Deadline is approaching for Townsend Centennial book

Time is getting short. The deadline for Townsend historian Kathleen Marsh's Townsend Centennial book is fast approaching. Anyone wanting to share memories/human interest stories of life in Townsend is asked to email them to kathiemarsh@yahoo.com or call 715-276-6515.

Marsh is also seeking "memoir" photos for possible inclusion in the book. Send jpeg photos (at least 400 resolution) to her at the email address in this article or call to arrange a pick-up for scanning. All originals will be returned. Marsh would really appreciate photos of LC Bowman, JP Schmitt, Matt Bolund, and Mae Fuller's Resort.

The deadline for inclusion of all materials is January 15, 2016.

Nortrax food drive a success

The crew at Nortrax, over in Monico, said their food drive at Schaefer's IGA, in Pioneer Plaza, Crandon, was a successful effort.

Over \$1,500 in food was donated to the NewCap food pantry. Not bad for four hours work!

Halloween is Saturday October 31st!

The ghosts, goblins and witches will be taking over the streets on Saturday, October 31st. Make sure you are well-equipped with candy and other treats!

Some of last year's Trick or Treaters are featured in the pages of this issue.

Jackie Aszman appointed as Crandon Postmaster

Jackie Aszman has recently been appointed as the new Postmaster of Crandon. She started her postal career in 1986 at the Waukesha, WI Post Office. She has also worked in Sussex, as well as the district office in Milwaukee and the Great Lakes area office in Bloomington, Ill. She purchased property on Lake Lucerne in 1997 and in 2006 transferred to the Crandon Post Office. She has been a familiar face at the service counter; assisting Crandon residents with the purchase of postal products and helping them find the best way to send their packages.

Although she will now be working behind the scenes for the majority of the time, she says she enjoys the customer contact and will still find time once in a while to work at the counter.

An interesting piece of postal history is the fact that the last female postmaster at Crandon was Mrs. Mattie W. Fay, who became postmaster in April 1888....127 years ago! Way to go, Jackie!

Laona/Wabeno Drama to present "Rage of the Furies"

A rehearsal scene from "Rage of the Furies." Back Row: Max William Skenandore, Kelci Godin Front Row: Michael Austin, Sarah Matuszewski, Ellie Donaldson, Aidan W. Lowery, Angelique Muthig-Raabe.

The Laona and Wabeno High School drama departments will present their original one-act drama "Rage of the Furies" on November 6th and 7th at 7 p.m. All shows are in the WHS Auditorium.

"Rage of the Furies" was created by the cast, using Ancient Greek plays and legends as a starting point. "The language will be modern and easily understood, but the story that unfolds is thousands of years old," director Nick Lowery comments. "In creating the piece, the cast kept true to the complex set of original stories while successfully boiling them down to one thread around which the audience can wrap their heads."

Forest County Humane Society to hold Annual Meeting Tuesday, November 3

The Forest County Humane Society Intern President, Jay Schaefer states, "I have my hands full with the shelter. I am on the board and we will have an open to the public annual meeting at Praise Chapel Fellowship Hall on Tuesday, November 3 at 6:30 p.m. With the help of my friends and the community, I plan to build on our successes and fix current issues we have in the next year."

The meeting on Tuesday is open to anyone that is willing and wanting to be a part of the Forest County Humane Society's future.

More on the mushroom

This mushroom gets more attention than Hilary Clinton! Okay, you Republicans, don't start making those comparisons!

While there have been a number of attempts by readers, we think DNR Forester Liz Wood is probably right when she says it is commonly known as a "cowpie mushroom." John Lampereur concurs on this and furnished the Latin name, which is *Phaeolus schweinitzii*. John says another name is "velvet top."

Vivian Thompson of Townsend, however, identified the mushroom as polyporous sulphureus, but didn't supply the common name. From an internet search, we think that this is commonly called "chicken of the woods," an ID we had from another reader.

Regardless, it is hard to identify the many types of mushrooms from a photo in the paper.

The lichen we featured last week is an easy one to identify. From the book "Lichens of the North Woods," it is easily identified as the trumpet lichen.

But, Andy Roelse called in and said the lichen was a "pixie cup." After checking the book, he could be right. The lichen book said that some lichens can only be identified by a chemical analysis. It is one of the two!

After a Heart Attack: FAQs

Following an acute heart attack, patients are faced with many concerns about their health. Your cardiologist will advise you of medications and lifestyle changes according to your degree of heart disease and heart damage. Patients often ask:

How long will I need to rest after my heart attack?
Rest is important after a heart attack, but it's equally important for you to participate in normal activities and social events as much as possible. Some level of daily physical activity will be recommended. Most heart attack patients find they soon have plenty of energy for both work and leisure activities.

How much rehabilitation will I need? Participating in a cardiac rehab program is vital after heart attack - it can actually help you live longer. Rehab specialists will teach you to: follow a heart-healthy food plan, exercise safely guided by physical therapists, manage stress and anxiety, quit tobacco if you use it, and avoid a second heart attack.

Prepare to Fall Back by Checking Home Detectors

Daylight Savings Time ends this Sunday as we "fall back" and set clocks back one hour. This is also a great time to check things that keep us safe and ready for emergencies such as smoke and carbon monoxide detectors.

"This fall, we've already seen reports of people taken to hospitals after suffering from carbon monoxide poisoning," said Brian Satula, Wisconsin Emergency Management Administrator. "In many cases, the source of the carbon monoxide is a malfunctioning home furnace."

According to the Wisconsin Department of Health Services, about 450 people each year in Wisconsin are taken to hospital emergency rooms for symptoms of carbon monoxide poisoning. At high levels, carbon monoxide can cause death within minutes. Symptoms of overexposure to carbon monoxide include headaches, fatigue, dizziness, shortness of breath, nausea and confusion. If you suspect you may be experiencing carbon monoxide poisoning, or your detector sounds an alarm, head outside immediately for fresh air and call 911.

"As we turn back our clocks, it's important to also check home devices that protect our families from carbon monoxide poisoning," said Karen McKeown, State Health Officer. "To prepare for winter weather, Wisconsin residents should ensure their source of heat and their carbon monoxide detectors are in good working order."

To protect your family from carbon monoxide, follow these safety tips:

- Make sure you have working carbon monoxide detectors. All homes and duplexes in Wisconsin are required to have detectors on every level, including the basement, but not the attic or storage areas. Detectors can be purchased at most hardware stores.

- Have your furnace or wood-burning stove inspected annually. Hire a professional to make sure it is functionally sound and vents properly outside the home.

- Never run a gasoline or propane heater or a grill (gas or charcoal) inside your home or in an unventilated garage. Any heating system that burns fuel produces carbon monoxide. Use a battery-powered detector where you have fuel burning devices but no electronic outlets, such as in tents, cabins, RVs and boats with enclosed cabins.

- Never run a car in an enclosed space. If a vehicle is running, you must have a door open to the outside.

- Generators should be run a safe distance from the home. Never run a generator in the home or garage, or right next to windows or doors.

Smoke detectors - Three out of five home fire deaths happen from fires in homes with no smoke alarms or no working smoke alarms. Check and replace batteries if needed and make sure the devices around your house are working properly. The U.S. Consumer Products Safety Commission estimates that about 16 millions homes in the nation have smoke alarms that do not work, due, in most cases, to dead or missing batteries.

Emergency Kits - Everyone should have a basic emergency kit in their home with supplies such as food and water to last you and your family for at least three days. Other items like a battery powered or crank radio, flashlights, and first aid kit should also be included. Daylight Savings Time is a perfect time to get a kit and if you already have a kit, check it to make sure food and other items are not near or past their expiration dates.

McCaslin Lioness donates to area Fire Departments

Recently, the McCaslin Lioness Club presented donation checks to the area fire, ambulance, and rescue departments. Through fund raisers such as the Annual Family Fun Faire, Mardi Gras and Brat Fry's, the Lioness are proud to contribute to these dedicated community services.

From left to right: John VandenLangenberg, Doty FD; Barry Butrymonicz, Mountain Ambulance; Janet Opeila, Lakewood/Townsend Community Ambulance; Rick Opiela, Townsend FD; Rob Heyrman, Riverview FD; Andy Anderson, Nicolet Search & Rescue Team; Linda Ziegler, McCaslin Lioness Club President

Check presented to Laona/Wabeno Athletic Department

Laona/Wabeno Rebels Athletic Director, Terri Palubicki, accepts a check for \$6,612.00 from members of the Rebel Ride Fundraiser (formerly the Pride Ride). This year, the funds are earmarked to purchase new junior high volleyball jerseys as well as purchases for the Track and Field Program and weightroom. On behalf of our Rebels, we appreciate your continuing support of our athletic programs!

Are You Eating Too Much Protein?

Protein, usually regarded as the dieter's panacea for losing weight, building muscle, and burning fat, might come with a side of unintended consequences, a new study published in the International Journal of Obesity found.

Researchers at the Cleveland Clinic analyzed the nutritional and lifestyle habits of 10,971 overweight Americans and found that weight-loss efforts, including changes to diets and diet pills, can cause unintended kidney damage to dieters with chronic kidney disease. And with one in five Americans living with chronic kidney disease and more than two in five overweight, this is thought to be a growing problem.

Of the participants studied, 50 percent reported trying to lose weight within the past year. Regardless of whether they were attempting to lose weight, the average participant consumed more protein than is recommended by the National Kidney Foundation for chronic kidney disease patients.

According to the U.S. Centers for Disease Control and Prevention, the average American consumes about 15 percent of his or her daily calories from protein. One gram of protein is equivalent to four calories, so for example, in a 2,000-calorie diet, 15 percent translates to 75 grams of protein every day. People living with chronic kidney disease are advised to consume a little fewer than half that amount.

Even dieters without chronic kidney disease are advised to watch their protein intake -- particularly if their protein is coming from high-fat sources such as some cuts of red meat and full-fat dairy. Nutritionist Teresa Fung of Simmons College in Boston, told U.S. World News and Report that protein consumption above 35 percent of total daily calorie intake in considered high protein, and that that level is not necessarily recommended. However, it's important to remember that your individual protein needs vary depending on your goals and your activity level. A recent position paper published by the American College of Sports Medicine argued that active people should aim to eat 0.5 to 0.8 grams of protein per pounds of body weight every day. By this measure, a 150-pound active person eating 2,000 calories per day should consume between 75 and 120 grams of protein daily.

THANK YOU & PERSONALS

As winter approaches, it's time to remember and thank our road crews for keeping our roads safe!

A SPECIAL THANK YOU
to Forest County, Argonne & Hiles Townships!
From a grateful citizen

THANK YOU

We wish to thank everyone who helped us with Eugene, be it prayers, thoughts, visits, phone calls, cards or flowers. Also to anyone who dropped off food at my home or at the funeral dinner. Thanks to all the Christian women at St. Mary's for all you did for us.

We also wish to thank the Stay at Home Health staff and the hospice staff. All were wonderful. Thank you to the Lakewood/Townsend Rescue crews for all the help you gave us over the years. We could not have done it without your help. Thanks to Weber Hill for all you did during our time of need. If we have forgotten anyone, I apologize. Thank you.

Thank to Father Philip for the beautiful send off. We will never forget your kindness.

The Eugene Jarvais Family

THANK YOU!

On behalf of the Supporting Rebel Athletics Fund, we would like to thank all of the volunteers that helped out at our 2nd annual Rebel Athletic Fundraiser on October 3rd, 2015. The time that was put into planning and running the event was evident and is greatly appreciated! A special thank you to the countless organizations, businesses, and individuals that donated to this worthy cause. Through the event, we raised over \$12,000 and counting. The event was a huge success, and we are already working on plans for next year's event. It is amazing what happens when our communities work together with a common goal! All funds will be utilized to support our Rebel athletic programs. If you weren't able to attend and would like to make a donation, you may do so at any Laona State Bank branch. Go Rebels!

THANK YOU
TO DJ'S RECYCLING
for providing the vehicles
and use of their facility
for Jaws of Life
training!

ARGONNE FIRE DEPT

Wabeno Elementary Class of the Week

At Wabeno Elementary we have a six day rotating schedule. We have specials like gym, music, library, and art on A, B, C, D, E, or F Days not Monday through Friday. On A Days we usually start off our day with a whole school assembly. This year we started selecting Class of the Week the middle of September after we relearned expectations and go back into the groove of things. We have had four times that a class could become 'Class of the Week'. So far only two classes have had this distinction. The First and Fifth Graders are passing the trophy back and forth. They have earned Roller Rocks by working as a class, following expectations, and working on smooth transitions. Congratulations to the First and Fifth Grades for Stepping It Up and being named Class of the Week two times each this year so far. Which class will be next?

Death Notices

Therese "Tess" A. King, of the Township of Pine Lake, passed away Friday, October 23, 2015 with her family at her side at Aspirus Wausau Hospital at the age of 85.

Tess was born in Elcho, Wisconsin on September 3, 1930, the daughter of John and Otylia (Walentowski) Starjnski. The family lived in Mole Lake, and in 1948 Tess graduated from Crandon High School.

She was united in marriage to Norman King in January of 1951. The family lived at Lake George. Tess attended a Beauty College in Green Bay where she graduated in 1955. She had been employed with various hair salons in Rhinelander until 1960 when she became the owner and operator of her own salon in the State Theater Building called Tess's Beauty Studio. She eventually moved her business in the early 1970's to her location on King Street. Tess continued to own and operate the salon until 2000. She continued her career as a Beautician until the age of 83, traveling to all her customers, whether they were in a care facility or at home.

Tess enjoyed crocheting, fishing, playing card games, cribbage, and was a member of the Town Pump dartball and lawn darts league. She led a very active life, going to polka dances with her husband, Norman and after he passed away, continuing for the past seven years with her dance partner, Werner.

Tess enjoyed baking, and if you stopped by for a visit you didn't leave without having some kind of dessert. During the holidays, she will always be remembered for spoiling everyone with her baked beans, shrimp salad and caramel apple salad. But most of all, Tess will be remembered for all of the love and caring she provided to her family.

She will be dearly missed by her children, Wayne (Susan) King of Rhinelander and Jean Maney of Elcho; five grandchildren, Renee, Shane, Jon, Denise, and Jamie; eleven great-grandchildren; one brother, Gerald (Ruth) Starjnski of Grand Marsh, WI; one sister, Alice Lilla of Mosinee, WI; and by her special friend, Werner Androsko of Antigo. Also surviving are numerous nieces, nephews and other relatives and friends.

She was preceded in death by her parents, husband, Norman in 1992; one son-in-law, John Maney and one brother-in-law, James Lilla.

The visitation for Tess will be held on Monday, November 2, 2015 from 5:00 p.m. until 8:00 p.m. at the Hildebrand Russ Funeral Home and on Tuesday morning at the funeral home from 10:00 a.m. until the 11:00 a.m. funeral service. The Rev. Mike McLain will be officiating. Entombment will take place at Northland Memorial Park. Hildebrand Russ Funeral Home & Cremation Specialists, 24 E. Davenport Street, Rhinelander, Wisconsin 54501, 715-365-4343. Celebrating lives and healing hearts. All are invited to light a candle, sign the guestbook, leave a photo or an online condolence at www.hildebrandrussfh.com.

Reno R. Penasa, 75 of Rhinelander, formerly of Newald, passed away Monday, October 26, 2015 at the Friendly Village Nursing Home.

Reno was born August 29, 1940, the son of Edward and Doris (Sheldon) Penasa.

He graduated from Laona High School, the class of 1958, and was united in marriage to Shirley Stanley, September 6, 1958 at St. Leonard Catholic Church.

He was a hard working laborer at both Goodman and Connor Lumber Mills and also worked in repair service for Connor's Store.

He and Shirley owned and operated R & S General Store from 1982 thru 1986.

He was a member of the Newald Volunteer Fire Department.

They moved to Rhinelander and he worked as a laborer for Triumph Twist Drill until retirement.

In his younger years, he was the lead singer in "The Blue Angels" band and played the accordion.

He enjoyed gardening, fishing, and hunting.

Reno is survived by his daughters, Wendy Penasa of Crandon, Sherry (Mark) Roffers of Rhinelander, and Heidi (Jeff) Piette of DePere; brother, Dennis (Shirley) Penasa of DePere; 14 grandchildren, Reno, Josh, C.J., Zachariah, Rebecca, Rachel, Jordan, William, Dakota, Christopher, Gabrielle, Michael, Jeremy and Alexis; and 9 great-grandchildren, Alyssa, Aidan, Zady, Aryanna, LuLu, R.J., Caleb, Moriah, and Skylar.

He is preceded in death by his parents; daughter, Lisa Penasa and grandson, David Michael Ingram.

Services will be held at 11:30 a.m. Saturday October 31, 2015 at Weber-Hill Funeral Home in Crandon with Pastor Bill Farr from Praise Chapel officiating. Visitation will be held from 10:00 a.m. to time of services at the funeral home. Online condolences for Reno may be directed to www.weberhillfuneralhome.com.

Norma Pfeiffer, 96, a lifelong resident of Crandon, passed away on Tuesday, October 27, 2015 in River Falls, WI.

Norma was born in Crandon on May 5, 1919 and was a graduate of Crandon High School. After graduating from what is now the University of Wisconsin - Stevens Point, she began her 37 year career with the Crandon School District, fondly remembered as "Mrs. Pfeiffer" by three generations of first grade students.

Norma married Harvey Pfeiffer in 1946. He preceded her in death in 1991. They built a home on West Jefferson Street in Crandon and raised four children, Toni, Karla, Bruce and Lisa. She lived in the home until health issues required her to relocate to an assisted living facility in 2012 near her daughter Karla. "Mrs. Pfeiffer" loved to read and was a breeze with crossword puzzles. After retirement, she and Harvey became avid golfers and wintered in Florida. After his passing, she spent the cold months in Arizona near her daughter Toni.

Norma is survived by her daughters, Toni Hellon of Tucson, AZ, Karla (Dudley) Zhe of River Falls, WI and Lisa Pfeiffer of Seattle, WA; son, Bruce (Mary) of Crandon and grandchildren; Bruce Harvey Pfeiffer, Jr., Steven Pfeiffer, Valerie Wagoner, Storm Zhe, Glenna Stone, Brooke Horn & Scott Hellon. She is further survived by great grandchildren, Isabelle, Grant, Nathan, Easton, Lindsey, Reilly, Campbell, Carson and Savannah and great-great granddaughter, Trysten.

She was preceded in death by her parents Hazel and Glen; husband Harvey and granddaughter, Wendy. Visitation will be 9 - 11 a.m., Monday, November 2, at St. Luke's United Methodist Church in Crandon with services to follow at 11 a.m. Burial will be at Crandon Lakeside Cemetery. Weber Hill is assisting the family with arrangements.

John Franklin (Frank) Yocum passed away Thursday, October 22, 2015, at his home in Sacramento, California.

Frank was born September 16, 1921 in Crandon, Wisconsin, the youngest son of Amy and Andrew Yocum. Frank enrolled in the United States Air Force at the age of 17. He served his country in World War II, flying as a radio man in one of the most dangerous routes, going over the Himalaya Mountains and flying supplies into China where American and Chinese forces were fighting the Japanese. He was a radio man in a "Flying Box Car" throughout the Korean War. He then went to Vietnam where, as a radio man, he helped erect radio towers for communication purposes.

Frank lost his first wife in a car/train accident in Illinois. They had a daughter, Betty Ann. Betty Ann Yocum was from his first marriage. He remarried and had Donna, Twyla, Leslie, Scott and Tom. Tom and his second wife, Elsie, preceded him in death. His oldest brother and only surviving sibling, Wallace Yocum, still resides in Crandon, Wisconsin.

No funeral arrangements have been stated at this time.

236,000 Wisconsinites to Face Massive Medicare Premium Hike Unless Congress Acts

Baldwin bill would prevent premium hike and keep financial burden off states

State of Wisconsin will be forced to cover \$29.3 million of the increase

WASHINGTON, D.C. – U.S. Senator Tammy Baldwin today released detailed information regarding the direct impact that would be felt by Wisconsin residents if Congress does not prevent the looming massive Medicare Part B premium hike. Last week, Senator Baldwin joined Senate Finance Committee Ranking Member Ron Wyden and Senate Democrats in introducing legislation that would protect Medicare beneficiaries and states from the sharp rise in Part B premiums and deductibles in 2016. The Protecting Medicare Beneficiaries Act of 2015 ensures that Medicare premiums and deductibles will not increase in 2016.

"This commonsense measure will protect Wisconsinites and millions of seniors across the country from an abrupt and dramatic increase in Medicare costs," said Senator Baldwin. "I urge my colleagues to act quickly and prevent this premium hike for Wisconsin seniors."

Due to a lack of a Social Security Cost of Living Adjustment (COLA) for 2016, 30 percent of enrollees in the Medicare Part B program, which covers physician and outpatient services for seniors in Wisconsin, face a 52-percent premium increase if Congress does not act. According to AARP, an estimated 16.5 million individuals, including 236,000 in Wisconsin, will see their premiums increase. Of these estimated 16.5 million individuals, about 7.5 million will be forced to pay the premium increase out-of-pocket, including 124,000 in Wisconsin.

The other 9 million are dual-eligible beneficiaries, meaning they are enrolled in both Medicare and Medicaid and, by law, states are required to cover the premium and deductible increase facing these individuals, including 112,000 in Wisconsin.

The National Association of Medicaid Directors has estimated that, without Congressional action, this premium increase cost would cost state budgets throughout the country more than \$2.3 billion, including \$29.3 million for Wisconsin's state budget in 2016 alone. This premium increase and new burden on state budgets could also force Wisconsin to reduce benefits or make cuts to other areas of the Medicaid program. Furthermore, given that Wisconsin has already completed its budget for Fiscal Year 2016, a special session could be needed.

Johnson Co-Sponsors Resolution Opposing the EPA's Plan to Make Electricity Rates Skyrocket

Washington — Sen. Ron Johnson (R-Wis.), chairman of the Senate Homeland Security and Governmental Affairs Committee, joined 47 other senators today in co-sponsoring a resolution to disapprove of the Environment Protection Agency's (EPA) proposed regulations for existing power sources.

"I am again disappointed in the EPA's use of executive overreach to harm Wisconsin families and businesses by putting at risk our ability to have affordable, dependable and reliable energy," Sen. Johnson said. "As he promised as a candidate, President Obama's latest regulatory overreach from the EPA would certainly cause electricity prices to skyrocket in Wisconsin and across the country. The best estimate right now is that his proposed plan would end up costing Americans \$7,000 per person. Wisconsinites deserve better. We can have both a clean environment and a healthy economy — in fact, we need a strong and healthy economy in order to afford the pollution controls necessary for a clean environment. The EPA's regulatory overreach continues to take us in the wrong direction."

8 Health Benefits of Honey

Every September, Jews all over the world celebrate the Jewish New Year with a slew of traditional foods, including apples and honey and honey cake to symbolize a sweet year ahead. This tradition dates back hundreds (if not thousands) of years, but there's more to it than good wishes -- honey can also be used as a natural remedy for a variety of ailments.

Ring in the Jewish year 5,773, (and the tail end of National Honey Month!) by taking advantage of the amazing health benefits of honey -- and try some great seasonal honey recipes that Jews and non-Jews alike will enjoy this fall.

- Immune booster: Honey's antioxidant and anti-bacterial properties can help your immune system defend you against illness, including the common cold.

- Weight-loss aid: Honey may help dieters lose weight when used in moderation as a replacement for other sweeteners. Keep in mind that one tablespoon of honey has about 63 calories, so use it sparingly.

- Digestion aid: Honey is a popular home remedy (though the science behind this isn't conclusive) for all kinds of digestive problems, including constipation and ulcers. For a homemade digestion aid, try tea with honey and lemon.

- Cold remedy: Many people swear by honey's cold and throat-soothing properties. Add honey to tea or hot water with lemon for an instant throat soother.

- Anti-inflammatory agent: In a 2005 study, topical application of honey was found to reduce mucositis, or inflammation of the digestive tract, in 85 percent of patients studied. A drink made from honey and apple cider vinegar is popularly used as a home remedy for arthritic pain or joint inflammation.

- Anti-bacterial treatment: Honey has long been used as a topical anti-bacterial treatment for minor cuts, burns, and scrapes. Although the scientific community is still undecided about how effective this treatment is, preliminary data suggests that honey, applied in bulk to a wound, may indeed help prevent infection.

- Skin soother: Honey is a popular ingredient, along with beeswax, in natural lotions and lip balms. Its antimicrobial properties are thought to make it a good choice as a home acne treatment. Combine honey with warm water and oatmeal for an all-natural skin scrub.

- Energy booster: Honey, like all sugars, can provide a temporary energy boost and spike in blood glucose, and it's a healthier option than many sugar substitutes. Research shows that diabetics can eat limited amounts of honey too, provided they're closely monitoring blood sugar levels.

Prince Charming from the Humane Society needs a home

Have you ever been misjudged because of how you look?

Are you interested in some four-legged companionship?

Then you need to call the Forest County Humane Society and arrange a meeting with Prince.

He was taken to puppy class in Rhineland last week, and honestly, we have never seen any dog behave so well, right away. He walks on a leash as if he was obedience trained for years. He doesn't pay attention to other dogs, and he spends all his attention on his "person."

So why no picture like most shelter solicitations? We want to create some curiosity. But we will tell you this much: he is black, with a white chest, brown feet, and a Mohawk. Really, we did not groom him that way. It's a natural Mohawk.

We named him Prince, and many of us call him Prince Charming, because that's his personality. If you know anyone who trains service dogs, they may want to test him. He's that good!

Community Health Assessment in Forest, Oneida, and Vilas Counties need your responses

Counties Seeking Participants for Community Health Assessment

Forest, Oneida, and Vilas County residents are being asked to participate in this year's Community Health Assessment. County health officials need your input on various health related topics to better inform county health programming decisions and aid in the development of a Community Health Plan.

"The survey results will provide important information for healthcare clinicians when it comes to local health policies and programming decision making," said Sandy Anderson, Regional Vice President and President of Ministry's Northern Region Hospitals. "Your responses shape our future goals and we really hope everyone in the community finds an opportunity to complete this critical survey."

Surveys will be distributed online and in paper format. Please look for paper copies of the surveys at your local library, churches, chambers of commerce, as well as county and city departments. Online versions of the survey will be available through local social media networks. Residents looking to participate immediately can access the online survey link at their county's health department website.

Help the Wabeno Schools Recycle for cash

A new school year has begun and everyone is getting into the routine of things again. Part of getting back into the routine is remembering to help us help our students by recycling and sending the items to school with your child, grandchild, or neighbor.

Miss Stefanovic has added a couple of new things to the recycling list. Sunny D and Fruit 2 O labels are new to the list. Any and all drink pouches can be saved and sent to school for us to cash in on. Kellogg's Family Rewards can be found in the inside of the boxes of Kellogg's products BUT they are starting to fade the codes out so if you can also send in your cash register receipt with the price of the Kellogg's item circled as they take those along with the codes. Betty Crocker Box Tops for Education is an excellent recycling item for us as so many products have them on them. It is not just Betty Crocker products. They are on a variety of things from cake mixes and fruit snacks to copy paper and tissues or even underwear! Just check that packaging before throwing it out to help out the school. Coca Cola rewards are inside the boxes of Coke products with cans OR you can save the caps from your Coke bottles.

You can send in your used inkjet and laser jet printer cartridges for us to recycle for you. Country Hearth and Village Hearth bread products have a program for the schools to earn credit from their UPCs.

Milk Straws are a fun product that kids love to use. They are a plastic 'straw' filled with flavoring that kids (or any age) can mix into their milk and the really nice thing about them is that Wabeno Elementary recycles the package from them! Kwix Trip has Milk Moola written on their bottle caps and on the strips from their bag milk...and we recycle those also.

Finally, any and all Campbell's Family of products UPCs/points can be brought in or saved to give that special student you know from the elementary school for the annual Campbell Label Games that we have as a competition between classes. The students bring the Campbell's products UPCs/points in a bag with their name and grade level marked on it. All of the points are counted up and the two classes with the most play in the label games in March.

So, start saving now for your students. We appreciate you for helping us at Wabeno Elementary use your garbage to help the students by getting items from these companies that we can use in our learning environments!

Rescue Squad to hold bake sales for equipment
 The United Area Rescue Squad is in need to update some very valuable equipment. Some volunteers are joining efforts to provide some bake sales to support the squad.
 On Saturday, November 7 from 9 a.m. to 1 p.m. (or until they run out), you can find a variety of fresh, home baked items for sale next to the Thrift Store in Wabeno. Teaming up on the Thrift Store's big Christmas opening weekend, it will be a big win for shoppers. Start your Christmas shopping, pick up delicious baked goods and they will also have hot coffee and hot chocolate while you wait for the doors to open.
 The second opportunity to support the squad will be at Wabeno's Winterfest on Saturday, December 5. Get a jumpstart on your holiday baking and support the rescue squad.
 The UARS's first goal is to buy a defibrillator. Collection cans for donations can be found in most local businesses, and an account has been set up at the Laona State Bank. Any donations are greatly appreciated.
 Come out, support the rescue squad. They are here to serve. It's time we show them our support.
 Volunteer chairperson for the bake sales is Linda McEwen. Call with any questions. They are looking forward to seeing you at these two special events.

Continued from pg 01
 The play tells of Orestes, the son of King Agamemnon and Queen Clytemnestra. After decades where Orestes' parents are at one another's throats, his mother murders his father. Orestes follows Greek custom and avenges his father's death. But Orestes' action angers the three terrifying ancient goddesses known as the Furies. They are protectors of women and seek to punish Orestes for taking his mother's life. Other gods get entangled in the argument, and finally Athena calls for a trial in which the living, dead and divine all may testify. The people of Athens serve as jury and must decide if Orestes goes free or suffers eternal torment in the clutches of the Furies.
 The ensemble cast is led by seniors Abigail Ashbeck (The Muse, Clio), and Teagen Bodoh (Cassandra). The Olympians and other gods are portrayed by Jasmine Hanson (The Muse, Calliope), Sarah Matuszewski (Fury-Tisiphone), Cassidy Ashbeck (Fury-Alecto), Angelique Muthig-Raabe (Fury-Ephialta), Michael Austin (Apollo) and Ellie Donaldson (Athena). The remaining humans are played by Aidan W. Lowery (Orestes), Olivia Kralovetz (Priestess of Delphi), Madelyn Korbas (Iphigenia), Max William Skenandore (Agamemnon), Kelci Godin (Clytemnestra) and Kaylee Babich (Elektra). "Rage of the Furies" is directed by Nick J. Lowery and stage managed by Ian McKenna. Mary Ellen Keller is the costume designer.
 Admission for the show is \$3.00, tickets sold at the door only. The play is staged "in the round" with all audience members very close to the action, so there is no reserve seating.

And the winner of the TV is...
 The 50" TV fundraiser for the Forest County Veterans Memorial on the SW corner Courthouse Square, was drawn at the October 21, Veterans Day Dinner Planning Meeting at Mainstreet Ed's. William Beinborn of Hiles, number 63, is shown being congratulated by 2015-16 FCVMA President Diane Fenske Joyner.
