## Discovering family heritage in Newald

Jeff Krueger of Cleereman Industries explains the manufacturing complex in Newald to the Jauquet family

By Mike Monte

It is likely that the majority of residents in our corner of the Northwoods don't know that the leading manufacturer of sawmill carriages and the necessary accessories is located in a cluster of factory buildings in the Village of Newald. Cleereman Industries has led the field in innovations to sawmill machinery that make cutting hardwood lumber feasible and profitable, especially in the small sawmills that dot the countryside in the U.S. and Canada.

The Cleereman sawmill carriage is known worldwide, and in fact, many of them are in daily use worldwide! This innovation in the sawmill industry was the idea of Francis Cleereman, Sr. After returning from the fighting in Europe during WWII, Francis returned to the family sawmill business in Newald. The mill was older, the markets had changed, and the profits were way down. His father, Bill Cleereman, told Francis that they might just as well shut the mill down, but Francis had other ideas. It was 1949, and he modified the old mill, and then he invented the sawmill carriage that was to make a huge change in the sawmill business.

Francis Sr. is gone now, but his sons, Fran and John, who grew up in the business stepped in. Changes were made to the original carriage, and until his passing, Francis Sr. had a hand in things.

These days, John has retired, but Fran and son, Paul, are working the business, along with Jeff Krueger. The innovations and efficiencies are still being added to the original concept, and the business is in another round of expansions.

It could be said that the Cleereman carriage started with Francis Sr., and it was certainly his ideas that went from his head to the finished product, but it could also be argued that the famous Cleereman sawmill carriage had its beginnings in Newald decades before.

Two families, the Jauquets and the Cleeremans, a generation from a move from Belgium, started in the logging business. They were from the Green Bay area, but logged in the U.P. In 1910, John Jauquet and Julia Cleereman were married in Green Bay and honeymooned in Sagola, Michigan, where the Jauquets had been logging.

In 1913, the two brother-in-laws, John Jauquet and Bill Cleereman, purchased 1,400 acres of timberlands from the C&NW Railroad near the new village of Newald. The Cleereman & Jauquet Lumber Company had a project. They needed to build a sawmill, barns, a place to live and an endless list of things to be able to log and turn out boards for the marketplace. They built a house to share, and it is still standing adjacent to the factory complex, and still being used by a family member. It is the only original building left from the beginning of the sawmill business.

The two brothers raised families, and life went on in the business. Francis Cleereman was raised in and around sawmills, and must have received a large dose of sawdust in his blood, as the old saying goes. It might be safe to say that the seeds of this sawmill industry innovation sprouted when the Cleereman & Jauquet sawmill was built in Newald.

Whatever the viewpoint on this, the Jauquet family and their Cleereman "cousins" have a shared heritage in Newald. Bill Jauquet lives in Baltimore, Maryland. As the eldest, he thought it was his duty to teach younger family members about the heritage the Jauquet family had in Newald and in the early timber industry. The best way to get them altogether was to rent a bus, get them all aboard, and take them to Newald.

The bus ride included five of Bill's children, 22

## Argonne Family Fun Day Saturday, August 12

This Saturday, August 12th, the Argonne Fire Department will be holding their annual get-together. There will be a parade at 11:00 a.m. and kid's games at 1:00 p.m. The line-up for the parade is at the pavilion at 10:30 a.m., so get your float ready!

This is a day of old-fashioned fun. It is when kids find out that there are games that involve physical exertion, and not just fingers on a smart phone. The wheelbarrow races, as seen above are held, gunny bag races and other old timey games will keep the kids having fun and the adults laughing. The greased pig is also on the agenda, so don't miss that, and if you have a kid in the event, you can always hope he doesn't catch the pig!

There will be live music by the Mullins Boys, plenty of food and beverages, paddle wheels and raffles, and good conversations with old friends. And, there is a chance to win Packer tickets.

## Roberts Lake Fisheree and Corn Roast Sat., August 12th

The Roberts Lake Association Fisheree and Corn Roast is happening on Saturday, August 12th, with fishing hours from 7:00 a.m. until 4:00 p.m. Brats, burgers and corn are on the menu at the event, which is held 100 feet north of Wild Rose on Hamilton Drive.

There will be 58 cash prizes, with a top prize of \$1,000, and trophies will be awarded for walleye, perch, crappie, northern pike, bass and bluegill. A 6500 Garcia muskie reel will be awarded for the longest muskie.

Don't forget the raffles! Raffles will go on all day, including meat raffles, and so will the fun!

## Trap Shoots!

If you are one of those guys or gals that likes to take out your shotgun and slay clay pigeons, here are some chances to show off your skills on the trap range.

● There will be a trap shoot at the Crandon Off-Road Raceway range on Saturday, August 12, starting at 11:00 a.m. Shoot for prizes and meat, with the proceeds going to support the Crandon School Trap Team.

● The Sokaogon Chippewa Annual Trap Shoot is rescheduled for Saturday, September 16th. All proceeds go to support the Sokaogon Chippewa Elder Community. Call Stephanie Quade at 715-478-7629 for more info.

● On Saturday, August 19, a 50-Bird Lewis Shoot will be held at the Padus Nicolet Gun Club at the clubhouse located off Hwy 32, between Laona and Wabeno on Padus Road. This shooting begins at 9:00 a.m. for prizes. Good food and beverage will be available.

## Nicolet to offer free entrepreneurship workshops in Eagle River, Crandon

Anyone looking to start a business or take a current venture to the next level is invited to attend Nicolet College's free Exploring Entrepreneurship workshops offered through the Nicolet Entrepreneurial Training (NET) Program.

The free workshop in Eagle River will run from 6 pm. to 7:30 p.m. Wednesday, Aug. 16, in the Vilas County Incubator, Hwy. 70 Business Park, 4825 Hwy. 70 West.

In Crandon, it will run from 6 p.m. to 7:30 p.m., Tuesday, Aug. 22, at the Best Western, 9075 E. Pioneer St.

"Many different factors come into play when launching and running a business," said Sandy Bishop, dean of Workforce and Economic Development at

## Legendary racers to be honored at Off-Road World Championships

Celebrating 48 years of holding a special place in off-road racing history, Crandon International Raceway today announced it will honor some of the sport's best as part of an official debut of the newly completed Vision Wheel Hospitality Complex

Built over the course of the last 12 months, the new Hospitality Complex's biggest feature is a second set of grandstand seats that nearly double the seating capacity inside of the track's legendary Forest County Potawatomi Turn 1. Track personnel also added a brand new building under the grandstand to house concession and souvenir sales, as well as a state-of-the-art kitchen in a second, separate building.

On Friday, September 1st at 1:30 p.m. the track will hold a special "Vision Wheel Hospitality Complex Grand Opening and Ribbon Cutting Ceremony" to kick-off the 48th Annual Crandon World Championship Off-Road Race weekend. As part of this ceremony the track will unveil new sections named for some of the track's most legendary superstars -- some of whom will be on-hand to commemorate the occasion.

Built in 2012, the original Crandon grandstands will include four special sections honoring the late Jack Flannery, the late Rick Huseman, legendary local racer "Farmer" John Konitzer and now Rob MacCachren, considered by many to be the best driver in off-road racing history. These grandstands now also feature brand new track announcing and Vision Wheel hospitality suites.

The new Crandon grandstands, originally purchased from the iconic Milwaukee Mile race track, will now carry three sections of seating named for Crandon champion Scott Taylor, "The Legend" Walker Evans and desert and short course legend Curt LeDuc.

All seats in either grandstand are reserved on a first-come, first served basis and can be ordered online at [www.crandonoffroad.com](http://www.crandonoffroad.com). Seats range from just \$10 to \$20 and can be used for the entire three-day race weekend.

## Stay engaged with Nicolet College Learning in Retirement classes

One of the more adventurous offerings in the upcoming LIR fall session will be a tour Thursday, September 21, of the Eagle River Chain of Lakes on a true-to-form pirate ship.

Nicolet College's Learning in Retirement (LIR) program will feature more than 30 different offerings this fall where active retirees can explore new ideas, meet new people, and stay engaged in their communities.

"The subjects covered are as diverse as the backgrounds of the people who are members of the LIR," said LIR Coordinator Brenda Peltier.

**Consumer Alert: Scammers Targeting Seniors in Wisconsin**  
 Submitted by Kathy O'Melia

Madison, WI—Recently, the Office of Commissioner of Insurance (OCI) was alerted to insurance fraud specifically targeting seniors in Wisconsin in exchange for personal information.

In this fraudulent case, recipients received mail requesting personal information in exchange for the potential to qualify for a life insurance product covering thousands of dollars in funeral expenses free of charge.

"Consumers should be suspicious of insurance plans appearing too good to be true; they usually are," said Commissioner of Insurance Ted Nickel. "If you are unsure about an insurance company or agent, stop and verify they are licensed to sell insurance in Wisconsin."

Fake insurance companies or agents defraud consumers by taking money for premiums on bogus policies with no intention of paying claims. Scammers may offer policies at costs that are significantly lower than competitors' prices and may ask for sensitive personal information up front. They might be difficult to reach by phone if there is even a listed phone number. Always find out if the seller represents a legitimate, licensed insurer before purchasing a policy or giving personal information.

Prevent yourself from being a victim of fraud. The best way to protect yourself from insurance fraud is to research the agent and company you are considering.

- Always STOP before giving any personal information, signing any paperwork or issuing payment.

- CONFIRM the company and agent is licensed to write insurance in Wisconsin. Licensing information about agents and companies can be found on OCI's Web site at [oci.wi.gov](http://oci.wi.gov) or by calling OCI toll free at 1-800-236-8517.

**Traffic fatalities on Wisconsin roads take turn for the worse**

July was the deadliest month on Wisconsin roads this year, prompting transportation safety officials to issue a "call to action" urging all motorists to be safe/responsible.

The 66 people who died in Wisconsin traffic crashes in July make it the deadliest month on state roadways so far this year, prompting officials with the Wisconsin Department of Transportation (WisDOT) to issue a special call to all motorists: buckle-up, slow down, be sober and alert behind the wheel every day - every trip.

"Through law enforcement and public education, we're doing everything we can to urge motorists to travel safely and responsibly," said David Pabst, Director of WisDOT's Bureau of Transportation Safety. "But in the end, it's the responsibility of every driver and passenger to do their part to prevent needless tragedies along our roadways."

Traffic fatalities last month were three more compared to July of last year, and 11 more than the five-year average for July. Wisconsin's safest July was in 2015 with 39 fatalities and the deadliest occurred in 1966 and 1971 with 140 fatalities. Through the first seven months of the year, a preliminary total of 338 people died along Wisconsin roadways, surpassing the 335 people killed over the same period last year. Wisconsin traffic fatalities through July include 192 car and truck drivers, 59 passengers, 45 motorcyclists and 38 pedestrians.

The annual Drive Sober or Get Pulled Over campaign from August 18 through Labor Day will put more officers on the roads for longer hours looking for impaired drivers and other traffic law violators. "While impaired driving remains a serious concern across Wisconsin, other common traffic law violations like speeding and distracted driving are equally dangerous and deadly," Pabst said.

**Wild turkey, pheasant and waterfowl stamp design contest winners announced**

MADISON - Twenty-one talented wildlife artists submitted a total of 34 pieces of artwork for the 2018 Wisconsin wild turkey, pheasant, and waterfowl stamp design contest.

The judging panel of Paul Heinen, Joe Wagner, and Cary Reich from the Nature Conservancy Wisconsin Field Office choose the winners on July 27.

Caleb Metrich was awarded first place in the 2018 Waterfowl Stamp contest and Robert Leum was awarded first place in both the 2018 Wild Turkey and Pheasant Stamp contests.

**2018 Wisconsin Waterfowl Stamp design contest**  
Caleb Metrich of Lake Tomahawk, a self-taught artist, submitted the winning design for the 2018 Waterfowl Stamp design contest. Caleb Metrich has painted several winning stamp designs in the past, including the 2012 and 2017 Wild Turkey Stamp, the 2014 Pheasant Stamp and the 2014 Waterfowl Stamp.

First place in the 2018 Wisconsin Waterfowl Stamp design contest goes to Caleb Metrich of Lake Tomahawk for his painting of a pair of Canada Geese in a marsh setting.

James Pieper from Iron Ridge was awarded second place for his painting of a pair of mallard ducks. Third place went to Robert Andrea of Spooner for his painting of a hooded merganser swimming.

An honorable mention was given to McKenzie Lazarz for her colored pencil drawing of a pintail duck preening.

Duck and goose hunters are required to purchase the \$7 Wisconsin Waterfowl Stamp in order to hunt waterfowl in the state, and proceeds are used for managing, restoring, and protecting habitat in Wisconsin and Canada for waterfowl and other wetland-associated species.

**2018 Pheasant Stamp and Wild Turkey Stamp design contest**  
Robert Leum of Holmen, an avid hunter, submitted the winning design for both the 2018 Pheasant and Wild Turkey stamp design contests. Robert is a previous stamp design winner. He received first place for his paintings in the 2009 Waterfowl Stamp, the 2002 Pheasant Stamp and the 2001 Wild Turkey Stamp design contests.

First place in the 2018 Pheasant Stamp design contest went to Robert Leum of Holmen for his depiction of a rooster and hen pheasant at an old farmstead.

Second place was awarded to Todd Haefner of Janesville for his painting of a rooster pheasant in a farmland setting and third place was given to Robert Andrea of Spooner for his painting of a pair of pheasants on a winter landscape.

A \$10 Pheasant Stamp is required to hunt pheasants in the state of Wisconsin, and proceeds bring in several hundred thousand dollars annually for the

development, management, conservation and maintenance of wild pheasants and their habitat in Wisconsin and also support stocking efforts on Wisconsin's public hunting grounds.

First place in the 2018 Wild Turkey Stamp design contest was awarded to Robert Leum of Holmen for his painting of a tom in full strut and two hens in a grassy field.

Second place was given to Sara Stack of Mellen, for her painting of a pair of turkeys in a grassy field. Third place went to Virgil A. Beck of Stevens Point for his painting of a male turkey in full display in a forested landscape.

All turkey hunters are required to purchase the \$5.25 Wild Turkey Stamp to legally hunt turkeys in Wisconsin. Proceeds from stamp sales provide vital support for turkey management and hunting in Wisconsin, and bring in over \$775,000 annually for habitat management and restoration projects, education, research, equipment purchases and management of the wild turkey program.

Please note that an electronic "stamp approval" is printed on the licenses of wild turkey, pheasant and waterfowl hunters at the time of purchase. Hunters will not receive an actual stamp unless they request it. To obtain a physical copy of a stamp, visit the Wildlife and Fish Collector Stamp webpage, or go to any DNR Service Center.

For more information regarding Wisconsin's wildlife stamps, visit [dnr.wi.gov](http://dnr.wi.gov) and search keyword "wildlife stamps."

### ANNUAL NOTICE - HOMELESS CHILDREN

The McKinney-Vento Act defines children and youth who are homeless (twenty-one years of age and younger) as:

- Children and youth who lack a fixed, regular, and adequate nighttime residence, and includes children and youth who are:
  - sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason (sometimes referred to as double-up);
  - living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations;
  - living emergency or transitional shelters;
  - abandoned in hospitals;
  - awaiting foster care placement;
- Children and youth who have a primary nighttime residence that is a public or private place not designated for, or ordinarily used as, a regular sleeping accommodation for human beings.
- Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.
- Migratory children who qualify as homeless because they are living in circumstances described above.

If you are personally aware of or are acquainted with any children who may qualify according to the above criteria, the School District of Wabeno Area provides the following assurances to parents of homeless children:

- Local school district staff member (liaison) to assist homeless children/families:
- Eric Becker, Homeless Liaison, (715) 473-3633 ext. 4503 or [EBecker@Wabeno.k12.wi.us](mailto:EBecker@Wabeno.k12.wi.us)
- There shall be immediate enrollment and school participation, even if educational and medical records and proof of residency are not available.
- All educational opportunities and related opportunities for homeless students (preschool to age 21), including unaccompanied youth, shall be the same as for the general student population.
- Enrollment and transportation rights, including transportation to the school of origin. "School of origin" is defined as the school the child or youth attended when permanently housed or the school in which the child or youth was last enrolled.
- Written explanation of a child or youth's school placement, other than school of origin or the school requested by the parent, with the right to appeal within the local dispute resolution process.
- Meaningful opportunities for parents to participate in the education of their children. These shall include: special notices of events, parent-teacher conferences, newsletters, and access to student records.

Please contact Eric Becker, homeless liaison for the School District of Wabeno Area, for additional information about homeless issues. Eric Becker can be reached at (715) 473-3633 ext. 4504 or [EBecker@Wabeno.k12.wi.us](mailto:EBecker@Wabeno.k12.wi.us)

## SCHOOL DISTRICT OF WABENO AREA ANNUAL NOTICE OF SPECIAL EDUCATION REFERRAL AND EVALUATION PROCEDURES

### ANNUAL NOTICE OF SPECIAL EDUCATION REFERRAL AND EVALUATION PROCEDURES

Upon request, the School District of Wabeno Area is required to evaluate a child for eligibility for special education services. A request for an evaluation is known as a referral. When the district receives a referral, the district will appoint an Individualized Education Program (IEP) team to determine if the child has a disability, and if the child needs special education services. The district locates, identifies, and evaluates all children with disabilities who are enrolled by their parents in private (including religious) schools, elementary schools and secondary schools located in the school district.

A physician, nurse, psychologist, social worker, or administrator of a social agency who reasonably believes a child brought to him or her for services is a child with a disability has a legal duty to refer the child, including a homeless child, to the school district in which the child resides. Before referring the child, the person making the referral must inform the child's parent that the referral will be made.

Others, including parents, who reasonably believe a child is a child with a disability may also refer the child, including a homeless child, to the school district in which the child resides.

Referrals must be in writing and include the reason why the person believes the child is a child with a disability. A referral may be made by contacting Robert Tucker, Director of Special Education, School District of Wabeno Area, at 715-473-2592, or by writing him at P.O. Box 460, Wabeno, WI 54566.

### NOTICE OF SPECIAL NEEDS SCHOLARSHIP PROGRAM

This notice serves to inform parents and guardians of students with disabilities that the State of Wisconsin has established the Special Needs Scholarship Program. Under this scholarship program and as further specified in state law, a child with a disability who has been denied the opportunity to attend a nonresident school district under the full-time open enrollment program may be eligible to receive a scholarship from the Department of Public Instruction (DPI) that allows the child to attend an eligible private school that is participating in the Special Needs Scholarship Program.

This is a state-administered program. A parent or guardian who is interested in the Special Needs Scholarship Program should independently verify the participating private schools and the specific terms, eligibility criteria, and application procedures of the scholarship program with the DPI.

The Special Needs Scholarship Program is further defined under section 115.7915 of the state statutes. However, special eligibility requirements not found in that statute exist for program scholarships that are awarded for private school attendance that initially begins in the 2017-2018 school year. Additional information about the program should be available on the website of the Wisconsin Department of Public Instruction: <http://dpi.wi.gov/>

## ACCESS TO PUBLIC RECORDS

### ACCESS TO PUBLIC RECORDS

The Board of the School District of Wabeno Area shall allow persons to have access to school district records in accordance with this policy and implementing procedures and in accordance with the law. The district administrator is designated as the legal custodian of records. The legal custodian shall safely keep and preserve records of the authority and shall have full legal power to render decisions and carry out duties related to those records maintained by any school district authority. The legal custodian may deny access to records only in accordance with the law.

Public records may be inspected, copied and/or abstracted at any time during the established district office hours, which are from 8:00 A.M. to 4:00 P.M., Monday through Friday. The legal custodian may establish fees for services in accordance with the law. A list of fees is available at the district office.

### STUDENT RECORDS

Student records are maintained to assist students, parents, guardians, and the school in achieving the student's educational goals. Such records are accumulated, maintained, released, transferred, and eventually destroyed by the building principal or his/her designee in accordance with state and federal law. Only those individuals or agencies specifically authorized by state and federal law shall be granted access to a student's records.

The school district does forward records to other schools that have requested the records and in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer.

An adult student or the parent/guardian of a minor student may inspect the student's records in accordance with administrative policy and established procedures and may challenge the content if he/she believes the records are inaccurate or misleading. Such a complaint would be filed with the building principal. If not satisfied with the decision, an appeal avenue is available through the Family Policy and Regulations Office of the U.S. Department of Education.

### TEACHER LICENCE

Federal law requires that we share with you the qualifications of the teachers in the School District of Wabeno Area.

All of the teachers in the School District of Wabeno Area have a minimum of a Bachelor's Degree and many have a Master's Degree or advanced training. All of the teachers are fully licensed for their teaching assignment. If you want to see the state qualification for your child's teacher you may ask us, or find it on the DPI website at: [www.dpi.wisconsin.gov](http://www.dpi.wisconsin.gov)

**Jauquet Reunion** Cont. from pg. 1

grandchildren from Baltimore, plus a host of other family members from the Green Bay area, and a few more who came by car. A lunch was held at the pavilion at Newald, and all had a more complete knowledge of the Jauquet family's colorful history.

Bill Cleereman is on the left and John Jauquet the right. They were business partners, brother-in-laws, and friends. They started the Cleereman & Jauquet Lumber Company in Newald in 1913.

The Jauquet family engaged in the logging business way back. They purchased timber lands near Sagola, Michigan back in 1903, and started logging there. In fact, there are still members of the Jauquet family in that area. One of the Jauquet loggers either fell in love with the U.P. or a girl from the area, or maybe both.

In Newald, the Cleereman & Jauquet partnership split in 1945. It was a friendly separation from all accounts. John Jauquet bought out Bill Cleereman, forming the Jauquet Lumber Company. Bill Cleereman went up the C&NW track a bit to the north and established Cleereman Lumber and Manufacturing.

By 1954, the Jauquet Lumber Company decided to stop operations. By 1955, William Jauquet had bought out the Diamond Coal and Supply in Green Bay and eventually changed it to Jauquet Lumber.

Bill Cleereman ran his mill until 1969, when he suddenly passed away, with the mill never operating again. By this time, Francis Cleereman, Bill's son, was up to his ears producing the famous Cleereman sawmill carriage. There are over 1,100 of them that were made in Newald, by the way.

We don't have a head count for all those at the Jauquet reunion, but they did fill the pavilion, and Bill Jauquet did a good job in teaching successive generations of Jauquets about their family's colorful history.

# Death Notices

**Roger F. Evanoff, 93**, of Crandon, formerly of Oak Creek, WI passed away July 26, 2017 at the Nu Roc Community Healthcare Center. He was born February 17, 1924, the son of Dan and Elizabeth (Mareah) Evanoff. Roger is survived by his wife of 65+ years and five children, Judith (Rick) Jones, Dan (Cindy) Evenoff, Jim (Renee) Evanoff, Mary (John) Bajorek and Robert Evanoff; 10 grandchildren; and 10 great-grandchildren.

Roger graduated from South Milwaukee High School and immediately went into the military service in WWII. Returning from the South Pacific in 1946 he married Marie Dirksmeyer. Roger was a master machinist and worked in the crane industry in the Milwaukee area. He returned to their home in Lake Lucerne in 1986. Roger was a member of Crandon's Lion Club, Knights of Columbus and the American Legion. He volunteered at St. Mary's Hospital in Rhinelander.

Honoring Roger's wishes there will be no viewing. Funeral Mass for Roger will be held at 11 a.m. on Tuesday, October, 10, 2017 at St. Joseph Catholic Church, Crandon, with Fr. John Cerkas officiating. Burial will follow services. Visitation will be held from 10 a.m. to time of service at the church.

Weber-Hill Funeral Home is assisting the family with the arrangements. Online condolences for the family may be directed to [www.weberhillfuneralhome.com](http://www.weberhillfuneralhome.com).

## Nicolet expands bachelor's degree options with Culinary Arts agreement with NMU

Nicolet College Culinary Arts graduates now have another path to a bachelor's degree thanks to a new credit transfer agreement recently inked with Northern Michigan University.

Under the arrangement, Nicolet students who complete the 64-credit Culinary Arts associate's degree can transfer those credits to Northern Michigan and enter the university with junior status.

"Along with providing students with a high quality college education, we also feel it's important to create opportunity for them to further their education after Nicolet," said Jeff Labs, dean of the college's Culinary Arts program.

"This agreement accomplishes exactly that and adds to the long list of credit transfer agreements Nicolet has in place with four-year campuses."

Northern Michigan's bachelor's of science in Hospitality and Tourism Management prepares graduates for careers managing and owning restaurants, hotels and catering services, serving as executive chefs, and management of food service positions at schools, hospitals, and other institutions, including government agencies.

"We are excited to partner with Nicolet College to provide its students this opportunity to further their education at NMU," said Robert Eslinger, interim dean of NMU's College of Technology and Occupational Sciences. "The NMU bachelor's degree track in culinary and food service covers advanced management topics and responsibilities. Students also gain practical experience in all aspects of quantity food production by running the on-campus Culinary Café and a high-end restaurant, Chez Nous."

In all, Nicolet now has 115 credit transfer agreements that lead to bachelor's degrees at 38 different four-year colleges and universities, including every campus in the University of Wisconsin System.

"One of the greatest benefits to starting a bachelor's degree at Nicolet is the cost savings," Labs explained. "Not only are credits less expensive – commonly only half as much or even less – but local students can also live at home which also saves on room and board. Combined, the savings can amount to many thousands of dollars."

Nicolet also has credit transfer agreements for nearly every one of its academic programs, including Accounting, Architecture, Business Management, Criminal Justice, Industrial and Electromechanical Technology, Information Technology, Nursing, and others.

Some of these agreements allow students to complete bachelor's degrees online without having to leave the Northwoods.

The college also features the University Transfer Liberal Arts program, its largest academic program. University Transfer students can take advantage of numerous credit transfer agreements, including one with UW-Madison, which guarantees admission to Nicolet students who meet certain academic requirements.

For more information about Nicolet's academic programs and transfer opportunities, visit [nicoletcollege.edu](http://nicoletcollege.edu) or call the Welcome Center at (715) 365-4493, 1-800-544-3039; TTY 1-800-947-3529 or 711.

### Baldwin introduces legislation to give the choice to buy into Medicare at age 55

WASHINGTON, D.C. – U.S. Senators Tammy Baldwin (D-WI), Debbie Stabenow (D-MI), Sherrod Brown (D-OH), and five other Senators introduced the Medicare at 55 Act, which provides an option for people between the ages of 55 and 64 to buy into Medicare. There are 41 million Americans between the ages of 55 and 64, and millions of them are burdened by high insurance premiums, unaffordable deductibles and limited options.

"Wisconsinites have sent a clear message to Washington that they want us to work across party lines to make health care more affordable, not more costly," said Senator Baldwin. "Our legislation offers a choice for millions of older Americans to buy more affordable, quality health care coverage. For people between the ages of 55 and 64, this is a high quality option that can help reduce health insurance costs and increase competition."

"People between the ages of 55 and 64 often have more health problems and face higher health care costs but aren't yet eligible for Medicare," said Senator Stabenow. "If you live in Michigan, are 58 years old, and are having a hard time finding coverage that works for you, this bill will let you buy into Medicare before you turn 65. Our legislation is one way we can work together on a bipartisan basis to lower health care and prescription drug costs."

"Giving people more quality choices at reasonable prices is something we can all agree on – that's what letting Ohioans buy into Medicare is all about," said Senator Brown. "This is a simple solution for folks who are 55 and can't get healthcare through work, or those who are ready to retire but aren't yet eligible for Medicare."

People in the 55-64 age group face unique health challenges and especially high health care costs. The average person in this age group pays more than \$1,200 in annual out-of-pocket costs and is at a greater risk of suffering from chronic conditions such as diabetes or arthritis and medical emergencies such as heart attack and stroke.

Under the Medicare at 55 Act, an individual between the ages of 55 and 64 who buys into Medicare would receive the same benefits and protections as an individual enrolled under Medicare parts A, B, and D.

U.S. Senators Sheldon Whitehouse (D-RI), Patrick Leahy (D-VT), Jeff Merkley (D-OR), Jack Reed (D-RI), and Al Franken (D-MN) co-sponsored the legislation.

way beyond just hitting a bulls-eye," Warnke said. "First, you learn to be safe. That carries with it an ability to concentrate, be responsible to how and where you shoot. In order to hit that target at the range, or at a shooting competition, you have to be able to control your breathing, your muscles, concentrate and be confident in your abilities. These are all real-life skills and it doesn't matter how big, tall, fast or strong you are."

Warnke says this is why shooting sports are popular with youth groups. "Some of us may have started out with a Red Ryder BB gun or the like," he said, referring to the popular A Christmas Story holiday movie about a 1940s boy's obsession to get a BB gun. "But, nowadays, safety training goes hand in hand with any shooting sport."

Users of any of Wisconsin's ranges, teachers and members of trapshooting groups and citizens are invited to post to the DNR social media platforms highlights of this sport. Here's how you do it:

- DNR Facebook
- Tag Wisconsin Department of Natural Resources in posts
- Post on DNR's timeline as a visitor, share comments, photos or both
- Comment on DNR posts by sharing your thoughts or photos
- DNR Twitter
- Tag/tweet at @WDNR in tweets
- Retweet our tweets
- Include use of either hashtag #letsgoshooting and #shootingsportsmo

"This sport has a lot to offer in terms of fun for all and a lot you can learn about yourself that you can use in daily life," Warnke said. "And at the top of the list is safety." **County Deer Advisory Council meetings provide public with opportunity to get involved in deer management**

MADISON - Beginning Aug. 21, County Deer Advisory Councils will review deer population data and other key information in order to develop preliminary three-year population objectives within their counties.

Council meetings will also discuss potential changes to Deer Management Unit (DMU) boundaries. Each CDAC meeting is open to the public - meetings are currently being scheduled and will be available at dnr.wi.gov, keyword "CDAC."

"Setting population objectives and reviewing DMU boundaries are discussions that occur only every three years," said Kevin Wallenfang, DNR CDAC coordinator. "These meetings and the resulting recommendations set the stage for the number of antlerless permits and the season structures that are used in each county for the next three year period. As a result, it is important that the hunters from each county will attend and provide their input as they will be impacted for the next several years based on the results of these meetings."

August CDAC meetings will develop preliminary recommendations, and a public feedback period in mid-September will include an online survey. Councils will reconvene in October to determine final deer season recommendations in each county. Final population objectives and DMU boundaries will be determined at the December 2017 Natural Resources Board meeting based on the information received through this public involvement process.

Councils will accept public comments prior to forming both preliminary and final recommendations. The public is encouraged to attend and provide feedback at any CDAC meeting or send comments to CDAC members - a contact list for each council and other helpful information is available at dnr.wi.gov, keyword "CDAC." For additional information, contact DNRCDACWebMail@Wisconsin.gov.

**August is inaugural National Shooting Sports Month**

MADISON -- The Wisconsin Department of Natural Resources is joining a national foundation in marking August as National Shooting Sports Month to promote the activity and its dedication to safety and skill-building as fun and appropriate for youth to adult and open to persons with varying physical abilities.

DNR Hunting and Shooting Sports Coordinator Keith Warnke says the National Shooting Sports Foundation's inaugural month-long celebration is an opportunity to introduce and to promote the state's growing number of private shooting ranges with public access hours, youth trap-shoot activities and firearm safety for hunters of all ages.

"Shooting sports are all about skills - skills that you carry into real life. This is why this sport is challenging and fun, and worthwhile for kids. This goes

## August is inaugural National Shooting Sports Month

MADISON -- The Wisconsin Department of Natural Resources is joining a national foundation in marking August as National Shooting Sports Month to promote the activity and its dedication to safety and skill-building as fun and appropriate for youth to adult and open to persons with varying physical abilities.

DNR Hunting and Shooting Sports Coordinator Keith Warnke says the National Shooting Sports Foundation's inaugural month-long celebration is an opportunity to introduce and to promote the state's growing number of private shooting ranges with public access hours, youth trap-shoot activities and firearm safety for hunters of all ages.

"Shooting sports are all about skills - skills that you carry into real life. This is why this sport is challenging and fun, and worthwhile for kids. This goes way beyond just hitting a bulls-eye," Warnke said. "First, you learn to be safe. That carries with it an ability to concentrate, be responsible to how and where you shoot. In order to hit that target at the range, or at a shooting competition, you have to be able to control your breathing, your muscles, concentrate and be confident in your abilities. These are all real-life skills and it doesn't matter how big, tall, fast or strong you are."

Warnke says this is why shooting sports are popular with youth groups. "Some of us may have started out with a Red Ryder BB gun or the like," he said, referring to the popular A Christmas Story holiday movie about a 1940s boy's obsession to get a BB gun. "But, nowadays, safety training goes hand in hand with any shooting sport."

Users of any of Wisconsin's ranges, teachers and members of trapshooting groups and citizens are invited to post to the DNR social media platforms highlights of this sport. Here's how you do it:

"This sport has a lot to offer in terms of fun for all and a lot you can learn about yourself that you can use in daily life," Warnke said. "And at the top of the list is safety."

**Legendary Racers** Cont. from pg. 1

**HONORING THE PAST:** Many of the sport's best short-course off-road racers have forged their legacy at the Crandon "Big House." Among the legends being honored at the new Vision Wheel Hospitality Complex are Walker Evans (top), Rob MacCachren (middle) Scott Taylor (above left) and Curt LeDuc (above right). Photo credit: Boyd Jaynes (Taylor/LeDuc image)

"There is nothing better than for the people behind Crandon International than honoring those heroes that helped put on the map," explained Crandon President Cliff Flannery. "We very much appreciate the support of Vision Wheel in making the new Hospitality Complex come alive this year, and honoring that achievement by naming sections after these racers brings it all full circle."

The ribbon-cutting ceremony will be part of a busy four-day schedule comprising the Crandon World Championship Off-Road Race weekend. It comes immediately after the traditional Crandon Labor Day Parade in downtown Crandon and right before fans can take their reserved grandstand seats for the weekends first race.

Fans from around the country are expected to invade Crandon's immense facility, which now features expanded seating and food service thanks to the newly completed Vision Wheel Hospitality Complex. More than 2,000 all-grass campsites will again offer the true "Crandon Experience," with family and friends coming back year after year. While many campsites are already reserved, fans can still enjoy Crandon camping on a first-come, first-served basis or by reserving sites and tickets via [www.crandonoffroad.com](http://www.crandonoffroad.com).

**Nicolet's Business Management degree now features an all-online option**

Students enrolling in Nicolet College's Business Management program now have the option of completing the associate degree entirely online with classes starting this fall.

"This gives students the opportunity to complete the coursework at times that are most convenient for them," said Nicolet College Dean of Business Emily Stuckenbruck. "Many students have jobs, they have families, and an online program like this is the best way for them to earn the college credential that is going to help them get ahead in life."

The program also features a credit for prior learning component where students already working in the business field could test out of classes and receive college credits for what they've learned on the job.

"This can save students both time and money," Stuckenbruck explained. "It's all about having the right set of skills, and if a student already has certain skills, we're happy to give them college credit for what they already know."

Classes include several on Microsoft Office software, Business Marketing, Survey of Accounting, Written Communication, Supervisory Management, and many others.

Students who have taken any of the required classes at other colleges may also be able to transfer these credits to Nicolet, depending on the college the student previously attended.

Nicolet's Business Management program is also available on a part-time basis, giving students the option to take just one or a few classes at a time as they complete the 63-credit associate degree.

Those who graduated from the program in 2016 reported an annual median salary of \$27,040 within six months of graduation and 100 percent of those responding to the Graduate Follow-up Survey reported they were satisfied or very satisfied with the program.

"It's important to note that salary typically increases with experience and the Business Management degree is a great way for graduates to get their foot in the door and go on to have a successful career in business," Stuckenbruck said.

Nicolet also has credit transfer agreements with 20 four-year colleges and universities for students to continue their education and earn a bachelor's degree.

For more information, visit [nicoletcollege.edu](http://nicoletcollege.edu) or call the Welcome Center at (715) 365-4493; TTY 1-800-947-3529 or 711.

**Nicolet LIR** Cont. from pg. 1

Some classes meet only once for a couple of hours while others meet once a week over the course of months.

"There's a great deal of flexibility," Peltier added. "Members are welcome to take as many or as few offerings as they wish."

Fall session activities will take place September through December and include a number of tours, educational and cultural experiences and social activities. Classes begin September 8.

All offerings are developed by LIR members. Some members are well-versed or even experts on a given topic and lead presentations themselves. Other classes are led by outside professionals.

A sampling of classes coming up this fall include the ever-popular Ced's Nature Series, Historic Boathouses of Eagle River, Drones! Unmanned Ariel Systems, Trials and Tribulations of Facebook/Social Media and Family, Who's Out To Get Your Money, and an exhibit at ArtStart which features 75 years of curated Green Bay Packers photos by Packer photographers.

Tours will include a visit to the Rhinelander Police Department Canine Unit and a cruise around the Eagle River Chain of Lakes on none other than a pirate ship.

Easy-paced outdoor activities will include a bike ride on the Bearskin Trail starting at Blue Lake Park near Minocqua.

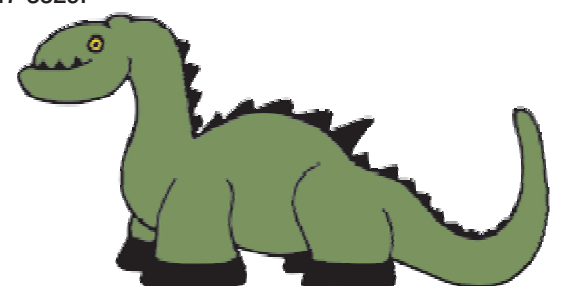

Social activities include the Fall Kick-Off Thursday, September 7, on the Nicolet College Campus, a special luncheon for new members Friday, September 29, also at Nicolet, and a Holiday Luncheon Thursday, December 7, at the Reiter Center in Three Lakes.

Annual LIR membership is \$40 and open to anyone who is retired or semi-retired. There are no tests or grades in any class.

Classes will be held throughout the Northwoods in Rhinelander, Eagle River, Minocqua, and Crandon.

To join, for a complete listing of classes, and to register online for classes visit [nicoletcollege.edu/lir](http://nicoletcollege.edu/lir).

## For Old Time's Sake

This photo from the early 1900's is of the Hiles Town Hall. Like town halls in every little town, it was the center of all activity, and often school events as well. It was the place for funerals, at times, funeral dinners, voting, and the best times of all, wedding dances!

The old building served the community well for many decades, and then served as a sawmill office and storeroom until its eventual demise in recent years.

A story from the old days came from Oliver Campbell, who as a teenager was working on a loading crew at Adkins Siding. One of the men was killed, and the bloody body was wrapped in canvas and brought to the town hall. Oliver, as the youngest and least experienced of the crew, was left to sit with the corpse through the night until the family could get there to pick up the body. He said he was spooked! He spent the night watching the level of the kerosene in the only lamp, hoping it wouldn't run out before daylight. The only thing worse than sitting with a dead guy, was to do it in the dark.

### Entrepreneur workshops Cont. from pg. 1

Nicolet. "Each workshop will provide an overview of topics that include creating a business plan, analyzing the market and competition, securing funding, and other factors that go into operating a successful business."

The free workshops will be followed this fall with the 10-week NET Business Blueprint Course which will delve deeper into the subject matter and offer guidance from experts in the fields of banking and financing, business law, insurance, accounting, marketing, and more.

Designed for both new and existing business owners, the course also offers access to industry and market research tools, individualized support and guidance, and resources to help transform your dreams and ideas into reality.

In Eagle River, the NET Business Blueprint course will meet on Wednesdays from 5:30 p.m. to 8:30 p.m., Sept. 13 to Nov. 15, at the Hwy. 70 Business Park.

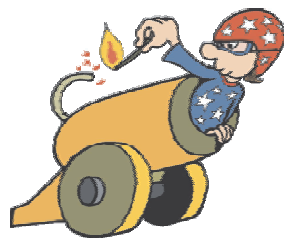

In Crandon, the class will meet on Tuesdays from 5:30 p.m. to 8:30 p.m., Sept. 19 to Nov. 21, at the Best Western.

The NET Business Blueprint course is valued at \$495 per person. Vilas County residents can apply for full funding through the Juday Entrepreneurial Scholarship program.

Residents outside Vilas County can apply for partial funding through a grant from the Wisconsin Economic Development Corporation (WEDC).

For more information, or to request application materials, attend one of the free NET Exploring Entrepreneurship informational sessions listed above or contact Patty Krarup at (608) 346-2371 or pkrarup@nicoletcollege.edu.

**Laona Lions 97th Annual Community Soup**

*Lions Dick Krawze and Conrad Connor attended to the soup.*

The Laona Lions 2017 Community Soup was held on Saturday August 5th at Silver Lake Beach. The day started the day with a sunny Souper Run at 9 am. After the run, people started to line up to get a bowl of soup. The soup prepping starts early in the morning and it cooked over an open fire. Serving of the soup started at noon and continued until the 2 big kettles were empty. The children enjoyed the games, bouncy houses and a dunk tank.

Throughout the day the raffle wheel was spun many times for prizes. The mid afternoon liquid sunshine didn't spoil the event, it only gave people a chance to enjoy the great food and drinks the Lion members prepared to serve.

The annual sawing contest is always fun to watch and participate in. The ticket raffle drawing at 5 pm ended another successful Lions event. Laona Lions Community Soup 2017 Raffle winners were; 1st prize \$500 Dallas Jenssen, Des Moines, Iowa, 2nd prize \$250 Sydney Connor, Laona, 3rd prize \$125 Dallas Jenssen, Des Moines, Iowa, 4th prize \$50 Willie Karl, Laona, 5th prize \$25 Nate Mihalko, Laona, 6th prize \$10 Betty Simon, Laona, 7th prize \$10 Richard Connor Jr., Loana, 8th prize \$10 Craig Michaels, 9th prize \$10 L. Statezny, Crandon, 10th prize \$10 Joe Peterson, Wabeno.

*Lion Jack Matuszewski was operating the raffle wheel.*

*Blowing bubbles is fun even if you aren't at the soup!*
