### Crandon School Board learns outcome of investigation of District Administrator

By Boyd Monte

The Crandon School District held a meeting on Tuesday, August 29 at 6:00 p.m. in the auditorium. The purpose of the meeting was to hear from the Forest County District Attorney Chuck Simono on the investigation of the District Administrator, Dr. Doug Kryder, review the school safety grant, discuss the 2018 - 2019 social media contract. In the closed session they would discuss 2018-2019 nursing services contract, 2018-2019 vacancies, the National Honor Society Advisor, part-time Middle School Special Education Paraprofessional, grade 2 teacher, discussion of current District Administrator and potential litigation and discussion for potential Interim District Administrator.

After a quorum was established and the agenda was approved, the floor was handed over to Chuck Simono. Chuck stated that the investigation was solely about any misconduct between Dr. Doug Kryder and McKinstry, a contractor, and if this investigation lead to any other criminal activity, they would follow that lead, but there were no leads to other criminal activity at this time.

The points that the District Attorney made were; Dr. Kryder's pre-existing relationship with employees at McKinstry based on e-mail communications McKinstry and Dr. Kryder, the relationships were not disclosed by Dr. Kryder to anyone on the existing school board at the time the McKinstry contract was being talked about and ultimately agreed upon. This is according to six interviews of school staff and board members, none of them were aware of a relationship between Dr. Kryder and McKinstry. Two people interviewed were aware of frequent golf trips

## Candidate Spotlight

Anyone seeking political office is invited and encouraged to announce their candidacy in the Candidate Spotlight. It is an opportunity to tell the voters why you are running, goals if elected, etc. It is not a forum for bashing an opponent, and there is no charge.

**Chris Meier announces candidacy for State Representative for 34th Assembly District**

(Eagle River, WI)-Chris Meier of Eagle River is running in the race for State Representative in the 34th Assembly District, which includes portions of Vilas, Oneida, Florence, and Forest Counties. The contest will be decided by voters in Wisconsin's November 6, 2018 general election. "Our campaign is all about local issues and practical needs, not outside interests and politics as usual," Meier said. "There are holes in our roads, holes in our school budgets, and holes in our county budgets. I was

### Lumberjack Steam Train Fall Festival Begins September 1st

The summer season runs of the Lumberjack Steam Train came to a close on August 19, but that doesn't mean that the opportunity to ride on a vintage steam train is over for the year. The 1916 Vulcan steam engine will be back on the rails on Saturday, September 1st, and this is a great addition to your Labor Day Weekend entertainment and a great way to finish the summer! Fall Festival will continue with two more Saturdays to enjoy the ride and the visit to the Camp 5 Museum Complex.

The Lumberjack Steam Train will also run on September 22nd and September 29th, when the leaves will be in glorious color!

Add the Lumberjack Steam Train to your Labor Day schedule. The visit to Camp 5 is a special treat for young and old alike. The logging museum gives a great insight into what life was like logging and sawmilling in the early 1900's, with a great display of equipment and vintage photos. There is also a working blacksmith shop. The petting zoo is always a great hit with the kids, but adults have been known to linger with the animals as well. The Green Treasure Forest Tour is an entertaining and educational trip through a sustained yield forest. The Cracker Barrel Gift Store will be open with unique gifts, books, great fudge and ice cream! A trip through the Nature Center is unique, and to get in the mood for Halloween, visit the Haunted Slaughterhouse. Don't forget to "lose yourself" in the corn maze, and if you have a drone, there are great aerial photos to be taken. After all this, you will have built an appetite, and the Choo Choo Hut Restaurant will satisfy your hunger.

You can ride the Lumberjack Steam Train to Fall Festival Sept 1, 22, and 29. The train leaves the depot on Hwy 8, just west of Laona, at 11:00 a.m. and every hour on the hour until the last run at 2:00 p.m.

The Big Barn Dance is on Saturday, September 29, from 7:00 - 11:00 p.m. at the Camp 5 Complex located at 5480 Connor Farm Road, Laona

taught when you find yourself in a hole you stop digging. We can't expect to solve these problems with the thinking that got us here. There's a better way forward, and that's why I'm running." A major priority for Meier is economic development and job creation that is compatible with the 34th Assembly District's thriving tourism economy. "To support and grow our tourism industry, we need a Marshall Plan for robust, reliable, reasonably-priced broad-band, high-speed internet," he said.

Wisconsin native and 25-year resident of Vilas County, Meier is a graduate of the University of Wisconsin-Milwaukee. He was a classroom teacher in the Phelps School District for 16 years and is an Adjunct Instructor at Nicolet Technical College in Rhineland. Meier also holds certification from the University of Wisconsin-Madison as a Substance Abuse Counselor. He has extensive experience working with individuals and families struggling with addiction and substance abuse. "Substance abuse is everybody's business in the 34th Assembly District. No one is immune from the effects of this public health epidemic," he said.

Meier is a United States Army veteran. He and his wife, Cheryl, are the parents of three sons, all in their 20's. "We're excited about rolling up our sleeves and getting to work to help build a more healthy and prosperous future for all our families and communities in the 34th Assembly District!"

with an employee of McKinstry, but thought that it was through an annual school conference. One interview expressed concerns over the fact that Kryder had a personal relationship with Lee Pritzl, an employee of McKinstry, which included golfing together, drinks, joint vacations, invites for golf outings with McKinstry and according to interviews, Dr. Kryder recommended the Energy Exemption Contract with McKinstry without disclosing his relationship with Lee Pritzl nor any ongoing relationship with McKinstry. Chuck shared e-mails between Dr. Kryder and McKinstry explaining why he felt that an ethical violation took place.

Simono stated that he feels that on completion of the investigation, the current evidence does not support the filing of criminal charges. He further states that if new evidence comes to light, that he will review the charging decision to see if charges would be warranted. Simono answered any concerns that the audience had. People asked about differences of ethical and criminal violations. People asked where to give any information they may have. Simono replied that Lincoln County or Forest County or the District Attorney Office are the places you can contact. People asked the board about what we as a district was going to do without a district administrator.

After closed session, the board announced the hiring of a second grade teacher, Brady Saunders, Erica Neilitz for the Nursing Services and a support staff person was hired. The school board stated that there were no actions taken on the District Administrator, but they are working diligently to resolve the situation as quickly as they can.

**Death Notices**

**Dennis I. "Kitch" Kitchenmaster, 87,** of Silver Cliff, Wisconsin passed away as the result of an accident on August 21, 2018. He was born July 16, 1931 in Seymour, WI, the oldest son of the seven children of Irwin and Eldrie

(Morey) Kichenmaster. They moved to Silver Cliff in 1933 and he went to school at the King School, the Silver Cliff School and Wabeno High School. He joined in the US Marine Corps at the age of 21 and served in Korea during the Korean Conflict. He was awarded the Korean Service Medal, National Defense Service Medal, and the United Nations Service Medal. After his discharge from the Marines, he worked in the woods, bought a truck and then, logging equipment forming Kitchmaster Trucking.

He married Carol Stoffregen in 1958. They had four children in 5 years. He retired from trucking in 1976. Kitch vowed he'd have horses until the day he died and did. His next endeavors were Kitch's Trail Rides and Kitch's Sugar Bush. He loved seeing his children and grandchildren on horseback, riding with them, and teaching others to sap. In later years, he built roads, hauled sand/gravel, plowed driveways, and cut/sold firewood. He was an avid horseman, deer hunter, bear den seeker, liked watching local stock car racing, rodeo events, Packer games and the Olympics. Kitch was a member of American Legion Post 66, a retired member of the Silver Cliff Fire Dept. and Silver Cliff Town Board as well as taking the First Responder class for Silver Cliff Rescue Squad. He supported, where he could, those organizations all his adult life. Kitch wrote poetry, articles and short stories many of which were published and given to friends. His pen name was Kitch or later "Twilite" explaining he was in the twilight of his life. Kitch enjoyed giving rides in his Model T. He would help anyone with anything. He believed in working and did every day until his death. He loved laughing with and learning from all he met, keeping in touch with old friends and making new ones. It was his recipe for a long and healthy life.

Dennis Kitchmaster is survived by his wife of 59 years 10 1/2 months and 3 of their four children: Joanne (Cliff) Sisler of Silver Cliff, Ken (Dee) Kitchmaster of Colorado Springs, CO, daughter-in law, Sue Kitchmaster of Laona, Kelly (Sharla) Kitchmaster of Laona. They had 8 grandchildren and 1 step-grandchild: Dan Sisler, Joy (fiancé Mike Malliet) Sisler, Austin Snodgrass, Shelby (Clark) Spaniol, Ryan Kitchmaster, Kayla (Lt. Frank Gentz) Kitchmaster, Kody Kitchmaster, Jena (Jordan) Butcher, and Jade Kitchmaster. He was looking forward, with great anticipation, to the birth of his first great-grandchild due in November, 2018. He is further survived by his sister, Zelma (Mike) Rosenbaum, brother-in-law Joe Gilligan, and sister-in-law Sharon Kitchenmaster. And numerous nieces and nephews. He was preceded in death by his parents, son Keith, his 3 sisters Beulah (Bob) Gilligan, Idella Gilligan, Zetta Haley Bangert, and his brothers Delsey and Veryle Kitchmaster.

A saved man, who loved the Lord, has gone home. Services were held on Monday, August 27, 2018 at the Weber-Hill Funeral Home, Wabeno. Online condolences may be directed to the family at [www.weberhillfuneralhome.com](http://www.weberhillfuneralhome.com)

To the Editor:

At this month's Forest County Board Meeting held Tuesday, August 21, a resolution was presented describing a referendum to appear on the fall ballot regarding the legalization of medical marijuana in the state of WI. The resolution presented to the county board looked for the support of the board to allow the referendum to be brought to a vote in the fall election. The resolution passed 16 to 4 with one supervisor absent.

I was one of the supervisors who voted against the referendum. I'd like to explain why I made that decision on behalf of my constituents.

Arguments can be made regarding the logistics of legalizing marijuana in Wisconsin. The Farm Bill of 2014 gave Wisconsin farmers the right to obtain licensing to grow hemp. Years ago, hemp was a booming crop harvested for many years in our state. Hemp was in later years banned because of it's look alike cannabis, marijuana. Hemp can be used for making rope, material, foods and many other things. CBD oil is an oil that has been claimed to successfully help people with various conditions as a topical ointment and another form is used to ease seizures in certain medical conditions. CBD oil lives in a gray area in Wisconsin. As long as this oil is produced properly, this oil has claimed to help many people in many ways, and can be produced with hemp. The hemp crops may help Wisconsin farmers fill a void with today's volatile markets. The CBD oil needs to have a THC level of less than .3% in order to be legal in Wisconsin. THC is the substance that creates the "high", "euphoria", or mind altering effect. It is highly improbable a CBD oil patient would get high on properly farmed hemp. The THC content is too low. A person will not receive a THC high from CBD oil created from hemp, but will receive the medicinal effects. The FDA has not approved, as of yet, CBD oil or marijuana for medicinal purposes. When they do, then, as any other prescription you have from your doctor, you will be able to go to Wolf River or Crandon Pharmacy and get it filled. Until then, IF medical marijuana is legalized in Wisconsin, marijuana products will be available from dispensaries, not our family druggist. Please read what Marinette County had to say about the problems they are having with the legalization of medical marijuana in the neighboring state. This is taken from an article written this spring by Sarah Thomsen, WBAY news in Green Bay: 'Local police say plenty of people are getting high in Michigan and driving into Wisconsin. Medical marijuana has been legal in Michigan since 2008.

"What we're seeing is it's all throughout the day. It's not just morning, not just night. It's whenever people self-medicate," says Deputy David Oginski, Marinette County Sheriff's Office.'

There are many other articles on the border issues.

Let's investigate all the possibilities of hemp. The hemp plant could provide all the medicinal qualities of marijuana, with less risk of foul play.

Do your own homework before you vote. Use trusted sources. Make an educated decision.

In closing, I would like to apologize for blanking out when I tried to speak at the board meeting. I have done all my homework, however, the talk of cancer runs in the background and pulls emotions and the memories are just very fresh at times. I appreciate your understanding.

Sincerely and with much respect,  
Jill Zagar Kettlewell; Forest County Supervisor serving District 12

### Time to Review Your Medicare Plan

Submitted by: Kathy O'Melia

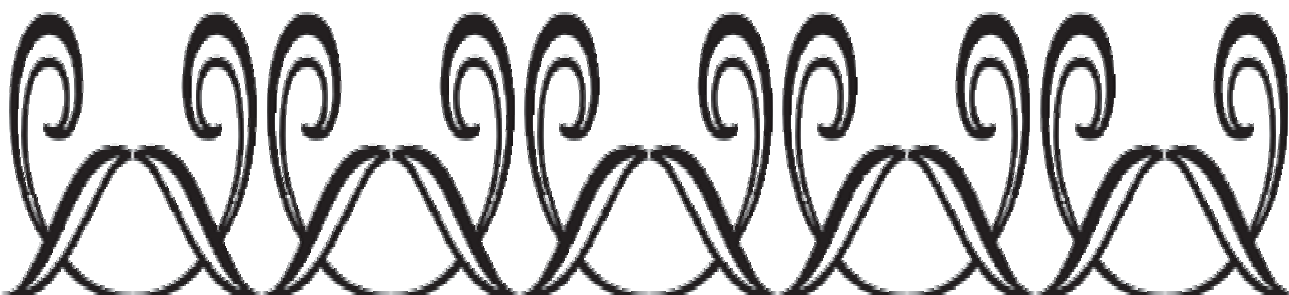

Medicare's Annual Open Enrollment Period is coming soon. Be sure to add this to your fall checklist if you have a Medicare Part D plan or a Medicare Advantage Plan.

Every year insurance companies can change their list of covered drugs and their pricing structure, known as the plan formulary. This means that even if you are taking the same medications, the amount you pay for your medications may change next year. The plans' premiums, deductibles, and copays can also change each year.

What can people do about this? All Medicare beneficiaries should review their current coverage during Medicare's annual Open Enrollment Period, which runs October 15 through December 7th. Find out what your plan's costs and coverage will be next year and compare it with other options based on your prescription medications and other needs or preferences. You may decide you're happy with your plan's costs and coverage details for 2019. In that case, you won't need to do anything. Or, you may find a plan that is better suited to your needs and your budget.

Shopping around to find the best for you is always a good idea, but you don't have to do it alone. Free, unbiased assistance with plan comparisons is available from the Elder Benefit Specialists in your county.

Don't let this opportunity pass you by! The Elder Benefit Specialists can also check to see if you are eligible for any programs or benefits that can save you money. For further information and assistance in Forest County contact Kathy O'Melia, Elder Benefits Specialist at the Aging and Disability Resource Center of the Northwoods at 800-699-6704. Appointments fill quickly during the Open Enrollment season so please call today to schedule.

## For Old Time's Sake

It's Labor Day weekend back in 1970, and there is a new event taking place. It is called the Brush Run 101. A bunch of goofy guys are about to race 101 miles, that's 4 laps of 25 1/4 miles through the woods with some old cars that have been beefed up with roll bars, skid plates and the best old tires they could find.

49 years later, it is still being run, but today the race has little resemblance to the original running. It was a good time. Scrap iron was scattered from one end of the course to the other, and a Volkswagen won the race!

The picture above is of the parade that was held downtown prior to the beginning of the "big" race.

### Johnson discusses importance of North American Trade

Wisconsin has a trade surplus with both Canada and Mexico. Mexico is our largest market for Wisconsin cheese. I was glad the administration has come to terms with Mexico on a trade deal. I hope that Canada can also come to an agreement, because we really do want that North American market.

I wish this agreement would have been made months ago because we've just had this uncertainty hanging over our economy. You can see how the stock market stalled and how the stock market took off once this deal was done, so I hope the administration is paying attention to that.

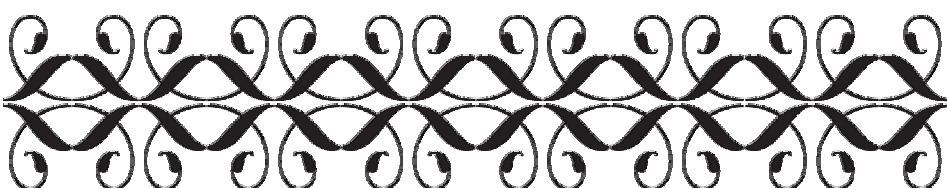

We really do need to conclude NAFTA [and] trade negotiations with Europe so that a united front of the rest of the trading world really goes to China and demands that they follow the rules. ... It's going to take a united front with the rest of the trading world to really make sure that China behaves.

### School District of Wabeno Area Child Care Possibilities

The School District of Wabeno Area is excited to announce we are exploring the possibility of beginning a child care program in our school district. Please connect to our school webpage <https://www.wabeno.k12.wi.us/> to take a short survey regarding your child care needs. This survey will help us determine the needs of our community members. We would like to have the survey completed by our parents by September 28, 2018. We will then analyze the data and share this information with our school board members. We hope to begin a day care program based on community needs as soon as possible. Thank you for taking the time to help us provide for the children of our community. If you do not have access to this online survey you may pick up a copy of it in the district office to complete. If you have any questions regarding this survey, please contact Jennifer Vogler at 715-473-2592.

## Goodman-Armstrong Creek School District Annual Notice of Special Education Referral and Evaluation Procedures

Upon request, Goodman-Armstrong Creek School District is required to evaluate a student placed in the institution for eligibility for special education services. A request for evaluation is known as a referral. When the district receives a referral, the district will appoint an Individualized Education Program (IEP) team to determine if the student has a disability, and if the student needs special education services. A physician, nurse, psychologist, social worker, or administrator of a social agency who reasonably believes a student residing in the institution, brought to him or her for services is a child with a disability, has a legal duty to refer the student to the facility in which the student resides. Before referring the student, the person making the referral must inform the student's parents that the referral will be made. Others, including parents, who reasonably believe a student residing in the institution is a child with a disability, may also refer the student to the facility in which the student resides. Referrals must be in writing and include the reason why the person believes the student is a child with a disability. A referral may be made by contacting the administration staff at Goodman-Armstrong Creek School District 715-336-2575 or by writing 1 Falcon Crest, Goodman, WI 54125.
