## Stay at HomeCare starting the service in this area Employees needed!

By Mike Monte

Lisa Ann Deviley, RN, is starting a branch of her business in this area. Stay at HomeCare is a service that provides home care to those individuals who require personal care in their home, such as bathing, dressing, grooming, toilet care, etc. The service can also include help with medications, mobility assistance, light housekeeping, laundry, meal prep, shopping or errands, accompaniment to appointments, companionship, supervision, and respite.

Stay at HomeCare, LLC is a Wisconsin certified personal care agency.

This business provides services to people of all ages with either a temporary or permanent need for assistance. The in-home care offers an alternative to long-term care facilities. Stay at HomeCare provides help to the frail elderly, people with dementia, physically disabled and developmentally disabled. They work with the family and will adjust the services as the needs change.

The cost for home care services generally costs less than the price of a long-term care facility. Funding may come from Wisconsin Medicaid, counties, family care organizations, the VA, long term care insurance or privately.

### Employment Opportunity

Stay at HomeCare is looking for employees interested in working this area. The job can be full or part-time with flexible hours. Some prospective employees will need some training, but those with experience may not. According to Ms. Deviley, an employee can work anywhere from two hours a week up to 24 hours per week.

Deviley says that many rural areas need this type of service, and she operates the business in Lena and Sherwood. She says that this area has a strong need for the service.

Stay at HomeCare has an office in Crandon in the old nursing home, but she can be reached at the Lena office at 920-834-4049 or the Sherwood office at 920-989-0157. Her email is: [ldeviley.stayathomecare@gmail.com](mailto:ldeviley.stayathomecare@gmail.com).

If you would like to earn some money and provide a much needed service to the community, you are urged to apply for a position.

## Conservation Corner

### Request for Support for WRISC

*Conservation Corner is a weekly article produced by the Forest County Land Conservation-Land Information Department. For more information contact Al Murray, County Conservationist-Land Information/GIS Director at 715-478-1387 or by e-mail at [lcc@co.forest.wi.us](mailto:lcc@co.forest.wi.us).*

Forest County is a partner and supporter of the Wild Rivers Invasive Species Coalition (WRISC). WRISC is a coalition which seeks and obtains grant funding from many sources to provide services to Forest, Florence, and Marinette Counties in Wisconsin and Dickinson and Menominee Counties in Michigan. Since 2009 WRISC has completed invasive species education, management and control in many areas across the 5 county region. The mission of WRISC is dedicated to the management of our lands and waters through cooperation, education, prevention and control.

WRISC provides services to private landowners, organizations, and municipal partners. I recently received a letter from WRISC asking the Town of Laona to become a partner with WRISC. There is no cost to become a partner, it only takes agreement with a memorandum of understanding between your group and WRISC. Larger numbers of partners will improve the chances for WRISC to obtain grants.

A primary goal of WRISC in 2019 will be inventory and management of invasive species populations on road right-of-ways. There is a particular concern with wild parsnip which has greatly expanded its populations within right-of-ways and also provides health dangers to the public

I would encourage every group with an interest to sign on to become a partner with WRISC. Let's work together to fight against invasive species on our lands and in our waters.

More information about WRISC can be found at [www.wrisc.org](http://www.wrisc.org) or give them a call at 906-447-1550 extension 102.

If you need assistance for invasive species or think you know of areas with invasive species, give the Land Conservation Department or WRISC a call.

## Volunteers needed for Wabeno Area Players 2019 productions and Fine Arts Series

Volunteers at a Wabeno Area Players production

We need you! Volunteers are needed for the following positions: Ushers, Ticket/Box Office, Table Service and Coat Check. You can volunteer for every show or just one performance. We will take any time that you have to give. Plus, you get to see one of our productions at no cost!

Community theatre is made possible because of community involvement and support. Did you know that every person you come in contact with at Wabeno Area Players is a volunteer? Our board provides necessary guidance and expertise, but to create numerous productions, we need you!

There are lots of volunteer opportunities: ushers, table staff, box office, marketing, publicity, stage crew, performers and technicians. Everyone is important to Wabeno Area Players. Whether it is for one hour or every day, we need you!

People who volunteer their energy do so for many reasons: to learn new skills, to make new friends and to share the magic of bringing stories to life.

Be a part of our community theatre. Wabeno Area Players is a 501c3 non-profit organization. We support many community causes throughout our area. If you would like to volunteer or for more information, please call Linda at (920) 422-1492. You can also email us at [wabenoareaplayers@gmail.com](mailto:wabenoareaplayers@gmail.com), check our website [www.wabenoareaplayers.org](http://www.wabenoareaplayers.org) or Facebook @wabenoareaplayers. If you can help please contact us soon.

The next production by the Wabeno Area Players is, *On Golden Pond*. Dates of the show are March 21-24 and 28-30. The production will be held in Wabeno at Madonna Hall (1793) Elm Ave., Wabeno, WI 54566. For tickets call (800) 838-3006 or online at: [wabenoareaplayers.brownpapertickets.com](http://wabenoareaplayers.brownpapertickets.com).

*On Golden Pond* is the love story of Ethel and Norman Thayer, who are returning to their summer home on Golden Pond for the forty-eighth year. He is a retired professor, nearing eighty, with heart palpitations and a failing memory—but still as tart-tongued, observant and eager for life as ever. Ethel, ten years younger, and the perfect foil for Norman, delights in all the small things that have enriched and continue to enrich their long life together. They are visited by their divorced, middle-aged daughter and her dentist fiancé, who then go off to Europe, leaving his teenage son behind for the summer. The boy quickly becomes the "grandchild" the elderly couple have longed for, and as Norman revels in taking his ward fishing and thrusting good books at him, he also learns some lessons about modern teenage awareness—and slang—in return. In the end, as the summer wanes, so does their brief idyll, and in the final, deeply moving moments of the play, Norman and Ethel are brought even closer together by the incidence of a mild heart attack. Time, they know, is now against them, but the years have been good and, perhaps, another summer on Golden Pond still awaits.

All are invited and encouraged to support the Laona Fire Department and the VFW!

## Forest County Board meeting

By Mike Monte

The full county board met on Tuesday, February 19. There were a number of items on the agenda that were handled quickly.

The fire wardens were approved with a voice vote as was the 2017 audit. There was discussion on the changes to the Forest County Rules and Regulations.

The rule changes will provide a significant change to the way the board will vote on some issues, like the election of a board chairman. Ballots will no longer be signed, but will be secret ballots. The executive committee has been replaced with decisions being made by the 1st Chair and 2nd Vice-Chair. There was also a change made to give the public a chance for input at board meetings with discretion by the board chairman.

Other items quickly passed was amending the 15-year comprehensive plan for boundaries on county lands, the commitment of veterans donated funds so they stay targeted for vets, approval of the emergency preparedness plan, ATV trail maintenance grants, and snowmobile grants.

There was a discussion on whether or not to have an IT Committee in place to handle problems with digital record-keeping and communication, but the resolution did pass to form an IT Committee.

There was approval by the board to pursue the

**The film "Defining Hope" and more on your health at Nicolet College**

The public is invited to attend a documentary film called Defining Hope on Friday, March 8, 2019, 1 p.m. at Nicolet College's Lakeside Center Theater. Forest County Office on Aging, Nicolet College and Oneida County ADRC have partnered to offer this powerful documentary to the public. Defining Hope is a poignant and impactful story about people weighing what matters most at the most fragile junctures in life, and the nurses who guide them. Filmed as a documentary, you will follow patients with life-threatening illness as they make choices about how they want to live, how much medical technology to accept, what they hope for, and how that hope evolves when life is threatened. It is about optimism and helps us define what 'quality of life' really means. Following the film, we will be holding a question and answer session with a panel of professionals that work in hospice and they will be able to answer any questions you may have. Often times this is a difficult topic to address, but it is important for everyone to know the information before there is a crisis. Outlined below is a list of activities that will take place prior to and after the viewing of the film.

This is free and open to the public. We encourage you to join us and bring your friends! The Office on Aging will be offering free bus rides to take people to this event as well. After the event if there is an interest in stopping for dinner somewhere, we can do that as well. Dinner would be the only expense you would have that day. Please call Tammy at (715) 478-7712 if you would like to ride the bus to the event or if you have any questions.

What will be offered:

12:00 - 12:55 pm: Mini Resource Fair in the Nicolet College Lakeside Common's Area, Blood Pressure Screenings by Nicolet College nursing students, Nicolet College EMT/paramedics, Nicolet College Cosmetology, Aspirus Hospice, Ascension Hospice & Palliative Care, ADRC of Oneida County, Forest County Department of Aging, Nicolet College Learning in Retirement, Bytes Café will be open 1:00 - 2:40 p.m., Welcome & Film Introduction, View Film (78 minutes), 2:45 - 3:15 p.m. (Participants may choose to stay for this portion of the event), Q & A with representatives from Aspirus Hospice and Ascension Hospice/Palliative Care.

**Prevent Type 2 Diabetes Program Informational Meeting on February 28 in Rhinelander**

(Rhinelander, WI)- The Center for Disease Control and Prevention's (CDC) "Prevent Type 2" diabetes program is a new offering through Ascension St Mary's Hospital in Rhinelander. The program is designed to offer a supportive group learning atmosphere for people who are at risk for developing type 2 diabetes.

An informational session on this new free program will be held at Ascension St. Mary's on Thursday, February 28th, at 5 p.m. in the 2nd Floor Conference Room located at 2251 North Shore Drive, Rhinelander.

Type 2 diabetes is the most common form of diabetes and is a chronic condition in which your blood sugar level is higher than normal. If not properly treated, it can lead to heart disease, blindness and kidney failure. Type 2 diabetes affects more than 28 million Americans, according to the CDC.

Here in Wisconsin, the Department of Health Services estimates that 8 percent of Wisconsin adults have diabetes while another 28 percent have diabetes, but they don't know it. Another 37 percent of Wisconsin adults have prediabetes.

"Changes in diet and exercise can lead to significant weight loss and improved diabetes control, but the benefits of starting healthy habits don't stop there," said Carley Reynolds, RN, Certified Diabetes Educator at Ascension St. Mary's. "In some cases, type 2 diabetes patients may be able to lower their risk and even stop medications for diabetes, blood pressure and cholesterol after implementation of a healthier lifestyle."

The free Prevent Type 2 Information session at Ascension St. Mary's is open to anyone in the community and will feature a pre-diabetes risk assessment, help from Certified Diabetes Educators to interpret risk levels and provide additional details about the program.

"This program is especially targeted for people who have a family history of diabetes, have been diagnosed with pre-diabetes, borderline diabetes, impaired fasting glucose or gestational diabetes, said Hope Williams, MPH, RD, Certified Diabetes Educator at Ascension St. Mary's. "It also is a good fit for people over the age of 45 with other risk factors such as being overweight or having an inactive lifestyle."

For more information on the new Prevent Type 2 Diabetes Program at Ascension St. Mary's Hospital, please contact Williams at 715.361.4366.

**Rep. Mursau announces tax relief for Wisconsin's middle class families**

Madison – Rep. Jeff Mursau (R-Crivitz) is joining his fellow legislative colleagues today in announcing an effort to provide a significant tax cut for Wisconsin's middle class families. After eight years of financially responsible budgeting, Wisconsin has a strong budget surplus. The GOP plan would direct \$340 million of that surplus to middle class families throughout Wisconsin to provide tax relief.

"Whenever I work on developing the state budget, I always try to balance smart financial planning decisions with reducing the financial burden of our working families," said Rep. Mursau. "I am glad the smart budgeting decisions we made over the years has paid off and that we're in a position to give back and provide this tax cut without having to raise taxes on our local businesses to do it."

Rep. Mursau and his Assembly colleagues reached out to Governor Evers last week and detailed a number of issues where the two branches could work together in a bipartisan way to accomplish shared goals. This effort continued when Governor Evers joined Rep. Mursau and his fellow GOP representatives in joint caucus earlier this week. The proposal unveiled today delivers on a shared promise and is a testament to the word of both parties to put politics aside and move the state forward. The tax reductions announced today are for individuals making less than \$100,000 and families earning \$150,000 or less. According to the nonpartisan Legislative Fiscal Bureau, a median income family filing jointly should see a \$310 reduction in their net taxes.

"Though I expect this session will likely find the legislature and Governor disagreeing on various issues, I am glad we can find common ground on providing tax relief to our hard-working constituents," said Mursau. "I look forward to working with Governor Evers in the coming months on the state's two year budget and finding additional areas where we can work together."

Right now, Assembly Republicans are working with colleagues in the Senate to finalize this tax relief legislation, and it could be introduced as early as next week. Once approved by the legislature and signed into law, the tax cut would take effect next year.

**For Old Time's Sake**

Jones Lumber Co. had a nice pile of logs back in 1912. If you have trouble reading the writing on the photo, it is looking west towards the Schroeder Farm, which was the Krienbrinks farm in 1995. The photo appears to have been taken by H.P. Schroeder.

These logs would have been run through the Jones Mill, which was where the grade school sits today. You have to wonder how many people are still using furniture or walking on hardwood floors today that came out of these log piles.

Weber-Hill Funeral Home is assisting the family with the arrangements. Online condolences for the family may be directed to [www.weberhillfuneralhome.com](http://www.weberhillfuneralhome.com).

**Tom Cundiff** passed away unexpectedly from a fall at home. He passed away on February 10 under the care of the palliative care unit at Aspirus in Wausau. He would have been 86 on February 25.

He served in the Army from 1953-1955. After coming out of the service, he moved to Milwaukee, where he spent several years working at International Harvester.

Then returning back to Crandon, where he spent the majority of his life logging. It was truly his dream job, he loved every day that he spent in the woods. There have been many family and friends who have shared several stories with us that we have all enjoyed.

He was married to Georgine (Feight) for 63 years. Together they raised two daughters, Lynne (Brent) and Cheri (Joe). Grandchildren are Rick (Paula), Nick (Greg), Michael (Sarina), Caitlin (Jesse), Angela (Tony) and Alex (Kourtney). He also had seven great-grandchildren.

He was preceded in death by his parents, Matt and Jessie Cundiff; and two sisters, Charlene Marvin and Virginia Allain.

He is survived Dick Cundiff (Judy) and many nieces and nephews.

Per his request, there will be no services.

## New Data: Teen e-cigarette use explodes in popularity as smoking wanes

Forest County, WI: The Wisconsin Department of Health Services recently released data showing a sharp increase in e-cigarette use among both middle and high students even as fewer teens than ever are smoking conventional cigarettes (1.4% of middle schoolers, 4.7% of high schoolers). The news comes shortly after U.S. Surgeon General Jerome Adams declared teen e-cigarette use a public health epidemic.

Data from the Wisconsin Youth Tobacco Survey showed current e-cigarette use jumped 154% among high school students from 2014-2018, and 272% among middle school students in that same time period. According to the survey, one in five Wisconsin high school students currently use e-cigarettes, and one in nine Wisconsin middle students have tried e-cigarettes. Additionally, one in four high school students say they first tried an e-cigarette before 16, and 96% of middle school ever-e-cigarette users tried their first one before the age of 13.

The Forest County Health Department is concerned about the rise in e cigarette use among middle and high school students because of the harmful effects of E-cigarette aerosol. Most e-cigarettes contain nicotine which is the addictive drug in regular cigarettes, cigars, and other tobacco products. Nicotine exposure is harmful to the developing brain of an adolescent and can impact learning, memory and attention. Using nicotine in adolescence can also increase risk for future addiction to other drugs. In addition to nicotine, the aerosol that users inhale and exhale can potentially expose both themselves and people close by to other harmful substances, including heavy metals, volatile organic compounds, and ultrafine particles that can be inhaled deeply into the lungs.

Flavors drive e-cigarettes' popularity with this young age group. 89% of high schoolers and 95% of middle schoolers say they would not use an unflavored product. Flavors like magnificent menthol, cherry crush, vivid vanilla, Pina colada, blueberry, strawberry mint, berry cobbler, mint chocolate, caramel café, blue raz cotton candy, peach green tea, pink spot, black mamba and frozen lime drop are just some of the examples of the 15,500 flavors available online that kids are finding appealing according to a 2018 study.

Members of the Northwood's Tobacco Free Coalition and the Forest County Health Department ask parents, educators, health professionals, and community leaders to help address this important issue. The Wisconsin Department of Health Services Public Health Advisory details recommended actions for each of these groups and can be found at <https://www.dhs.wisconsin.gov/tobacco/advisory.htm>.

Parents can also get tips for talking to their kids and learn about the fruit and candy-flavored e-cigarettes and other tobacco products tempting youth at [www.tobaccoischanging.com](http://www.tobaccoischanging.com). To view the survey results, please visit [www.dhs.wisconsin.gov/tobacco](http://www.dhs.wisconsin.gov/tobacco)

## AARP 1191

Harvey & Sharon Hallam

The first meeting of 2019 for the Nicolet AARP 1191 was a pot luck and ticket auction. The snow outside was not heavy enough to keep many members away and 28 members were present to enjoy the event. Officers and board members for 2019 were inducted. Several members won the prizes that they wanted when the ticket auction was held. Harvey and Sharon Hallam were the lucky winners of several items. A list of current officers and board members was passed out along with a schedule of meetings and events for 2019.

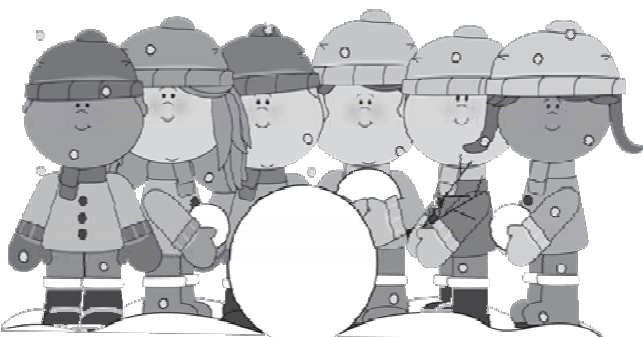

Members signed up for the Valentines Social which is scheduled for February 19 starting at 4:30 p.m. at Mulligans South of Lakewood. The speaker for the February 26 meeting will be Dr. Habeck from the Habeck Chiropractic Center.

All persons 50 and over are invited to join the local AARP Chapter. AARP meetings are social, entertaining, and informative. Meetings are held at the Lakewood Presbyterian Church on the fourth Tuesday of the month starting at 1:30 p.m. (Winter hours). Contact Joyce West, Membership Chairman, at 715-850-0336.

Submitted by Dick Culver, Public Relations Chairman.

## Forest County Board Cont. from pg. 1

financing needed to purchase two parcels of land called the Peshtigo Block 1 and Peshtigo Block 2. The financing sought would be through the Knowles-Nelson Stewardship Fund.

The most discussion occurred over the last item on the agenda. The discussion was over what to ask for from the Wisconsin Gaming Compact money. According to the compact, the money that is put up every two years is parceled out between Milwaukee and Forest County. Governor Evers decides where the money will go.

In a resolution offered by the Intergovernmental Relations Committee, the county put in a request for funds to help cover the building and staffing of the 911-Dispatch Center in the Forest County Jail. The request is for \$450,000 per year for two years.

The second part of the resolution put in a request for \$80,000 per year for economic development projects in the county.

At the meeting, a resolution was made to remove the request for the economic development money to prioritize what is considered the more important funding for the dispatch center. However, the \$80,000 requested for economic development was placed in another resolution that will also be put in front of the governor.

Governor Evers could decide to grant both requests or one or the other. Time will tell.
