## 5th Annual Festi-fall in Lakewood Sept. 17th

John Jenkins playing at Festi-fall 2015. This year's event dedicated to the memory of John and Sam Burzik

Festi-fall, on Saturday September 17th is a fun-filled day of art/crafts, food and music, organized and sponsored by the Enchanting Shops of Lakewood. Vendors with hand-made items from jam to jewelry will set up on the grounds of each of the Enchanting Shops. Food is offered by various non-profit groups such as the Parrotheads (hot dishes/soups), Mountain Ambulance Service (shrimp) and the famous pies from the Presbyterian Women.

Local musicians are located at every shop and perform throughout the day. Lark & Magpie Art Gallery, located on Hwy 32 between Subway and Timberline Restaurant, will host Gary Schuelke (pop/rock/country/gospel). Nicolet Studio & Gallery, behind Subway on Gage St., will host Logan Gruszynski (old/new country/pop). Sweet Memories Candy Shoppe on Highway 32 will host John Marsh (country). Northern Perks Coffee Shop, Hwy 32, will host Gary Baum (eclectic jazz/fold/swing/pop/country). Next door, Frame of Mind Gallery & Gifts will host Pat Lowery (country & classic rock) with opening act from 10-noon by Ellie Donaldson (alternative rock). Ellie will also perform during breaks of the Bluegrass band, Wild Willows, hosted by Amy's Cellar at Nicolet Pharmacy and Little Shoppe on the Hill.

This year's Festi-fall event is dedicated to the memories of John Jenkins and Sam Burzik, two talented musicians who played in previous Festi-falls. Their easy-going personalities and positive energy will surely be missed by everyone involved in Festi-fall.

## The Lumberjack Steam Train Fall Season starts Sept. 3rd

A trip aboard the Lumberjack Steam Train, in Laona, Wisconsin, is always fun and provides a glimpse back in time, when steam trains provided reliable transportation of goods and people, but a trip on the Lumberjack Steam Train is even more enjoyable with the autumn leaves providing a colorful backdrop.

The fall season begins on September 3 and continues on September 10, 17, 24, and October 1. The October run is special, because that is when the Cowboys, with all of their vintage clothing, gear and beautiful horses return to Laona. It is a good bet that they will try to rob the Lumberjack Steam Train on every trip to the Camp 5 complex. Be sure to hide your engraved, gold pocket watch!

This is a special year for the Lumberjack Steam Train and the riders of the vintage rail cars. The old Vulcan, affectionately called Ol' 4-Spot, has reached the century mark. Built in 1916, 4-Spot has carried logs, lumber, lumberjacks and is now ready to give you a ride to Camp 5, where you can enjoy the logging museum, blacksmith shop, Cracker Barrel Gift Shop, petting zoo, and a fun and educational ride on the Green Treasure Forest Tour.

New this year! The 7-acre corn maze will provide fun and excitement, but be careful you don't get lost! Don't worry, maps will be provided. You can help celebrate the 100th Birthday of the Lumberjack Steam Train with a piece of birthday cake, as well.

Be sure to experience a ride on 4-Spot this fall. For more information, visit the website at [lumberjacksteamtrain.com](http://lumberjacksteamtrain.com).

## Turkey Shoot in Argonne Saturday

All are welcome! Grab your gun and have some fun!

## Farm fresh produce on the Courthouse Square-Crandon

For those who enjoy fresh veggies right off the vine or out of the ground, Naked Acres organic farm sets up a table on the courthouse square, in Crandon, each Wednesday from 3:30 until 5:30.

Naked Acres farms down the road towards Pelican Lake from Jennings on Wolf River Road. Mike and Esther Dolphin are the people running the farm. Esther is in the photo above. To find out more about their products and the farm, call 715-275-3036.

## BF Goodrich named "Official Tire" of CIORA & celebrating history with the "BFGoodrich Barn"

Celebrating the 40th anniversary of both its legendary All-Terrain T/A tire and the company's first official entry into off-road racing at the 1976 SCORE Baja 500, BFGoodrich has been named "Official Tire" of Crandon International Raceway. Today's partnership announcement not only expands BFGoodrich's long relationship with the "Big House," but is an integral component to this summer's remodeling of its historic barn and the main entrance to the track's highly popular "BFGoodrich PRO Pit" area of Crandon's massive 400-acre facility.

The BFGoodrich brand has a rich history of racing excellence at Crandon International Raceway, including an impressive list of PRO and Sportsman Crandon World Championships. This heritage also incorporates 12 victories in Crandon's prestigious BorgWarner/AMSOIL Cup races -- more than all other tire companies combined. That list of Crandon winners includes such legendary names as Jack Flannery, Steve Kelley, Curt LeDuc, Scott Douglas, Carl Renezeder, Johnny Greaves, Jason Baldwin, Scott Douglas, Ricky Johnson, Chad Hord, Rob MacCachren and others.

"Racing at Crandon International Raceway gets to the roots of short course off-road racing in our country and is a venue BFGoodrich has focused on achieving success," said Peter Calhoun, BFGoodrich motorsports marketing manager. "This is a legendary venue and there is no better place to incorporate our brand into this setting than the historic Crandon barn."

Known for hosting the oldest and most prestigious stadium-style off-road races in the world, Crandon International is preparing for its historic 47th annual Off-Road World Championship, scheduled for September 1-4, 2016. It will be a Labor Day weekend unlike any in the track's colorful history. From the new Crandon World Cup/TORC PRO Open Test on Thursday, September 1st to two packed days of TORC PRO and Sportsman racing to Sunday's new Crandon World Cup to the afternoon's dramatic 7th annual AMSOIL Cup finale -- the sport's richest race -- the 2016 Crandon World Championship promises to be something special for fans, drivers and teams.

For Crandon visitors of all types, the most significant change in 2016 will be a refreshing of the newly renamed "BFGoodrich Barn."

Once the only two structures found on the vast 265-acre landscape known as Plumber's Farm were small home and the large historic barn that now serves as Crandon International Raceway's legendary landmark. It served as a home to 59 heads of milk cattle and up to 50 tons of hay before the land was purchase by the Crandon Wolfsman Sportsman Club in 1984. The house was eventually moved, but the barn stood all the way through 1998, when then lower portion was turned into the track office, a meeting room and a special VIP area and bar.

Until now, the upper portion of the barn served as a somewhat rustic meeting area and food concession stand. Special events, dances and even large family reunions have all taken place under the original structures massive open-air ceiling.

## Townsend Centennial Pie Social & Suffragette Rally a rousing success

A capacity crowd rallies for Women's Suffrage as part of a Townsend Centennial event on August 20.

Due to inclement weather, the August 20 Townsend Centennial Pie Social and Suffragette Rally couldn't be held out at Oughton Park. Luckily, that was the only disappointing thing about that rainy Saturday afternoon event.

A capacity crowd gathered at the Townsend Town Hall instead to sample delicious homemade desserts. There was a wide variety of fruit pies, apple strudel, blackberry cobbler, brownies and cookies. Some people just came for the pie but most stayed for the Suffragette Rally.

Judi Fellows introduced the first guest speaker, Montana's Jeannette Rankin (played to perfection by Mary Lou VanDreel). Jeannette was the first woman to serve in the United States Congress. Her speech was followed by a rousing oration delivered by Flora LaFollette (Kathleen Marsh), the daughter of Wisconsin Governor Fightin' Bob LaFollette.

Urged on by Rankin and LaFollette, attendees really got into the moment as they rallied for Women's Suffrage. A few gentlemen in the crowd voiced opposition to the concept of women voting, but they were quickly silenced by their womenfolk who handed them another piece of pie. Everyone not only had a great time but also learned some history.

The Centennial Committee expresses appreciation to everyone who came and especially all the bakers whose contributions (temporarily!) filled several tables. With Marsh donating all the receipts from her book sales that day, the event netted \$300. The money will help pay the the cost of framing the Centennial Quilt donated by the Looney Ladies Quilting Circle.

Next up is the Cemetery Walk on September 16 and 17 at 6:00 p.m. Can Tombstones Talk? will be presented at Forest Home Cemetery on Village View Drive. In case of inclement weather, it will be moved to the Town Hall. This one hour program will feature actors portraying six notable town residents: school teacher Beatrice Fellows; veteran of three wars Abraham Iskowitsch; Townsend's only KIA in WWII Robert Bennett; general store owner RO Pintsch; Our Lady of the Woods Chapels owner Julia Lauder; and longtime postmaster Helen Ouellette.

If you have never been to a cemetery walk, be assured this is a wonderful way to learn local history from the people who lived it. A limited number of tickets (\$5.00) are available so reserve yours today. Call the Town Clerk at 715-275-6856 or Kathleen Marsh (715-276-6515). No tickets will be sold at the cemetery.

Centennial Committee member Jean Fietzer (L) helps Rosemary Yadro with her pie selection.

Mary Lou VanDreel (Jeannette Rankin) and Kathleen Marsh (Flora LaFollette) were guest speakers of the Suffragette Rally held in Townsend on August 20.

**J e a n n e Elizabeth Haskins** 92, of Laona, Wisconsin passed on peacefully from this life to the next August 13, 2016. Jeanne had been a resident at Nu-Roc Community Healthcare where she had been receiving loving care for nearly five years.

She was born to George R.

Harrison and Marjorie (Chase) Harrison in Batavia, New York, January 31, 1924.

Jeanne grew up in Batavia, graduated from the Batavia High School and attended the University of Rochester, Rochester New York.

In 1953 she was a staff member at the University Art Gallery when she met her future husband. In October, 1955 Jeanne left her home in Orange City, Florida and her employment with the Florida Power Company, and married The Rev. Clifford Haskins in Manitou Falls, Wisconsin, October 22.

As Jeanne and her husband moved to her parts of the country she became employed in Michigan with the Lapeer Public Schools and in Burlington, Iowa with the Burlington Medical Center.

While in Lapeer, Michigan, Jeanne became involved in several ecumenical-interdenominational church activities. She received an award from the Roman Catholic Archdiocese of Detroit and Catholic Social Services of Lapeer County "In appreciation for her devotion and fidelity in the cause of Christian Charity." She was also recognized as an Honorary Member of The Program Agency of the Presbyterian Church (U.S.A.). She was a member of the Forest Larger Parish Presbyterian Church. She was also a long time member of Chapter HU of the International P.E.O. women education organization and an active member of the Learning in Retirement program, Rhinelander, Wisconsin.

Jeanne's kindness and personal interest in others brought her many friends in each of the several communities where she has lived. She enjoyed entertaining many of them in her home. Over the sixty years of marriage Jeanne has been a loving, supportive and faithful partner reflecting the words of Ruth, in the Old Testament Book of Ruth, New English Bible translation: "Where you go, I will go and where you stay, I will stay. Your people shall be my people and your God, my God. Where you die, I will die and there I will be buried...Nothing but death shall divide us."

Jeanne was preceded in death by her grandson, Chase Hovener Haskins; daughter-in-law, Fran Harrison; Marty Harrison and Everil Harrison.

She is survived by her husband of sixty years, daughter, Susan Jeanne Haskins, Huston, Texas; son, Mark Chase Haskins of Apple Valley, Minnesota; brothers, Chase Harrison, Dearborn, Michigan, Charles Harrison, Batavia, New York; and nephews, Chase H. Harrison and Jeff Harrison and nieces, Marjorie Harrison Conrad.

A service of witness to the resurrection and a celebration of the life of Jeanne Harrison Haskins (January 31, 1924 - August 13, 2016) was held at the Forest Larger Parish Presbyterian Church in Wabeno, Wisconsin on August 24, 2016, with The Rev. To the Editor:

A few counties in northern Wisconsin are considering resolutions requiring our county forest lands meet FSC (Forest Stewardship Council) certification. FSC is an international governing body based in Bonn Germany; the current Secretary is based in Oaxaca, Mexico. Wisconsin does not have representation on FSC in a voting capacity.

There are two primary organizations certifying forests in Wisconsin—FSC and the Sustainable Forestry Initiative (SFI). FSC operates outside of State regulations. Academic and survey data suggest FSC artificially limits the availability of wood for a variety of purposes. In 2014 EconoSTATS released a study concluding 31,000 jobs will be lost in the state of Oregon if FSC standards become mandatory. Oregon chose not to adopt FSC. The counties in northern Wisconsin currently meet sound forestry standards, with SFI (Sustainable Forestry Initiative) certification and our Managed Forest Law (MFL).

Before making such a drastic change in public policy a few questions should be answered. Will FSC entail more compliance costs? Will the counties receive a higher price for their wood? If the counties already meet certification requirements, who benefits? Isn't adopting an international standard without representation as a voting member a loss of local control?

Finally, if private residents wish to have their forestland certified it is their right. But county forests exist to benefit all residents of a county. Our county forests have a long history of sound forest management. Adding a layer of bureaucracy like FSC on our county forests does not seem to serve the best interests of the residents of northern Wisconsin. Let's not give up local control of our county forests.

Please ask yourself, "Do you really want someone from Bonn, Germany or Oaxaca, Mexico" running our county forests. I think not.

### Promoting Healthy Bones

Bone is alive! Bone is a living and growing tissue. Throughout life, bone is constantly being renewed in a process called remodeling. During remodeling, old bone is removed and it is replaced with fresh new bone.

At what age do I need to be concerned about my bones?

It's never too late to take action to promote healthy bones. Healthy bone actions that should begin in childhood and continue throughout your lifetime include:

- eating a well-balanced diet rich in calcium and vitamin D
- participating in regular exercise
- taking safety precautions to protect your bones and prevent falls
- limiting alcohol intake
- avoiding excessive dieting and excessive thinness
- talking to a medical professional about promoting healthy bones

Why does calcium matter?

Think of your bones as a bank account in which you "deposit" and "withdraw" calcium throughout life. Calcium is a mineral that makes bone dense (thick) and strong. During childhood, the teen years and early adulthood you build your bone bank. The maximum bone density you will ever have is largely determined by your genetics. After age 25, bone healthy actions help maintain bone mass. Throughout your life, if your dietary calcium intake is too low, your body will "withdraw" the calcium it needs from your bone bank. Over time, if more calcium is taken out of your bones than is put in, the result may be thin, weak bones (osteoporosis). In your senior years, usually after age 70, thin, weak bones may break more easily during normal activities. It is important to meet your daily calcium recommendation by choosing a well-balanced, calcium rich diet and including three cups of milk a day. If you don't, or can't drink milk, choose other fortified foods and beverages and/or supplements.

Why is Vitamin D important?

Vitamin D is necessary to build and maintain strong bones by helping your body absorb and use calcium. Except for fatty fish and fortified milk, there are few reliable dietary sources of vitamin D. To get the proper amount of vitamin D, sun exposure and supplements are generally necessary.

Get moving!

An ideal exercise program combines weight-bearing, muscle-strengthening, and posture and balance exercises. Weight-bearing simply means that your feet and legs are supporting or carrying your weight. This type of exercise builds bone mass in youth and maintains it in adulthood. Some examples of weight-bearing exercises include walking, dancing and climbing stairs. Muscle-strengthening exercises build muscle that help support your bones. Lifting weights, using resistance bands and exercising on resistance machines are ways to strengthen muscle. Proper body alignment and posture training exercises promote correct posture and may help to minimize the stooped posture that results from osteoporosis. To ensure your safety, consult your medical professional before beginning an exercise program.

## Nicolet offers evening Nursing Assistant classes in Eagle River, Laona

Nicolet College will offer new evening Nursing Assistant classes this fall in Eagle River and Laona that will have tuition assistance for students who meet certain income eligibility requirements.

"These classes are perfect for individuals looking to start a rewarding career in health occupations," said Nicolet College Dean of Health Occupations Lenore Blemke. "The added advantage is that once students graduate, they have the option of using this certificate as a stepping stone to more advanced credentials that lead to becoming a registered nurse."

Students will start the semester with eight weeks of classroom instruction and finish with four weeks of hands-on clinical instruction at a local facility.

Classes in Eagle River will be held Tuesdays and Thursdays from 4 p.m. to 9 p.m. with classroom instruction at the Northland Pines High School.

Classes in Laona will run Mondays and Wednesdays from 4 p.m. to 9 p.m. at the Laona High School.

Fall Semester classes start Sept. 1. With the three-credit Nursing Assistant technical diploma being the first step to earning a Nursing degree, Blemke noted that many Nursing Assistant graduates land entry-level jobs in the field and also continue taking classes for the associate's degree in Nursing.

"This way students make money, they get valuable work experience, and they take classes that will get them even farther ahead in life," she said. "It's a great recipe for success."

Nursing Assistants are commonly employed in long-term care facilities, hospitals, community-based residential facilities, and home health agencies.

Blemke said demand is high for those with a college credential in the health occupations with job placement rates for Nicolet graduates commonly in the 90 to 100 percent range.

According to the college's 2013-14 Graduate Follow-up Report, the median annual starting wage for Nursing Assistant graduates was \$22,219 and almost twice that at \$41,493 for those graduating with the two-year associate's degree in Nursing.

Individuals interested in seeing if they qualify for full tuition assistance, or would like to register for classes regardless, should call the Nicolet College Welcome Center at (715) 365-4493, 1-800-544-3039, ext. 4493; TTY 1-800-947-3529 or 711.

For those who qualify, free tuition assistance is being made possible by a donation administered by the Nicolet College Foundation.

More information about Nicolet's offerings in the health occupations is available at [nicoletcollege.edu](http://nicoletcollege.edu).

Instruction related expenses are 100% funded as part of a TAACCCT Round IV \$19.9 million grant awarded by the U.S. Department of Labor's Employment and Training Administration. This program is an equal opportunity program and auxiliary aids and services are available upon request to individuals with disabilities.

## Golf Fundraiser supports local teams

Kelly and Perry Siebers, owners and operators of Northwoods Inn and Restaurant in Pickerel, Troy Schuster, along with Jim Pukall, manager of Bass Lake Country Club in Summit Lake, would like to give credit to everyone who participated, sponsored events, donated items, and volunteered to make this a successful fundraiser.

Kelly and Perry Siebers and Troy Schuster co-founders of the event which is in its fifth year, expanded and was held on Saturday, August 13, at Bass Lake Country Club. The event drew 23 teams for a fun fill day supporting a good cause, and ending with a meal and raffles at the Northwoods Inn and Restaurant in Pickerel. This year's event raised money for the Elcho girls and boys basketball programs. Each program received a check for \$1,200. Coach Michelle Kincaid and Coach Eric Strzok would extend appreciation to everyone for their generosity and especially Perry, Kelly, Troy and Jim for organizing and putting forth such a great event. Next year's event is already schedule for Saturday, August 12, 2017 at Bass Lake Country Club for an 18 hole event.

### Wisconsin DMV reaching out to confirm process for obtaining voter ID

DMV is reaching out to the public to confirm the process for obtaining an identification card for voting purposes.

If you will be at least 18 years old by the next election, if you are a U.S. citizen, and you are eligible to vote in Wisconsin, you may apply for a free ID card for voting purposes. Here are the steps to be followed to receive a document that can be used for voting:

1. Make one trip to any DMV location and bring proof of residence (example: a utility bill), your social security number (if available), and proof of name and date of birth (example: a birth certificate).
2. Fill out the identification card application. If you have the necessary documents, you will receive your identification card within 10 business days via US Mail.
3. If you do not have proof of name and date of birth, proof of U.S. citizenship, or proof of a legal name change, DMV will assist you by initiating the petition process. You must fill out the DMV Petition Administrator application (in addition to the identification card application). Once you enter the process, you will receive a receipt that may be

used to vote. Simply present the receipt at the polls when you vote, and you will have produced the required identification to vote.

4. The receipt is good for 60 days and will be automatically renewed as long as your petition is pending.

5. You will receive your receipt via US Mail within 6 working days, so please make sure you apply far enough in advance of the November elections to make sure you receive your receipt or identification card in time for the election.

Please see DMV's website at wisconsindmv.gov for more details.

**Statewide crackdown on drunken driving  
'Drive Sober or Get Pulled Over' campaign runs from August 19 to September 5**

Law enforcement officers throughout the state will be out in force to combat drunken driving during the 'Drive Sober or Get Pulled Over' campaign from Friday, August 19 through Labor Day, September 5.

"Enforcement and educational efforts to prevent drunken driving, like the 'Drive Sober or Get Pulled Over' campaign, have helped reduce deaths from alcohol-related crashes by approximately 38 percent and injuries by nearly 50 percent over the last 10 years in Wisconsin," says David Pabst, director of the Wisconsin Department of Transportation (WisDOT) Bureau of Transportation Safety. "However, deaths in alcohol-related crashes increased from 162 in 2014 to 190 in 2015, which is a 17 percent increase, and injuries also increased from 4,932 to 5,174, which is a nearly 5 percent increase."

To get drunken drivers off the road before they kill themselves or innocent victims, 33 impaired driving (OWI) task forces have been created in Wisconsin that allow multiple agencies to coordinate and combine their resources for high-visibility enforcement efforts. Overtime for task force officers is covered by federal funding administered by the WisDOT Bureau of Transportation Safety.

Impaired driving task forces typically notify the public in advance of their enforcement initiatives as a deterrent to drunken driving. Roadside signage and vests on officers let the public know that intensified drunken driving enforcement is underway, according to Pabst.

"Law enforcement officers are well trained in identifying the signs of impaired driving, and they know where and when to look for drunken drivers," Pabst says. "If drivers make the irresponsible and reckless decision to get behind the wheel while impaired, officers are ready to stop, test and arrest them. Last year, there were nearly 24,000 convictions for drunken driving in Wisconsin. However, our goal is to get people to drive sober, not to make more arrests."

To help prevent drunken driving, WisDOT offers a free Drive Sober mobile app, which includes a find-a-ride feature that uses a smart phone's GPS to locate alternative transportation, a blood alcohol estimator, designated driver selector, and interactive games that help determine whether drivers should give up their keys. Since its launch three years ago, nearly 70,000 people have used the app, which can be downloaded for free by visiting: [www.zeroinwisconsin.gov/drivesober/](http://www.zeroinwisconsin.gov/drivesober/).

**Argonne Day big success!**

Racing for the finish line!

This is the age of computers, with cell phones in everybody's pockets that can connect us with the world, but old fashioned fun isn't out of date. For sure, it isn't out of date during Argonne Day.

The kid's games had a full field of contestants for all of the events, and if you think sack races and wheelbarrow races are out of style with the kids, you would be wrong.

Here are some scenes from the Argonne Day event in Argonne.

Wheelbarrow racing is tougher than you think!

Sack racing isn't easy! It would be fun to see the adults try this, especially after the beer starts flowing!

There's a pig in that crowd of kids. The kids are having fun, but we don't know about the pig. Some lucky parents were faced with what to do with a small pig!

The Mullins Brothers provided some good music for this event. Somehow, Archie (Craig) Hansen sneaked into the Mullins family for an afternoon, but he has played with them for a long time.

The original barn, located at what was known as "Plumber's Farm," was one of two structures on the property before becoming the legendary Crandon International Raceway (top). Much of the remodeling work will come to the building's main floor, including a new BFGoodrich heritage display, resurfaced walls and service bar, as well as the installation of numerous video monitors and an enhanced audio system (above).

For 2016's 47th annual Crandon Off-Road World Championship and Crandon World Cup weekend, the traditional red and white structure will carry new BFGoodrich signage on the exterior, while inside the main area will be upgraded with a new BFGoodrich/Crandon historic display area, upgraded sound system, multiple new video displays, refreshed decorating and enhanced lighting.

"We are very proud of our expanded relationship with the BFGoodrich brand for 2016 and beyond," explained Crandon Track President Cliff Flannery. "Our historic barn is as authentic as it gets, and we feel the same way about BFGoodrich's long and winning history at Crandon International Raceway. They have won a huge number of races and championships here. We are going to help celebrate that legacy with the BFGoodrich Barn, the BFGoodrich PRO Pits and naming them as our "Official Tire."

BFGoodrich and Crandon International invite all race fans attending the upcoming four-day "Woodstock for Gearheads" to come down to the newly renamed barn and enjoy the newest attraction at the "Big House."

**AMSOIL and Crandon International Raceway Cement Long-Term Partnership**

Adding to a growing list of long-term corporate partnerships designed to ensure its long term-future, Crandon International Raceway today announced a new, three-year extension of its agreement with AMSOIL as "Official Lubricant" of the facility, as well as retaining title sponsorship to the sport of off-road racing's richest race - the annual Crandon AMSOIL Cup.

AMSOIL has been a major supporter of short-course off-road racing for years. This includes its current role as presenting sponsor of The Off Road Championship (TORC) series, which has two stops at Crandon International, including the upcoming 47th annual Crandon International Off-Road World Championship weekend scheduled for September 1-4, 2016 (Labor Day weekend).

The partnership with Crandon International began in 2009, with the Wisconsin-based oil company taking over title sponsorship of the prestigious Borg Warner Cup. Held as the spectacular finale on short-course off-road racing's biggest weekend, this year's 7th annual AMSOIL Cup will offer the winning driver an event record \$47,000 in cash, with a total monetary purse of \$58,000. The unique AMSOIL Challenge Cup format pits

the fastest 24 unlimited PRO-4X4 and PRO-2WD trucks together on the track at the same time after a staggered start. This year's event also offers the winner valuable prize packages from Lincoln Electric and MasterCraft/Impact Safety.

AMSOIL's relationship with Crandon International Raceway also includes hospitality, dealer interaction and premiere signage including the AMSOIL Finish Line arch and the main facility sign placed alongside Wisconsin Highway 8.

For the first time in the track's history, all PRO division racers will have the opportunity for substantial open track testing on Thursday, September 1st. Racing will kick-off Friday night after the traditional Labor Day parade in downtown Crandon at the Forest County Potawatomi Community "Night of Thunder." The 2016 TORC champions including PRO 4X4, PRO 2WD and Atturo Tire PRO-Light classes will be decided on Sat., Sept. 3, as well as season championships and Crandon World Champions® crowned in the MORR (Midwest Off-Road Racing) TORC Sportsman divisions.

Sunday's Crandon PRO World Championship racing will culminate in the 7th annual AMSOIL Cup. Last year, young phenom CJ Greaves took home the Cup victory.

Fans from around the country are expected to invade Crandon's immense facility, which is set to grow by 100 acres (for a total of 500) and another 500 camping sites (for a total of 2,500) in 2017. The on-site camping is part of the true "Crandon Experience," with family and friends coming back year after year. While many campsites are already reserved, fans can still enjoy Crandon camping on a first-come, first-served basis beginning on Wednesday, August 31 at noon CST.

"AMSOIL has been an important and special partner to Crandon International Raceway, to many of our racers and to the entire TORC series," explained track President Cliff Flannery. "Today's announcement is another strong step to the future of our facility and another important piece in helping us reach our long-term goals. We appreciate everyone at AMSOIL for their continued and enthusiastic support."
