CIORA adds ULTRA4 series to Off-Road World Championships

New Triple Crown of Off-Road also includes King Of The Hammers and Mint 400

INTERACTIVE PARK: Crandon's 100-acre Off-Road Park will be the site of the 2018 Crandon "ULTRA Cross" race Friday night, August 31st as part of Forest County Potawatomi's "Friday Night Thunder" races. In addition, the facility will be open to Jeep, truck and 4x4 fans all weekend for interactive off-roading and other attractions.

Adding even more world-class competition to its iconic World Championship Off-Road Race® event, Crandon International Raceway today announced a new alliance with Hammering Productions to bring the hugely popular ULTRA4 class to its massive Labor Day weekend gathering of fans and short-course racers.

Hammering Productions not only promotes and executes the iconic King of the Hammers event in Johnson Valley, California, but also the Nitto ULTRA4 National Championship series.

Representing the ultimate rock racing vehicles in the world, ULTRA4's return to Crandon is part of the newly created "Nitto Triple Crown of Off-Road," a special three event series that includes February's Nitto King of the Hammers, March's 50th anniversary Polaris RZR Mint 400 presented by BFGoodrich and Crandon's 49th annual Crandon World Championship Off-Road Races®, held this year on August 30th - September 2nd.

The ULTRA4 series last visited Crandon International Raceway in 2012, part of the track's traditional Forest County Potawatomi Brush Run race weekend taking place each June.

Today's announcement comes only weeks after Crandon International announced its new partnership with the BFGoodrich Unlimited Off-Road Show series to bring Jeep, 4x4 and truck fans and industry suppliers to Crandon's World Championship weekend.

"We are very pleased to be taking another step in bringing our fans -- both old and new -- a truly world-class off-road experience," explained Crandon President Cliff Flannery. "Beyond that, we are also very proud to help unite all three of the biggest off-road races in America under one series like the Nitto Triple Crown of Off-Road. Combining

Courthouse meeting in Laona is your last chance to learn about the project & give opinions

By Mike Monte

By the time you read this, the Crandon informational meeting on the courthouse project will have been held, and the Wabeno meeting is also past. If you are interested, attend the meeting in Laona on the same subject. All of the meetings will have the same slide show and, we were told at Wabeno, the same verbal presentation.

All of the citizenry should have received the brochure in the mail on this subject. It is the one with the pretty picture of the "old" 1909 courthouse on the front to make it look nice. In the brochure, there are only two options listed.

As you have noticed, there is the option of doing the necessary work to the jail, while refurbishing the old courthouse. In that plan, the old jail, sheriff's quarters and the office of the District Attorney would be torn down. The cost is listed at \$26 million.

The other option is to remove the old courthouse and the current north addition, while adding a new two-story courthouse slightly farther north and out to the sidewalk on Madison Street.

My observation of the opinions at the Wabeno meeting was that a small county, like Forest County, which is down on the list of economic ratings probably can't afford to go in debt this far. Smaller, less expensive options would be more popular, and I think the majority of the people at this meeting weren't in favor of losing the elegant old landmark courthouse.

Another question in many minds is whether or not the decision has already been made, and if these meetings are held to let the citizenry think they have had a say in the matter. Time will tell, as the old saying goes.

If you want to learn more and put in your two cents worth, attend the meeting in Laona, at the school, on January 24th, at 7:00 p.m.

THE DASTARDLY DOCTOR DEVEREAUX

Book & Lyrics By Billy St. John, Music By Debbie Wilson JULY 19-21, 7 P.M. | JULY 22, 1 P.M. Wabeno High School Auditorium 4325 Branch St. | Wabeno, WI 54566

Lotta Cash, a wealthy widow, must be on the lookout. The evil Dogsbreath Devereaux, M.D., plans to marry Lotta so he can inherit her fortune and her late husband's clinic. Helping him is the nasty nurse, Hilda Hatchet, whom he promises to wed after he gets rid of Lotta. Wild? Well, talk about medical mania when the insanely jealous Hilda catches Dogsbreath flirting with our heroine, Wendy March. We can only hope that Dr. Phil Good, our hero, can save Wendy and the unsuspecting Lotta from certain death. With an abundance of zany patients, wild tunes ("How Do You Bandage a Broken Heart?," "Emergency," "Do the Bop," etc.) and a hilarious plot, this musical melodrama will certainly have you in stitches all the way! As they say, "Nurses! Foiled again!"

and bragging rights, ULTRA4 racers will also be competing for a portion of Crandon's \$200,000 cash and World Cup prize purse -- along with earning coveted Crandon World Championship rings and Olympic-style medals.

To receive an invitation to the Nitto Triple Crown, drivers must either finish the 2018 King of the Hammers 4400 class or have finished in the top 20 during the 2017 ULTRA4 Nitto National Championship Series. All drivers invited to race at the Mint 400 as part of the Triple Crown will have a chance to race Friday night at Crandon's ULTRA Cross race. All drivers must commit to an ULTRA4 Regional Series to participate in the Nitto Triple Crown. These are additional races and cannot be raced in lieu of regional races.

In 2017 Crandon International Raceway attracted 54,400 fans over two days at the World Championship weekend, a record expected to be broken in 2018.

Along with a full slate of The Off Road Championship (TORC) PRO and Sportsman racing, Crandon's World Championship weekend will feature the annual Crandon World Cup. Hosted and sanctioned by Crandon International Raceway on Sunday, September 2nd, the special day has been created to attract the world's best off-road racers and teams to compete for Crandon World Championships in a variety of PRO-level classes. For just the third time in the sport's nearly 50-year history, short course competitors from sanctioning bodies around the country can race on a completely level playing field with the biggest single day payout in the sport.

Annual Heating Moratorium Started November 1

Submitted by Kathy O'Melia

Wisconsin law prohibits utility companies from turning off electricity or natural gas to customers who are behind in payments from November 1 until April 15. However, this does not apply to customers who have already been disconnected prior to November 1.

Customers who are currently disconnected and who have not made arrangements to pay their bills should call their utility companies right away. Utility companies do not have to reconnect service until a payment plan is in place. This means that the disconnection could last through the winter.

Energy assistance is available for eligible households through the Wisconsin Home Energy Assistance Program (WHEAP). Eligibility is based on income. For more information about this program, call 1-866-HEATWIS (432-8947), or visit the "Where to Apply" tab on www.homeenergyplus.wi.gov to find your local energy assistance agency. Cervical Cancer Month

January is Cervical Cancer Awareness month. Nearly 13,000 women in the United States are diagnosed with cervical cancer each year. Cervical cancer is most often caused by the human papillomavirus (HPV). This disease is preventable with vaccination against HPV and proper screening. It can be cured when found early and treated.

HPV is very common in the United States and is passed from one person to another during sex. It is also common that nearly all sexually active men and women get it at some point in their lives, but few women will get cervical cancer.

Talk to your health care provider about getting the HPV test.

There are two tests that help prevent cervical cancer or find it early:

--- The Pap test (or Pap smear) looks for precancers, which are cell changes on the cervix that might become cervical cancer if they are not treated appropriately.

--- The HPV test looks for the virus that can cause these cell changes.

The Pap test is recommended for women between the ages of 21-65, and can be done in a doctor's office or clinic. Women should start getting Pap tests regularly at age 21. If your Pap test results are normal, your doctor may say you can wait three years until your next Pap test. If you are 30 years old or older, you may choose to have an HPV test with the Pap test. Your doctor can perform both the Pap and HPV tests at the same time. If your test results are normal, your chance of getting cervical cancer in the next few years is very low. Your doctor may then say you can wait as long as five years for your next screening.

There is a vaccine available that can protect against the types of HPV that most often cause cervical cancer. HPV can also cause cancers of the penis in men, as well as other areas of the body in both men and women. The vaccine is the HPV vaccine. It is recommended for

preteens (both boys and girls) aged 11-12 years but can be given as early as age 9 up until age 26.

HPV vaccine is available at the Public Health department free of cost to eligible clients. Or you can talk to your health care provider about getting the HPV vaccine. Most insurance plans cover the HPV vaccine.

Death Notices

Audrey Breaker-Ratty

passed away peacefully with her family by her side on January 7, 2018. She was ninety years young.

Audrey was the strongest, most beautiful (inside and out) and funniest lady that anyone could ever know. She was gracious and kind to everyone she knew and was loved in return. She had many friends and had a wonderful sense of humor. She could even make a trip to Fleet Farm fun. That in itself is a tribute to a remarkable person.

Audrey was born in Lily, Wisconsin on July 24, 1927, the third child of Jessie and Dillard Whisman. She grew up during the great depression and indeed knew hard times. But she overcame the difficulties and became the great person she was. She graduated from Wabeno High School in 1945. After high school, she worked in Milwaukee as a housekeeper and later returned to Wabeno to work at Schlafke's Bakery.

On April 5, 1947, Audrey married Gene Breaker. For a while they lived in Michigan while Gene worked in factories before returning to Laona to settle. There, Gene worked for the Connor Company and Audrey stayed home and raised her family. Together they had seven children: Edward Breaker, Eugene "Skeeter" Breaker, Vicki (Jim) Lemerande, Joe (Sherri) Breaker, Chris (Mike) Geske, Penny (Jack) Carter and Paul Breaker. In 1973 Audrey lost her husband Gene. She continued to raise her last four children alone.

In 1985, she married Max Ratty and at this time, returned to work. She worked for the Laona school system in the cafeteria and then the Laona Clubhouse Café into her 70's. They were married 25 years before his death in 2010. Audrey loved to spend time with her family and friends. At one time she was an avid bowler and enjoyed the many friendships she made while doing so.

In 2001 she had a stroke and had to retire and give up bowling. She enjoyed rides with her kids and visits from friends and family alike. She also enjoyed the family picnics and gatherings. She raised seven children. This was no easy task. She is our hero!

Audrey is survived by six of her children, Skeeter, Vicki, Joe, Chris, Penny and Paul. She is also survived by grandchildren, Cory Lemerande, Tricia Rocole, Chad Lemerande, Emilee and Amanda Breaker, Courtney Hauser, Ashley and Brittney Carter and Jacob Geske. Audrey also has seven great-grandchildren.

She is preceded in death by her husbands, Gene and Max; son, Edward; brothers, Lonnie, Clarence and Frances Whisman; sister, Gladys Raminger; and one grandchild.

Audrey will be remembered as a fun, kind and loving mother, grandmother and friend. Those fortunate enough to know her were blessed to have her in their life.

Visitation was held on Friday, January 12, 2018 from 9 a.m. until noon at the Weber-Hill Funeral Home in Crandon. Funeral services followed with Pastor Bill Farr officiating. Interment was at the Laona Cemetery. Online condolences may be left for the family at www.weberhillfuneralhome.com.

Letters to the Editor

We welcome letter to the Editor; however the letters should be legible, in good taste, not libelous and pertinent to current issues. Names will not be withheld upon request, except for very special circumstances. NAME AND PHONE NUMBER SHOULD BE INCLUDED FOR VERIFICATION PURPOSES. We reserve the right to reject any and all letters.

Good Job Michelle!

Michelle Gobert, who has been the director of our Crandon Public Library for nine years, has accepted a position with the UW Extension at the courthouse.

Few of us appreciate the complexities of running a community public library and the important role that facility plays as a face of the community. Not only does the library provide area residents with a variety of services and special programs, it also provides visitors access to the internet, newspaper headlines, local information and a friendly smile.

Thought of as an extravagance by some, the library is an important face of our community. Michelle has played an important role in keeping it current and vibrant, a true community asset.

We wish her well in her new responsibilities. She has set a high bar for her replacement.

Ed Smith INSURANCE TIP ATTICS & ICE DAMS

It is the time of year where the temperatures are dropping. Here are some homeowner tips to help prevent ice dams.

- Keep the attic well ventilated. The cooler the attic, the less melting and re-freezing on the roof.

- Keep the attic floor well insulated to minimize the amount of heat rising through the attic from within the home.

- As an extra precaution against roof leaks, have a contractor install a water repellant membrane under the roof covering.

Nicolet College, Herzing University partner for nursing bachelor's degree

Students with an associate degree from Nicolet College will have a more affordable and flexible option to earn a Bachelor's of Science in Nursing (BSN) degree, thanks to a partnership announced with Herzing University.

Following completion of an associate degree and application to Herzing's DEGREE UP program, students can pursue credit from both Nicolet College and Herzing University simultaneously. The partnership will allow students to take advantage of Nicolet's tuition rates for many required bachelor's-level courses, making the next stage in their education more affordable.

"Over the years, many Nicolet nursing graduates have gone on to earn a bachelor's degree," said Nicolet Dean of Health Occupations Candy Dailey. "This new partnership with Herzing University creates another opportunity for individuals to reach that goal and learn the advanced skills that lead to a rewarding career."

Students in the DEGREE UP program take their courses from Herzing University Online. The end result is both an associate degree from Nicolet College and a BSN degree from Herzing University. Herzing offers classes in spring, summer and fall semesters, allowing students to earn the degree in as little as 12 months.

Herzing RN to BSN students may also elect to take up to four graduate courses that will satisfy RN to BSN program requirements. These courses also count toward a Master's of Science in Nursing (MSN) degree program with Herzing.

"RN to BSN Online is an efficient and flexible degree program for licensed registered nurses," said Herzing University Madison Campus President Bill Vinson. "They can keep working and fulfilling other obligations while earning a degree that will help advance their careers."

Herzing University's Online RN to BSN program is accredited by the Commission on Collegiate Nursing Education (CCNE). CCNE accreditation acknowledges that Herzing's nursing programs meet specific national standards. Accreditation is important for individuals who may want to further their education, as most post-grad programs require a degree from an accredited program. Herzing University is an accredited private nonprofit institution with 10 campuses in seven states and extensive online programming.

For more information, visit nicoletcollege.edu, herzing.edu, or call Nicolet at (715) 365-4493, 1-800-544-3039, ext. 4493; TTY 1-800-947-3529 or 711 relay.

Walk with Ease program now offered in Crandon

The Forest County Commission on Aging, in partnership with the Forest County Health Department, is offering a free Walk With Ease class starting February 5th, 2018. Walk With Ease a program from the Arthritis Foundation -- is a structured walking program that teaches participants how to safely make physical activity part of their everyday life. The program is designed to help people living with arthritis better manage their pain and is also ideal for people without arthritis who want to make walking a daily habit.

Walk With Ease offers support, information and tools to help participants develop successful exercise routines. The six-week group series is led by a certified instructor. During the program, participants learn proper stretching and pain management techniques; they also build stamina and walking pace. The program can even be modified to meet the needs of individual participants so that each person can develop an exercise routine that fits their unique goals.

Research shows that walking is not only good for joints, but also helps improve the health of the heart, lungs and bones. Walking can also help with weight-management which can reduce one's risk for arthritis in the knee, heart disease and diabetes. If you can be on your feet for 10 minutes without increased pain, you will most likely have success with Walk With Ease.

The information and strategies taught in the program are based on research and tested programs in

Operation Christmas Child Shoeboxes

St. John Lutheran Church in Townsend sent out 121 Operation Christmas Child Shoeboxes this past November. We did some investigating and found out where our shoeboxes ended up around the world.

The shoeboxes that went out from the Minneapolis distribution center were shipped to various places around the globe. Quite a few of them ended up in Africa in countries including Niger, South Africa, and Gabon. They also were received by children in the Philippines and Trinidad and Tobago. Some of our shoeboxes did not even leave the United States. Some of our shoeboxes were opened by children on some of the Native American reservations around the U.S. Although we don't know exactly which ones, we are pleased to hear that some of the children in need in this country received one of our boxes.

In the picture you can see some of our Sunday School students and staff with our Pastor, Stephen Mueller, along with other congregation members that helped out on packing day. As you may see, the students were getting stickers every time they brought a shoebox over to the stack. Some of them are wearing them proudly!

Crandon From the Air looking north

This is another aerial shot by Andy Wienser, the guy who furnished the great picture on last week's front page. This shot is looking north from Crandon's north side. Notice the wetlands!

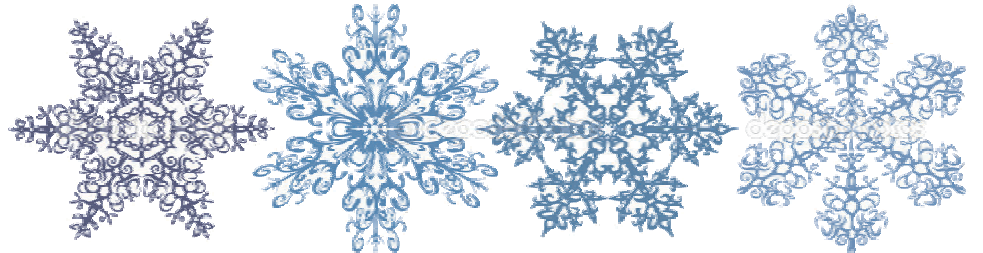

Having the river and wetlands stretching from Peshtigo Lake, on the right, almost all of the way to Argonne, is a great resource. This area has brought smiles to the faces of untold numbers of duck hunters through the decades.

But, when the early settlers wanted an easy route between Crandon and Argonne, North Crandon then, they faced a daunting problem. There was a lot of corduroy road building in the Long Swamp, but they got the job done.

This long, straight stretch of road was much appreciated by the young men who used it as a drag strip during the sixties and seventies, during the era of the "muscle cars." Chances are they never gave five minutes thought to the old timers and their horses who made this great drag strip possible.

Another historical fact is that the bricks that were used to build the current 1909 courthouse were hauled from the Soo Line Railroad, by horse and wagon, to the courthouse construction site.
