Candidate Spotlight

Anyone seeking political office is invited and encouraged to announce their candidacy in the Candidate Spotlight. It is an opportunity to tell the voters why you are running, goals if elected, etc. It is not a forum for bashing an opponent, and there is no charge.

Steve Bunda-Candidate for Forest County Supervisor, District 16

Hello and happy spring from supervisor Steve Bunda, I am running for re-election for Forest County Board District 16 serving the Town of Lincoln and all the people of Forest County. I feel being one of 21 supervisors is an honor and privilege and to be the voice of the people at the county board level. This position is allowed by the consent of the people and government is given its powers from the people. I think communication with constituents should be on-going and not stop the day after the election. Openness and transparency from your government is essential to a well run democracy. A democracy dies behind closed doors and the dissemination of selected information or misinformation gives the appearance of secretive government.

We all want to be able to trust our elected officials and be proud of them. Public confidence will grow when we elect people with good core values and ethics. Supervisors also need fair access to information so he or she can make the best decisions for the county. Citizens want to trust their leaders and see them debate and argue matters in a fair way without all the background dirty politics. I am and will encourage others to be fair, ethical, and be good role models.

The courthouse renovation is one of the many challenges going forward and I have talked with many of you already and have received many letters and calls. Your concerns are well founded about the afford ability of this huge project and its impact on your tax bill. The consensus is let's slow down, look at other more affordable options, and prioritize with safety and security being at the top of the list. Second is save the old courthouse and start repairing what is needed. We need to have a short and long term maintenance plan with a sufficient budget and personal.

My friends, I am asking for your vote because there is much work and needed changes in your county government. I serve on many committees at the county and statewide that deal with forestry and zoning issues, ordinances, and legislation. I am fortunate not to have immediate relation that works for the county so I can make unbiased and unleveraged decisions. Supervisors in county government are nonpartisan and the chair I sit in is yours.

As your county supervisor, feedback is important and I will listen to your recommendations and concerns. Being self employed and working near the courthouse allows me the flexibility to drop what I am doing and take the time to address problems as they arise. I welcome your feedback as a means to better serve you.

Steve Bunda
 Supervisor, Forest County Dist 16

Judy (Takes) Savard Candidate for Forest County Board District 6, Laona

My name is Judy (Takes) Savard and I live in the town of Laona. I am asking for your support for the upcoming spring election which will be held on the 3rd of April, 2018.

I am originally from West Bend, WI, but as a child we came up north every weekend to our cabin on Trump Lake. I enjoyed sitting on the pier with my brother, fishing and swimming at the beach. When I turned 10 or so, my parents purchased a home in Laona, where I live now. Once I graduated high school, I moved up to Laona in 1982. I worked at Cheney's Supper Club, Nu Roc Nursing Home and I attended Nicolet College in 1985. I joined the US Navy until October 1990. My husband at the time was still in the Navy and we continued to travel with the military until 2002 when my children and I returned to Laona in late 2003, I was asked to be the director of a E911 center in Tennessee. In 2010 my children and I returned back to Laona. Both of my children, Anna and Christian graduated from Laona High School and then went on to Nicolet College. I was your County Supervisor from 2012-2014. I played a part in stopping the off-road park which would have been a disaster for Forest County. We now are at a crossroads again with the courthouse/jail project. I am against tearing down the courthouse. When the building is

The Crandon Lions Easter Egg Hunt

The Crandon Lions Club Annual Easter Egg Hunt will be held on Saturday, March 31st at the Courthouse Square when the noon whistle sounds. The lawn will be divided by age groups. The Crayola Bunny will be on hand to greet the kids!

Museum tea party honors women's suffrage

The Crandon Area Museum will be hosting their annual tea party on April 21, 2018. This popular event is a fund raiser for the museum. The tea party will feature tea, scones, finger sandwiches and other culinary delights.

We have scheduled two seatings, the first at 10:30 a.m. and the second at 1:30p.m. The tea parties are held in the museum, where participants can experience the peaceful ambience of an early 20th century home with traditional tea ware and service.

This year we are honoring the women's suffrage movement and our courageous sisters of the past, who worked so hard to get voting rights for women. Join us as we step back to a gentler time of soft music, conversation and good food. Feel free to dress as an early 20th century suffragette or come as you are.

The price is \$15.00 and tickets are on sale at the Crandon Public Library. If there are any questions, please call Linnea Dorau at 715-478-3822.

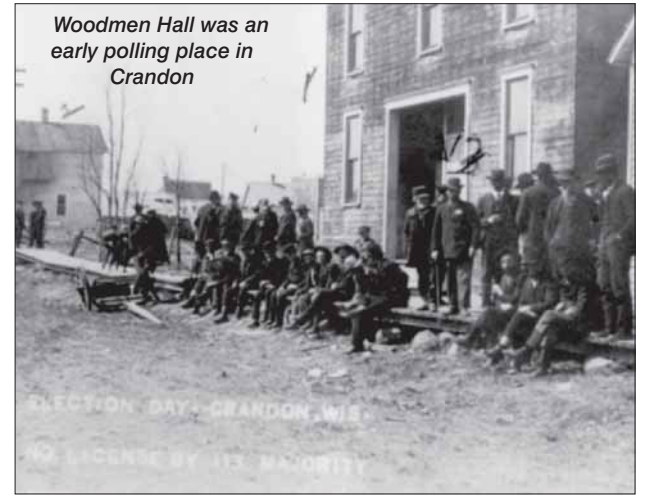

Forest County ranked 62 out of 72 counties for health outcomes

Submitted by Jill Krueger

Forest County ranked 62 out of 72 counties for health outcomes and 69 for health factors, according to the ninth annual County Health Rankings, released by the Robert Wood Johnson Foundation and the University of Wisconsin Population Health Institute. The rankings are available at www.countyhealthrankings.org.

Health Outcomes looks at premature death rates and quality of life, both of which Forest County improved on in 2018. Premature death rates is 50% of the ranking and is measured by the years of potential life lost before age 75. The top two causes of death for this age are malignant neoplasms and heart disease. Quality of life is 50% of the ranking and takes into consideration percentages of people who report poor or fair health, poor physical and mental health and also the percentage of low birth weight babies. There have been no significant improvements in quality of life.

Woodmen Hall was an early polling place in Crandon

No saloons inside Crandon is what the voters chose at the pre-WWI election. No saloons won by 113 votes! That's why, in the early days, Crandon was surrounded by saloons, but none in the city limits. Drunks were heard crying all over town.

Annual DNR Spring Hearings/ Conservation Congress Annual County Meeting April 9

The Annual DNR Spring Hearings/Conservation Congress Annual County meetings are being held on Monday, April 9th. The Forest County meeting will be in the Crandon High School auditorium beginning at 7:00 p.m., according to Dick Krawze, Chair of the Forest County delegation.

This is a chance to give your opinions and register support or non-support for Conservation Congress proposals that regulate fishing, hunting, trapping and other outdoor recreation activities in Wisconsin. Resolutions can also be submitted at the meeting. It is a gathering of ideas that concern our outdoor activities.

The results of these proposals will then be presented to the Natural Resources Board in May, 2018.

There will be 36 advisory questions put in front of those attending the hearings. A sample of these proposals are:

- A proposal to return to a three-zone mink and muskrat season framework
- A proposal to allow the unrestricted harvest of white perch on Lake Superior
- A proposal to change the requirements for obtaining a Wisconsin Guide License
- A proposal to designate all karstic Wisconsin as sensitive areas
- A proposal to allow the transfer of bear tags to Wisconsin senior hunters (over 70 years old)
- A proposal on crossbow use
- A proposal on a fee for users of public land

Larry Bonde, Chairman of the Conservation Congress, said "If resolutions presented at the county level meetings are supported, the resolution is advanced to one of the Congress' advisory committees and the District Leadership Council for consideration."

"Each year, there are over 200 resolutions submitted locally. Not all pass, but the ones that do have the potential to become a rule, policy or legislative change in the subsequent years. It is a true grassroots process that empowers the citizens of this state to shape natural resources policy."

Anyone submitting resolutions must submit two copies of their resolution typed or neatly printed on 8.5x11 inch white paper. Resolution writing instructions and a template for writing a resolution are available online at <http://dnr.wi.gov/About/WCC/springhearing.html>.

According to Dick Krawze, there will be two seats up for election in Forest County in 2018. The candidate must be a Wisconsin resident and at least 18 years of age to be nominated for a two or three-year term. Nominees must be willing to volunteer their time and represent their local citizens on natural resource issues.

P.L.A.Y. Open Gym April 6 Wabeno

A family open gym at Wabeno High School will be held Friday, April 6, 7 - 10 p.m. It is sponsored by the Positive Leadership for Adults/Youth organization of Wabeno Area Schools. The activity is open to all students and their friends. Those under 12 must be accompanied by a parent or responsible adult. Pizza and chips will be served.

INSURANCE TIP
HEATING WITH WOOD & PELLET BURNERS

Outdoor wood furnaces & pellet burners have become increasingly popular. Some companies charge a premium of \$15 to \$50. Others do not. Contact your agent to do an inspection or if you have questions before you install or have it installed.

If you are burning wood, follow all manufacturer's guidelines for installation or hire a professional to do the installation for you.

Here are some more safety tips:

1. Burn seasoned wood. Wood two years old or more.
2. Place ashes in a covered metal container to keep wind from blowing coals and sparks around.
3. Clean your chimney at least twice a year, using an approved cleaning method.
4. Install smoke alarms on same level as stove and have a fire extinguisher close by.
5. Every year, make sure your smoke pipe is firmly in place where it enters the chimney and screw sections together.

At its March 22 meeting in Rhinelander, Federal Sustainable Forest Committee (FSFC) Chair Tom Tallier presented US Forest Service Lakewood/Laona District Ranger, Jeff Seefeldt, with a plaque recognizing him for his leadership and advocacy of promoting sustainable management of our National Forests.

The National Forests of northern Wisconsin saw reduced timber harvests in the late 1990's and early 2000's. Ranger Seefeldt was actively involved as a participant at many FSFC meetings over the course of the past six years. His presence was most beneficial, as he was a voice of advocacy from within the ranks of the US Forest Service locally, and shared back to Forest Service leadership member's concerns regarding these low harvest levels. Today, there is a rebound in harvest levels of our national forests, which positively impacts the forest products industry and our local economies in many ways. Our schools and local municipalities receive federal revenues based upon timber sales from our national forests. Additionally, sustainable forestry practices provide necessary wildlife habitat to help sustain and grow our local wildlife populations.

The Federal Sustainable Forest Committee was formed in 2012 by various stakeholders in forest management, harvest and production in Forest County. Membership grew to include stakeholders in neighboring Florence County, and today, the FSFC membership is reaching out to include representatives from all 11 counties in northern Wisconsin that include national forest lands. Its membership now includes representatives from county government, county forests, conservation organizations, local schools and the forest industry. Members have visited Washington D.C. on an annual basis, and work hand in hand with the offices of our federal representatives here in Wisconsin. Many of the recent accomplishments in federal forest management, including Good Neighbor Authority, are attributable to the Federal Sustainable Forest Committee and its diverse membership.

Forest County health Cont. from pg. 1

There are four categories included in the Health Factors rankings; Health Behaviors, Clinical Care, Social and Economic Factors, and Physical Environment.

Health Behaviors is 30% of this ranking and include smoking, drinking, exercise, alcohol impaired driving deaths, sexually transmitted infections and teen births. There were no significant improvements in these areas, in fact, there were decreases noted in these areas. Clinical Care is 20% of the ranking and includes the percentage uninsured under age 65. We improved from 14% to 11%. It also looks at the ratio of population to physicians, dentists and mental health providers in our community, the number of preventable hospital stays, diabetes and mammography screenings. We did not improve in these areas.

Social and Economic Factors is the most heavily weighted category of the Health Factors. It accounts for 40% of the ranking. This category looks at high school graduation rates, college, unemployment, children in poverty, income, children in single-parent households, violent crime and injury deaths. Unfortunately there were no graduation rates reported for Forest County schools. The percentage of our residents is 56% which is up from 54%. Unemployment rates decreased from 7.5% to 6.4% but we have 23% of our children in poverty and 36% children in single-parent homes which increased slightly. Violent crime rate stayed the same and injury death rate increased.

Physical Environment is 10% of the ranking and includes air and water quality, housing and commuting to work. Forest County has consistently ranked in the top 3 for this category, even hitting number 1 for a few years.

I encourage you to go to the website and explore the rankings, look at some of the healthiest counties and see what differences exist between them and us. Look at the social and economic factors that influence health and see that education, income, jobs, and access to health really do impact the health of our communities.

As the Director of the Forest County Health Department and someone who looks at rankings and health statistics on a regular basis, it would make sense that we put our efforts into preventable causes of illness and death and also look at what factors have the most impact on health. We have learned that we cannot seek health at the doctor's office. We need to seek it at home, at work, at school, and where we play by making healthier choices easier for all. We work with our partners, coalitions and community groups to offer solutions and programs while working with shrinking budgets. We tell people to quit smoking, drink in moderation, don't use drugs, eat healthy and exercise every day. Yet we can visit businesses in our community who still allow smoking, visit areas of our community that do not have a grocery store or a park or sidewalks. We know that education is a leading indicator of good health, giving people access to better jobs and income.

Yet we can see many of our young people struggling with school, finding or keeping a job, or supporting themselves. We know that our community is faced with drug issues that are impacting everyone. It is taking a toll on law enforcement, jails, families, schools, service agencies, businesses and more. Yet it seems to only get bigger and more widespread and we cannot get ahead of it.

While I firmly believe in and value strong partnerships that are working hard to try to make an impact, I also believe all individuals have a role to play in improving the health of our communities. We cannot sit back and wait for someone else to fix our problems. I am proposing that we all look at our lifestyle and make one change to improve our health. Whether it is improving our education, physical health or mental health, it will impact the overall health of our community.

Events at Forest Larger Parish

MOVIE NIGHT

Forest Larger Parish Presbyterian Church will be hosting a FREE Movie Night on Wednesday, April 4th at 6:30 p.m. in the fellowship hall of the Wabeno location at 4347 North Branch Street.

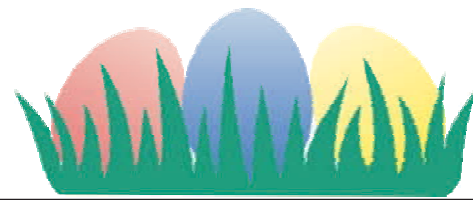

The featured film will be "The Star of Bethlehem". This film from Producer Stephen McEveety ("The Passion of the Christ") is an amazing documentary on the Star of Bethlehem. This presentation has rapidly grown in popularity around the world by thousands who have seen this dramatic revelation as it explores the exciting truth of scripture and reveals the evidence for God's existence as seen in the stars above. Presenter Rick Larson walks you through biblical and historical clues revealing the incredible significance of this celestial event as well as the vastness of God's creativity.

ALL are welcome! Popcorn and beverages will be served.

Northwoods Friends for Civic Participation to Host "Voters Engaged" Listening Session

Elected officials unite across party lines to listen to our community

In conjunction with the Wisconsin Voters Engaged project, Northwoods Friends for Civic Participation is hosting a multi-partisan listening session to allow citizens to speak directly to their elected representatives. Elected officials from state and federal levels are all invited.

The listening session will be held Saturday April 14, 1:00-3:00 at the Oneida County Senior Center, 100 Keenan Street in Rhinelander. The event is open to the public.

The Voters Engaged listening session format is designed to nurture respectful interaction. It is not a town hall meeting. The goals are to increase voter communication with elected officials and to increase voter engagement in the process of orderly self-governance. Accordingly, Northwoods Friends for Civic Participation (NWFCP) commits to maintaining an orderly and respectful environment for all involved.

The session format includes a written set of rules for audience participation, time allowances to ensure all voices are heard and moderated public comment. At the conclusion of the event, elected officials will have the opportunity to answer questions directed to them and to make short prepared comments. At this time the following officials are:

- State Sen. Tom Tiffany (confirmed)
- State Rep. Mary Falzkowski (confirmed)
- State Rep. Rob Swearingen (confirmed)
- US Sen. Tammy Baldwin (representative attending)
- US Sen. Ron Johnson (representative attending)
- US Rep. Sean Duffy (not attending)

If neither the elected official nor staff member attends, an empty chair and nameplate will mark their place. The event will be live-streamed on the Northwoods Friends for Citizen Participation FaceBook page <https://www.facebook.com/pg/NWFCP.org/>. A copy of the video and written comments from constituents will be provided to each invited representative whether or not they attended.

The Northwoods Friends for Civic Participation is a group of politically diverse individuals who believe that civil, courteous governance is one of the foundations of our culture and society.

Voters Engaged is a nonpartisan grassroots collaboration empowering citizen engagement in orderly self-governance. Through coordination, best practices and toolkits, Voters Engaged provides an open system citizens can use in their own communities to encourage participation in self-governance and respectful, nonpartisan interaction with elected officials. For more information, visit www.votersengaged.com.

New Medicare IDs on the Way!

By the GWAAR Legal Services Team

The Centers for Medicare and Medicaid Services (CMS) announced that it will start mailing the new Medicare cards with the new Medicare Beneficiary Identifier (MBI) in April 2018. The cards will be mailed out in phases by geographic region. Wisconsin Medicare beneficiaries can expect to receive their new cards after June 2018.

The new Medicare cards are still red, white, and blue, but they no longer have your Social Security number, gender, signature, or other personal information that could compromise your identity. Each person who is enrolled in Medicare will receive a new card with his or her new MBI. The MBIs are 11 characters long, and they are randomly assigned so that there is no connection to your other personal data.

Here is the mailing schedule:

- Delaware, the District of Columbia, Maryland, Pennsylvania, Virginia, West Virginia: April-June 2018
- Alaska, American Samoa, California, Guam, Hawaii, Northern Mariana Islands, Oregon: April-June 2018

- Arkansas, Illinois, Indiana, Iowa, Kansas, Minnesota, Nebraska, North Dakota, Oklahoma, South Dakota, Wisconsin: After June 2018
- Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, Vermont: After June 2018

- Alabama, Florida, Georgia, North Carolina, South Carolina: After June 2018

- Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, Texas, Utah, Washington, Wyoming: After June 2018

- Kentucky, Louisiana, Michigan, Mississippi, Missouri, Ohio, Puerto Rico, Tennessee, Virgin Islands: After June 2018

Before the mailing begins, you should make sure

Medicare has your correct address. The Social Security Administration (SSA) will be preparing and mailing the cards. If you need to update your address, you can contact SSA at ssa.gov/myaccount or by calling 800-772-1213.

Make sure to check your mailbox regularly until your new card arrives. At the latest, you will receive your new card by December 2019. You should continue to use the Medicare card you have now until you receive your new one in the mail. Once your new card arrives, you should destroy your old Medicare card and start using your new card right away. Remember: you should only give your new MBI to doctors, pharmacists, other health care providers, your insurance company, or people you trust to work with Medicare on your behalf.

CMS will not call or email you about your new card you will only receive information by postal mail. Beware of anyone who contacts you about your new Medicare card. Scammers have already tried to trick beneficiaries into providing personal information or paying money for their new cards. Your new card is free. If anyone calls or emails you about your new or old Medicare number, hang up or delete the message.

Thank You and Personals

THANK YOU!

The Nicolet Wild Rivers chapter of the Ruffed Grouse Society would like to thank everyone that attended or donated to our 27th Annual Banquet. The success of this banquet would not have been possible without the great support from our members, local businesses, volunteers, sponsors and donors.

Thank you and we look forward to your continued support next year.

A Special Thank You

The family of Hubert "Juni" Vosen would like to thank friends and family for all of the kindness show during his illness and recent passing. No matter how big or small the gesture, it means the world to us during a time like this.

Thank You All. God Bless.
Darlene, Tom, Sandy, Tina & families

I made the choice to return here because we love the area and wanted to raise our kids in the Wabeno School District. Currently, we have two daughters, one in the high school and one in the elementary school.

Serving on the School Board is not an easy job. I was appointed to a vacant seat last September and am slowly learning what goes into running our district. I have found that there are many aspects and individuals that make a great school. All of them have a purpose and are integral parts of the whole. There is no room for personal agendas. When issues are brought before us, I will take into account current information, facts and the recommendations of those more knowledgeable than myself to make the best decisions for our children.

I believe the most urgent concern of our district is maintaining our great staff. As with most businesses in this area, it is hard to recruit people to move to and stay here. My hope is that our school can offer a climate of open dialogue and collaboration allowing for professional growth to inspire new ideas, moving our school into the future. We can offer them the small town, family environment we all love in our school with the forward thinking education we want for our kids.

I appreciate you for considering me for your vote on April 3rd.

Bids & Notices

Please vote for Steve Bunda on April 3rd

for the position of Forest County

Supervisor Dist. 16, representing

The Great Town of Lincoln!

Abraham Lincoln said it best, "A house divided against itself cannot stand."

Forest County has people from many different cultures and backgrounds and this is our strength!

I respect all people and citizens regardless of race, gender, religion or origin of birth!

Please join with me to approach the future of Forest County with an open mind with new ideas and tone.

Thank You, Steve Bunda

Judy Tackes Savard for Forest County Supervisor

- I support a Referendum on any Courthouse Building Program - Let the Taxpayers decide

-Why has Forest County lost State Grant Money to our Forestry Dept.

-Why has there been No County Timber Sales for the past year, LOST REVENUE for the County

-Why was \$46,000 given to WORVPI (Off Road Vehicle Park) - Tax dollars to a private business?

-Why has the County spent over \$100,000 in Attorney fees and costs to totally destroy the County Forestry Program

-Why was approximately \$5000 in County logs and pulpwood given away

Is our County way over Budget and if so why?

These are issues that need to be addressed. I will do my best to get the answers and correct these issues so it doesn't happen again!

TO THE VOTERS OF ARMSTRONG CREEK

With little time left before the spring election, I thought it might be interesting to share some of the things I've learned while running for Forest County Supervisor District 4.

I've always assumed that large expenditures, like the courthouse project, would be decided by a referendum vote. After all, the taxpayers are footing the bill, so why wouldn't they have the final say? That's not the case here in Forest County.

During recent county slide shows reporting the deterioration of the courthouse complex, no mention was ever made of how things were allowed to get this bad over the past many years.

We also had the knowledgeable and respected forester in the state, and since his firing we now have no forestry program with no timber sales in almost a year. No sales means no revenue.

Attorney fees to terminate the fore mentioned forester have been estimated in excess of \$100,000.

Recently, the tax dollars have been used to pay attorney fees and to fund a 45-page volunteer handbook for county volunteers. Many have said that the volunteer handbook was just an attempt to stifle specific individual's freedom of speech.

I was told that the Forest County Highway Department facility was refinanced several times to help balance the budget. How much additional interest was added to the cost at the taxpayer's expense?

These and more, are examples of questionable actions. This needs to stop, and April 3, 2018, is the day that the citizens can put an end to "business as usual."

National Public Health Week April 2-8th

During the first week of April each year, American Public Health Association brings together communities across the United States to observe National Public Health Week as a time to recognize the contributions of public health and highlight issues that are important to improving our nation's health.

To ensure everyone has a chance at a long and healthy life we must address the underlying causes of poor health and disease risk. Those causes are rooted in how and where we live, learn, work and play. It's the child who goes to school hungry and can't take full advantage of the education that leads to a healthier, more productive adulthood. It's the low-wage worker who must choose between losing much needed income and staying home with a sick child. It's the family that struggles to find nutritious, affordable food in our communities. It's the child or adult who cannot walk or bike because there are limited sidewalks or safe routes. These are the types of conditions that shape the health and well-being of our people and our communities.

Thankfully, we can do something. If we partner across public and private sectors to ensure decisions are made with people's health in mind, we can build healthier communities and eventually, the healthiest nation. We can change our future together, but we need your help to get there.

This month the Forest County Health Department will be sharing information on what public health programs and services are offered at the Health Department and how we work with our partners to impact health where we live, learn, work and play. You can always visit our website at www.forestcountypublichealth.org or like us on Facebook to stay up to date and learn more about us.
