Flowers from the Heart and Wabeno Area Players team up for Murder Mystery Scholarship Fundraiser "The Ugly Christmas Sweater Contest"

Saturday, December 9, 2017 at 7:00 p.m. the Wabeno Area Players will be presenting "The Ugly Christmas Sweater Contest." It will be held in the beautiful atmosphere of Flowers from the Heart in Crandon.

This is an audience participation murder mystery show. Only 75 tickets will be available. Tickets can be purchased starting October 27, 2017. You can only purchase the tickets in person at Flowers from the Heart. No telephone or email purchases will be available. The cost per ticket is \$25.00 which includes hors d'oeuvres and adult beverages.

You get to be part of the show! All attendees must come wearing an Ugly Christmas Sweater and ready to solve the crime of murder. One week prior to the event you will receive the details of the party and who you will be as a character. This will be the event of the season and all proceeds go towards a great cause. During the night you will be entertained by characters and music of the holiday season.

Not only will you have fun and enjoy an evening of good cheer, you will be able to purchase store items at a discount. Door prize giveaways and raffles will be held throughout the night. This event will take the place of Flowers from the Heart's annual "Night of Elegance." Flowers from the Heart and owner Bruce Walentowski have been major supporters of the Erna Rousseau Scholarship and Wabeno Area Players. Bruce wanted to do something different this year and give back to the communities his business has served for 30 years. Flowers from the Heart opened its doors in December of 1987. Almost to the date of this special fundraising event. So it's also an Anniversary Party!

"The Ugly Christmas Sweater Contest" event will also take the place of Wabeno Area Players annual "Songs Under the Mistletoe."

Proceeds and donations from this evening will go to the Erna Rousseau Scholarship Fund. The scholarship is in the memory of Erna Rousseau, a lifelong piano teacher and accompanist from Wabeno. Erna always made time for students from the area and supported the arts fully. It's awarded annually to a student from Crandon, Goodman/Armstrong Creek, Laona and Wabeno who have been involved in the arts in high school and plan on pursuing a college degree in education, art, music, dance, or theater. Scholarships are now being awarded to current high school students to attend summer camps. Since 1997 the scholarship has awarded over \$9,000 to 26 area students. It's the only scholarship of it's kind for the youth in our area. Wabeno Area Players is the only community focused arts organization in our area as well. Both entities rely on the generous support of the community we live in. All donations are tax deductible. If you are interested in donating to the scholarship or Wabeno Area Players, please contact (715) 889-1606 or (715) 473-5466. You can also email us at wabenoareaplayers@gmail.com or send donations directly to: Wabeno Area Players P.O. Box 325 Wabeno, WI 54566

Breakfast with Law Enforcement kicks off Red Ribbon Week

Kaleb Punzel visits with the children

Red Ribbon Week 2017 is October 23 through October 31. Red Ribbon Week started in 1985 in response to the murder of Enrique (Kiki) Camarena, a Drug Enforcement Administration agent. Parents and youth across the country began wearing red ribbons to show their commitment to raise awareness of the killing and destruction caused by drugs in America.

In 1988, The National Family Partnership, sponsored the first Red Ribbon Celebration. Today, millions of youth and their families across the country have been educated and encouraged to participate in drug prevention activities. This years theme is "Your Future is Key So Stay Drug Free."

The Crandon Elementary School kicked off the Red Ribbon Week with a breakfast with the police. The Crandon Police Department and the Forest County Sheriff's Department came to the Crandon Elementary School and enjoyed a hearty breakfast with the children.

After the breakfast, all of the elementary students and staff attended a presentation thanking all law enforcement for keeping us safe. The Crandon Police Department and the Forest County Sheriff's Department were given thank you cards. A song was performed by the kindergarten class and a poem was done by the first grade. The fifth grade class wrote essays about what law enforcement meant to them. Individual essays and thank you cards were presented to law enforcement. After the assembly, the law enforcement greeted the children as they walked back to class.

Principal Jamie Belland present Andy Karcz, Chief Dan Packard and Don Belland with thank you cards from Crandon Elementary.

Trees for Tomorrow

By: Jake Milan, Joey Milan, and Owen Wysocki
Trees For Tomorrow was so fun. Trees For Tomorrow is located in Eagle River, Wisconsin.

We got to learn and experience survival skills, canoe lessons, finding data from a bog, finding data from a lake, and much more. We also got to hold Ball Pythons. We did survival skills in case we would get lost in the woods. We learned how to build a camp in the woods in rainy weather. We learned how to canoe, people who didn't know how to canoe learned different canoeing skills such as paddling, balancing, and entering and exiting the canoe. We got to walk on a bog, then we had to take data like clarity, PH level, oxygen level, and temperature. The food there was awesome. We also had fun on the night hike.

We had so much fun at Trees For Tomorrow!

Trees For Tomorrow Article

By Josie Rock, Layla Yang
Trees For Tomorrow was a great experience. We left school at 1:30 during our 6th hour class. When we got there it was about 2:30. We unloaded our luggage, found out who are roommates were, and what room we were staying in. We had an hour to get everything unpacked and

settled in. After everyone got settled in we all were hanging out in the girl's lounge with the boys. The lounge had a two couches, three chairs, and one large table.

After the hour was over we headed to our first class of the camp. We found out that Trees For Tomorrow was founded in 1944. We had two counselors that were teaching us all about it. After they taught us how it was founded and explained what classes we went to, the two counselors told the class that we will be going canoeing. We hopped into the big vans and they explained what we were going to be doing. They told us that we were going to Silver Lake to practice canoeing for tomorrow because we would be taking them out again and would be doing more fun stuff with them.

When we arrived at Silver Lake we hopped out of the vans and got the canoes off of the trailer and into the water. We got our life vests on, grabbed a paddle, got our partners and got into the water and off we went. We all went to bed and were ready for the next day to come. In the morning we all woke up at 6:30 and got ready to go to breakfast. As we were getting the food onto are trays they told us what was going to happen during the day.

That day we were going to Eagle River to test the environment's health. We ended up finding different bugs and creatures. We all walked back to the picnic tables and shared all of our information with all the other classmates. Everyone got different information because we were all in different groups and different spots. As we headed back to Trees For Tomorrow we ate dinner, had our free time, and went to bed.

The next day we went to a bog. A bog is almost like a pond but bigger and has a lot of moss. We learned that it comes from glaciers that have melted a long time ago. The moss builds up and makes like a platform above water. When you step on it, water comes up from below you. We took the PH level to test how healthy the water is, then we headed back to the camp. We ate dinner, took showers, and then we all met up in the girl's lounge. We all were either on our phones or playing cards.

The last day we were there, we got packed and went to breakfast. We all went to the first class and went home. We all definitely want to go back to Trees For Tomorrow again next year. It was definitely worth it. It was the best experience we have ever had!

Freshman at Goodman-Armstrong Creek High School Tie for First During Homecoming Festivities

By Lamarr Lewis and Gabe Wysocki

The Freshman class at Goodman-Armstrong Creek High School came in a photo finish tie for first place in their Homecoming festivities. They tied with the Senior class who has won since their Sophomore year, coming very close to winning. The final scores of the festivities were 170 points to the Freshmen and Seniors and 130 points to the Sophomores and Juniors. As the week went on, there were seven opportunities to earn points over the week.

The days were as follows; Tuesday was Tacky Tourist day, Wednesday was class color day, Thursday was generation day. For Generation Day each class was assigned an age group to dress up as: Freshman were babies, Sophomores were teenagers, Juniors were middle aged, and the Seniors were senior citizens. Lastly, Friday was school spirit day where the classed dressed in their school colors. The competitions were: each classes skit, a yell down after their pep rally, and their floats which were featured in the parade. The Freshman got the maximum amount of points in the yell down and the skit which put them into first place. Alas they got 3rd place in the float which put them into a tie for first with the Freshman. This is a very exciting feat because it has been far too long since the Freshman have come this close to winning the festivities.

All in all, it was a great Homecoming this year.

Pep Rally 2017

By Caleb N

Our Pep Rally for GAC 2017 Homecoming was quite enjoyable. Many alumni throughout the town of Goodman had told us students that the whole Rally was one of the best they have seen in a quite some time. Starting with amusing class skits, and ending with an intense game of dodgeball against the alumni. It was a battle to the end for all of the classes so they could be the winner of homecoming. The freshmen had won the skit followed by the seniors, juniors, and then the sophomores. The seniors then played the alumni in the final game of dodgeball after beating the rest of the classes and had finally lost. The seniors then called for a rematch against any class that wanted to play them again and the juniors decided to play again. The first game against the juniors was close, but they could make it to the end. Now evenly matched, the juniors came back to finally show they could beat the seniors, and that's what they did.

Sundance winner Chasing Coral Nov. 7 at Nicolet College

The once exceedingly vast, vibrant and fertile fields of ocean coral and their rapid demise will take center stage in the Nicolet College Theatre with the screening and audience discussion of the award-winning film Chasing Coral at 6:30 p.m. Tuesday, Nov. 7.

A winner at the 2017 Sundance Film Festival and the recipient of a box full of other awards, the film documents the rapidly-shrinking marine ecosystems from around the world as they devolve from lush and diverse environments to barren wastelands consisting of little more than muck.

The culprit: warming ocean waters where as little as a two-degree temperature change can have devastating impacts.

Taking more than three years to shoot, director Jeff Orlowski sifted through more than 500 hours of underwater video from around the world to make the hour-and-a-half-long film.

"The secret weapon for Chasing Coral is that it's extremely funny, involving the viewers into its "Silicon Valley"-level nerd-ery about coral reefs. Orlowski's direct involvement with the story makes the documentary its own adventure," writes Nick Allen for the Ebert Club newsletter.

Nicolet Herrington, film critic for The New York Times, says "the film is particularly compelling when following Zack Rago, a self-proclaimed coral nerd whose love is palpable and infectious. The work takes a toll on his spirits, never more so than when after weeks of dives, he encounters what has essentially become a gravesite, barely resembling what was once a fertile haven."

Dr. David Barnhill will lead a discussion at the conclusion of the film.

The presentation is part of the Our Changing World series at Nicolet, sponsored by the Oneida and Vilas County Chapter of the Citizen's Climate Lobby and the Nicolet College Sustainability Professional Learning Community.

Admission is free and open to the public.

Johnson pushes for more health care reforms on MSNBC

WASHINGTON – During an appearance on MSNBC’s “Meet The Press Daily” Thursday, U.S. Sen. Ron Johnson (R-Wis.) explained why he is seeking reforms to increase access to affordable health care in exchange for funding insurance cost-sharing reductions (CSRs).

Excerpts from Senator Johnson’s appearance are below, and video can be found here.

“The bottom line is the insurance companies will get paid either way. The fix is already in. They either get the cost-sharing reductions, or they will get increased premiums and the American taxpayer will be out ... another \$194 billion. So I think it’s a legitimate point of view on the part of Republicans to really resist trying to fund these unsustainable markets. That’s a legitimate point of view, but the reality is, if we don’t fund these cost-sharing reductions, premiums would increase and people that are working hard, those individuals that don’t get subsidies (will face unaffordable premium increases).”

On if he supports the Alexander-Murray agreement

“No. What I’m for is in exchange for cost-sharing reductions getting some real reforms.”

“It’s a pretty easy lift to convince all Democrats to fund this faulty architecture. It’s more difficult in the House.”

Background

Sen. Johnson is working to build support in Congress for several reforms, including the following:

1. **Improved price transparency**—Require the Centers for Medicare and Medicaid Services (CMS) to publicize pricing and cost information that it receives from providers in a format that is appropriate and useful to consumers;
2. **Expanded insurance options**—Allow all Americans (not just those under 30) to purchase catastrophic care plans, roll back the 90-day limit on short-term, limited duration plans (restoring the 364 day limit), deem that these plans satisfy the individual mandate under Obamacare, and allow greater state flexibility through 1332 waivers;
3. **Strengthened consumer-directed plans**—Expand the use of consumer-directed accounts to purchase expanded insurance options, and expand tax free contributions;
4. **Reduced mandates**—Delay the enforcement of the employer mandate to prevent 90,000 businesses from being assessed \$5 billion in fines due to Obamacare’s mandates on employers; waive enforcement of the individual mandate for plan year 2017;
5. **Lower premiums**—Require insurers to roll back premium increases announced and justified by the anticipated ending of unlawful CSR payments.

Senators Baldwin and Nelson Call on Department of Education to Act on Student Loan Debt Relief Scams

WASHINGTON, D.C. – Following the Federal Trade Commission’s (FTC) announcement of the first federal-state law enforcement initiative to crack down on student loan debt relief scams, U.S. Senators Tammy Baldwin (D-WI) and Bill Nelson (D-FL) continue to call for the Department of Education to also take action in addressing this growing problem.

In a letter last month, Baldwin and Nelson led a group of 12 senators in calling on Department of Education Secretary Betsy DeVos to take swift action in addressing the growing problem of student loan debt relief scams, citing the Department’s responsibility to ensure effective and streamlined student loan services.

“We write to request that your agency take swift action to address the growing problem of student loan debt relief scams,” wrote the senators. “These schemes are luring student loan borrowers into paying thousands of dollars in exorbitant and unnecessary fees for services that are available for free with false promises to reduce or forgive their debt. Most victims of these deceptive practices are quickly defrauded by the companies that promised to help them, and unknowingly become delinquent on their payments and default on their loans, miss communications with their servicers, and fall even deeper into debt. Given the terrible impact on student loan borrowers and their families, and the clear federal role in improving federal student loan servicing we strongly believe the U.S. Department of Education (“Department”) and its contracted loan servicers should take new and more aggressive action to reduce the prevalence of these debt relief scams.”

Senators Patty Murray (D-WA), Dianne Feinstein (D-CA), Kirsten Gillibrand (D-NY), Chris Murphy (D-CT), Catherine Cortez Masto (D-NV), Ben Cardin (D-MD), Kamala Harris (D-CA), Dick Durbin (D-IL), Amy Klobuchar (D-MN), Al Franken (D-MN), Jack Reed (D-RI) and Elizabeth Warren (D-MA) also signed the letter.

Cliff Bentley, 92, of Milwaukee, formerly of Crandon passed away at the VA Hospital in Milwaukee on October 18, 2017.

Services will be held at 11 a.m. Saturday, October 28, 2017 at Praise Chapel Community Church, Crandon, WI with Pastor Bill Farr officiating. Burial to follow at the Town of Crandon Cemetery. Visitation will be held from 9 a.m. to time of service at the church.

Wilbert Edmund

Truttman, 86, Laona, passed away Monday October 16 in Green Bay, WI. Wilbert (Bill as most people know him), was born November 7, 1930 in New Glaris, WI. He was the youngest son of Jacob and Emma (Kubly) Truttman. He lived on a farm with his family in New Glaris until the age of 9 when the family moved to Green Bay. Bill spent a lot of time in his younger years caring for his sister Rosemary who suffered from illness and passed away at a young age.

Bill married Shirley Selsmeyer on September 30, 1950. Together they lived and raised their daughters in Green Bay until retirement when they moved to “the cottage” in Laona. Bill worked at the papermill in the printing department for many years, then as a building materials salesman, and as an expediter for a home building company. He was a member of the Naval Reserve. He also worked odd jobs like bartending where he was the smiling face people would remember. Everywhere he went he joked around with people and was smiling. Both he and Shirley were very active members of the First Presbyterian Church in Green Bay and then in Wabeno. They served as both Deacons and Elders for the church. They hosted many coffee hours in Wabeno at church and would help with the pie booth at Steam-up days. They also took care of the altar and set-up communion for many years. Bill was always the last-minute user, if someone didn’t show-up he would fill in. They were both auxiliary members for Laona Rescue Unit and Bill did serve as a driver.

He coached many softball teams that his daughter played on, and even if he wasn’t coaching, he would be in the stands, he didn’t miss a game. As coach, he was the dad to everyone on the team. Bill was an avid sports fan and loved watching the Packers, he even had season tickets. But the Chicago Cubs stole his heart. He attended many Cubs games in Chicago and never missed them on TV. He never lost sight of his Cubbies winning the world series and he got to see that happen. In his later years, he loved TV and would get right into the shows. He never missed Molly B polka, music was his second favorite after sports.

Bill (or Papa) as the kids knew him, was the ultimate dad and grandpa. He would spend hours on end just “playing” with the kids. It didn’t matter where he was, the kids naturally migrated to him. He would get right down to the kid’s level and use imagination just like them. He would spend all day taking care of and playing with the kids. He also had a love for animals and any animal around would find him and jump on his lap. It didn’t matter, dog, cat, they knew they would be petted and also receive treats. Many of the treats were from the sugary snacks that he loved. Sweets were also very important and became the main course for many of his meals.

Much of his later years were spent caring for Shirley. When her memory gave out, he was the memory. He helped her with the cleaning, he would measure the ingredients and put them in the right order so that she could still bake, and then as the disease progressed he would dress her and feed her each day. She became very anxious and he would just drive her around in the car for hours on end to keep her calm and content. Then when she needed to be placed in the nursing home, he went and sat with her every day. It didn’t matter that the memories were gone, she was “the love of his life,” and that was what he was supposed to be doing.

Wilbert is survived by his daughters, Pam (Rick) Enders of Laona and Amy Truttman (Amy Jakubovsky) of De Pere; grandchildren, Annie (Joe) Krawze, Nic Enders and Lillian Sprenger (Tyler Williams); great-grandchildren, Shelby Krawze (Jared Piontek), Chloe Krawze and Nylan Krawze; brothers, Warren (Doris) Truttman and Rodney (Marilyn) Truttman; many nieces and nephews.

He was preceded in death by his parents, Jacob and Emma; sister, Rosemary; and wife, Shirley.

Visitation was held on Monday, October 23, 2017 from 10-11 a.m. at the Presbyterian Church, Wabeno. Memorial service followed at 11 a.m. with Pastor Lee Jennings officiating. Interment will be at the Laona Cemetery. Online condolences may be left for the family at www.weberhillfuneralhome.com.

Protecting Yourself from Medicare Enrollment Fraud

Submitted by Kathy O'Melia

Medicare has rules about how Medicare Advantage and Part D prescription drug plans can contact you and market their services, at all times, including during Medicare's Open Enrollment Period, which runs from October 15 through December 7 each year.

Point 1: Know the rules about how plans can contact and market to you.

Plans can begin marketing as early as October 1 each year. Knowing some of these rules can help you protect yourself from dishonest plan agents or people posing as agents.

Plans are allowed to send you mail. However, unless you are currently enrolled in the company's plan, they are not allowed to call, email, visit your home, or approach you in public to market their plan without your permission. Agents and brokers can have educational exhibits at public events, but they cannot try to enroll you in their plan at these events. They can only give out their contact information only upon request, and then you must be the one to call them.

Point 2: Know how to avoid potential enrollment fraud.

There is a higher risk for fraudulent activities during Medicare's Open Enrollment Period. Enrollment fraud occurs when a plan agent or representative purposefully tricks you into enrolling in their plan, regardless of whether it is the right plan for you. They may do this by telling you misleading or false information to get you to enroll. Some may even enroll you without your knowledge.

Watch out for people who pressure you with time limits to enroll in their plan. You can use the entire Open Enrollment Period to make your decisions. You will not receive extra benefits for signing up early for a plan. Contact your State Health Insurance Assistance Program (SHIP) for trustworthy and unbiased counseling if you have questions about any of your plan options.

Watch out for people who ask for your Medicare number, Social Security number, and/or bank information just to provide you with information. Someone can use this personal information to enroll you in a plan without your permission. Know that plans cannot request this personal information at an educational event and cannot call you to ask for a payment over the phone they must send a bill.

Watch out for people who threaten you with the loss of your Medicare benefits unless you sign up for their plan.

Watch out for people who offer you gifts to enroll in their plan. Gifts must be given to everyone regardless of their enrollment, and cannot be worth more than \$15.

Watch out for people who say they represent Medicare. Plans are never allowed to suggest they represent or are preferred by Medicare or any other

government agency.

For further information or to file a complaint online go to <https://oci.wi.gov/>. For information and complaints call the Wisconsin Office of the Commissioner of Insurance at 608-266-0107.

Community Input Continued From pg. 1

Survey results will be reported to the school board on January 8, 2018 at 6:00 PM. The survey results will then be used by a community focus group which will meet in January and February to develop draft vision and mission statements. Dr. Kryder, the school board, and school personnel will finalize the vision and mission statements from the drafts proposed. The survey results will also provide valuable information for future planning and continuous improvement efforts in our schools.

Survey questions will focus on programming, communication, and what the community values about education. The survey will be open for responses from November 1, 2017 through November 30, 2017. All paper copies of the survey need to be received by the district office, in person or by mail, by Thursday, November 30, 2017.

If you have any questions regarding the survey or the process, please feel free to call the School District of Crandon at 715-478-3339.

Fun Facts about Halloween From the Internet

- Trick or treating comes from the Middle-Age practice of the poor dressing up in costumes and going around door to door during Hallowmas begging for food or money in exchange for prayers. The food given was often a Soul Cake, which was a small round cake which represented a soul being freed from Purgatory when the cake was eaten.
- Halloween is also know by other names:
All Hallows Eve
All Hallowtide
The Feast of the Dead
The Day of the Dead
- The owl is a popular Halloween image. In Medieval Europe, owls were thought to be witches, and to hear an owl's call meant someone was about to die.
- Halloween also is recognized as the 3rd biggest party day after New Year's and Super Bowl Sunday.
- Halloween is Oct. 31 – the last day of the Celtic calendar. It actually was a pagan holiday honoring the dead.
- Trick-or-treating evolved from the ancient Celtic tradition of putting out treats and food to placate spirits who roamed the streets at Samhain, a sacred festival that marked the end of the Celtic calendar year.
- Halloween is correctly spelt as Hallowe'en.
- If you see a spider on this night, it could be the spirit of a dead loved one who is watching you.
- Halloween is one of the oldest celebrations in the world, dating back over 2000 years to the time of the Celts who lived in Britain.
- More than 93 percent of children go trick-or-treating each year. (source: NCA)
- The tradition of adding pranks into the Halloween mix started to turn ugly in the 1930's and a movement began to substitute practical jokes for kids going door to door collecting candy.
- Black cats get a bad rap on Halloween because they were once believed to be protected their master's dark powers.
- Halloween was originally a Celtic holiday celebrated on October 31.
- Halloween was brought to North America by immigrants from Europe who would celebrate the harvest around a bonfire, share ghost stories, sing, dance and tell fortunes.
- Orange and black are Halloween colors because orange is associated with the Fall harvest and black is associated with darkness and death.
- There are no words in the dictionary that rhyme with orange, the color of pumpkin.
