want to downplay the rumor that he never logged, but just stood around and did nothing

## Hometown Trolley is off and running

The logo on the door welcomes you to Hometown Trolley

By Mike Monte

I doubt that anybody would have envisioned what a trolley business could do when Double K turned out their first trolley back in 1978, but these classy means of transport are quite popular worldwide.

Starting in Illinois, the company made about six of these eye-catching vehicles a year. The numbers are different these days. Moving to Crandon in 1992, production jumped to about 12 a year.

Changing the name to Hometown Trolley in 2000, the production jumped to about 30 to 36 a year. With the move to the larger and more efficient quarters, the output is 50 per year, and they are both trying to keep up with orders and to look for more dealers and orders for their trolleys. According to the owners, Joey and Kristina Dunow, they will be able to push a completed trolley out the door every 12 days!

By moving into and remodeling the building formerly occupied by Rhinelander Door, they have made a much more efficient operation that will move trolleys under construction to different bays that are set up to do separate functions. With a room full of cataloged supplies, it is easy to track materials and easy for workers to get what they need right away and not look around the work area for what is needed, and Kevin Bocek is there to find it fast.

According to Kristina and Joey, the future of the trolleys could well be electric. As reported before, Hometown Trolley received an order from Alpena, Michigan for an all electric trolley. They are also looking at building trolleys that will run on compressed natural gas or LP gas. The current electric trolley order has been in the construction phase since January, and is still being worked on. What is learned from this electric trolley will make succeeding orders easier and faster to build.

There are currently 20 people working at Hometown Trolley, and if orders increase, and we are sure they will, even more workers will make their living in the trolley business.

The business is a good fit for Crandon's industrial park, and we congratulate Hometown Trolley on their success.

Workers swarm over a trolley that is receiving the finishing touches. We would have been glad to show you a completed unit, but the last two have been delivered.

## Call-A-Ride Taxi Service

Bill and Rena Lincoln have opened a taxi service in Crandon. Feeling the need for this service, they are offering the service out to a 50-mile radius. Bill says he will go further, but the cost will be greater. They are currently running a van that is not handicap accessible, but they are working on this.

The Call-A-Ride taxi service is available from 6:30 a.m. until 9:00 p.m. Eventually, they hope to add a driver and extend the hours, which can come in handy for anyone in a bar that doesn't think they should take the wheel and chance a drunk driving charge.

Bill says he will make trips to Antigo or Rhinelander if you need it. So, if you need a ride to the airport, call Bill. Need a ride to the grocery store or any other shopping, call Bill. If you want a ride to a restaurant, call Bill.

This service should be a great help to those who don't have a car, or can't drive for any reason. To reach our new taxi service, call 715-616-2362 or 715-478-5796.

### Celebrate National Bike Month

Submitted by the Forest County Health Dept.

May is National Bike Month-a perfect time for our community to recognize and celebrate all the benefits of bicycling.

Bicycling keeps us healthy, carries us efficiently from point A to point B, saves us from high gas prices, and makes our air cleaner and our roads less congested.

If more people in our community bike, even just once a week or once a month, we'll all be better off (even those of us who don't ride). This month, dust off your bike and give two wheels a try!

### Job Fair-City of Crandon

### Native American, Bill "Birdsong" Miller, to appear at the Three Lakes Center For the Arts

On Thursday May 30, Bill "Birdsong" Miller will once again take the stage at the little theater at 1760 Superior St. in Three Lakes. He appeared there for a sold out crowd nearly three years ago and the Art Center has been trying to get him back ever since!

He was chosen to play flute for the Academy Award winning song, Colors of the Wind, in the Disney film, Pocahontas. He has won three Grammy Awards and his artwork appears in the Smithsonian Museum of the American Indian. Miller is a highly sought after public speaker, as well.

### Lime Disease Cont. from pg. 1

incredible tapping technique, and is as entertaining to watch as it is to listen to. Live performances burst with energy and magnetism not typical of solo guitar music. Drawing influence from folk, Celtic, indie, and even punk rock artists as well as other great guitarists such as Michael Hedges, Phil Keaggy, Tommy Emmanuel and Leo Kottke, Mark Kroos has developed his own edge to the acoustic guitar.

The concert is aimed at benefitting Lyme disease awareness. Lyme disease is the most common tick-borne disease in the Northern Hemisphere and is both under and misdiagnosed all too often. The Lyme bacteria are transmitted to humans by the bite of infected ticks and left untreated, later symptoms may involve the joints, heart, and central nervous system. In many cases, the infection and its symptoms are eliminated by antibiotics, especially if the illness is treated early. Delayed or inadequate treatment can lead to more serious symptoms, which can be disabling and difficult to treat.

Seating is limited to the first 350 music lovers.

To my friends and the people of the Town of Wabeno  
 I would like to express my appreciation for the trust and support shown me during my 32 years as Town Clerk. Words cannot express how much I appreciated the retirement party that was given, those who were able to find the time to attend the party, kind words and the cards and gifts received.  
 Special thanks go to Chris Geske, Brenda St. Peter, Linda McEwen, Diane Reed and my awesome family.  
 Thanks for the honor of allowing me to serve you. I enjoyed my job and wish Brenda the best.

Display Case

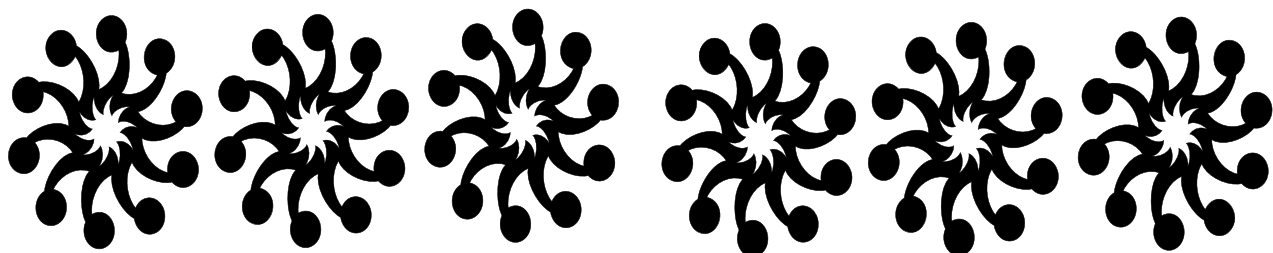

On display this month in the David Brezovar Memorial display case we have the collection, 'A Little Bit of England' from Crandon resident, Bess Aho. The case includes Torquay pottery, Chintz china, and David Winter sculpture models. The Torquay pottery began in the South Devon area of England as early as 1867 and the mottos on the pottery were introduced in the late 19th century as the art was taken up by the other Torquay potteries. The Torquay is most famous for the verses, proverbs, and quotations that decorate it, which is achieved by scratching the letters through a slip to expose the red clay underneath. Looking closely you may see how beautiful each letter shows through and how the thought of each motto is expressed.

The Chintz is a generic name for English china with an all over floral design. It is colorful, bright, cheery, and reminiscent of chintz dress fabric. Chintz china was produced in England in the first half of the 20th century it stands out among other styles of china. A spot of tea in one of these charming green or blue tea cup and saucers sets would be most inviting.

The David Winter handmade, sculptured models are a treasury of buildings that have architectural and historical roots deep in the heart of the cities and countryside of every province in Canada. These models come from the picturesque fishing villages of the east coast to the majestic west coast Rocky Mountains. They reflect the design of churches, commercial buildings, farms, private homes, and historic fortifications of Canada. They are made from milled natural stone which, having been processed according to a secret technique, are petrified again. Gaze upon these quaint little buildings and see each cottage for its own appealing style. We would like to thank Bess for sharing 'Little Bit of England' with the community here at the library.

### Missoula Children's Theatre Coming to G-AC Schools

The Missoula Children's Theatre (MCT), the nation's largest touring children's theatre, has been touring extensively for 41 years now from Montana to Japan, visiting nearly 1,200 communities. This summer Missoula Children's Theatre will be stopping at the Goodman-Armstrong Creek School District the last week of June for two shows on Saturday, June 29. Students in grades 1-12 will perform The Secret Garden in the LaVerne Zimmerman Gymnasium at Goodman-Armstrong Creek High School.

The MCT team arrives in a given town with a set, lights, costumes, props and make-up, everything it takes to put on a play...except the cast. The team holds an open audition and casts the local students to perform in the production. All MCT shows are original adaptations of classic children's stories and fairytales . . . a twist on the classic stories that you know and love. Creativity, social skills, goal achievement, communication skills and self-esteem are all characteristics that are attained through the participation in this unique, educational project.

Auditions will be open on Monday, June 24 for students entering 1st through 12th grade for the 2013-2014 school year beginning at 10:00 AM at the LaVerne Zimmerman Gymnasium. Any questions should be directed to Mrs. Cris Wysocki.

MCT's mission is the development of lifeskills in children through participation in the performing arts. For more information regarding Missoula Children's Theatre and the upcoming performance please visit their website at [www.mctinc.org](http://www.mctinc.org).

### School Forest Day in Laona

On Wednesday, May 22nd, Laona High School students will once again participate in the annual School Forest Day. This year, the School Forest committee, decided to add a Community Service theme to the annual event. Students will be able to choose from a number of activities to include rebuilding bridges in the school forest, clearing brush from the trails, putting up signage, and repairing the bathroom facilities in the School Forest itself.

Additionally, students can choose to help out in Laona and the surrounding Silver Lake area. Residents of Laona and Silver Lake are asked to call the High School @ 715-674-2143, if they would like some help raking leaves, collecting trash, cleaning a garage or whatever they need help with. The event will run from about 8:00 a.m. to 11:00 a.m. Students will be bused to the various locations and picked up and brought to the School Forest for a lunch before being released around noon for the day.
