Crandon Lions Summerfest Saturday July 19th

Teams compete to win the coveted Titanic Trophy. The Crandon Lions Club will host their Annual Summer - Fest and Boat Sinking on Saturday, July 19th, at the city beach on the North end of Lake Metonga. The paddle wheel will be played all afternoon with great prizes waiting to be won. The kids have the jumping room and trout pond and other games to play and win prizes. The boat sinking will start about 11:00 a.m. Each team will consist of three to five members. One member of each team must man the oar. Each team will try to sink the other teams boat by filling the buckets with water from the lake. The teams are not allowed to bail their boat and no leaning or touching of the other teams boat will be permitted. The contest starts and ends with the referees whistle. The contest is over when one boat is sunk. The referees decision is final and the event is double elimination. All proceeds raised at any Lions Club event go back to the community in which the club presides.

Fizz, Boom, Read at Wabeno

As part of our continuing summer programming, the Wabeno Public Library will host a fun "Drum, Song, and Dance" Circle at the Wabeno Library Tuesday, July 22nd at 2 p.m. The program is intended for children of all ages and their families. The program will explore the sounds and movement of some familiar things that bubble, pop, explode: fizzing soda, boiling water, popcorn, thunder, and other noisy splashy things--- but will not use any harmful materials in demonstration or performance. The activity celebrates festivals that we associate with these phenomena, and explores some basic science behind this year's annual summer reading theme for public libraries, "Fizz, Boom, Read."

Camp 5, Laona, hosts the Timberworks Lumberjack Show

The Lumberjacks are coming to Camp 5! On Saturday, July 19th, the Timberworks Lumberjack Show will perform their amazing repertoire of old lumberjack skills at Camp 5. Sponsored by Stihl, manufacturers of modern lumberjack tools, this logging team performs many of the feats that were required by the lumberjacks of days gone by. And, be careful, the audience sometimes get drawn into the show! These modern-day lumberjacks will demonstrate such skills as axe-throwing, and the proper way to use the cross-cut saw (it used to be called the "miserable whip"). There is also a one-man saw contest held between the Timberworks Lumberjacks. See chain-saw carving, pole-climbing, and birling. If you don't know what birling is, imagine two men on either end of a floating log, each of them trying to throw the other in the water, using fancy footwork and squirrel-like quickness!

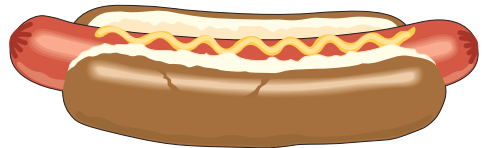

Over a million people have watched the Timberworks Lumberjack Show and learned something about the men and their skills in the tall timber that helped create a nation.

Visitors to Camp 5 will also enjoy the museum, the working blacksmith, the petting zoo, the Crackerbarrel Gift Shop, the Green Treasure Forest Tour, a pontoon boat ride on the famous Rat River, and, of course, the trip to Camp 5 on 'Ol 4-Spot, a working 1916 vintage steam train complete with vintage passenger cars and cabooses!

You embark on the Lumberjack Steamtrain at the depot on Highway 8, on the west side of Laona. The first train leaves the depot at 11:00 a.m., 12:00 p.m., 1:00 p.m. And 2:00 p.m., with the last train returning to Laona at 4:00 p.m.

The Lumberjacks will perform at 11:45, 1:30, and 2:45.

Check out our family rates and remember that active duty military people and their families are admitted free of charge. For more information, visit our website at lumberjacksteamtrain.com or call 715-674-3414.

Townsend Fourth of July Parade

The day was beautiful, the crowd enormous, the children excited and the parade another huge success.

Bill and Carmen Ehlers were the Grand Marshalls, driven by Willard Ehlinger. The theme this year was "Let Freedom Ring" and all the floats outdid themselves. Our judges had a rough time, but The Long Branch Saloon captured the \$100.00 prize for their theme, 'Remember our friends'. The Parrot Club received \$75.00 in the Civic category. Rock Hard Landscaping took the \$75.00 for best decorated Business float and Ginny the therapeutic horse took the \$75.00 in the animal category.

The Townsend Fire department generously donated \$200.00 to help offset the expense of the parade.

Officers Mic and Chase did a tremendous job making sure that all the floats and bystanders made it out safely, and also after the Fireworks that took place at the Festival ball park. The Committee really appreciated their help.

The Festival Committee will be back next Fourth of July and we Hope you will be too.

Space still available for Kentuck Day

The Forest County Chamber of Commerce still has Crafter and Flea Market Vendor Booths available for \$65 a space. If you would like more info please contact Josh at the Forest County Chamber of Commerce (715) 478-3450 or at info@visitforestcounty.com.

**Rare, historic
artifact
found in
Reservoir Pond,
Townsend**

In the spring of 2014, Debbie and Kyle Roeser of Green Bay pulled a very heavy white pine floater out of the water near the boat landing on Reservoir Pond in Townsend. It has a U and a D clearly marked in two places leading to its identification as an original log from the [Uri] Balcom and [DeVillo] Holt Lumber Company. It was most certainly cut prior to 1887 when Holt bought out Balcom and use of this blaze (stamp) was discontinued.

Artifact Cont. from pg. 1

Holt and Balcom Logging Camp Museum (Lakewood) Curator Kathleen Marsh was thrilled when the the Roesers very generously donated the log to the Museum. "The Roesers had no idea how old the log was. Debbie told me it almost ended up in a friend's woodstove," she said. "But thanks to Kyle's spotting the markings and his Townsend neighbor Al Benson getting in touch with me, we managed to save it for posterity."

"This artifact is a hugely exciting find and one we very thankful to have," said Camp Manager Bob Brown. "Arrangements are being made to move it to its new home at the Museum where it will be proudly displayed as a precious and rare relic of Nineteenth Century Northwoods history."

Senior Chatter

Work-life balance is challenging when you have so many demands on your time. Use these tips to help you succeed at both work and your personal life.

- 1. Schedule "me" time.** Get together with friends, have a family outing or do things you enjoy such as a hobby or social club.
- 2. Beware of time wasters.** Disorganization and distractions such as using social media can lead to working longer hours to catch up. Learn to prioritize and manage your time.
- 3. Lighten your load.** Enlist family members and friends to do errands or outsource them. Place online grocery orders, or hire a teenage neighbor to do chores.
- 4. Boost energy.** Exercising regularly, getting enough sleep and eating a balanced diet give you the stamina to fully enjoy life.
- 5. Unplug at home.** Turn off all devices and disconnect from work for a set period. During that time, focus on family or yourself, free of distractions.
- 6. Shift your focus.** Prioritize activities that make you feel happy and fulfilled, rather than ones you "have" to do.
- 7. Track your time.** Determine how you spend your time to identify and avoid duplicated effort or wasted hours.
- 8. Find more hours.** Get up one hour earlier to gain time before work, or turn off the television 2 nights per week to find free hours you've been lacking.
- 9. Spread it out.** Don't save everything for your day off. Instead, strive for daily balance and take equal time to work and play.

This old photo was taken in the 1920's on the "new" road connecting Laona and Crandon. It was a big deal to be able to traverse between these two towns. These fellows are posing on what would be Hwy 8, next to Wabikon. Of course, it is no longer Hwy 8!

Holt & Balcom Logging Camp completes restoration

Jim Kingsbury, Mountain, stands beside one of five white pines he planted at the Holt & Balcom Logging Camp Museum in Lakewood in June 2014.

The Holt & Balcom Logging Camp Museum in Lakewood completed its restoration project in 2013. Taking over seven years and costing over a hundred thousand dollars, the Museum is now a popular tourist destination as well as a memorable educational field trip experience for area fourth graders studying Wisconsin history.

With an eye toward the future, curator Kathleen Marsh envisioned planting white pines along the McCauslin Brook which flows by the site. "Gigantic white pines once covered the northwoods so densely that sunlight barely penetrated the woods," she said. "Our camp manager Bob Brown and I knew that we would not see our trees achieve the majestic height of those cut a hundred years ago, but we still thought it would be nice if

the children and our visitors could see and touch a white pine. We tried to plant seedlings last year but they didn't survive the winter. Larger trees were too costly so we regretfully shelved the idea."

Then a few weeks ago, Ruth Theobald Probst and her husband Tom, old friends of Kathleen and her husband Jon, reconnected. When told about the restoration, the Probsts, who have a summer place on the Peshtigo River east of Lakewood, asked if there was anything that still needed to be done. "I said, yes, and we told them about the trees," Jon said. "They immediately donated five beautiful three-year-old white pines."

Kathleen then called upon tree expert Jim Kingsbury from Mountain. A longtime member of the Wisconsin Woodland Association, Jim graciously agreed to plant the pines along the Brook. "I was happy to help," Jim said. "So much time, effort and money has gone into preserving the camp. I think this is the perfect finishing touch. The pines are looking healthy and robust; new growth is already appearing. With proper care and a little luck, they should thrive."

The Boys did well

Tim Kalata, Ben Kalata, Dylan Bukovic, Sam Kalata and coach Brian Bukovic

Three members of the Crandon Trap Club did well in a state competition held in Waukesha recently.

Dylan Bukovic placed second in the Intermediate Entry Division by hitting 95 out of 100 clay birds. Ben Kalata with 91 hits finished in ninth place. Sam Kalata, in the Senior Varsity Division, finished in 13th place out of 271 contestants. Sam hit 98 targets.

All three boys showed real skill and composure under great pressure. The whole Crandon Trap Team did a great job all year and we are proud of all of them.

Children and inexperienced swimmers should wear life jackets at all times when on boats or near bodies of water

- Make sure the life jacket is the correct size. It should not be loose and should always be worn as instructed with all straps buckled.
- Avoid alcohol use around water. Alcohol impairs judgment, balance, and coordination; affects swimming skills; and reduces the body's ability to stay warm.
- Know your limits. Don't swim farther or hold your breath for longer than you are able to
- Sun Safety
- Seek shade
- Protect your skin with clothing
- Wear a hat
- Wear sunglasses that block UV rays
- Wear sunscreen
- Read the labels (sunscreens with broad spectrum protection and with SPF values of 30 or higher are recommended)
- Be sure to apply the sunscreen properly (always follow the label directions)
- Protect your children from the sun
- Children need special attention. They tend to spend more time outdoors, can burn more easily, and may not be aware of the dangers
- Hot Weather Tips for Your Health
- Never leave children, disabled persons, or pets in a parked car-even briefly
- Wear loose-fitting, cotton clothing, preferably of a light color
- Drink plenty of water to prevent dehydration and eat lightly

UW Extension food tips

Tips for food-safe grilling

Grilling season is shifting into high gear as many people enjoy Wisconsin's all-too-short summer by cooking meals outdoors. When you're grilling out, keep in mind that foodborne illness peaks in the summer, says University of Wisconsin-Extension food science specialist Barbara Ingham. She offers these tips to help you keep the grilling season food-safe.

--Wash your hands with soap and warm water for at least 20 seconds before and after handling food, especially raw meat.

--Always marinate foods in the refrigerator, not on the counter or outdoors. "Boil used marinade before applying it to cooked food," says Ingham. "Reserve a portion of unused marinade to use as a sauce for cooked meat. Do not rely on heating to decontaminate the marinade that has been in contact with raw meat."

--When grilling foods, preheat the coals on your grill for 20 or 30 minutes, or until the coals are lightly coated with ash.

—If you partially cook food in the microwave, oven or stove to reduce grilling time, do so immediately before the food goes on the hot grill. "Partial cooking saves time, can help prevent flare-ups, and for products like chicken, often results in a better quality meal," says Ingham.

--When it's time to grill your food, cook it to a safe internal temperature. Use a food thermometer to be sure. "Place the food thermometer in the thickest part of the meat. Don't let it touch the bone, fat or gristle," says Ingham. Check the temperature in several places to make sure the food is evenly heated.

• Beef, veal and lamb steaks and roasts: 145°F for medium rare (with a 3-minute rest time) and 160°F for medium.

• Ground pork and ground beef: 160°F.

• Poultry: at least 165°F.

• Fin fish: 145°F or until the fish is opaque and separates easily with a fork.

• Shrimp, lobster and crabs: The meat should be pearly and opaque.

• Clams, oysters and mussels: Until the shells are open.

--Never place cooked food on a plate that previously held raw meat, poultry, seafood or eggs. Be sure to have plenty of clean utensils and platters on hand.

--Grilled food can be kept hot until serving by moving it to the side of the grill rack, just away from the coals to avoid overcooking.

--Avoid placing foods in the Danger Zone (40°F to 140°F) for more than one hour on a warm summer's day. "Never let raw meat, poultry, eggs, cooked food or cut fresh fruit or vegetables sit unrefrigerated for more than an hour on a warm day," says Ingham.

To learn more about keeping food safe, contact Terri Miller, 715-479-3653, terri.miller@ces.uwex.edu at your UW-Extension office. To stay abreast of all the latest food safety news, follow "Safe and Healthy: Preserving Food at Home" at <http://fyi.uwex.edu/safepreserving/>

Summer safety tips from the Forest County Health Dept.

Summer has arrived and it's time to get out and enjoy the outdoors! However, it is important to be aware of the different health and safety concerns that the summer months bring. Follow these tips to keep your family healthy and safe this summer.

Water Safety

- Never swim alone. Even good swimmers need buddies!
- Swim in designated areas supervised by lifeguards
- Ensure that everyone in your family learns how to swim well
- Never leave a young child unattended near water
- Children and inexperienced swimmers should wear life jackets at all times when on boats or near bodies of water
- Make sure the life jacket is the correct size. It should not be loose and should always be worn as instructed with all straps buckled.
- Avoid alcohol use around water. Alcohol impairs judgment, balance, and coordination; affects swimming skills; and reduces the body's ability to stay warm.
- Know your limits. Don't swim farther or hold your breath for longer than you are able to

Sun Safety

- Seek shade
- Protect your skin with clothing
- Wear a hat
- Wear sunglasses that block UV rays
- Wear sunscreen
- Read the labels (sunscreens with broad spectrum protection and with SPF values of 30 or higher are recommended)
- Be sure to apply the sunscreen properly (always follow the label directions)
- Protect your children from the sun
- Children need special attention. They tend to spend more time outdoors, can burn more easily, and may not be aware of the dangers

Hot Weather Tips for Your Health

- Never leave children, disabled persons, or pets in a parked car-even briefly
- Wear loose-fitting, cotton clothing, preferably of a light color
- Drink plenty of water to prevent dehydration and eat lightly
- Avoid caffeine and alcohol as these promote dehydration
- Be aware of the symptoms of heat exhaustion and heat stroke
- Heat exhaustion: heavy sweating, paleness, tiredness, headache, weakness, dizziness, nausea, vomiting, fainting
- Heat stroke: extremely high body temperature (above 103 degrees), red, hot, and dry skin, (no sweating), rapid, strong pulse, throbbing headache, dizziness, nausea, confusion, unconsciousness

*The signs of heat stroke could indicate a life-threatening emergency and should be addressed and treated immediately

Endorsing Mayor Jaeger

I'm supporting Rob Jaeger in this recall election, and encourage you to support him as well. In my position as President of the Chamber of Commerce, it has been great working with Mayor Jaeger on so many things in which he serves as a volunteer. For that reason, he was recognized as the Chamber's Volunteer of the Year in 2013.

It is not just his volunteer work that has formed my support. He has worked to save the taxpayers of the city a lot of money. Many people might not be aware, and just to name a few--his work on recycling and waste removal alone saved the Crandon taxpayer \$40,000. He worked with Job Corps to build on the garage addition to the Police Department, which saved the taxpayers money. He has worked with Forest County Potawatomi to secure grants to fund services to the community, which has saved the taxpayers dollars.

Rob has worked to create and retain jobs as well. When Hometown Trolley was considering an offer to leave town, Rob took action, and today Trolley operates with more employers in a second and larger facility. These jobs (among others created) bring payroll into Crandon and help support local businesses.

I served for many years for the United States of America and retired as a U.S. Army Colonel. I believe in America and in the process that allows a recall to take place. What I heartily disagree with, however, is abusing such a tool as a recall just because of a personality disagreement or not caring for a person's point of view. As I see this building issue, Rob is trying to protect the interests of the taxpayers and local citizens and business owners. If this recall is allowed to succeed, I believe that it actually harms the legitimate process of recall. It will also likely harm the opportunity of new ideas in the future--people will be unwilling to "stick their necks out" with a good idea, because if someone disagrees with the idea they will again abuse the recall statute.

Thank you for your service to Crandon, Rob. I hope the voters get behind you and allow you to continue to bring these ideas to the City Council that might benefit the taxpayers. Frankly, if the voters don't get behind you, it is hard to imagine that the City Council will make the tough choices that can benefit local taxpayers.

Laona High Trap Team had a successful first year

The Laona High School trap team had a successful first year in the Northern Wisconsin Clay Target Conference - Central Division. After 9 weeks of conference shooting, Laona earned a 3rd place plaque for the Senior/JV discipline.

On June 14th, the first NWCTC Central 100 bird shoot off was held in Antigo at the Langlade County Trap Club. 75 youths were registered representing 7 teams with 4 shooters representing Laona at this event. Jacob Kerner shot 77 to finish 35th and Fletcher Cleereman shot 85 to finish 14th overall. Kayla McHugh shot 89 to take 2nd place ladies, 5th in Senior/JV and placed 8th overall. Josie McHugh shot 92 and took 1st place ladies, 3rd in Senior/JV and finished 6th overall.

The Farmer's Market

There is a Farmer's Market on the Courthouse Square in Crandon on Wednesday afternoons from 3:30 until 5:30. To be sure, it is a beginning Farmer's Market, but in time, hopefully, it will grow!

If you like very fresh vegetables and fruit without pesticides, you should make a visit. Certainly, as the growing season matures, there will be a bigger selection, but last Wednesday, you could purchase fresh kohlrabi, strawberries, beans, cucumbers and more from Naked Acres Farm. The strawberries were great!

This is open to anybody who has fresh grown or produced food, so more vendors are free to sell their wares at the market.

The Dewings, by the way, had fresh-baked bread the week before. That too was delicious.

Forest County Humane Society Board Meets

The Forest County Humane Society Board of Directors meets every 4th Monday of the month downstairs at the Library. The next meeting will be held on July 28th at 6:00 p.m. The Public is always welcome.

A discussion was held regarding the cost of the dumpster. It was decided to request new bids to see if a lower cost could be obtained.

Several donations have been received from individuals, one was from an anonymous donator. Donations are always welcome. They can be dropped off at the Retail Store or at the Shelter. They can also be mailed to FCHS Box 57, Crandon, WI 54520.

Resale shop sales and the Memorial Day sales were discussed. The results were favorable and will help pay for operating costs. Plans for the next fundraiser on Labor day weekend were reviewed. It will be held on Friday and Saturday, August 29 & 30. Volunteers are always welcome. Contact Kevin Danielczak at 715-889-0678 for more information.

A large donation of cat food was received at the shelter. Because of the size and quantity it was decided to donate a portion to NewCap.

Northern National Art Competition reception July 22 at Nicolet College

Artists from the across the country will have their finest work on display in the Nicolet College Art Gallery when the Northern National Art Competition kicks off with an opening reception Tuesday, July 22, at 5 p.m.

Judge Linda Benedict-Jones, curator of photography at the Carnegie Museum of Art, poured over 512 pieces to select the 87 that made it into the juried exhibit.

"There's a little dance that takes place," she said about the judging process where she pours over the pieces and starts by putting them in yes, maybe, and no categories. "I try to keep a very open mind when I begin the process. With photographs as well as other media - whether it is oil paintings, watercolors, lithographs, fabric arts and more - I respond positively to what strikes me as somewhat uncommon. 'Show me something I haven't seen before' is what I would often say to my students."

Tickets for the opening reception, which

Pack 'Em Inn Biker Rally & Poker Run receives tourism grant

The Forest County Tourism Commission presented a promotion grant to the Pack 'Em Inn for their 3rd Annual Biker Rally & Poker Run. The Forest County Tourism Commission (room tax commission) provides tourism promotion grants to eligible events in participating Forest County communities. The Commission receives application from April through June each year, and seven events were chosen for promotion awards. Mike Gruett, Tourism Commission President, presented the award to Dawn Volz, Pack 'Em Inn.

For Old Time's Sake

We may have used this photo before, but what the heck, it's worth another look. Like today, people liked the lakes of the North, and they spent time on the water fishing and swimming. This shot at Lake Metonga was supplied by Katherine Vine, and that is probably a boat built in Crandon by C.T.H Riggs.

Fizz, Boom, Read Cont. from pg. 1

The guest performer, Taku Ronsman of Green Bay, has performed for audiences across Wisconsin and the Mid-West, and has been featured with other performers and libraries and schools. Bringing rhythm and tunes and a multi-cultural perspective to these fun themes, she will bring instruments and other accompaniment that families can enjoy. Because the kids in the Tuesdays at 2 program are creating drums, we will gather ideas for the children to be able to use as they finish their own drum project the following week, July 29th. Children who were not present previously to start making a drum of their own may contact the librarian for assistance in preparing one that can be

ready for the July 29th Tuesday at Two event. Children and families do NOT have to be residents of Wabeno to enjoy this free event. The program is funded in part by the Forest County Potawatomi Tribe and the Wisconsin Valley Library Service.

The event will be held on the front lawn and porch of the library and will last about 50 minutes, but is subject to re-schedule if we have rain or other inclement weather. No reservations are necessary but it is wise to call ahead if there are concerns about weather, or need for directions. The log cabin Wabeno Public library, is located at 4556 North Branch Street in Wabeno.
