Hotel Crandon presents a check to the Crandon Library

In the photo above, Amy Gatton is presenting Crandon Librarian Michelle Gobert with a check for a whopping \$3,040 that will be used to support the library. The money was raised at the 85th Anniversary Celebration of the Hotel Crandon last Saturday night, which was attended by over 200 people, and some of them wore vintage dress from the 1920's and 1930's. In the photo from left to right: Mark Gatton, Amy Gatton, Michelle Gobert, Amanda Flannery, Rick Mullins and Bill Mullins. Mark and Amy did a lot of work to decorate and display historical artifacts from the Hotel Crandon, and Amanda Flannery spent a great deal of time researching the history of the business over the last 85 years. The Mullins Boys played the music. The meal was a turkey dinner with all the fixin's, and according to the Gattons, there was one serving left at the end of the evening.

Forestry Committee discusses proposed off-road vehicle park

By Boyd Monte

The Forest County Forestry and Recreation Committee met Monday, February 23, with a full agenda.

Bids were opened for the building of the managers office at Veteran's Memorial Park. The forestry department will be contacting the bidders this week.

The committee passed two resolutions to the full county board. The first was a resolution supporting the continuation of the Knowles - Nelson Stewardship funding for county land acquisitions and a resolution to reestablish the County Forest Administrator Grant Program. Each resolution passed unanimously.

The next line on the agenda was to approve the amendments to the 15 year comprehensive land use plan that were concerning the proposed off road vehicle park. The forestry department received more information from WORVPI and the committee decided that they will review the responses given and make necessary changes to the amendments. The new amendments will be presented to the forestry committee at their next meeting and voted on. The amendments would then go to the full county board at their April meeting.

Laona Machine Supply acquires Hayes Metals-Crandon

Doug Hayes, left, and Thad Yaeger shake hands on their new business deal.

By Mike Monte

After 37 years Doug and Janet Hayes have decided to sell Hayes Metals, in Crandon, to Laona Machine Supply.

Hayes Metals sells all of the Stihl line of power equipment and Jonsered chain saws, and Toro garden equipment. In addition, Hayes Metals rebuilds starters and alternators, plus offers specialized welding. Hayes also sells a line of recreational clothing, like snowmobile suits and helmets. They also do small engine repair on everything except outboard motors.

With the acquisition, Laona Machine Supply will now have two locations, Crandon and Laona. Laona Machine will add to the product line in Crandon with the addition of Husqvarna outdoor power equipment, Boss snowplows and a complete line of hydraulic hose and fittings, oil, plus bars and chains and other parts for mechanical harvesting equipment, currently for sale in Laona.

The transition takes place on Monday, March 2nd. Doug Hayes, however, will be staying on for a couple of years to help the new owners.

We wish the best of luck to Laona Machine Supply for their new addition to their business.

Those will be central questions during a public forum on civic participation at 1:30 p.m., Tuesday, March 10, in the Nicolet College Theatre.

Retired U.S. Representatives from Wisconsin Dave Obey, a democrat, and Tom Petri, a republican, will lead the discussion.

Radiography career info session March 12 at Nicolet College

Anyone interested in learning more about a career in Radiography is invited to attend an information session from 5:30 to 6:30 p.m. Thursday, March 12, in the University Transfer Center Fireside Room on the Nicolet College Campus.

During the free event participants will hear from a professional in the field about what radiographers do on a day-to-day basis. Nicolet staff will also be on hand to explain the application and admissions process and also talk about the course work necessary to graduate from the program.

Median salary was \$39,964 for technical college Radiography graduates across the state in 2013, the latest year figures are available.

Nicolet shares the two-year associate degree program with Lakeshore Technical College near Manitowoc. Some classes are held in traditional classrooms and others over an interactive television (ITV) network. Students also spend time training at local clinical sites.

In general, radiographers work with patients to acquire the necessary diagnostic images. If you're detail-oriented, caring, interested in anatomy and physiology, able to work under pressure, and inclined to work with technology and people, a career as a radiographer may be a satisfying choice for you.

For more information, contact the Nicolet College Welcome Center at (715) 365-4493 or visit nicoletcollege.edu and search for Radiography under the Academics link at the top of the page.

What's happening at Laona High?

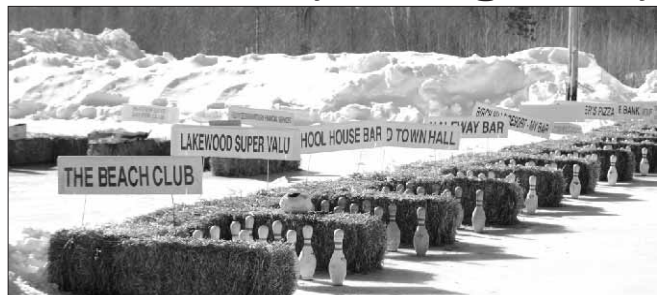

By Nicole Thurston

Laona 9th and 10th grade students have been working on Poetry Units. Often students struggle with poetry. These students have put in a lot of effort in order to understand a variety of poems, from Haiku to Cinquains to Lyric Poems and even Sonnets. The students not only learned about the poetic devices that are used, but they can read and write poems on their own now. After reading several examples, students had an opportunity to write a few poems on their own to demonstrate their understanding. Once the rough drafts were edited and corrected, students were encouraged to choose a poem that they felt was their best work. They focused on topics ranging from sports and leisure to seasons and nature. The poems will be posted in my classroom if anyone is interested in reading some of them.

Partners Celebrate National Nutrition Month's "Bite into a Healthy Lifestyle"

In celebration of National Nutrition Month, the Academy of Nutrition and Dietetics encourages everyone to adopt a healthy lifestyle focused on eating fewer calories, making good food choices and getting daily exercise. The goal is to achieve and maintain a healthy weight, reduce the risk of chronic disease and promote overall health.

Forest County Health Department has partnered with community members to offer opportunities to improve their health during the month of March. March 6th there will be a Healthy Crock Pot Cooking event for Laona residents from 2 p.m. to 4 p.m. at St. Leonard Catholic Church. Participants will taste test several healthy crock pot meals. Laona School District and Laona area churches are collecting healthy foods so participants will be able to take home the ingredients to make several recipes. We have received other donations from Laona Lion's Club and Forest County ATV Association, Laona VFW and Forest County Ties That Bind Us. Ministry Health Care has donated 25 crock pots which will be given away that day. UW Extension will be providing nutrition education and recipes.

Throughout the month of March, the health department will be visiting the schools, head starts, and libraries with nutrition education, taste tests and gardening information. Growing your own food can be a rewarding experience and studies show that children who are involved with gardening typically eat more fruits and vegetables. If you are interested in starting a garden or are looking for space in a community garden, please contact the health department.

Along with eating better foods, most people could use a little more exercise. Regular physical activity strengthens bones and muscles, reduces the risk of illness and helps with overall well-being. During the winter months it can be hard to find a place to stay active so the Laona, Crandon and Wabeno High Schools are sponsoring Community Open Gyms every Sunday starting February 22 through the month of March from 5 pm to 7 pm. The gyms will be open to all ages but children must be accompanied by an adult.

Make the Most of Snacking

When you think of your favorite snacks, what comes to mind? Would you consider them healthy? Today, almost all of us snack. That is why we need to take a close look at what we get out of snacking. Snack when you are hungry. Use a scale of 1 to 10, where 10 is starving and 1 is stuffed, to determine degree of hunger. Snack only if it is a 7 or 8.

Snack for nutrition. Snack on low-calorie foods with fiber and protein, which provide a feeling of fullness and satisfaction.

Snack with a plate. Treat a snack as a mini-meal. Place one serving on a plate and enjoy. You will feel full and satisfied with a clean plate, which is something you may not get from a food wrapper.

Snack without distraction. Don't read the newspaper or watch the TV while snacking. Just enjoy the flavors of the food. A recent study showed that multi-tasking while eating was likely to cause overeating. Soothing music in the background did not have the same effect. Try to apply this strategy at regular meals too.

Wabeno Student of the Week: Sarah Jennings

By Mary Ellen Keller

If you have heard Sarah sing, you are probably thinking, "Of course she is the student of the week from the choir director!" However, I did not choose Sarah for her talent and beautiful voice. While she does possess those attributes, she has many other qualities that prompted me to give her this recognition. I chose her for her persistence in working to achieve her goals, her kind heart, her skills and talents in many areas, and her ability to challenge herself in whatever she does. As I mentioned, Sarah has many talents. She could just sit back, rest on those laurels and still be a good student. However, "good" is not "good enough" in her eyes. She is skilled at evaluating her own performances in music, on the basketball court, and in her classwork, and is adept at pinpointing what she is doing well, and what she needs to do better. Through all of that, she remains humble and genuine, often asking her teachers and coaches what else she can do to improve. She is a role model for others, without even trying to be. Others who know and work with her can see her positive qualities, and feel comfortable with asking for her help and feedback. She receives compliments with genuine gratitude, often seeming surprised that others appreciate her gifts. She realizes that her teachers are not only in school, but also in other places. I admire her time management skills. While they may not be perfect, she juggles many things in and out of school, and she makes sure to save time for the important things in her life such as her friends and family. She is a warm, accepting and humble young woman, who cares deeply for those she loves and for the world around her.

Sarah expressed that being selected as student of the week made her feel special, and appreciates her family, her friends, and her music teachers, for helping her earn this honor. She is also proud of herself for learning the qualities she needs in order to have this success.

Sarah currently lives in Wabeno with her parents, Lee and Rebecca Jennings. Prior to moving to Wabeno, she lived in Denver, Colorado and Rolla, Missouri. Her favorite relative is her only brother, Samuel. She appreciates the fact that he "gets her" more than other people do.

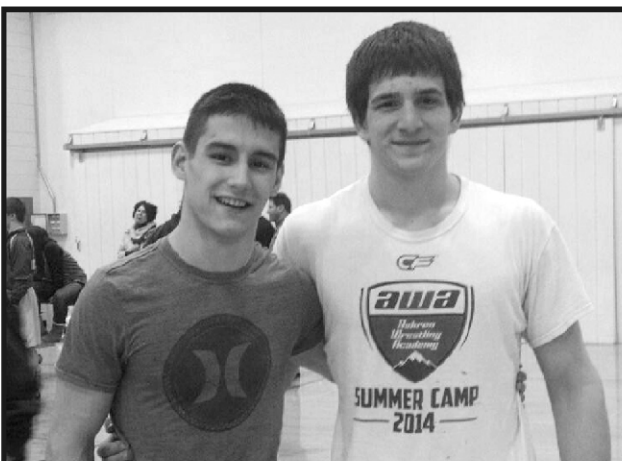

In school, Sarah is involved in music, drama and basketball. She has also recently been nominated for National Honor Society. Her favorite school activities are basketball, eating lunch and being with her friends. Outside of school, she also loves to play basketball, sing and hang out with her friends.

With her love of music, she feels that it is impossible to only pick one favorite song, however, her favorite musical artist is Whitney Houston, her favorite app is Pandora, and her favorite movie is West Side Story.

Other pertinent information about Sarah is that she loves the color yellow, Pinterest, and playing Quelf. Her favorite book is The Chosen, and her grandfather is her hero. Kevin Hart really makes her laugh. However, when she is sad, she soothes her soul by eating chocolate ice cream.

After Sarah graduates from high school, she plans to attend college and major in vocal music. Congratulations Sarah!

Invitation to new partners interested in invasive species management

The Wild Rivers Invasive Species Coalition (WRISC) would like to extend an invitation to businesses, agencies, and organizations interested in becoming formal Partners of WRISC. This cooperative partnership works across five counties in northeastern Wisconsin and the UP of Michigan, covering Dickinson and Menominee in MI, and Florence, Forest, and Marinette counties in WI. The group includes of a wide range of partners and members from local, state, tribal, and federal agencies, land managers, utility companies, civic organizations, businesses, schools, and individuals, all interested in the education and management of invasive species in the five county WRISC area.

WRISC was established in 2010 through local, state and federal organizations, businesses, and agencies signing a Memorandum of Understanding (MOU) as formal Partners. Each year, additional Partners are invited to express their support for regional cooperation on invasive species education and management efforts by signing the MOU. There is no cost or obligation to be a formal Partner, but it does allow you to participate more actively in the group as a board member and help direct the activities of the group. Your partnership is a great benefit to WRISC as it applies for grant monies for invasive species management and education across the five county service area. A broad base of local support increases WRISC's chances of getting grants to help prevent the spread of key invasive species threatening our local ecosystems. Grants are the major form of funding for the group and in the past several years, WRISC has secured approximately \$440,000 in grants to support local

To the Editor:

The proposed ORV Park on County G in Forest County is in a holding pattern waiting for a number of items to come to fruition. The first are the amendments to the Forest County 15 year Forestry and Recreation Plan. Many meetings with WORVPI and Forest County's subcommittees have taken place to draft specific language pertaining to allowing an MRA Park to exist on county owned forest land. But the final language to be acceptable by both parties has not happened. This is due to the inability of WORVPI to answer a few generic questions and produce needed information the committee desires.

The second cog in the Off Road Park Plan comes from one of the studies done for support of the park. In that study it is recommended some legislation has to be proposed and passed in Madison. Assembly bill AB 369 pertains to full size off-road trucks and the publicly owned lands they would want to run on. The other is Assembly Bill AB 700 that has a sentence that would allow private land owners under Managed Forest law to lease their lands, and possibly the roads and trails on them for off-road trucks.

The third and most important mountain for WORVPI to climb is money. Where is the funding coming from for an ORV Park? Past studies have recommended that WORVPI is to invest more than 6 million of it's own dollars, and says the State of Wisconsin needs to be a major player in the whole process. WORVPI has promised public meetings to explain their business

PIONEER EXPRESS PAGE 13, MARCH 02, 2015

plan and answer questions. When and where are these meetings?

Bottom line: If the public can not have a referendum to voice their opinions because there is not enough information, and the Forest County Forestry Committee doesn't have enough information to change the 15 year forestry and recreation plan, then Wisconsin DNR does not have enough information to allow or disallow an MRA park on county forest land.

I see a pattern here. Please talk with your county supervisors and let them know how you feel .

Steve Bunda

Open letter to Vilas County Forest Committee, full Vilas County Board and residents

Partners in Forestry Cooperative, a 15-year old organization driven by the interests of landowners who wish to sustainably manage their forest lands, is publically opposed to Jerry Burkett's recent proposal to sell off over 1000 acres of County Forest land. This proposal of January 27, 2015 demonstrates ignorance on the valuable suite of economic, social and environmental benefits of the forest, and suggests a serious disregard for the spirit of the County Forest Law and the years of productive investment in developing well-managed forests.

Since its formation, Partners in Forestry has been invested in discussing and promoting the societal needs satisfied by healthy and productive forests, and presently the economic benefits of forest ownership and sustainable management have never been more promising. In recent years, land values throughout the region have declined, sometimes significantly, yet the high demand for forest products is sustaining record stumpage prices. The forest products economy is by far the bright spot in our local economy, and—coupled with tourism, which depends on healthy forests and public lands—is the very livelihood of many Northwoods residents.

Due to sound past management, Vilas County Forest land is now producing revenue that effectively reduces property taxes needed from county residents. With loss of this land, those future timber sale revenues also will stop, leading to tax increases. Given these demonstrated benefits, I would argue that now is the time when the county forest should be expanded, not sacrificed.

Currently our Northwoods region is burdened with an overabundance of housing on fragmented forest land, many of these now for sale at well below replacement cost. The suggestion to further fragment and develop productive, revenue-generating forests disregards the realities of the present economic climate. The fact that this proposal is about our own County Forest, a common resource held by and directly benefitting Northwoods residents, is without merit.

Our county forest boasts globally recognized certification through the Sustainable Forest Initiative, and demonstrates some of the best managed lands in the region. Through their responsible management, these forests also provide a future for our young people with future timber revenues as well as logging, trucking and processing jobs. If increased efforts were made by Mr. Burkett and the County Board to attract more non-polluting forest industry processing facilities to the county, we could add significant value to the resource before it leaves while offering meaningful employment to our young to keep them here.

The very thought of selling off any of our county forests, especially in this time of depressed land values, shows a blatant disregard for private land ownership in the area, by further depressing values. The suggestion that these lands be sold with a deed restriction to prevent a buyer from entering in the Managed Forest Law suggests a desire to control another's private property rights and potential sources of income. This further indicates a poorly conceived proposal with high potential for adverse consequences for potential buyers and for conflicts with adjoining neighbors.

In closing, we respectfully ask Mr. Burkett to invest his efforts into benefitting the common good of Vilas County citizens and refrain from jeopardizing our forestry jobs.

If we can be of any service or clarify any comments within please ask.

St. John Lutheran Church, Townsend Midweek Lenten Worship 2015
 Following Ash Wednesday, February 18, 2015, Midweek Services will continue on Wednesday at 5:30 PM for five weeks. Each service in this series focuses on a biblical parable that connects to Lenten themes.
 Week 1, February 25th, "Receive the Word: The Sower and the Seed" *Matthew 13:1-8, 18-23.
 Week 2, March 4th, "Receive the Treasure: The Hidden Treasure and the Priceless Pearl" * Matthew 13:44-46
 Week 3, March 11th, "Receive Mercy: The Good Samaritan" * Luke 10: 25-37
 Week 4, March 18th "Receive Grace: The Workers in the vineyard" Matthew 20:1-16
 Week 5, March 25th, "Receive Forgiveness: The Prodigal Son" * Luke 15: 11- 32
 Within each parable's plot is woven a unique message about what we receive through the crucified Christ. Parishioners can take the message with them to enrich their own stories of faith in Jesus as they journey through Lent. Join in on this journey every Wednesday at 5:30 p.m.
 Join us for worship of our Lord and Savior Jesus Christ at St. John in Townsend on Saturday nights at 5:30 p.m. and 9:00 a.m. on Sundays.
 Coffee, Fellowship and Bible Study follow the Sunday service. All are welcome to join us.

Wabeno Jr. High Forensics a success!

Pictured left to right - Waleli Frank, Logan Porter-Thompson, Aidan Lowery, Kelly Boor, Maddie Korbas, Angelique Muthig-Raabe, Lauren McKenna, Jordyn Calhoun, Sydney Rabe, and Morgan Mattern.

Students at Wabeno Jr. High recently participated in two levels of Forensics competition. Forensics is a public speaking activity in which students choose from a variety of categories to demonstrate their skills. Public speaking has long been considered a dreaded task and one that many people avoid.

Forensics allows kids the opportunity to overcome fear, hone their skills, and prepare for future speaking activities. Events range from play acting and poetry to radio announcing and demonstration.

Students at Wabeno participated in the Level 1 contest held in Wabeno on January 27. A solid performance by the students earned them the opportunity to perform at the Level 2 contest, also held in Wabeno, on February 17.

All of the students, worked hard, performed well and earned ribbons for their efforts. Three events even went so far as to earn perfect scores at the Level 2 contest. Congratulations to the team a very successful season.

The dining room was full the entire evening

The basement tour, above and below, featured items that have been put in the basement and forgotten until now. These items were used to feed the patrons of the Hotel Crandon many decades below. The poker table was a fixture that was used, presumably, by those in the inner circle of hotel customers. The basement was also the site of a bootlegging business, with cars entering a garage door in the back of the building and loaded with whiskey for customers all over Wisconsin, Illinois and as far away as St. Louis.

The question was on the mind of more than a few last Saturday night. Was it just their imagination, or did they really catch a glimpse of the mysterious pair who disappeared from the Crandon Hotel the very same night 85 years ago? Authorities were never able to unravel the mystery of their disappearance but suspected foul play.
