## Townsend Centennial Tent Revival June 18

Mark your calendar for a unique and stirring evening of music and rousing revival message as the Townsend Centennial Committee proudly presents its third 2016 Event: an Old-Time Church Tent Revival. This head and heart-healing program is for both the faithful and the faithfully skeptical.

The 90-minute program will be held under the Big Tent at 7:00 p.m. on June 18 at FirstMerit Bank grounds on Highway 32. Music director for the show is Scott Wycherley. Director and Emcee is Centennial Chairperson Kathleen Marsh and Al Benson will serve as Technical Director.

Scott and Kathie have assembled an amazing group of very talented singers for the Revival. ## Strawberry Moon Pow-Wow Mole Lake

This weekend, Saturday and Sunday, June 11 and 12, the Strawberry Moon Pow-Wow will be held at the Pow-Wow Grounds in Mole Lake.

## Forest County Museum in Crandon opens June 13

The Forest County Museum in Crandon, 105 W. Jackson Street, will be opening for the summer on June 13. The hours for 2016 will be from 11-3, Monday through Saturday. We invite local residents as well as visitors to stop in and learn more about our county and city's unique history. Each year the society adds some new exhibits so even if you have visited us in the past there is always something new.

This year we have a display of local Native American beadwork from Clarice Ritchie. The beadwork and regalia dress are beautiful but this display is even more poignant because Clarice, the Society President, has just passed away after a very valiant fight against cancer. Clarice was a wonderful lady who showed great leadership and courage. She will be greatly missed by many friends in the society, her church and her community.

If you are interested in local history and would like to help at the museum in a variety of jobs, please call Sandy at 478-3753 or Winnie at 478-3456.

VA Emergency Care

In 2001, the U.S. Congress provided VA with authorization (called the Mill Bill) to pay for emergency care in non-VA facilities for veterans enrolled in the VA health care system. The benefit will pay for emergency care rendered for non-service-connected conditions for enrolled veterans who have no other source of payment for the care. However, VA will only pay to the point of medical stability. There are very strict guidelines concerning these types of claims. Veterans and their non-VA providers should be aware that these claims must be filed with the VA within 90 days from the last day of the emergent care. This benefit is a safety net for enrolled veterans who have no other means of paying a private facility emergency bill. If another health insurance provider pays all or part of a bill, VA cannot provide any reimbursement. Veterans who retired from the U.S. military are covered by Tricare/CHAMPUS insurance and cannot file a Mill Bill claim.

To qualify, you must be provided care in a hospital emergency department or similar facility providing emergency care. You must be enrolled in the VA Health Care System and must have been provided care by a VA health care provider within the last 24 months. You must be financially liable to the provider of the emergency treatment for that treatment, and have no other form of health care insurance including Medicare, Medicaid, or a state program. You cannot have any other contractual or legal recourse against a third party (such as a Workman's Comp Claim or a Motor Vehicle Accident) that will pay all or part of the bill.

The care must have been rendered in a medical emergency of such nature that a prudent layperson would have reasonably expected that delay in seeking immediate medical attention would have been hazardous to life or health. If you are an eligible veteran, and a VA facility is not feasibly available when you believe your health or life is in immediate danger, report directly to the closest emergency room (ER). If your condition is stabilized by the ER but additional medical care is needed, proceed to the nearest VA Medical Center (VAMC). If hospitalization is required for your service or non-service connected condition, you, your representative or the treating facility should contact the nearest VAMC within 24 hours to arrange a transfer to VA care. Veterans have a responsibility to ensure that the VAMC is notified immediately upon any hospital admission.

## Entries sought for Northern National Art Competition at Nicolet College

Artists from throughout the Northwoods and across the country are invited to submit original pieces for the 29th Annual Northern National Art Competition at Nicolet College.

The juried competition, sponsored by the college and the Northern Arts Council, features more than \$8,500 in prize money raised through generous donations from community members and entry fees. Prizes include three \$1,000 Awards of Excellence.

"This is one of the premiere art exhibits in the Northwoods and over the years it's been exciting to see works from area artists accepted into the show alongside the work of artists from coast to coast," said Katy Ralph, Nicolet College Art Gallery director.

The competition is open to all artists 18 years or older who are U.S. residents. Submitted pieces can be in any medium, but they must be original, recently completed, and designed to hang on a wall.

Entry fee is \$30 for up to two pieces of art. The deadline to submit entries is July 2. More details about the entry process, along with the online registration form, can be found at [nicoletcollege.edu/nnac](http://nicoletcollege.edu/nnac).

The opening reception for the exhibit will be held at 5 p.m., Saturday, Sept. 24, in the Northwoods Center. The exhibit will run through Nov. 4.

Judge for this year's event is Jeanine Coupe Ryding, who focuses primarily on woodcut prints, etchings, artist's books, drawing and collage. She is also the founder of fine art printing and publishing companies Shadow Press and Press 928 in Evanston, Ill.

Her prints and artists books are displayed in major museum and private collections throughout the U.S., Europe and Japan. Jeanine's various awards and residencies include the Illinois Arts Council Award, an Arts Midwest grant, and residencies at the Frans Masereel Center in Belgium and Anchor Graphics in Chicago. Jeanine has been teaching in the Printmedia Department at the School of the Art Institute of Chicago since 1991. She received her bachelor's of arts degree from the University of Iowa and her master's of fine arts from the Universitat der Kunste, in Berlin, Germany.

For entry information, contact Ralph at [kralph@nicoletcollege.edu](mailto:kralph@nicoletcollege.edu) or (715) 365-4556, 1-800-544-3039, ext. 4556; TTY 711.

## Senior Chatter

Submitted by Kathy O'Melia

### Staying Fit After 50

Your odds of living longer and better increase if you stay physically active. Those who are even moderately fit cut their risk of premature death by half, according to the Cooper Institute for Aerobics Research.

Regular moderate exercise helps prevent heart disease, osteoporosis, diabetes, obesity, hypertension and certain cancers. Staying fit and active can also help you function as a much younger person and reduce physical disability in your senior years.

What qualifies as fitness? The National Institute of Aging has identified the key fitness factors that impact your biological age – how healthy you look and feel regardless of your age. These are muscle mass, strength, reflex speed, joint mobility, breathing capacity, endurance, balance, skin elasticity, sleep quality, and fat-to-lean ratio. Guess what? Exercise affects and improves all of them.

But you don't have to join a gym to burn calories or maintain muscle strength. Exercise can be a normal part of your day with an infinite variety of activities. Watch for random, spontaneous opportunities to get off your seat. Walk your dog after dinner, add some yard work or other chores, stand up while talking or making a phone call, and just play.

By most accounts, there's no reason to expect a downshift in general physical health or quality of life after 50 – especially if you stay active your way, every day, into your 60s and 70s. Let's stay active for senior sakes!

## Thank You

We cannot express our gratitude for the outpouring of support for the family of Mike Kegley. So many people came to comfort us, whether it be in the form of a dish to share, cards, flowers or prayers. Special thanks to Pastor Don Dewing for the service and time he spent with our family.

Special thanks to the pallbearers, his brothers, Jeff and Pat; his father, Dennis Kegley; stepsons, Matt and Kenny Carothers; and to my brother, Bill Conn. Thanks to all those who shared a story about Michael with us. Some made us laugh, some made us cry. He was a great friend, father, grandfather, brother, uncle and son.

**The Blue Beast** Cont. from pg. 1  
 What's the "Blue Beast"? It's a 9 1/2 ton aquatic plant harvesting machine used to cut nuisance weeds and excessive weed growth on the waters of the Inland Lakes District. The District includes the waters of Reservoir Pond, Horn, Little Horn and Explosion Lakes and a portion of the McCaslin Brook.  
 This weed cutter was delivered to the District on May 24th and was manufactured by Aquarius Systems in North Prairie, Wisconsin. Total cost of the "Blue Beast" was \$198,750 and was paid for by District members with an offsetting grant from the Department of Natural Resources of \$90,528. The grant money is managed by the DNR and is money collected by the State of Wisconsin from excise tax on gasoline used for marine purposes. Soon the "Blue Beast" will be "grazing" on the weeds of the Inland Lakes District so the boating public can enjoy smooth sailing on the District's waters.

**Summer Season Volunteer Opportunities Abound on CENN**  
 There are a lot of volunteer opportunities waiting for you on the Chequamegon-Nicolet National Forest this summer.  
 "Volunteers are the heartbeat of the Forest Service," said Forest Supervisor Paul Strong. "If you like people and care about our country's natural resources, the Forest Service welcomes your time and talents."  
 From campground host to trail groomer, there is something for almost everyone: kids and young adults, retirees, veterans, professionals, corporate teams, students, community service organizations and individuals searching for meaningful outdoor stewardship projects.  
 Students may earn college credit for their service and job hunters can use their time on the forest to enhance their resumes - including jobs with the Forest Service.  
 The Forest works to match volunteer's talents and skills to jobs that provide a safe and rewarding volunteer experience while meeting the forest's mission.  
 Some volunteers may prefer performing physical labor outdoors while may help out in an office environment.  
 No matter the job, volunteers will enjoy a nice change of pace, an opportunity to relax in a beautiful outdoor setting and a chance to interact with others.  
 To find out more, visit the Volunteer Information Page. If you would like to speak with someone regarding volunteering in general, please Contact the Ranger District office for which you want to volunteer. View this list of offices for location, addresses and phone numbers.  
 "We appreciate your willingness to donate your time and services," Strong said. "We can't serve the public at our very best without the service, dedication and skills from our volunteers."  
 For more information about the Chequamegon-Nicolet National Forest please visit our website at [www.fs.usda.gov/CENN](http://www.fs.usda.gov/CENN) or follow us on Twitter at <http://twitter.com/CENN002> or like us on Facebook at <https://www.facebook.com/CENN002>.

**Townsend Tent Revival** Cont. from pg. 1  
 sung at churches and concerts, should be familiar to members of the "congregation" who are enthusiastically encouraged to sing along.  
 An inspiring feature of the evening will be a short sermon delivered by Pastor Dick Kendall of First Baptist Church in Antigo. Pastor Kendall will reprise a popular theme of that time which remains relevant one hundred years later: spiritual redemption and renewal.  
 The event is free but a collection basket will be passed. This free will offering will be collected to help defray the cost of renting the tent. Seating is limited so come early, rain or shine. Bug spray recommended. Please, NO alcohol or carry-ins.

## Crandon Library News On Your Mark, Get Set, READ!

This year's summer reading program, On Your Mark, Get Set, Read! is a Forest County-wide collaboration between the Crandon, Laona, Wabeno and Forest County Potawatomi public libraries. Because of a generous donation by the Forest County Ties That Bind Us, each of the four libraries will be offering a county-wide summer reading program for all ages. The program encourages all of us to read and stay active this summer. In fact, the four libraries challenge Forest County residents to read a marathon number of minutes, a total of 26,200 minutes, this summer!

"We're excited to invite all residents across the county to join our community of readers in Forest County," said Michelle Gobert, Director of the Crandon Library. Weekly children's events include super summer story hour at each of the four libraries and the Library BINGO challenge that celebrates reading, getting outdoors and exercising.

There's also a scientifically proven benefit to summer reading. Research has shown that reading over the summer prevents summer reading loss. "Studies indicate that students who read recreationally outperform those who don't. Students read more when they can choose materials based on their own interests," Michelle Gobert added. "Our libraries are committed to supporting lifelong learning and educational enrichment for all families, and we love taking the opportunity to make it fun, too."

Summer reading events are listed on the Forest County Library website at [www.readforestcounty.org](http://www.readforestcounty.org). Additional information can also be found at each of the four public libraries. Super Summer Story Hour will be held Mondays at 10:00 a.m. at the Forest County Potawatomi Library/Cultural Center, Tuesdays at 10:30 a.m. at the Edith Evans Community Library in Laona, Wednesdays at 10:30 a.m. at the Crandon Public Library and Saturday mornings at 10:00 a.m. at the Wabeno Public Library. The kickoff event Attendance is open to all Forest county residents and visitors to the area. Activities are planned for children ages preschool – fifth grade and registration is not required.

For more information call your local library or visit [www.readforestcounty.org](http://www.readforestcounty.org).

## Green Shorts at Nicolet College June 16 looks at Planet Earth using short films

The one and only planet Earth will star in a collection of short films focused on ecology and the environment when Green Shorts premieres at 7:30 p.m., Thursday, June 16, at Nicolet College Tamarack Center 110.

While the collection of 16 short films has some of what one would expect – primarily exquisite scenery from far-flung places – “we also wanted to make sure we included films people would not expect,” said Steve Schreier, who curated the collection along with Tom Jerow.

“The natural world is a vast and diverse place and how people view and interpret these places is equally as varied. It would have been easy to put together a collection of short films that only show beautiful places, but we wanted it to be much more than that. We wanted to open up new perspectives for people and how they view the natural world around them.”

This is the third collection of short films the two Rhinelander residents have put together for the 2015-16 Nicolet Live! series and by far the most time and labor intensive. Schreier and Jerow culled through more than 200 films to come up with the final 16.

These range from a regional piece about removing a dam in Black River Falls, to Idiot with a Tripod about an East Coast blizzard, to an animated piece on space junk to a film on what happens to our clothes after they are donated. Films will run anywhere from a few minutes to about half an hour.

Schreier and Jerow will introduce the films, facilitate discussion, and answer questions.

To view the video trailer for Green Shorts on YouTube, visit [nicoletcollege.edu](http://nicoletcollege.edu) and click on the YouTube link at the bottom of the page.

The showing, the last event in the 2015-16 Nicolet Live! series, is free and open to the public.

## McCauslin Lions host Children's Fishery

McCauslin Lions helping children getting their fishing poles ready to catch the big one!

On May 18th, the McCauslin Lions hosted their annual Kids Fishery. Mother Nature cooperated with a sunny warm day as 43 special needs children, ages 6 to 10 years old from the Wabeno and White Lake school district were treated to a day at Silver Moon Springs Trout Farm in Elton, WI. Everyone had the opportunity to catch up to 3 fish, using fishing poles provided by the Lions. Breakfast and lunch was served and prizes were awarded for several categories including the largest fish.

The McCauslin Lions have been doing this event for over 16 years. This is a memorable event that the children look forward to from the first day of school. We'd like to thank Silver Moon Springs Trout Farm for allowing us to make this event such a success for the children. This is one of the many ways the McCauslin Lions support our communities.

The one that didn't get away!
