## Colors of Cancer Run & Walk at Crandon International Off-Road Raceway

Be there this weekend, Saturday May 4th.

The Colors of Cancer is an untimed event with no winners or prizes, but participants will be showered with colored powder at six stations along the run. The event is put on by The Ties That Bind Us, a non profit organization started to give back to the community members of Forest County.

### Schedule of Events - Rain, Shine (or Snow)

- 8:00-9:45 a.m. - Registration
- 8:00 a.m. - Food Sales start in the Barn
- 9:30 a.m. - Kids Games and Bounce House
- 9:45 a.m. - Costume Contest
- 10:00 a.m. - Opening Ceremony
- 11:00 a.m. - Run/Walk Begins
- Group Color Throw

### Entry Fees

- \$35 - Adult
- \$15 - Ages 18 and Under
- \$75 - Family Registration (same household only)
- FREE - Cancer Survivors
- T-Shirt Pick Up Friday, May 3 from 2-6 p.m. Ascension Crandon Clinic, front entrance
- Saturday, May 4 from 8-9:45 a.m. - Crandon International Off-Road Raceway
- \*\*\*A signed race waiver form is required before any shirts are received.
- \*\*\*Shirts are only guaranteed if signed up prior to April 1st.
- Parking - Turn onto Country Rd S, follow the signs to the "Pit Area"
- For Additional Information, call Forest County Ties That Bind Us at 715-478-6342.

## Wabeno Area Chamber Reorganizational Meeting

On Tuesday, May 7, 2019, the Wabeno Area Chamber of Commerce will be holding a reorganizational meeting at Wildcat Den in Wabeno. The meeting will begin at 6 p.m. and the doors will open at 5:30 p.m.

Those business owners, organizational leaders and community members wishing to be involved and have a voice are encouraged to attend. The unified goal is to promote the businesses, events, and organizations in the Wabeno Area. Be part of something positive and attend this meeting.

For more information or questions, please call (715) 889-1606.

## Conservation Corner

### Stream Crossing- Importance of Design- Spring Workshop May 14th

Conservation Corner is a weekly article produced by the Forest County Land Conservation-Land Information Department. For more information contact Al Murray, County Conservationist-Land Information/GIS Director, at 715-478-1387 or by e-mail at [lcc@co.forest.wi.us](mailto:lcc@co.forest.wi.us).

Our road systems, both current and historic, have tremendous impacts on water quality, fish habitat and aquatic insects. Stream crossings including undersized and improperly placed culverts have the greatest impacts. Proper stream crossing design can assist with improvement to fish habitat and save the towns, the county, and landowners money in the long run.

Improperly designed stream crossings do not have the ability to withstand large rain events such as we have seen recently. We need to take a close look at what has occurred in neighboring counties when flooding happens from large rain events. Properly designed stream crossings take into account the potential amount of water that may flow through the crossing area, the amount of flow during 100 year flooding events, proper elevations for crossing placement and the velocity of water from culvert sizing.

## Major Forest County Broadband Presentation May 9

### Public encouraged to attend

Forest County residents will have the opportunity to learn the focus of the Forest County Broadband Commission's efforts to bring quality broadband service to the county at an upcoming public forum. There will be a presentation for the public at Crandon High School gymnasium on Thursday, May 9 beginning at 6 p.m. The presentation will include a number of topics important to Forest County residents. The commission has identified critical priorities for the county including emergency services, education in our schools, and e-medicine.

The commission was formed in late January upon request from the county Intergovernmental Relations committee. Forest County Economic Development Partnership was asked to put together a volunteer group to explore options for the county in bringing broadband services to a level meeting residents' needs. The timing of the commission's efforts coincides with the USDA announcing \$600 million in grant money; targeted towards rural counties underserved with broadband utilities. It also coincides with a major initiative from Microsoft essentially working toward a similar goal of serving rural counties with compromised services. The local Forest County UW Extension office has been working on this component over the past several months. The state of Wisconsin has also earmarked grant funds for broadband service expansion.

The commission established a mission statement in which 'Forest County would serve as a SMART county model for rural Wisconsin counties. 'Foremost' Forest County is a bold initiative with high goals that can have a very positive impact on quality of life aspects for our residents, services, schools and industry. Presentations will be made by Forest County Emergency Management, Wisconsin Public Service Commission, school administration, broadband providers, Aspirus E-Medicine specialist, local industry, Wisconsin Department of Tourism Secretary Sara Meaney, and Forest County Microsoft Digital Divide specialist. The presentation is intended to last 60-70 minutes. Attendees are encouraged to be seated by 5:45 with the presentation beginning promptly at 6. Several local and regional elected officials will be in attendance.

"This is a great opportunity for our residents to understand the importance of quality broadband. Our goal is to make service available to every resident of Forest County, regardless of remote location", stated Mark Ferris, Forest County Economic Development Partnership. "The current level of service for many of our county residents does not meet an acceptable standard. It impacts every age group; from students to senior citizens. This program will highlight why quality broadband is important for all our residents."

Mark Ferris  
Executive Director

Forest County Economic Development Partnership

## Charles Lynch performs in "The Crucible" at Nicolet

Nicolet Players actor Charles Lynch, right, rehearses a scene from the *The Crucible* with Bill Roff, who plays Governor Danforth. Performances are schedule for May 3 to 5 and 9 to 12. Tickets are \$8 and \$10 and can be ordered at [nicoletlive.com](http://nicoletlive.com) or by calling (715) 365-4646

Actor Charles Lynch has performed in more than 70 different plays with seven different theater troupes over the past 25 years.

His favorite to perform with?

"They've all been great, each having their own

## Goodman-Armstrong Creek 2019 Valedictorian Stanley Maruszczak

Stanley Maruszczak Jr. is a senior at Goodman-Armstrong Creek High School and is the Valedictorian of his class of 2019. He graduates Goodman-Armstrong Creek High School with a GPA of 3.943. He is the son of Stanley and Alice Maruszczak of Armstrong Creek Wisconsin.

Throughout high school, Stanley has been involved in numerous extracurricular activities. These activities include basketball and baseball, treasure of his senior class, and the President of National Honor Society. He is also the president of the Goodman-Armstrong Creek SkillsUSA Chapter and vice president of SADD.

After high school, he will be furthering his education at Northeast Wisconsin Technical College (NWTC) of Sturgeon Bay for Diesel and Heavy Equipment Technician. His future plans include an occupation as an on-road mechanic, then transitioning into taking over his father's excavation business.

## Goodman-Armstrong Creek 2019 Salutatorian Caleb Nelson

Caleb Nelson is a senior at Goodman-Armstrong Creek High School and is the Class of 2019's Salutatorian. Caleb is the son of Eric and Colette Nelson from Armstrong Creek, Wisconsin.

Caleb is president of his class, a member of the National Honor Society, and a member of G-AC SkillsUSA. Caleb has participated in other extracurricular activities throughout his high school years. Some of those activities are sports such as boys basketball, baseball, and being a member of the G-AC ice fishing team. In Caleb's spare time, he likes to spend time with his friends and family and help out on their family farm.

Caleb is undecided on what to pursue after high school. He has thought of many different career paths such as diesel mechanics, agricultural science, and heavy equipment operations. He plans on either attending Nicolet College or Northeast Wisconsin Technical College (NWTC) in Sturgeon Bay.

## Huisman Honors Recital Wabeno-May 11

The Huisman Honors Recital will be held on May 11, at 7 p.m., at the Nancy Volk Auditorium, at the Wabeno High School.

The recital is open to the public, with an admission charge of \$5 per person at the door. There are no advance ticket sales.

All students from invited schools have the opportunity to compete in the Huisman Honors Recital competition. This event is named after longtime educator and arts supporter Richard Huisman. He was a teacher, principal and superintendent for the Wabeno School District.

Eight to ten students from the Northern Lakes Conference will be selected to perform based on their audition. Scholarships will be awarded for the top student performances.

**The Rebel Drama technical crew**

Back row L-R) Seth Riebe, Kelly Boor, Evan Thomas, Logan Riebe, Ted Gust, Kierra O'Keefe (Front Row L-R) Mr. Pat Lowery, Annalise Sommers, Morgan Mattern, Myla Volk, Jordan Calhoun, Kelsey Beaber (Not pictured) Alexis Childress, Riley Godin

In the few months before the lights come up and the Rebel Drama shows begin, there are hundreds of hours of preparation that go in to the sets, props, lighting, computer, and sound systems. There is a special group of young artists, builders, and technical specialists that step up to make sure that our Rebel Drama productions provide the level of high quality entertainment that our audiences have enjoyed for many years.

This year's production, *We Will Rock You*, provided some special challenges. The vision of the production was to provide a futuristic scenario of society underscored by the classic rock and roll music of the band Queen. Much of the set used the shades of red, blue, green, and yellow described as "Google Colors", along with some scenes that were more drab hues that depicted the wasteland and ruins of iconic settings like the Las Vegas Hard Rock Cafe and the gates at the entrance of Graceland, in Memphis. Some of the tasks that the crew had were to construct platforms, steps, and walls that span almost forty feet across the stage and include an eight foot rear projection screen, as the base set. Other challenges this year included building an eight by twenty foot replica of the Graceland gates (on wheels so that it could be moved in a matter of seconds), programming and operating over a hundred stage lights, wireless microphone sound checks for every member of the cast, fog and bubble machines, and building the space on stage for a live rock band. During the run of the show, scene changes have to be quick and precise to keep the

rhythm and flow of the performance moving. Set changes are made while the stage is dark, and the running crew has to work together much like a NASCAR pit crew. These changes are practiced, timed, and evaluated to become as efficient as possible while still remaining safe for the crew and cast members. According to Mr. Pat Lowery, the Rebel Drama Technical Director, "I've been running the stage crew for our high school drama department for over twenty years, and each show provides its own unique challenges. Being part of "The Crew" is a real-life educational experience in problem solving. We make ideas and concepts become real. Many of my former stage crew members have told me that this experience has helped them in their education and careers after high school. This year I had the privilege of working with an amazing group of talented young people. Each of them have special skills, and a willingness to work hard and learn new things. This is not easy work, and attention to details and craftsmanship are essential to a high quality show."

The 2019 Rebel Drama Crew: Evan Thomas- Crew Chief Logan Riebe- Stagecraft Technician Seth Riebe- Set Construction Alexis Childress- Master Lighting Programmer/Operator Riley Godin- "God Spot" Operator Jordan Calhoun- Painter/ Running Crew Morgan Mattern- Painter/ Running Crew Myla Volk- Painter/ Running Crew Kelly Boor- Artist/ Painter Annalise Sommers- Artist/ Painter/Running Crew Kierra O'Keefe- Spotlight Operator Kelsey Beaber- Spotlight Operator Ted Gust- Rear Projection Computer Technician.

**All Nicolet Nursing graduates pass national licensing exam on first attempt**

Nicolet College's most recent Nursing graduates posted a 100 percent pass rate on their first attempt at the national licensing exam to become registered nurses.

"We were absolutely thrilled when we found out that all of our students who finished the Nursing program this past December were successful on the exam," said Dean of Health Occupations Candy Dailey.

The national average pass rate is currently 85 to 86 percent for any given graduating class. She noted Nicolet Nursing graduates historically perform above the national average, typically with 90 percent or more passing on their first attempt.

The 11 Nursing students who graduated from Nicolet last December are residents of several area communities including Three Lakes, Tomahawk, Eagle River and Rhinelander.

The graduates have indicated they plan to seek work in the Northwoods or continue their educations to earn bachelor's and even possibly master's degrees.

Nicolet's Nursing program is well noted for its academic rigor. "At Nicolet the focus is on preparing students as best as we possibly can for their chosen career field," Dailey explained. "A big part of this is holding them to high standards. The most recent class of Nursing graduates did a great job at meeting the challenge."

The national exam, administered by the Wisconsin Department of Regulation and Licensing, also serves as a report card of sorts on Nicolet's Nursing faculty and the program as a whole.

"It's always good to know that we are properly preparing students for careers in nursing," Dailey added. "If a program had a low pass rate, changes would need to be made. But we know that's not the case here at Nicolet."

For more information about Nicolet's associate degree Nursing program, contact the Nicolet College Welcome Center at (715) 365-4493, 1-800-544-3039, ext. 4493, or visit the college's website at [www.nicoletcollege.edu](http://www.nicoletcollege.edu).

May 5 - The Qualities of a Spiritual Father (1 Cor. 4:14-21)  
May 12 - Church Discipline (1 Cor. 5:1-13)  
May 19 - Ungodly Lawsuits (1 Cor. 6:1-11)

2973 Highway 55, Crandon • 715-784-0250

## Crandon Senior Spotlights - Alexis Thompson

Alexis Thompson, daughter of Lisa Terry and Donald Thompson, said one of her high school accomplishments includes getting her CNA certificate. One of her favorite high school memories is when she and her friend, Ciara, were riding around in her car and her muffler fell off. She didn't know what fell off her car so she had to call her brother, Mike. Let's just say it was a loud, awkward ride home.

She has learned that her mom is always right, even when she's wrong. It is easier to just agree with her. She has also learned that you should not procrastinate in school or in life. Get everything done early. It will help you in the long run.

She will be attending Nicolet College to pursue her dream of becoming a pediatric nurse.

She would like to thank her mom and dad for always pushing her to do her best; her sister, Miya, for always being so loud and slightly annoying in the morning so she would wake up on time; her brother, Mike, for making sure her car would start on cold winter mornings or, well, any time of the year if we are being honest; her brother, Jake, for always being real with her; and last but not least, her favorite sister-in-law, Chelsea, for being her person. Every time she needed to rant or cry, she would be there through it all. Thank you.

## Forest County Child Support Agency receives award

L-R Shannon Boney, Child Support Director, Stephanie Statezny, Child Support Specialist, and Nancy Donek, Child Support Specialist.

Not pictured: Dawn Millan, she retired on January 2, 2019.

The Forest County Child Support Agency was one of two counties statewide to receive a Certificate of Outstanding Achievement from the Wisconsin Department of Children and Families, Bureau of Child Support, for fiscal year 2018. The Certificate of Outstanding Achievement recognizes a child support agency that has demonstrated outstanding achievement in three federal performance measures for the previous federal fiscal year.

To be eligible for the award, the agency needed to establish child support orders in 80 percent of cases in their caseload, needed to show the amount of child support they collected increased from the prior performance year, and needed to show a paternity establishment rate of 80 percent or higher and a 1.5% improvement from the prior performance year. The agency's performance rate for the performance year for Paternity Establishment was 107.19% which was a 5.5% increase from the previous year, the Court Order Establishment rate was 92.68% which was a 2.04% increase from the prior year, and Current Support Collected was 76.04% which was a 2.68% increase from the prior performance year. Although not part of the criteria requirement for this award, the agency also increased their rate on the Arrears Case Collections measure which was 69.96% resulting in an increase of 2.85% over the prior performance year.

"This award is the result of the hard work and dedication of the staff," said Child Support Director, Shannon Boney. "We are very proud of what we have accomplished for the children and families in Forest County." Besides the agency receiving the Certificate of Outstanding Achievement at the Directors' Dialogue conference in Elkhart Lake on April 11th, Shannon Boney also received a personal Length of Service award from the Department of Children and Families, Bureau of Child Support, for her 20 years of dedicated service to the child support program as she began her career with the Forest County Child Support Agency on August 3, 1998.

## FOREST COUNTY BROADBAND INITIATIVE PRESENTATION

THURSDAY, MAY 9, 2019 @ 6:00 P.M.

CRANDON HIGH SCHOOL GYM

(PLEASE BE SEATED BY 5:45)

### FOREMOST FOREST COUNTY

Our mission is to make Broadband service available to every resident and location in Forest County. Ultimately we strive to create the SMART county model for all Wisconsin rural counties.

There will be multiple presentations explaining Forest County Broadband needs. Plan on hearing great information with insight on topics such as

- \* Emergency services...connecting our county
- \* E-medicine...a trend requiring our County's preparation
- \* Education...the needs of our County students
- \* Broadband providers...discussing technology
- \* Local business leaders...moving forward and workforce needs
- \* County and Native American tribal leaders...the power of working together
- \* Hear from knowledgeable speakers sharing the necessity for Forest County to improve Broadband services and how it affects all County residents and our future.

\* In attendance will be Angie Dickison, State Broadband Director. Also attending will be Secretary Sarah Meaney, Department of Tourism, Wisconsin Dept. of Transportation Economic Development, representative from Congressman Sean Duffy's office as well as numerous state and local representatives.

**THIS IS A PUBLIC EVENT...PLEASE ATTEND AND BE INFORMED ON THIS IMPORTANT TOPIC. THE PROGRAM WILL CONCLUDE AT 7:00 P.M.**

**FOR SALE:** Better efficiency and more heat output than traditional wood heating. Central Boiler Classic Edge Titanium HD Outdoor Wood Furnace with titanium enhanced stainless steel firebox. Base price starts as low as \$7,425. Call 715-627-COOL(2665) today! Bf2etc3mth

**Crandon Senior Spotlights - Tia Poe**

Tia Poe is the daughter of Larry and Terese Poe. Tia's best high school memories are participating in sports and extra curricular activities. Making new friendships and traveling to new places. From participating in small volleyball tournaments to traveling to Madison for state forensics. She was also Prom Queen, which is a night she will never forget. Her accomplishments are participating in sports and extra curricular activities, receiving first team all conference and academic conference awards, the 3 years in Spanish Honor Society and 2 years in

National Honor Society.

Tia has learned in the past 12 years to never give up. She has always been driven to try her hardest and to succeed in what she does. She also learned that she will fail at times, but is ok to get back up and try again. She has learned to not let the past bug her. She has the ability to take her life in the direction she wants and no one can drag her down.

This fall, Tia will be attending Lakeland University. She will be majoring in Accounting with an emphasis in human resources and a minor in Spanish.

Tia would like to thank her family members, especially her parents. Her parents have always pushed her to be the best she can be and always had her back when times got tough. They always encouraged her and cheered her on from the sidelines at games. Her grandma Joyce is also a huge supporter and she would always call her saying that she was proud whenever something good happened, gave her that extra little push to keep going. Tia would also like to thank her teachers for helping her receive her education she needed for future endeavors. Her coaches for helping her put her blood, sweat and tears on the court, track or stage and teaching her life skills she will take with her to college. She also wants to thank anyone else who has helped shape her into the person she is today.

Jakob Hoyt, son of Carmen and Gary Hoyt, said his best high school memories have been in all the sporting events he attended and sports he has played, whether it was making a diving catch for a ball in baseball or seeing the tears of joy on the girls' basketball team when they won their game to go to state. However, his greatest high school accomplishment was going to state for wrestling and making it to be among the top 8 in the state in his weight class. Nothing was sweeter than seeing the joy on his mom and dad's faces and having the whole town of Crandon supporting him on his way to Madison.

During the past twelve years, one of the most important things he's learned was no matter how hard you work your tail off or how many overtime hours you put into something and don't get the results you want, sometimes some things just weren't meant to happen and God has a different plan.

He plans to pursue a college career at UW-Oshkosh and transfer to The Ohio State University after his second year.

Some people he would like to thank for helping him along the way are his parents for the never-ending love and support that they freely give, and his grandpa Deward for extending his 78 years of wisdom upon him versus his 18 "wise" years.

# Death Notices

# Letters to the Editor

**Laurel (Laurie) Bunda** passed away Friday, April 26 at the age of 79. She will be missed dearly by her husband Jim, to whom she was married to for 58 years.

She is also survived by her son, Steve (Laurie); daughter, Pam (John) Schmitt; granddaughters, Kristine (Darrin) Springer and Elizabeth (Andrew) Almquist; and her dear great-granddaughter, Ellie Springer.

Laurie and Jim owned their place on Lake Lucerne for 47 years. They split their time between Crandon and Hudson, FL. A celebration of life will take place at a later time.

**Duane Earl "Tidler" Chaney**, age 90, of the town of Crandon, passed away on Tuesday, April 23, 2019, at Ascension Hospital in Rhinelander, surrounded by his family.

Duane was born at his parents farm on February 3, 1929, son of George and Evalee (Allen) Chaney. On April 18, 1949, he married Mary Jane (Specht), his wife of 69 years.

Duane was an avid hunter and hunting guide. He was a true hound's man and loved to fish. He had worked in Alaska with his brother and worked in Milwaukee with his wife, Mary, and for over 30 years for the Forest County Highway Dept. He loved his sports, either playing baseball in his younger years or watching it on TV, and listening to the Brewers on the radio. He was a Packer and Brewers fan, sometimes more so if they were winning!

Duane is survived by his sister and brother-in-law, Cora Mae (David) Campbell; four children, Sherry (David) Chaney, Jo Ann (Glenn) Hubert, Terri (Paul) Jenkins and John (Linda) Chaney; six grandchildren, Richard (Tina) Kulaf, Duane (Shannon) Johnson, Jessica (David) Fernandez, Tricia (Jeremy) Jenkins, Darcy (Keith) Bradley, and Erin (Jake) Mayer; 12 great-grandchildren; and many nieces and nephews.

Duane was preceded in death by his parents, George and Evalee; wife, Mary; four brothers and sisters-in-law, Garland (Margie), Maynard (Mattie), Donald (Martha) and Kenny (Gerry); and three sisters, Dorothy, Denver (Gary) Jameson and Shirley (Larry) Calhoun-Johnson.

Duane requested to be cremated, but there will be a celebration of life for him and his wife Mary later this summer.

He will be sadly missed by all of his family and many close friends, hunting buddies and co workers.

Online condolences may be left for the family at [www.weberhillfuneralhome.com](http://www.weberhillfuneralhome.com).

*We welcome letter to the Editor; however the letters should be legible, in good taste, not libelous and pertinent to current issues. Names will not be withheld upon request, except for very special circumstances. NAME AND PHONE NUMBER SHOULD BE INCLUDED FOR VERIFICATION PURPOSES. We reserve the right to reject any and all letters.*

## Wisconsin's Hidden Debt

By: Senators Tom Tiffany and Ducey Stroebel

In Wisconsin, our natural resources are an essential part of who we are as a state. We value our outdoor traditions and the stewardship program has helped Wisconsinites preserve natural areas and expand access to recreational activities, all of which are beneficial. Despite being well intentioned upon enactment in 1989, the stewardship program primarily allows the state to purchase land it cannot otherwise afford, through borrowing, pushing costs onto future generations. Initially authorized for a 10 year term, the program provided \$250 million in total borrowing authority to the Department of Natural Resources (DNR), but, in recent years, has grown exponentially in size and scope. Unfortunately, similar to many government programs, the stewardship fund has grown beyond its original intent, while leaving Wisconsin in a financial bind.

To the detriment of Wisconsinites, the stewardship program has accumulated far too much land, has incurred staggering debt, and has resulted in decreased funds for vital state needs. Currently, the DNR has either purchased or protected 1.8 million acres of land and the debt currently owed is \$795 million. To put the land acquisition in perspective, that is more acreage than the entire state of Rhode Island or Delaware. Moreover, when land is owned by the state, it cannot be developed and is not on the tax rolls, impacting the ability of local communities to generate revenue. The program, in its current form, has run its course. The days of responsible borrowing are long gone.

It is incumbent upon the legislature and the budget writing committee to reform this program, to lower the risk to taxpayers, and to fund our top priorities. In 2015, lawmakers recognized the growing concern and required the DNR to sell 10,000 acres of land as a partial solution to rising costs. While a step in the right direction, further efforts are still needed to combat the excessive debt currently being incurred. The spending is so extreme that Wisconsin taxpayers are currently paying over a half a million dollars in interest every week on debt accumulated from the stewardship fund.

According to the non-partisan Legislative Fiscal Bureau, the stewardship fund, since its creation, has cost Wisconsinites approximately \$871 million. Should our colleagues propose to reauthorize the program for an additional 10 years in this budget, the program would need to borrow an additional \$332 million, an estimate that does not include interest. In total, with borrowed interest, taxpayers would be on the hook for \$533 million. To make matters worse, that figure does not include the current \$795 million in existing stewardship debt.

To be clear, if reauthorized, stewardship costs will soar to \$1.329 billion dollars.

In a budget in which Wisconsin needs significant investment in our roads, we need to seriously evaluate how we prioritize our spending. We must ask ourselves when enough is enough.

## May Mental Health Month

May is Mental Health Awareness Month; the month is dedicated to raising awareness and educating the public about mental illnesses, the realities of living with these conditions, and the strategies for attaining mental health and wellness. Mental health is an important part of overall health and well-being. Mental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate to others, and make healthy choices. It is important at every stage of life, from childhood and adolescence through adulthood. Although the terms are often used interchangeably, poor mental health and mental illness are not the same things. A person can experience poor mental health and not be diagnosed with a mental illness.

The stigma that surrounds mental health is a common problem that affects whether or not people seek treatment. According to The Center for Disease Control and Prevention, more than 50% of Americans will be diagnosed with a mental illness or disorder at some point in their lifetime. Causes of mental illness can be random, but common causes are early adverse life experiences, such as trauma or a history of abuse, physical medical conditions, genetic or chemical imbalances in the brain, and isolation.

You can protect your mental health through healthy habits and taking care of yourself. Following a nutritious diet gives you the tools to stay healthy. Avoidance of addictive substances such as smoking/vaping, recreational drugs, and alcohol will keep our body free of toxic ingredients. Drink plenty of water, and use the natural antidepressant of exercise to boost your mental health!

Those who struggle with mental illness should seek treatment as soon as possible. Mental health conditions do not improve on their own and can be linked to other health issues if left untreated. There are many different options available for treatment, but no single method treats everyone. Many people find a combination of treatments helps best. Talk therapy, certain medications, case management, support groups, complimentary medicine, and when needed, hospitalization are just some of the treatment options available.

For immediate treatment, call the national Suicide Prevention Lifeline at 1-800-273-8255 to connect with a local certified crisis screener. For a list of local resources please call the Forest County Health Department at 715-478-3371. A free Suicide Prevention Class called QPR is available to Forest County groups and association provided by the Health Department upon request.

## Nicolet College apprentices awarded Ascendium scholarships

Two students in Nicolet College Apprenticeship programs recently each received \$1,500 Tools of the Trade scholarships from the Ascendium Education Group, formerly Great Lakes Higher Education Corporation and Affiliates.

Carpentry Apprentice Garret Coffen, Lake Tomahawk, and Plumbing Apprentice Jeffrey Fannin, Argonne, each received scholarships that will go to purchase the tools, clothing and supplies that they will use to complete their apprenticeships.

Each apprenticeship is based on a partnership between an employer, the college, and the apprentice, who works for the employer. Apprentices attend class one day every two weeks.

"This way they learn the theory of a specific trade in the classroom and then apply what they learned when they're working on the job," said Jeff Labs, Nicolet Dean of Trade, Industry and Apprenticeships.

"The result is apprentices acquire great skill sets that they'll have for a lifetime. The sponsoring employers get highly trained employees who will contribute to the success of their companies."

Coffen works for Coffen Construction/Golden Eagle Log Homes, Minocqua, and Fannin works for Sherry's Plumbing, Three Lakes.

This year Ascendium surpassed the \$1 million mark in total Tools of the Trade scholarships awarded. The organization started awarding the scholarships in 2013.

"Our scholarships help learners overcome financial barriers so they can focus on successfully completing their apprenticeship and advancing to an in-demand trade career," said Ascendium Chairman, President and CEO Richard D. George. "We're proud to help Wisconsin's hardworking apprentices build brighter futures."

Along with Carpentry and Plumbing, Nicolet also offers Pipefitting and Heavy Equipment Operator apprenticeships. For more information about apprenticeship programs at Nicolet, visit [nicoletcollege.edu](http://nicoletcollege.edu) or call the college at (715) 365-4493, TTY 1-800-947-3529 or 711.

## NOTICE FROM THE SCHOOL DISTRICT OF CRANDON

Effective September 3, 2019 all paraprofessionals employed by the School District of Crandon must be CPR certified.

According to the Every Student Succeeds Act (ESSA), all paraprofessionals working in and/or substituting in an education program supported with funds under Title 1, Part A must meet State Certification requirements. These requirements include an Associate Degree or 48 Post Secondary Credits or successful completion of the ACT WorkKeys Test.

All Special Education Paraprofessionals must meet the above requirements and have a Special Education Program Aide License (SEPAL) from the Wisconsin Department of Public Instruction.

In order to meet the above requirements the School District of Crandon will offer the ACT WorkKeys test on May 15, 2019 and June 12, 2019 at 9:00 in the MS/HS Chromebook Lab.

CPR Certification can be obtained from Nicolet College or you have the option of doing an online class through <https://elearning.heart.org> and then complete the hands on portion at Nicolet College. More information on this will be shared with you at the time of the WorkKeys Testing days.

The School District of Crandon does not discriminate on the basis of sex, race, religion, national origin, ancestry, creed, color, sexual orientation, pregnancy, marital or parental status, or physical, mental, emotional or learning disability.

# Bids & Notices

## Accepting Bids for Firewood

The Forest County Forestry Department is accepting bids for 10 face cords of firewood at Veteran's Memorial Park on Lake Metonga. All firewood must be dry hardwood, 16 inches long, split to a diameter not to exceed 6 inches wide, delivered and stacked at Veteran's Memorial Park. "ALL" bid specifications must be met to be a valid bid. When bidding, please include the cost per face cord. Please submit the bids to the Forest County Forestry Department, 200 E. Madison Street, Crandon, WI 54520, by 4:30 p.m., May 10, 2019. Bids will be opened at the next Forestry and Recreation Committee meeting.

## Town of Crandon Residents Spring Clean Up Day

May 18, 2019, 8 a.m.-3 p.m.

Town Hall

## "Extreme" Forest County Foster Parent Recruitment to Counter Skyrocketing Need

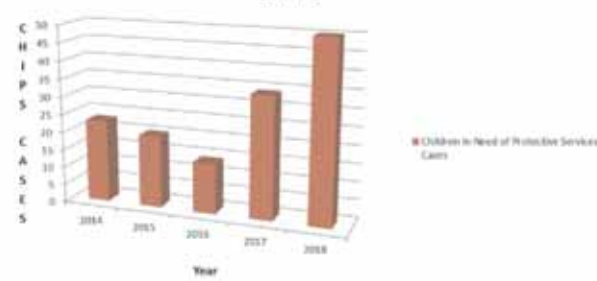

Forest County has over 50 children and youth in foster care or placed with relatives. We desperately need more foster families who live in Forest County so that we can keep kids safe, in their community and close to family and friends.

Every month in Wisconsin, between 350 - 400 children are removed from their birth parents due to neglect or abuse. The need is ongoing but, over the past two years, has been increasing by an additional 500 children over the average each year.

Every two hours in WI, a child enters into foster care because of neglect, abuse, or drugs and alcohol in the home. The shortage of foster parents is an extreme issue in our community and across our state.

We hope you will help us in our effort to care for the children in the foster care system. Please call Forest County Social Services at 715-478-3351 for more information on becoming a foster parent.

Forest County Children In Need of Protective Services Cases (CHIPS)

## Crandon Senior Spotlights - Sarah Kalkofen

Sarah Kalkofen, daughter of Mike and Tina Kalkofen, said her favorite high school memory was making it to the state tournament in basketball. She couldn't believe the amount of people who came and supported them. Her biggest accomplishment is being inducted into the National Honor Society, as well as the Spanish Honor Society. Also, while being a three sport athlete, she obtained a high enough GPA to be on the honor roll all four years of high school.

The biggest thing she's learned in the past twelve years are to not care about what others think of her, because she's her own person and it doesn't matter what people think of her because she's going to live her life to the fullest.

She plans to attend college at the University of Wisconsin-Eau Claire. She would like to pursue a degree in accounting.

She would like to thank her parents for always pushing her to be the best version of herself and for supporting her at all her games. Also, she'd like to thank her friends for the countless memories throughout high school.

Wabeno students win first in Nicolet health occupations competition

Students from Wabeno High School won the Health Occupations Jeopardy challenge at the recent Competition Day at Nicolet College. The all-day event drew nearly 200 students from 14 schools competing in 10 different academic categories.

The winning team consisted of, left to right, Ava Holdener, Alea Taylor, Rhiannon Hooper, and Grace Warrner.

Students were vying for thousands of dollars in prizes. Businesses and organizations donating prizes included Sunrise Lodge, Trig's Food and Drug, Café On Main, CT's Deli, Swearingen's AI Gen Supper Club, Baraboo Sysco, Auto Value, Yamaha, O'Riley's Auto Parts, Ace Hardware, Subway, Dominos Pizza, R & R Motorsports, Toy Shop, Parsons, Auto Value, Smith and Company, Hair By Sue, Jon Edwardson, Conway True Value, Crandon Pharmacy, Rosa Trailer, Crandon International Raceway, Smith Concrete, Lake Shore Systems, Airgas, Miller, Airpro Fan, Samuel Pressure Vessel, Wisconsin Public Service, Aspirus MedEvac, and Ascension Wisconsin Spirit Medical Transport Services.

**Crandon Senior Spotlights - Drew Boney**

Drew Boney, son of Shannon and David Boney, said his best high school memories include the Canada fishing trips, the vacation to Toronto, and the fun times he had with his friends and family. His greatest high school accomplishment was getting co-valedictorian.

He has learned both hard work and dedication in the past twelve years. With these two things, you can do pretty much anything you set your mind to.

He plans on attending UW-Stout and studying applied mathematics and computer science with a concentration on cyber security.

He would like to thank his family and friends, especially his mom and dad. Their values are the things that have shaped him into the person that he is today. He looks up to them so much more than they realize.

**Motorcycle classes at Nicolet**

Nicolet College will offer two levels of motorcycle classes this summer, one for people new or with limited experience cruising on a bike and the other for those who have experience but never obtained the required class M endorsement from Wisconsin DOT.

"Successful completion of the Basic Rider Course or the Basic Rider Course 2 qualifies students for their Wisconsin Class M motorcycle license without additional road or skills testing," said Mark England, Traffic and Motorcycle coordinator at Nicolet College.

Along with bringing people into compliance with the law, taking a motorcycle rider class is simply a smart thing to do, he added.

"What many people don't realize is that riding a motorcycle, especially in traffic, requires a whole different set of skills than driving a car," England said. "In a vehicle, you have a ton or two of metal surrounding you to protect you and absorb a lot of the energy that comes with a crash. On a motorcycle, you're exposed and it's the strategies and proper technique you employ that keep you safe."

With the increased skills also comes an increased sense of confidence. "That's when the road really opens up and riding becomes even more fun," he noted.

The new or limited-experience rider class, known as the Basic Rider Course (BRC), is 16 hours of riding and classroom instruction. Cost is \$259.40 before May 31 and \$277.35 after that.

The class for experienced motorcyclists, Basic Rider Course 2 (BRC2), is 8 hours of instruction. Cost is

## Spring into Better Health

Submitted by Kathy O'Melia

After a long winter, the signs of spring are sprouting up all around us. Now is a good time to focus on your health so you can enjoy all that this season has to offer. Taking advantage of Medicare preventive benefits is the perfect way to spring into better health!

Preventive services can help you prevent illnesses and detect health problems early, when treatment works best. People with Medicare have access to a wide range of preventive tests and screenings, most at no extra cost. If you're new to Medicare, a "Welcome to Medicare" preventive visit is covered during the first 12 months you are enrolled in Part B. The visit includes a review of your medical and social history as well as education and counseling about preventive services, including certain screenings and referrals for other care, if needed. If you've had Part B for longer than 12 months, you can get a yearly "Wellness" visit to develop or update a personalized prevention plan based on your current health and risk factors.

You pay nothing for the "Welcome to Medicare" visit or yearly "Wellness" visit if your doctor or other health care provider accepts Medicare assignment. If lab work is done, vaccines are administered, or additional testing or services are performed, then you may have to pay coinsurance, and the Part B deductible may apply.

Medicare also covers screening tests for breast cancer, diabetes, heart disease, obesity management, and osteoporosis, just to name a few. You can find a complete list of Medicare-covered preventive services in your Medicare and You 2019 handbook or on the Medicare website at [www.medicare.gov](http://www.medicare.gov). Talk to your doctor about what screenings and shots are right for you.

### Bus Schedule

**Tuesday - May 14** - Alvin, Nelma, Laona and Crandon to Rhinelander - Bus driver: Gary Schrimpf

**Tuesday - May 14** - Wabeno, Laona and Crandon to Rhinelander by 9 a.m. Walmart complex and Aldi's only. No lunch. Depart Rhinelander at 11:45 a.m. - **Bus driver:** Dan Pedersen

## Crandon School District named Project ADAM Heart Safe School

School District of Crandon Medical Response Team (L-R) Cheryl Reetz, Deb Mihalko, Jake Adams, Donnell Dachelet, Tracy Cassidy, Ashlee Peters, Tina Strong, Josh Jaeger, Amy Houle-Bukovic, Erica Neilitz and Jamee Belland. Not Pictured: Kami Geske, Wanda Schallock, Megan LaBeau, Heather Ostrowski, Jewel Mucklin, and Tami Sprenger

The Crandon School earned a distinguished honor this past week. They are the first school north of Hwy. 64 to be named a "Heart Safe School" by the Children's Hospital of Wisconsin. School nurse, Erica Neilitz, has worked hard to get the school three automated external defibrillators, or AEDs. The school started with one and then were able to have two in the building. The school district now has three AEDs, two stay in the building while the other is at all sporting events in case of an emergency.

The Crandon School District is part of a group called Project Adam. Project Adam was started by the parents of a student who died as a result of sudden cardiac arrest. Adam was rushed to the hospital, but too much time had elapsed and he passed away. Sudden cardiac arrest occurs when the heart stops beating, leading to loss of circulation and loss of consciousness, with no blood flow to the brain and other vital organs. Without immediate life support measures, sudden cardiac arrest results in rapid death. Studies have shown that the first four minutes of sudden cardiac arrest are the most crucial. Survival to hospital discharge for SCA in children age 1-12 is 14.4 percent. In children age 13-18, the rate is 19.9 percent. Every passing minute reduces the chance of survival by 7 to 10 percent. But, by reducing time to defibrillation, survival goes up by 7 to 10 percent per minute. Early and effective CPR will double or triple the survival rate.

The Crandon school district has a team of 17 employees of the school that are trained in the program to better protect the students and staff if an incident occurs. The school holds training sessions for the staff so that everybody is prepared. The school will have be a "Heart Safe School" for three years. After that, the Children's Hospital of Wisconsin will come up and visit the school and check to make sure that they are still qualified to be designated a "Heart Safe School."

## Conservation Corner Cont. from pg. 1

The LCC Department in cooperation with the Wisconsin DNR, Trout Unlimited, the Wisconsin Department of Agriculture, Trade and Consumer Protection, the USDA Forest Service and Wisconsin Land + Water is hosting a series of stream crossing trainings designed for Tribal, Town and County Roadworkers, Contractors, Town and County Representatives, and engaged citizens and landowners.

The first of the series will be a 1 day stream crossing tour on Tuesday May 14 beginning at the Laona Community Building at 9:00 a.m. This day will take a tour of Forest County with plans to show the good, the bad, and the ugly of existing stream crossing designs. Professionals from various agencies will discuss issues and details of design with selected crossing. The cost of this workshop is \$0, with sponsorship from Trout Unlimited. Lunch will be provided at no cost. Registration is required by May 8th to allow for transportation and lunch arrangements. The link to register is <https://cont.cc/2Zmhj2n>

The second part of the series will be planned near the end of September with a two-day session including a combination of field work and classroom planning of actual projects to demonstrate proper design techniques and sizing.

Please join use for these days of stream crossing discussion and education. Proper design could save you or your agency money and time, it could also provide improvements to our fish populations, especially trout!

Hopefully all of our readers have a great opening weekend of fishing. Have fun and stay safe!

## The Crucible Cont. from pg. 1

feel and own strengths, but if I had to pick just one it would definitely be the Nicolet Players," said Lynch, of Crandon. "There's just this chemistry when you are in a Nicolet Players production that's hard to beat. It can definitely be demanding, to the point of it feeling like you're in an acting class. But it's that focus that really helps you develop your character, which is always rewarding and great deal of fun to bring to life."

Lynch will hit boards again in the Nicolet College Theatre in early May when he performs in the upcoming production of *The Crucible*.

Set in 1692 using the Salem Witch Trials as the backdrop, Arthur Miller wrote the Tony Award-winning masterpiece in response to Sen. Joe McCarthy's hearings in the 1950s intended to expose subversive communists in the U.S.

In the play, several young girls and a servant are caught in the woods, conjuring — or attempting to conjure — spirits from the dead. Rumors of witchcraft quickly spread through the town. Rather than suffer severe punishment for their actions, the girls accuse other inhabitants of Salem of practicing witchcraft. This desperate, dangerous, and childish finger-pointing results in mass paranoia and an atmosphere of fear in which everyone is a potential witch.

Lynch will play the multifaceted role of John Proctor, a hard working middle-age farmer who hates hypocrisy and is a humanist living in a religious society.

During his two and a half decades in community

and professional theater, Lynch has performed in virtually all genres, from comedies to tragedies and musicals to intense dramas, the latter being the category where *The Crucible* fits.

"Of all those, performing in dramas is my favorite," he said. "I love to play the role of the protagonist, which is John Proctor. There are so many layers to characters like this that it becomes a really meaty role. The character really changes and evolves over the course of the play and, to me, that's what makes it both challenging and rewarding."

Nicolet College Theatre Director Jim Nuttall has cast Lynch in a number of plays over the years.

"Charles always launches right into the heart of a character," Nuttall said. "Particularly with Proctor, one of the most iconic roles of the 20th century, Charles finds the core emotions and doesn't hold back. It's pretty remarkable to watch."

Nuttall also noted that Lynch will have his work cut out for him with this play, considering his character is on stage about 90 percent of the time.

Lynch said he knew that going in, and he's fine with that. "I've wanted to play this character for 20 years and it fulfills a dream for me," he said. "What really makes it special is that I get to perform it with my favorite theater troupe."

Performances for *The Crucible* will be at 7:30 p.m. Friday and Saturday, May 3 and 4, Thursday through Saturday, May 9 to 11, and at 2 p.m. on Sundays, May 5 and 12.

Tickets are \$10 for the general public and \$8 for students and seniors. Tickets can be ordered online at [nicoletlive.com](http://nicoletlive.com) or by calling (715) 365-4646.

## Wabeno Public Library joins V-Cat Consortium

The Wabeno Public Library will soon join V-Cat, a shared integrated library system with 35 area public libraries in the counties of Clark, Forest, Lincoln, Langlade, Marathon, Oneida and Taylor.

V-Cat, which is facilitated by the Wisconsin Valley Library Service, is an online catalog that will give library users in Wabeno access to over 1 million items.

"We are excited to join this consortium with other libraries," said Cynthia Lemerande, director of the Wabeno Public Library. "Not only will it give our patrons access to more items, but patrons will be receiving items from other libraries more quickly."

Wabeno patrons who request items from other libraries will be able to do so with ease, Lemerande said.

Along with books, cds and dvds, joining V-Cat will give Wabeno library patrons access to more databases such as Gale Courses. Gale Courses provide more than 360 six-week long, online programs taught by college instructors.

The Wabeno Public Library is located at 4556 N. Branch St. in Wabeno. For more information, contact library director Cynthia Lemerande at 715-473-4131 or at [director@wabeno.lib.wi.us](mailto:director@wabeno.lib.wi.us)

**Crandon Senior Spotlights - Trevor Hoenig**

Trevor Hoenig, son of Mark and Jaylee Hoenig, said his best high school memories are shooting trap and attending his junior prom with his girlfriend, Kaylee. Also, having shop/welding class with his brother.

In the past twelve years, he's learned not to take things for granted.

After high school, he plans on continuing with his fire fighter education.

He would like to thank his mom and dad for always pushing him to do his best and for always being there when he needed them. Also, Aunt Donnell for always having snack for him in her office.

The speakers for the April meeting of the Nicolet AARP 1191 were Oconto County Sheriff Todd Skarban and Officer Jim Plotkin. Sheriff Skarban provided information on services and programs provided to Oconto County and answered many questions from the AARP group. Sheriff Skarban discussed some of the types of crime and potential scams common in Oconto County and what can be done to prevent or minimize consequences. Officer Jim Plotkin talked about his job as the Northern Oconto County Community Officer and as the Recreational Officer for the seven towns in North Oconto County. Recreational Officer duties include snowmobiles, ATVs, and boating. The phone number for information, reporting crimes, and identity theft attempts is 920-834-6900.

The April Spring Social was well attended at the Golden Eagle in Townsend with plenty of pizza, pasta and salad. The next meeting on May 28 will be a pot luck and ticket raffle. The meeting room will be open at 4:00 p.m. with pot luck starting at 5:30 p.m.

All persons 50 and over are invited to join the local AARP Chapter. AARP meetings are social, entertaining, and informative. Meetings are held at the Lakewood Presbyterian Church on the fourth Tuesday of the month starting at 7:00 p.m. Contact Joyce West, Membership Chairman, at 715-850-0336. Photo: Sheriff Todd Skarban & Officer Jim Plotkin Submitted by Dick Culver, Public Relations Chairman.

**Crandon Senior Spotlights - McKenna Stamper**

McKenna Stamper, daughter of Kim and Keith Stamper, said her favorite high school memory was when the girls basketball team beat Marathon to go to state. The student section was crazy and greeting the Slayers after they won was the best. Her biggest accomplishment was maintaining high honors for all four years of high school and being accepted into the National Honor Society.

In the past twelve years, she has learned to work hard for everything that she wants. She also

learned to be kind to everyone, you never know what someone else is going through.

This fall she will be attending Fox Valley Technical College, where she plans to pursue an associate degree in human resources. After FVTC, she then plans to attend UW-Oshkosh to earn her bachelor degree in human resources.

She would like to thank her dad and mom for pushing her to always do her best. Also, for instilling proper morals and values into her life. She would also like to thank her siblings and friends for helping her throughout high school. Lastly, she would like to thank Hollie Ackley for being the best listener when it comes to her and her friends' issues.

**Crandon Senior Spotlights - Alexa Neilitz**

Alexa Neilitz is the daughter of Jason and Erica Neilitz. Alexa said that a few of her best high school accomplishments are being a recipient of the YMCA Teen Character Award and a position on the WBCA All-Star Team. Throughout her high school career, every award she has received had humbled her because they tell her that her hard work is being noticed without verbally expressing it. Another accomplishment is graduating with 32 college credits. She is thankful to the school for helping her

achieve that goal. The best memories Alexa has is from competing in sports. Especially her junior year when the girls basketball team represented Crandon, and themselves at state held at the Resch Center in Green Bay. Crandon was ranked number 4 in the entire state that year. There have been many moments and memories she has made that she will always remember and cherish, including the few rebellious ones.

Alexa has learned over the past 12 years of school to be kind because everybody is fighting their own battles. Some of the best advice she has received is that "It is not all about you." Hearing this really helped her get out of her own head and allowed her to see the world through a different, better perspective. She also learned that as important as it is to dedicate yourself to your studies, it is equally important to relax and enjoy yourself and where you are at in life. "Every day is not a good day, but there is good in everyday."

Alexa will be attending UW-Stout as a

recruit of the women's basketball team. She hopes to major in business management and to own her own business one day.

The most important and biggest thank you Alexa has is to her amazing parents. They have been the most supportive people, while pushing her to be the best she can be. Thank you to her awesome, beautiful sisters, grandparents, aunts, uncles and crazy little cousins, her friends and teammates and the community for all the support.

 (south end of Schaefer's Food Mart)

**OPENING THURSDAY MAY 9TH**  
**OPEN 7 DAYS A WEEK**

We're looking forward to continuing to provide you with your floral/gardening needs! Thank you for shopping Schaefer's

Today and every day we honor the love, sacrifice and unselfish generosity of all those who fill the role of **MOTHER** in our lives.

Honor them with a special gift of love.

Hanging Baskets, Patio Plants, Cut Flowers, Terrariums, Jewelry, Women's Clothing, Purses and many other lovely items that would make Her Day Special

**OPEN MOTHER'S DAY SUNDAY 9 TO 4**  
 Hours M - F 8:30am to 5pm Sat. 9am to 4pm
