Family Field Day at Holt & Balcom Logging Camp Museum in Lakewood

Dave Zuleger demonstrates how to use a crosscut saw.

Looking for something special to do with the kids or grandkids over the Fourth of July weekend? Why not bring them out to the Holt & Balcom Logging Camp Museum Family Field Day on July 7th? The Museum will be open for tours starting at 10 a.m. and the field activities begin at 11:00 a.m.

This first-ever family-friendly activity offers a unique opportunity for youngsters to learn some essential lumberjacking skills. Staff will be on hand to help kids entering fourth grade and up learn to stamp a log, use a crosscut saw, and position and move heavy timber using cant hooks and log carriers. All participants will receive free souvenirs provided by the Forest Service.

Holt & Balcom is located off Highway F in Lakewood. Take Highway 32 to County Trunk F; go east 1.5 miles. Turn right into the McCauslin Golf Course and follow the signs. Park in the golf course parking lot. The Museum is directly behind the Clubhouse. A \$5.00 per person donation is requested for these special events.

Candidate Spotlight

Anyone seeking political office is invited and encouraged to announce their candidacy in the Candidate Spotlight. It is an opportunity to tell the voters why you are running, goals if elected, etc. It is not a forum for bashing an opponent, and there is no charge.

Swearingen Announces Bid for Reelection

Incumbent 34th Assembly District State Representative Rob Swearingen (R-Rhineland) has announced he will seek a fourth, two-year term in the November election. The lifelong Rhineland resident and small business owner is proud of the work he has accomplished in the legislature to bring more jobs and prosperity to the Northwoods. Rep. Swearingen has been a strong advocate for lowering taxes, expanding broadband access to rural areas, promoting tourism, and addressing the unique issues that rural school districts face.

"I am extremely humbled by the amount of support and encouragement I have received to run for a fourth term in the Assembly. Wisconsin is undoubtedly in better shape than it was when I was first elected. Property taxes are lower today than they were in 2010, the current statewide 2.8% unemployment rate is the lowest in state history, and the number of people employed in Wisconsin is at a record high. I am proud to have played a part in creating and supporting the policies that have facilitated such a great economic climate in our state, and I am excited for the opportunity to continue moving Wisconsin forward in the right direction," said Rep. Swearingen.

This session Rep. Swearingen fought to keep issues pertinent to the Northwoods at the forefront of the legislative agenda, including the most money ever invested in K-12 education, increasing aid to rural school districts, supporting the expansion of fabrication labs, and increasing broadband access to homes and small businesses alike.

"I am proud of our historic investment in K-12 education this past session as well as the fact that the 34th

The Lumberjack Steam Train begins the summer season

The Lumberjack Steam Train, in Laona, Wisconsin, has begun the 2018 summer season. The 1916 Vulcan steam locomotive has begun its 102nd year on the rails! Now, however, the Vulcan is hauling passengers to the Camp 5 Museum Complex. Its log hauling days are over.

Passengers on the Lumberjack Steam Train embark at the vintage depot on Hwy 8, on Laona's west side. They enjoy a ride in period passenger cars or cabooses, and disembark at the Camp 5 Museum Complex, where they enjoy a variety of fun and educational activities.

Kids and grown-ups alike enjoy the petting zoo, feeding and petting a variety of farm animals who enjoy the attention as much as the visitors. The early days of logging in the Northwoods are displayed in the Logging Museum. The days of the lumberjack wielding axe and crosscut are displayed with photos and tools that give the viewer a feel for the history of the time. A working blacksmith shop adds to the experience in the Logging Museum. Modern sustained yield logging is explained on the Green Treasure Forest Tour, with a trolley ride through a beautiful hardwood forest. The Cracker Barrel Gift Shop provides a shopping experience, and don't forget to sample the delicious ice cream! Lunch or a snack is available at the Choo Choo Hut Restaurant on the grounds. And, don't forget to visit the Nature Center and learn more about the ecology of the northern landscape.

A special event is when the Cowboys visit Camp 5. It is a sure thing they will rob every run of the Lumberjack Steam Train! You don't have to hide your money though. They never rob the passengers. But, you will enjoy the beautiful horses, vintage guns and period costumes that depict all walks of life from over a century ago. The Cowboys will visit on July 21st, so mark the calendar.

The train leaves the depot at 11:00 a.m. and every hour on the hour, with the last run leaving at 2:00 p.m. The Lumberjack Steam Train runs Wednesday through Monday. It is fun for all ages. If you can't make a visit this summer, come to Fall Festival on September 1, 22 and 29. The Cowboys will make another visit on September 29th, during Fall Festival.

For more information, go to www.lumberjacksteamtrain.com.

TO WHOM IT MAY CONCERN

I am currently trying to track down my pride and joy, my two dogs, Jaylo & Diamond. They have been wrongfully taken from me. I was briefly involved in a legal matter, during that time, the humane society picked up my dogs. Because of my legal matter, the shelter believed that I was surrendering Jaylo and Diamond. The humane society then mistakenly put them up for adoption. I am torn apart by this. Any dog owner/lover would understand how a pet becomes part of the family. So the humane society is not on my side. I am not breaking the law, I am simply asking for the person or persons who adopted them a for a \$500 purchase/reward.

Jaylo is a mini dober and Diamond is a massive pit bull. These dogs have been together their entire lives. I was told they went to separate homes. It tears me up knowing they are not together. Please contact me at 786-575-3347 or David Brown at 715-902-1256.

American Legion Post 44 announces scholarship awardees

On behalf of the members and families of the American Legion Sylvan Post 44, we would like to extend our congratulations to the Class of 2018 and wish them the very best in their future endeavors. We would also like to recognize them and their school for all the thoughtful things they have done for our Veterans in the community such as creating Valentine's Day cards, hosting a Valentine's Day breakfast, conducting an annual program with luncheon to honor our Veterans, and to the band for performing at the Memorial Day service. We appreciate their "service" to us. To show our appreciation, Post 44 will be granting five \$500 scholarships: four from Post 44 and one from the Sons of the American Legion of Post 44.

Preference is given to students having a relative who is a Veteran, achieving academic excellence, demonstrating leadership, and being active in the service of their school and community.

The Post 44 Scholarships are awarded to the following: McKenzie Mischo, Hannah Christianson, Margaret Chickey, and Emma Barfnecht.

The Sons of the American Legion Scholarship is awarded to Jerry La Fond.

This next scholarship award is co-sponsored by the American Legion Sylvan Post 44 and the Wabeno Lions Club as a result of the Trump Lake Fish-O-Ree Fundraiser. This \$500 scholarship is awarded to a student with a meritorious high school record and has demonstrated a high degree of dependability and service to the school and community. Dawn Jakubiac from the Wabeno Lions Club will join Jim Pleva from the American Legion Sylvan Post 44 to present this scholarship to Cassidy Ashbeck.

The American Legion would also like to give credit to the local businesses for their generous support to our many fundraisers. These scholarships are the result of these fundraisers.

"Saving Our Lakes and Rivers" is topic for July 13 meeting of northern county lake groups

Leaders of lake groups from six northern Wisconsin counties will discuss "Saving Our Lakes and Rivers" at a meeting on Friday, July 13, at Nicolet College in Rhinelander.

The meeting, from 9 a.m. to noon, will explore ways to encourage lake residents and lake users to take actions to protect water quality and the scenic values of the Northwoods. The meeting is expected to draw people from Oneida, Vilas, Forest, Langlade, Lincoln, and Iron counties.

The featured speaker is James A. Brakken, author of the book, "Saving Our Lakes and Streams: 101 Practical Things You Can Do Today" Brakken is president of the Northwest Water Consortium, a past president of Wisconsin Lakes, and a Wisconsin lakes Stewardship Award member, as well as an award-winning writer.

Steve Budnik, president of the Vilas County Lakes and Rivers Association, will start the meeting with a welcome. Michael Engleson, executive director of Wisconsin Lakes, will outline current statewide lake-related issues.

Bob Martini, president of the Oneida County Lakes and Rivers Association, will report on progress with Wisconsin's Green Fire, an organization of scientists and others devoted to natural resource policies based on sound science. Patrick Goggin, UW-Extension lakes specialist, will lead a discussion of current issues and best management practices for lake property owners.

The event will include exhibits from lake-related organizations, pre-meeting coffee and refreshments. Annual meetings of countywide lake associations will follow the session. For more information, contact Bob Martini at 715-282-5896 or Steve Budnik at 715-686-7852.

Award-Winning Antigo Artist Showcases His Life's Work at the Nicolet College Art Gallery

The Jim Rowe Retrospective will be on display at the Nicolet College Art Gallery from Monday, July 9 through Friday, August 3. Rowe is an ordained minister, and masterfully uses unique illustrations to illuminate the stories of the Bible, classic nursery rhymes, and folk stories. "My faith is my art, and my art is my faith; for me, neither is inseparable from each other," shares Rowe. In addition to spiritual themes, Rowe also embraces the eccentric nature of folk art by using interesting materials to create textures and movement in his work. "I am fascinated by Rowe's creative imagination and attention to detail His art is unlike anything I have seen before. His intricately cut paper works are astoundingly complex and beautiful; and his collages are just delightful," shares Katy Ralph, Nicolet College Art Gallery Director.

Rowe's collection includes pieces that have undergone several layers of transformation; such as coloring on Unoyu paper, and then ironing it to make the color melt to the front. In addition, Rowe uses designs that are then stamped on hand colored papers such as news print that featured colorful melted images created by the method above. "The great love I feel toward art is there is no limit to what can be made with these hands of mine." Rowe's artwork goes beyond traditional ingredients and often incorporates wood, knives, paper printers ink, brayer and the main ingredient, an active imagination. Paper is often cut, wood blocks are often intricately carved with an art knife, and then the remnants are often colored or spray painted to give further dimension and perspective.

Rowe earned the Gold Key Award from The Art Student League of New York, and attended The Pennsylvania Academy of Fine Arts, as well as Nazarene Bible College. In addition, he studied in California and Colorado and was a member of the "Meadow Found Art Co-Operative." According to Rowe, he didn't seek any diplomas at the schools he attended, rather his goal was to gain knowledge and studio time.

The Nicolet Art Gallery is located at the Northwoods Center and is open Monday through Friday, 8 a.m. until 4 p.m. For additional information, call (715) 365-4556.

New Medicare Cards Present Opportunity to Scam Seniors

By the GWAAR Legal Services Team

Federal law required the Center for Medicare and Medicaid Services (CMS) to create a new Medicare card design. Unlike the current Medicare cards, these new ones will not include the beneficiary's Social Security number. Social Security numbers are a vital piece of information that scammers use as part of broader identity theft operations. Removal of Social Security numbers from Medicare cards is a big step in fighting both Medicare-specific fraud and broader financial identity theft.

Instead of Social Security numbers, the new card will have a Medicare Beneficiary Identifier with 11 characters. This should limit any consequences of a senior losing her new Medicare card. Scammers may still use the Medicare Beneficiary Identifier for Medicare-specific fraud related to healthcare and benefit information, however, this is far better than when scammers could use the Medicare card for the potential theft of credit cards, banking services, and other wider-ranging financial identity theft.

The new cards will be sent to Medicare recipients automatically. New Medicare recipients will get the cards first, and some are already starting to receive them.

Even though the new Medicare card will prevent many future scams, scam artists have already tried the following:

- a) Calling a senior to ask for a credit card number to pay a \$25 processing fee for the new card, along with requesting bank information and other personal details for the payment.
- b) Selling a senior a "temporary" Medicare card for \$5 to \$50, in addition to requesting bank information and other personal details for the payment.
- c) Urging a senior to provide bank account information so that the crook, posing as a federal employee, can "credit" the senior's account for a bogus balance on her old card.
- d) Claiming that a senior must confirm her Social Security number to receive her new card.

JOHN DENNEE RESPONDS

In response to Mr. Novak's political ad:

As your Sheriff for the last 7 1/2 years, I have worked hard, even in trying times, to be efficient and budget conscious in many aspects of the Sheriff's Office. I have cut costs where we could and have pursued many other funding sources to help offset taxpayer dollars. I have worked hard to get grant writing services donated to us and have secured over 2 million dollars in grants and assets as your Sheriff.

It is not a secret that the Sheriff of Forest County runs the inmate food service. This has been the practice here for the last "100" years and has been done by every Sheriff prior to me. The inmate food service is a costly endeavor for this county and all counties. Who provides this service is not my decision or unique to me as Sheriff. I do know that over the last 4 years the County Board has, on a couple of occasions, looked into outsourcing the inmate food service and found that they could not do it more cost efficiently.

My opponent, has made suggestions that I have asked the County Board for a salary increase every year since taking office. I feel this shows Mr. Novak's inexperience in how government works. Salaries and terms for elected officials, including Sheriff, are set by the County Board in the year prior to an individual taking office. There is no going back each year and asking for a raise as he suggests. He suggests that I had influence over the terms for the next term as well. The County Board took action without input from me. I attended that meeting, but did not say a word about it. The increase in the Sheriff's salary is in direct reflection of what Mr. Novak and the other deputies have received.

My qualifications, Leadership and involvement will continue as I hope to serve you in the future as your Sheriff. I am not in this for my financial gain or just riding out my career as my political opponent has stated. This is unfortunate that he has chosen to be negative in his efforts and unfortunate that he has attempted to mislead you. You are all very smart people and know how busy we have been and the proactive positive leadership I have brought as your Sheriff. We have implemented our presence in your communities, schools and events, etc in a positive proactive manner. If re-elected, I will continue that practice.

Sincerely your Sheriff,
John Dennee

Authorized & Paid For By John Dennee

Because Medicare never contacts anyone by phone, any phone call a senior gets claiming to be from Medicare is a scam. Don't even talk to the person; just hang up the phone without providing any personal or financial information.

In addition, the new Medicare card is just as important as any other primary identification, so seniors should be careful with it. If it is lost or stolen, a senior should report it immediately, just as with any other form of ID.

Death Notices

Severa Alvina (Blanke) Czarniecki, 98, passed away on June 25, 2018 at Eastview Health and Rehab Facility in Antigo. She was born April 6, 1920 in Plymouth to Arthur and Erna (Tohl) Blanke.

She attended grade school at the Lutheran School in Plymouth and upon graduation from high school, completed beauty culture school in Milwaukee. On May 3, 1941, she married Walter Robert Czarniecki; they built a home in Sheboygan and lived there for over 40 years. They had three children: Betty (Tyler) of Crandon and Florida, Richard of Appleton, and Sheryl (Mihalko) of Crandon.

She loved gardening, and also had numerous flower beds. She also was known for her beautiful African violets. She had many hobbies, including knitting, crocheting, quilting, cake decorating, and doing crossword puzzles, the Wisconsin one in her newspaper being her favorite. She was a member of Emanuel Lutheran Church and belonged to a ladies group there that printed Braille Bibles.

In the 1950's, they vacationed on Lake Metonga and later built a cottage, spending as much time as they could there fishing and vacationing with their children.

Her husband, Walter, preceded her in death in 1986 after a brief illness, and in 2005 she sold her home in Sheboygan and moved to her cottage/remodeled home on Lake Metonga. While living on the lake, she loved feeding the ducks. When she got the corn to feed them, they all flocked to her and surely had a difficult time flying South in the fall, due to their extra weight. She was a member of Good Shepherd Lutheran Church in Crandon, and then joined Arbutus Lutheran Church in Pearson.

In 2010, she moved to Milestone Senior Living in Rhineland, then to the Crandon Nursing Home, and then to Eastview Health and Rehab Center, where she resided until her death.

Her friend of many years, Ruth Strohane, and she attended the same Lutheran Grade School and Plymouth high school and traveled together, played cards. They shared a close friendship until Ruth's death.

Severa is survived by her three children; also sons-in-law, Bob Tyler and Ken Mihalko; eleven grandchildren, Bob Tyler Jr., Michele (Barry) Hoffman, Dee Czarniecki, Michael (Gail) Czarniecki, and Alan (Laura) Czarniecki, Barry (Ann) Mihalko, Steven (Melissa) Mihalko, Todd (Leah) Mihalko, Shelley (Bruce) Ponton, Kristin (Michael) Tienor, and Kenneth II (Missy) Mihalko; several great-grandchildren and great-great-grandchildren; her sister-in-law, Irene Blanke; and nieces and nephews. Besides her parents, she had two brothers, Earl and Jerome; and sister-in-law, Henrietta Blanke, who preceded her in death.

Mom will be remembered most for her positive attitude in life. If it was raining or snowing and we complained, she said the Earth needed moisture for growing things. If it was cold, she said the cold killed germs. If it was hot, she said, "oh well, it will get cooler soon. Mother Nature is in charge." And we will always remember her humor. Mom, we will forever miss you and love you. Go be with Dad and give him a hug from us.

A very special thank you to Milestone, Crandon Nursing Home, but especially Eastview Health and Rehab for the excellent care and compassion given to our mom.

Graveside services were held on Wednesday, June 27, 2018 at 2 p.m. at Crandon Lakeside Cemetery. Online condolences may be directed to the family at www.weberhillfuneralhome.com.

Rick enjoyed computer gaming and listening to rock music on his self-built stereo system. Aside from that, his true passion was riding his Harley wherever the open roads would take him.

Rick is survived by brother, William (Peggy) of Hiles; nieces, Jessica (Chad) and Jodi (Jeff); nephew Jed; seven great-nieces and nephews; numerous aunts, uncles and cousins; and best friend, Vic (Jean) Magnus.

Fireworks prohibited on state lands and can be a cause of wildfires

MADISON - People who will be out celebrating the Fourth of July Holiday are being reminded that fireworks are prohibited on all Wisconsin Department of Natural Resources lands including state parks, state forests and state owned public hunting and fishing properties and anyone using fireworks should take precautions and prevent wildfires now and during the next few weeks.

"For the safety of our guests and our natural resources, fireworks are prohibited on state properties," said Chris Madison, chief ranger with the Wisconsin State Park System. "Fourth of July favorites, the sparkler and the snake, are not defined as 'fireworks' per state law, but most park and forest rangers and managers discourage their use because they are a fire hazard."

A citation for illegal fireworks in a state park or forest can cost up to \$200 and parents could be liable for the full costs of putting out a fire started by their children playing with or setting off fireworks.

"Most wildfires caused by fireworks occur around the July 4th holiday or under extended drought conditions, but the reality is, wildfires can occur anytime the ground is not completely snow-covered," said Catherine Koele, DNR wildfire prevention specialist.

Exploding fireworks, such as firecrackers, m-70s, bottle rockets, and roman candles, cause the most fireworks-caused wildfires. Paired with hot and dry

weather, even sparklers and fountains pose a significant threat in dry grassy areas. Anyone responsible for starting a wildfire in Wisconsin is liable not only for the cost of putting the fire out, but also for any damages.

Fireworks are restricted in Wisconsin and permits may be required. It's best to check with local officials before purchasing and lighting them. A city, village, town or county may also enact an ordinance more strictly limiting fireworks sales or possessing them.

Anyone planning on camping in a Wisconsin state park or forest for the Fourth of July should enjoy fireworks displays in nearby communities -- not at picnic areas, campsites or other areas within state parks, forests and trails.

As of the last week of June, fire dangers levels throughout Wisconsin were low across the state, but even in low fire danger times, fireworks can start wildfires. So far in 2018, DNR records show nearly 700 wildfires have burned more over 1,800 acres in DNR fire protection areas of Wisconsin. Wildfires caused by fireworks only amount to 5 percent of the annual total; however, these fires typically occur in a condensed timeframe around the Fourth of July holiday.

For more information about how to prevent wildfires from fireworks, visit the DNR homepage at dnr.wi.gov and search keyword "wildfire causes."

Discounted fishing licenses the ticket for fun over the Fourth of July holiday

MADISON - Wisconsin's \$5 first-time buyer resident fishing license or a one-day fishing license may be just the ticket for fun for family, friends and visitors gathered for the fourth of July holiday.

"Wisconsin fishing is a great value and these discounted licenses make it even easier to get your family, friends and visitors out on the water over the holiday," says Justine Hasz, Wisconsin's fisheries director.

The regular annual fishing license is \$20 for residents. Anglers who have never purchased a fishing license -- or who haven't purchased a fishing license in 10 years -- can get a discounted first-time buyer license. Lawmakers created the discounted license and both residents and non-residents can take advantage of this opportunity. Residents' discounted license is \$5 and non-residents' is \$25.75 for the annual licenses.

If a person is eligible for the first-time buyer license, that license will be offered in their product catalog in place of the regularly-priced license.

For those family members and friends who have fished more recently but not yet bought a license for 2018, a one-day fishing license can be a good option. The one-day fishing license costs \$8 for residents and \$10 for nonresidents. The purchase price of that one-day license can be credited toward purchase of an annual license.

People can buy fishing licenses online through the Go Wild website, or purchase in person at any authorized license agent.

Wisconsin residents and nonresidents 16 years old or older need a fishing license to fish in any waters of the state. Residents born before Jan. 1, 1927, do not need a license. Resident members of the U.S. Armed Forces on active duty may obtain a free fishing license when on furlough or leave by presenting their military ID and leave papers at any license agent.

Johnson on Harley-Davidson production announcement

WASHINGTON — U.S. Sen. Ron Johnson (R-Wis.) said this after Harley-Davidson announced it will move some production of motorcycles bound for Europe out of the United States to avoid European Union retaliatory tariffs:

"Unfortunately, this confirms my concerns and is a far too predictable outcome of policies that give companies like Harley-Davidson incentives to make their products elsewhere. We need to hold China accountable for its trade abuses, but that does not need to come at the expense of American workers and businesses."

Swearingen Cont. from pg 1

Assembly District has more fab labs than any other district. I am also extremely happy to announce that the 34th Assembly District has received the most broadband expansion grants in the state. Investing in our schools and small businesses will ensure that the Northwoods continues to be a great place to live, work and raise a family.

During his third term, Rep. Swearingen served as the Chairman of the Assembly Committee on State Affairs and the Vice Chair of the Assembly Committee on Tourism. Additionally, he served as a member on the Assembly Committee on Environment and Forestry, the Assembly Committee on Small Business Development, and the State Building Commission.

"It has been my absolute privilege to represent the people of the 34th Assembly District, and I would be honored to have the opportunity to serve another term as your state representative. I respectfully ask for your support in the November election," said Rep. Swearingen.

Rob and his wife Amy have been married for 25 years and reside in the Rhinelander area where they raised their two daughters. They have been the owners of a supper club for over two decades. The 34th Assembly District includes portions of Oneida, Vilas, Forest and Florence counties.

Wisconsin mails postcards to unregistered adults

MADISON, WI The Wisconsin Elections Commission is getting ready for midterm elections in 2018 with an initiative to inform voters about registration opportunities.

"Nearly one in 11 Wisconsin adults will soon be getting an official postcard in the mail urging them to register to vote before the election," said Meagan Wolfe, Wisconsin's chief elections official. "Getting people to register early helps reduce lines and make Election Day better for voters and election workers."

This is Wisconsin's second mass mailing to adults who appear to be eligible to vote but are unregistered. In the fall of 2016, the Commission mailed similar postcards to 1.28 million residents. "Contacting potentially unregistered but eligible voters is also vital to ensuring that Wisconsin has a high-quality, complete voter

registration list," Wolfe said.

The informational postcards are being mailed this week, said Wolfe, interim administrator of the Commission. They can take up to nine days to arrive, and should start arriving in mailboxes soon.

Potential voters will be inundated with election-related mailings from candidates, political parties and independent groups in advance of the August 14 Partisan Primary and the November 6 General Election. Wolfe said this postcard from the Wisconsin Elections Commission is different because the mailing list comes from official state databases using a process to identify people who have a driver license or a state ID card but who are not registered to vote. People who were sent the first postcard in 2016 will not be included in this mailing.

The postcard encourages voters to register ahead of the election. To do that, they can contact their municipal clerk or visit MyVote.WI.gov. The postcard also has a toll-free number for people without internet access.

Thank You and Personals

THANK YOU!

I would like to acknowledge the following for their help in needed repairs at the Veterans Memorial.

American Legion post #94 for their generous donation of funds, and Ron Eveland, Winnie Krueger, Jean Culbertson for weeding and plantings.

Forest County Veterans Memorial Association sends a sincere Thank You--Shirley Mills

A BIG THANK YOU to the Argonne crew - Rick, Bill & Bob, for the awesome clean up of the storm damage from June 17. The citizens of Argonne appreciate it!

The Light Of Michael

It all seems so meaningless. And makes our lives so grim. Michael's life was just beginning. So Lord we ask "Why him?"

We'll never understand it. Until our life is done. And we walk up Heaven's path to see our loving son. We'll keep the faith until then. Clutching to your hand 'til you take us to him in the Promise Land. The light will be much clearer. We may understand it then. Until that time's upon us Lord, we'll pray to you. AMEN

In loving memory of
Roger L. Flegal
2/4/25 - 6/19/17

We thought of you today, but that was nothing new.

We thought of you yesterday, and will tomorrow too. We think of you in silence, and make no outward show, for what it meant to lose you, only those who loved you know. Remembering you is easy, we do it every day. It's the heartache of losing you that will never go away.

Sadly missed each day by Beatrice, Blaine, Ronald, Diane, Sueann & all the rest of your friends and family

In loving memory of
Gene M. Flegal
January 25, 1954 - May 1, 2015

We watched you grow tired, Gene, with every passing day, and our hearts have grown more heavy as we saw you fade away. And then we knew the time had come for us to let you go, to say our last goodbye to you and say 'We love you so'

Sadly missed by

If people who are registered to vote get postcards, they should not worry, Wolfe said. Sometimes there are minor differences in the spelling of names or addresses that may result in a registered voter not matching DMV records. "Nobody will be removed from the voter registration list because of this postcard," Wolfe said.

Voters who need to register or change their address should go to MyVote.WI.gov, Wisconsin's secure voter services website, said Wolfe. Electors who need to register for the first time, or need to update their voter record, are strongly encouraged to do so as soon as possible and not wait until Election Day. If that is not possible, they can always register on Election Day.

Using MyVote.WI.gov, people who have Wisconsin driver license or state ID card can register online if their current address is on file with the DMV. Those who do not have a driver license or state ID can fill out the registration form online, print it out, sign it and send it to the correct clerk's address which the website will provide. Voters registering by mail must also send a copy of a proof-of-residence document, such as the registration postcard. A tax bill, utility bill or bank statement with the voter's current address will also work.

These postcard mailings are required by 2015 Wisconsin Act 261, which directed state election officials to join the Electronic Registration Information Center (ERIC). This multi-state group helps its members keep their voter registration lists current by identifying voters who may have changed their address, moved out of state or died. One of the requirements for membership in ERIC is to send a mailing to residents who may be eligible to vote but are not yet registered.
