Wabeno 33rd Annual Steam-Up Days July 12, 13 & 14

If you like yesterday's technology, seeing the Phoenix log hauler operate, learning about blacksmithing, old tractors and a host of other displays, then Steam-Up Days is for you!

Located at the Firefighter's Grounds, the event runs July 12,13, and 14. There will be a lumberjack breakfast on Saturday and Sunday at the Legion Hall, a Saturday night band, food and beverages, a pie stand, flea market, a parade on Sunday at noon and much more. Be sure to bring the whole family to enjoy the weekend.

Wabeno Craft Show at Wabeno

Wabeno's annual Craft Show will be in the park on Saturday, July 13. This is a great show, with plenty of vendors. Good food and refreshments will also be available.

This event is sponsored by the Wabeno Area Chamber of Commerce.

Conservation Corner

Successful 14th Year for Sand Lake Conservation Camp in Marinette County

Conservation Corner is a weekly article produced by the Forest County Land Conservation-Land Information Department. For more information, contact Al Murray, County Conservationist-Land Information/GIS Director, at 715-478-1387 or by e-mail at lcc@co.forest.wi.us.

Hello readers, this week's article comes from our neighbors in Marinette County who were the main sponsor of the area conservation Camp. This year our department-sponsored camp scholarships had very little response with only one being in time to make the camp. We were able to provide a scholarship to a young lady named Minna from the Goodman-Armstrong Creek School District, thanks to the generosity of the Goodman-Armstrong Creek Sportsman's Club. The Laona, Wabeno, and Crandon Lions Clubs also had funding available but we were unable to find interested students. Here is a summary of what happened at camp.

The 14th annual Sand Lake Conservation Camp held at Camp Bird near Crivitz was again a success this year, with 77 campers - representing 25 Wisconsin and 1 Upper Michigan Counties - and 22 dedicated overnight camp staff. This event is for youth going into 6-8th grade in the fall and is organized by the Marinette County Land & Water Conservation Division (LWCD). Conservation Camp provides positive educational outdoor experiences, fosters

Tickets available for An Evening at the Piano with Friends, in Townsend

There are still tickets available for An Evening at the Piano with Friends at the Townsend Town Hall on July 26 and 27 at 7 p.m. Tickets are \$10.

The Wabeno Area Players are transforming this venue into an intimate setting everyone will enjoy! The performance features Sinatra, Broadway and so much more. Tickets can only be purchased at the door. Doors will open at 6 p.m. so you can choose your table and enjoy a beverage or two before the show. For more information, please call (715) 889-1606.

Music at the Pond

The group "Finesse," which consists of Brianna McCarthy and Allison Stepper on their trumpets and Jacinta Wilson and Ceara McCarthy on their clarinets, will host Music at the Pond on July 14 at 12:30 p.m.

The concert will begin with a cookout and then they will perform musical pieces and possibly some vocals. Bring your own lawn chairs and mosquito spray and join them at the Trap Shoot Range in Hiles, which is located by the Hiles Mill Pond. Everyone is welcome to attend this afternoon of music.

1st place in Townsend 4th of July Parade

St. John Lutheran Church Townsend was the subject of this float. It featured the old church as it was in 1919 and the new church as it is today 2019. It is the hundred year anniversary of the church serving the community.

Crandon's parade winners

The winners of Crandon's 4th of July Parade are as follows: Chamber's Choice-Yeti's Drive-In, Best Float-LMT Snowmobile Club, Old Car-Claire Russell, Best Truck-Tom Cleereman III.

Lakes Country Library has a new sign

The beautiful new Lakes Country Public Library sign welcomes you to the Northwoods facility.

Just in time for the busy July 4th week, the Lakes Country Public Library in Lakewood, received an attractive new sign in front of its building and alongside State

Forest County Festival and FCP grants to communities

Cindy Bradley receives the City of Crandon grant check from Joe Daniels while Erin Mayer and Ned Daniels look on.

By Winda Collins

July 5-7, 2019 was a busy weekend for many across the country, and it was no different here in our little neck of the Northwoods. This was especially true for Crandon International Raceway, where the third annual Forest County Festival took place. With three days of carnival rides, kid's games and activities, music, bus races, midway food and more, the track was just one more event to put on your weekend must-do list. The weather certainly cooperated, and seeing the smiles and hearing the excited squeals were all you needed to know that, once again, those who came to the festival had fun!

On hand Saturday, July 6, in an area just off the midway, were 10 of Forest County's municipalities. The reason is fairly simple but takes a bit of explaining. For the third year in a row - and coinciding with the festival - the Forest County Potawatomi (FCP) have generously invited county communities to apply for a \$10,000 grant. Applicants are required to draft a board resolution stating how the funds are to be used and deliver it by the deadline. Although the county has 14 municipalities, only 10 are selected to receive grants. Those chosen must make a presentation to members of FCP Executive Council before funds are disbursed. Presentations must showcase the intended project and the positive impact it will have on the community.

Each project is a worthy one, and each municipality is very appreciative of the tribe's generosity and support! Below is the list of municipalities, projects, and those on hand to accept grants from FCP Chairman Ned Daniels Jr., and FCP Treasurer Joseph Daniels Sr.

- (1) Towns of Alvin/Nelma - Improve Alvin's Lakeview Cemetery grounds to be handicap-accessible - Florence Kostka, Chair; Della Rosenow, Clerk; and Sue Landerman, Grants Coordinator
- (2) Town of Argonne - Emergency management generator for town hall - Randy Spencer, Chairman (with Zelia and Keaston); and Amy Collins, Clerk
- (3) Town of Armstrong Creek - Make upgrades to community center - Howard Young, Chairman; Don Chitko, Board Member; and Scott Goode, Board Member
- (4) City of Crandon - Build portable concession stand for Little League - Cindy Bradley, Clerk/Treasurer; and Erin Mayer
- (5) Town of Crandon - Purchase trash compactor plus slab and wiring - Rick Huber, Chairman; Larry Schunk, Supervisor; Ray Statezny, Supervisor; and Homer Rosa, previous Chairman (33 years)
- (6) Town of Hiles - Purchase wheelchair swing and handicap-accessible dock - Cathy Votis, Town Clerk/Treasurer; Brian Bukovic, Supervisor; and Karl Tauer, Chairman
- (7) Town of Laona - Make upgrades to Centennial Park - Al Murray, Supervisor
- (8) Town of Lincoln - Three-phase plan for pavilion includes removing clay soil and adding gravel - Lynne Black, Chair; and Kathy Gibbs, Plan Commission
- (9) Town of Nashville - Update playground - Wesley Ginter, Supervisor
- (10) Town of Popple River - Restore original town hall - Jerry Gilligan, Chair; and Pat Gilligan, Clerk

sidewalk with chairs in the early morning hours to get the best views. Friday, Saturday and Sunday, the Forest County Festival was held at the Brush Run. The Forest County Potowatomi sponsored rides so everybody could ride for free. The event had games, a greased pole and bus races. It was a fun event for the entire family. Here are photos to enjoy of the parade, bus races and festival.

For Old Time's Sake

Art Freimuth was a mechanic who worked with his father in a building that is now part of the Laona State Bank in Crandon. Art also like motorcycles and was the owner of this fine Indian motorcycle that would be worth a small mint today. Art was also a camera nut who took a lot of early Crandon photos and did his own dark room work.

We are fairly certain that Art took this photo of his sisters sitting on his Indian bike. While we don't know the sister's names, they look like the girls in other photos of his. This picture, judging by the fashions, was just prior to our entry in World War I. It is also a good guess that his sisters were never allowed to try riding his motorcycle.

August 1 deadline for furbearer trapping and hunting seasons

MADISON - August 1 is an important application deadline for trappers and hunters who wish to pursue bobcat, fisher and river otter this fall.

Permit applications to pursue these species for the 2019-2020 season are available for purchase online at GoWild.wi.gov as well as in-person at Department of Natural Resources service centers and all license agents. Permit applications cost \$3 (\$6 for bobcat).

2019 fall season dates are as follows:

Bobcat hunting and trapping:

Period 1: Oct. 19 to Dec. 25

Period 2: Dec. 26 to Jan. 31, 2020

Fisher (trapping only): Oct. 19 to Jan. 5, 2020

Otter (trapping only):

North Zone: Nov. 2 to Apr. 30, 2020

South Zones: Nov. 2 to Mar. 31, 2020

Bobcat, Fisher and River Otter

The statewide harvest goal for bobcat is 1,050 bobcats, with 2,495 permits available for the 2019-2020 season. This marks the sixth year of statewide bobcat harvest.

How to apply for the Class A bear license drawing

Wisconsin bear hunting is extremely popular and more people apply each year than the number of licenses available. In 2016, over 109,000 hunters applied for a permit or a preference point for 11,520 available permits. According to state statute, Class A licenses, also called harvest permits or kill tags, are awarded through a "preference point lottery system". In order to be authorized to purchase a Class A license, you must be a drawing winner. You may apply once each year and you may either purchase a preference point or ask to be included in the drawing. If you are not a drawing winner, one preference point will be added to your total.

Preference points required to be a drawing winner

The number of preference points required to be a drawing winner is dependent on a number of variables, including the number of harvest permits allotted for the upcoming season, the number of applicants, and the bear management zone in which you wish to hunt. Results of the last bear drawing and the number of preference points drawing winners had for each bear management zone.

Where to apply

Applications for a Class A bear license can be made online or at any license sales location. Please note paper applications are no longer available. The deadline for bear season applications is always December 10.

When to apply for a preference point only

Some hunters may not wish to hunt the upcoming bear season, but would still like to accumulate a preference point. The bear application allows the applicant to specify they would like a preference point only, which does not place them in the drawing. Once an applicant is a drawing winner, they are authorized to purchase a Class A license and their preference point total returns to zero. Their preference point total is reset to zero even if for some reason, they cannot or chose not to hunt bear that year. The preference point only option is nice when an applicant does not wish to risk being a drawing winner, but still wishes to increase their preference point total.

How drawing winners are notified

The bear drawing is held in early-mid February. Shortly after the drawing, the department will send a post card notifying drawing winners they are authorized to purchase a Class A bear license. You may check your drawing results online by accessing your DNR Customer account. Shortly after the drawing, accounts will be updated to notify drawing winners that they have been authorized to purchase a Class A license. It is the permit applicants responsibility to know their drawing status and whether they were selected for purchasing a harvest permit.

Miscellaneous notes about the bear application process

You must apply at least once every three years or your preference point total returns to zero.

Resident and non-residents are treated equally in the drawing.

Preference points are not associated with a specific bear management zone. Specify bear management zone only when requesting to be included in the bear drawing.

If you are selected in the drawing, your preference point total will return to zero even if you do not purchase the Class A bear license.

Generally, preference points may not be transferred. You may transfer a Class A bear license to a youth (ages 10-17), a person with disabilities, active duty military or Purple Heart recipients. There is a provision that allows the transfer of preference points upon death: Deceased Customer Preference Approval Transfer [PDF].

Protecting your family from mosquitoes and ticks

Mosquitoes and ticks are most active during the warm months from late spring until fall. With our unusually wet spring and now going into the warm summer months the Forest County Health Department urges everyone to take precautions against mosquito and tick borne illnesses. As of this date we have not received any reports of West Nile Virus but it is important to be aware of the risks. West Nile Virus is spread to humans through the bite of an infected mosquito. Mosquitoes acquire the virus by feeding on infected birds. You can find ticks in tall grasses and wooded areas. The most common ones in Wisconsin are the deer tick and the wood tick.

The majority of people (80%) who are infected with West Nile virus do not get sick. Those who do become ill usually experience mild symptoms such as fever, headache muscle ache, rash and fatigue. Less than 1% of people infected with the virus get seriously ill with symptoms that include high fever, muscle weakness, stiff neck, disorientation, mental confusion, tremors, confusion, paralysis, and coma. Older adults and those with compromised immune systems are at a greater risk of developing central nervous system illness that can be fatal. For more information on West Nile Virus go to: <http://www.dhs.wisconsin.gov/communicable/ArboviralIDiseases/WestNileVirus/Index.htm>

Take these important steps to protect your health and that of your family against mosquitoes and ticks.

1. Use repellent and avoid being outside at times of high-mosquito activity (dawn and dusk). Good Repellents contain permethrin or DEET to give you the most protection.
2. Wear protective clothing like long sleeved shirts, long pants, socks, and shoes. Wear light colored clothing so you can see if ticks or mosquitoes have landed on you.
3. Watch for symptoms of illnesses caused by mosquitoes and ticks. Commons symptoms are: fever, headache, body aches, joint pain, vomiting, diarrhea, rash and tiredness. If you have been bitten by a tick or mosquito and are having these symptoms, see your doctor.

Try to keep mosquito and ticks out of your areas that you use while enjoying the outdoors. Drain standing water in gutters, wading pools, bird baths or old tires, to prevent mosquitos from breeding in your yard. Walk on trails that are designated for walking and check yourself for ticks after walking in high grass or heavily wooded areas. If you find a tick burrowed into your skin, remove it immediately with a tweezers making sure the head remains intact, then disinfect the bite.

To report a sick or dead crow, blue jay, or raven please call the Dead Bird Reporting Hotline at 1-800-433-1610. Visit <https://www.dhs.wisconsin.gov/fight-bite/index.htm> to learn more about fighting mosquito bites and ticks. If you have and questions or concerns call the Forest County Health Department at 715-478-3371.

Summer is for the birds!

Summer is a great time to see birds in Wisconsin and a prime time for joining other volunteers in our comprehensive bird survey just getting started. Our goal is to see which of the 400 bird species historically recorded here nest in our state and how their populations have changed over the past 20 years.

Aside from shorebirds, most birds you see here in June and July are birds that nest in Wisconsin, so volunteers don't have to sort out which are migratory birds headed to or from Canadian nesting grounds. Understanding the places these birds frequent, the habitats they use and the times of year in which they raise young are critical to conserving the birds that call Wisconsin home.

How are our birds doing?

Healthy bird populations depend on healthy habitat. In North America and Wisconsin, many wetland birds are showing strong gains and grassland bird populations are improving. Anecdotal information and smaller surveys, however, suggest many species need serious attention. Habitat loss and degradation, invasive species, environmental pollutants and environmental stressors are main factors affecting bird survival.

About one-third of Wisconsin's birds have low and/or declining populations, including 11 formally listed as endangered and 13 as threatened species.

Where to see birds

Birds are our most accessible wildlife. They are everywhere and they are important to our quality of life, our ecosystems and our economy. Fully 1 in 3 adults reports bird watching and most birds are voracious insect eaters at some time in their lives, helping keep agricultural and forest pests in check.

For Old Time's Sake

If you didn't like the sound of music from brass instruments, then you likely didn't want to listen to the Wabeno Cornet Band. Then again, this was in the days before CD's, tapes, and even record players weren't electrified, so you had to be close to hear the scratchy music. To be sure, these guys could be heard, and without a doubt they provided some fine music for public events.

Trapping Cont. from pg. 4

August 1 is the application deadline for permits to pursue bobcat, fisher and otter this fall.

The statewide fisher harvest goal for 2019-2020 is 900, and 4,550 permits are available. A statewide river otter harvest goal has been set at 2,000, with 13,880 permits available for trappers this season.

When applying for a permit, keep in mind that the fisher and otter zones have been consolidated and now match the bobcat zones. There is a Northern Zone and a Southern Zone split by Highway 64 for all three species.

Wait times for permits vary depending on the species and management zone. Search the DNR website, dnr.wi.gov, for keyword "trapping" for details on trapping and preference points needed to draw a permit in 2018.

Drawings will take place in August, with permits issued in September. Applicants may check their online account in mid-September to see if they have been awarded a permit by visiting GoWild.wi.gov.

In addition to a permit, a trapping license is required to trap bobcat, fisher and river otter. All first-time trappers who are trapping alone are required to complete a trapper

RUMMAGE

GRANDON

Education course before buying a trapping license. Trapper education classes are posted at GoWild.wi.gov. A trapper education course is not required to hunt bobcat.

Youth and mentored trapping

Starting in 2018, youth under the age of 16 may trap without a license while under the supervision of a licensed trapper. Youth trapping under supervision may apply for and purchase bobcat, fisher and otter permits.

Mentored trapping licenses are available to trappers 16 years or older who would like to trap under the supervision of a licensed trapper. The mentor must be 18 or older, and if the mentee is under 18, the mentor must either be the mentee's parent/guardian or approved by the mentee's parent/guardian. Anyone possessing a Mentored Trapping License may not receive a fisher or otter harvest tag but may assist the mentor in trapping these species. Additional permit and license details can be found in the 2019 Wisconsin Trapping Regulations.

For more information on trapping and hunting furbearers in Wisconsin, visit dnr.wi.gov and search keyword "trapping." For questions specific to the permit application process, contact the DNR Call Center at 888-WDNR-INFO (1-888-936-7463).

Death Notices

William (Bill) DeForest Plummer Sr., age 93, passed away peacefully at his home in Crandon on July 4, 2019. He was born in the Crandon area on January 23, 1926 to Ula and Junas Plummer, the oldest of four children.

Bill grew up on a farm near Nelma, WI and moved to Crandon with his family in 1939. He graduated from Crandon High School where he was on the football and basketball teams and claimed he was "the tallest kid in northern Wisconsin" at a little over 6' tall. He also played drums in the band.

After high school, Bill enlisted in the air force and spent most of World War II serving in the Philippines, he was honorably discharged in 1959 as a 1st lieutenant. Using the GI bill, Bill graduated from UW Madison with a degree in electrical engineering. After the war, he met Evelyn O'Rourke; they were married on Nov. 30, 1946 and raised four children. Evelyn preceded him in death in June, 2002.

After graduating from the UW, Bill joined Hyland Hall Company & H&H Electric, and shortly thereafter became the president of H&H Electric Co. Through hard work and dedication, he grew H&H Electric into one of southern Wisconsin's leading electrical construction companies, wiring scores of major buildings in and around Madison. He was also very active in the electrical contractors association (NECA) serving as Governor of the Wisconsin chapter and vice president of the Midwest district. On his retirement he was honored as a member of the prestigious Academy of Electrical Contractors.

Living in Orchard Ridge, he was very active in building and serving the community along with his family. He was a charter member of Orchard Ridge United Church of Christ (where he was baptized), Ridgewood Pool, and the West YMCA. He was also very active at Blackhawk Ski Club, the Optimist Club, the West Side Businessman's Club, and Blackhawk Country Club. He volunteered much of his time and electrical expertise and served on many boards.

He loved to dance, jog for exercise, downhill ski, played a mean game of paddle ball and took up golf in his later years. Bill and Evelyn spent many wonderful years taking the children up to Maywood and Woodland cabins in northern Wisconsin, taking trips around the country, skiing, camping, and watching swim meets. He was a dedicated Wisconsin boxing, football and Green Bay Packer fan. Every weekend he looked forward to Sunday night dinners with the children and grandchildren.

Bill married Shirley Hageny in 2004; they traveled extensively, loved to dance and split their time between Crandon and Osprey, Florida. Shirley was a dedicated wife to Bill and with the caregivers in Crandon and Florida, helped care for Bill the last couple of years.

He is survived by his four children, William (Chip) Plummer Jr (Nancy), Scott D Plummer (Sally), Gregg A Plummer (Kim) and Cindy Bonk; grandchildren, Kristin (Brian) Lee, Marcie (Josh) Kurtz, Gretchen (Todd) Nelson, Katie (Scott) Gremban, Andrew (Bailey) Plummer, Rachel Plummer, Erin Plummer, Bryce Bonk and Taylor Bonk; and great-grandchildren, Braden and Carson Lee, Parker Kurtz, Bennett, Adeline and Olivia Nelson, Elyse, Evelyn, and Charlotte Gremban, Ava and Louis Plummer; his wife, Shirley and her family; his brother, Jerry; and numerous nieces and nephews. He was preceded in death by his parents, Ula and Junas; his brother, Bob; his sister, Sheila; his wife, Evelyn; and his son-in-law, Jay Bonk.

A memorial service will be held at Praise Chapel Community Church in Crandon on July 12 at 5 p.m. with Pastor Franz Gerber officiating. Visitation will be from 3 p.m. until the time of service with a meal following. A graveside service will take place in Madison at a later date.

In lieu of flowers donations can be made to the Crandon Area Rescue Squad or Ascension at Home/Ministry HC Hospice-Rhineland.

Weber-Hill Funeral Home and Cremation Services are assisting the family with the arrangements. Online condolences for the family may be directed to www.weberhillfuneralhome.com.

Audrey Jean Plummer (Brigham), 86, of Crandon, passed away peacefully on July 4, 2019 at The Bay at Nu-Roc. Audrey was born September 15, 1932, the daughter of Harold and Pearl (Borowski) Brigham.

She was united in marriage to Arthur Plummer April 22, 1936 in the Wisconsin Dells. He preceded her in death September 6, 2012.

Audrey loved spending time with her family, especially her grandkids. She was well known for her favorite hobby, rummage sales! In her later years, while residing in the Nu-Roc Nursing Home, she enjoyed giving the girls a hard time. She loved babies, dogs, shopping, and chocolate.

Audrey is survived by her three children, Mike (Peggy) Plummer of Great Falls, MT, Cindy Bradley of Crandon, and Greg (Sandy) Plummer of Hatley; six grandchildren, Kristy (Jason) TeSlaa, Ben (Alison) Plummer, Josh (Sarah) Bradley, Keith (Darcy) Bradley, Sarah Plummer and Matthew Plummer; and eleven great-grandkids.

A graveside service was held at Crandon Lakeside Cemetery on Wednesday, July 10, 2019 at noon.

The family would like to thank the staff at the former Crandon Nursing Home and The Bay at Nu-Roc Nursing Home for the compassionate care they gave to Audrey for many years.

Weber-Hill Funeral Home is assisting the family with the arrangements. Online condolences for the family may be directed to www.weberhillfuneralhome.com.

Carol June (Tiedemann) Lamers passed away peacefully on July 9, 2019 at The Bay at Nu-Roc.

Carol was born on December 10, 1926 to Arthur and Viola (Brier) Tiedemann in Kimberly, Wisconsin. After graduating from Kimberly High School in 1944, she became a licensed beautician and worked in Milwaukee. She married Leo "Leaky" Lamers in the rectory of St. John's Church in Little Chute on June 10, 1945 following his return from WWII.

She graduated from Outagamie County Teachers College in Kaukauna and went to teach 4th grade in Shiocton. In 1966, Carol earned her Bachelor's in Education from UW-Oshkosh and then taught 4th grade in the Kimberly School District at Janssen School in Combined Locks until her retirement in 1991. She was highly regarded as a teacher and one that parents would request not because she was easy but because she was firm, fair and fun.

Carol was involved in a number of organizations. She was dedicated to her church, the Kimberly Presbyterian Church, where she served for many years as a religion teacher, an elder, in the choir and in the Presbyterian Women's Organization. She was also a member of the Kimberly Education Association, the Wisconsin Retired Educators Association, and the Kimberly Homemakers, often serving terms as president.

Throughout the years, Carol actively pursued a variety of interests. A true "gadget" person, whether it was a new tool for the kitchen or the introduction of computers into the classroom, she loved it all. She also was a meat and potatoes girl who survived on chocolate almonds on a visit to Japan. She was always ready for a laugh and she often entertained folks by sprinkling her sentences with funny idioms like, "You can't make a silk purse out of a sow's ear." Carol loved going golfing with friends and meeting the ladies for breakfast. Some of her other interests were: golfing, needlework, ceramics, reading, swimming, dancing, singing, collecting angels and crossword puzzles. She loved spending her summers "Up North" at Roberts Lake and joined the Wabeno Presbyterian Church.

What most mattered to her in life was her family- what she called "her angels:" her son, Lee Lamers; his wife, Vi; granddaughters, Kristina (Josh Gehl) Lamers and Trisha (Saeed Sheldan) Lamers; and great-grandsons, Justin Hartberg, Sammie Shaldan, and Ryan Shaldan. They were the heart of her heart. To her younger sister Sharon, Carol was a second mother.

She was preceded in death by her husband; her mother and father; her brother, Russ Tiedemann; and her brother-in-law; Arlen Puckett. She is survived by her sister, Sharon; sister-in-law, Irene Tiedemann; and many beloved nieces and nephews.

Visitation will be held at the Wabeno Presbyterian Church on Monday, July 15 from 2-4 p.m. with a service at 4 p.m. A visitation will also be held at the Verkuilen-Van Deurzen Family Funeral Home in Little Chute on Tuesday, July 16 from 9:30-11:30 a.m. with a short prayer service to follow.

Letters to the Editor

We welcome letter to the Editor; however the letters should be legible, in good taste, not libelous and pertinent to current issues. Names will not be withheld upon request, except for very special circumstances. NAME AND PHONE NUMBER SHOULD BE INCLUDED FOR VERIFICATION PURPOSES. We reserve the right to reject any and all letters.

Dear Editor,

I want to start by saying that the 4th of July fireworks display was incredible this year! I can honestly say it was the best fireworks display I have ever seen. The fire department did a great job, and the carnival was fantastic.

Having said that, I must say that I am saddened by some members of our community (and surrounding communities). It was brought to my attention that a number of people complained or made negative comments about the \$5 parking fee for the carnival. The funds from which go to the very important cause of getting new gear for the Crandon Volunteer Fire Department. The members of this fire department work tirelessly to keep our community safe, many of whom do this alongside their daily jobs while trying to provide for their families. Our community is blessed enough to have this free carnival that provides our families with joy and the opportunity to celebrate their freedom without causing financial hardship. It is also important to remember that before we had the carnival, 4th of July celebrations were one of the biggest fundraisers for the fire department. If you are going to get upset about paying \$5 (to a good cause), then feel free to find your entertainment elsewhere. It is issues like this that ruin good opportunities for those who appreciate them.

I want to end this letter by saying this... I absolutely love this community, it is truly like none other. So please, count your blessings and be grateful for all that our community offers. Lastly, We appreciate all of the firefighters and first responders, and commend you for protecting our community and keeping us safe.

Sincerely,
Brittney Carter

Reminder!

It's your car and your choice of what body shop performs the repairs, don't let your insurance company steer you to a body shop of their choice. You pay the premiums and it's your choice on where you want to take your vehicle. Also, you only need one estimate. The small shops can get the same quality parts as the big/dealer shops and give the same quality repair if not better than the big shops.

Popular summer event is here! Artarama in Eagle River

Always the biggest art event in July Artarama's Art Show and Sale will be Saturday, July 20 at Riverside Park behind the Vilas County Fairgrounds in Eagle River from 9:00 a.m. - 3:00 p.m.

47 years ago a small group of community-minded individuals, who loved the world of art, conceived the idea of a quality art show. From that grew one of the Midwest's longest running and prestigious art shows.

Artarama committee juried a balance of artists within painting, fiber art, woodworking, pottery, jewelry, photography and other mediums. Approximately 80 artists were selected and will exhibit and sell items at Artarama; three will be chosen for Awards of Excellence \$100, and three Honorable Mention awards will be given. A special feature is the "Young at Art" tent. Youth sell their handmade creations.

Two silent auctions during the morning give shoppers a chance to bid on donated items from exhibitors at reduced prices; proceeds go directly to scholarships and school art-related programs.

Live music by Susan Ro Productions adds to the festive atmosphere; food is available by Wisconsin Meats Company as well as Kowboy Kettle Korn and The Fun Factory. Parking is available on the Fairgrounds by Eagle River Lions for a small fee. There is no admission to Artarama and there are no dogs allowed on event grounds.

Conservation Corner Cont. from pg. 1
an appreciation for nature, and introduces a variety of natural resources and conservation career opportunities to youth.

Core topics presented by Marinette County staff included aquatic macroinvertebrates, reptiles and amphibians, and water pollution/conservation. Evening presentations were given by Wisconsin Department of Natural Resources Fisheries Biologist Chip Long and Conservation Wardens Tim Werner and Dale Romback. They spoke about their careers, educational backgrounds, and tools they use in their jobs. Kim Diedrich, Jody Spurduto and staff from the Bay Beach Wildlife Sanctuary in Green Bay brought several native Wisconsin animals and discussed wildlife rehabilitation & conservation issues. All-camp cabin competitions included a campfire building contest, a scavenger hunt, and "Conservation Jeopardy", a culmination activity designed to cover information from the presenters and programs. Campers also enjoyed plenty of free time for fishing, swimming, boating, and socializing.

Other available 'camper's choice' activities included wilderness survival skills, canoeing & kayaking, archery, tee-shirt design, outdoor first aid, spinner making, and teambuilding/low-ropes challenge course activities. New choice session options this year were nature journaling, nature photography, and monarch butterflies. Choice activities were presented by Marinette County camp staff and guest speakers. Timber Wolf Information Network volunteers presented two sessions on wolf ecology, and staff from the Raptor Education Group, Inc. taught sessions on raptor rehabilitation. The Bay Area Mounted Search & Rescue (BAMSAR) returned for sessions about how they help local law enforcement with wilderness searches, event crowd control and security.

Camper scholarships were provided this year by several organizations and counties. Sponsors included the Marinette County Chapter of Trout Unlimited; Phoenix Falls Chapter of the Wisconsin Woodland Owners Association; the Fond du Lac Audubon Society; and the Wisconsin Land + Water Conservation Association. In addition, Land & Water Conservation Departments in Douglas, Oneida, Columbia and Forest Counties joined Marinette County in providing scholarships. Thank you to everyone who helped with Sand Lake Conservation Camp 2019 and for making it another successful event!

For more information about Sand Lake Conservation Camp, please visit www.marinettecounty.com or contact Anne Bartels, Information & Education Specialist, at 715-732-7784 or abartels@marinettecounty.com. Tentative dates for 2020 are June 17-19.

Laona-Wabeno Fall Sports Co-Op Meeting Laona/Wabeno Boards of Education Thursday, June 20, 2019 5:30 P.M. Wabeno Area Jr/Sr High School Library

School Board President Dave Seeber called the meeting to order at 5:30 P.M.

Board members present: Dave Seeber, President; Katryna VanEperen, Vice President; Lori Mattern, Clerk; Dawn Jakubiec, Deputy Clerk; Dan Christianson, Treasurer; Trinity Shepard, Janet Opiela, and Administrative staff present: Jeffrey Walsh, District Administrator.

Laona's Board members: Scott Reeve, President; James Aschinger, Vice-president; Frank Shepard Jr., Deputy Clerk; and Melissa McLaughlin Treasurer.

Board members absent: Laona - Samantha Hoffman, Clerk.

Others present: Michelle Boor - Athletic Director.

Pledge of Allegiance.

A motion made by Katryna VanEperen seconded by Dawn Jakubiec to approve the agenda. The motion carried 7 to 0.

Spring sports updates ----- Michelle Boor

Baseball - Finished in 3rd place overall, lost in regionals to Niagara.

POY: Derek Moravec, First team: Bob Brauer & Derek Moravec, Second team: Connor Taylor, Honorable Mention: Jesse Pakulski. I recommend Tyler Wagner's contract be renewed.

Softball - Varsity claimed the conference title, lost in Regional finals against Iola. I recommend Danielle Peterson and Scott Tinsman's contracts be renewed.

POY - Libby Tinsman - First team: Libby Tinsman & Halia Babich; Second team: Annabelle Cleereman & Paige Peterson; Honorable mention: Elizabeth Krawiec, Kylie Higgins, Kiara Moravec & Grace Novak.

Golf - Won conference, All Conference Selection: POY Grace Warrner; First team: Grace Warner, Reed Christianson, & Ryan Simonis; Second team: Ethan Higgins & Remington Liptack. State Qualifier: Grace Warrner and team missed state by strokes. I recommend Mike McCann and Tyler Anderson's contract be renewed.

Track - Boys state qualifier: Ethan Westmayer. All conference Ethan Westmayer, Matt Seeber, and Hunter Exferd. I recommend John Twardowski, Dyllan Mittelstadt, and Rich Sorenson's contracts be renewed.

NLC Field Athlete of the year - Ahbram Ventura Bishop

Other Updates: With staff resignations and the moving of JH seasons, we are in need of the following coaching staff:

JHFB - 2 Coaches

Assistant Varsity FB Coach - Eric resigned

JVGGB - Coach

JHGGB - 7th grade

JHVB - 7th grade. Katie has resigned

JHBB - depends on where Logan and Kyle get jobs

Head Baseball Coach - Tyler plans on interviewing

Assistant Baseball Coach

Winter Sports Update --- Michelle Boor

Boys Basketball: Varsity made it to conference, finished one game back from leader, and lost in the first round of playoffs to Bonduel. Second team: Jake Christianson, Reed Christianson, and Connor Taylor. I recommend Bill Taylor, and Pete Liptack contracts be renewed.

Girl Basketball: Varsity made it to conference, lost in the second round to Gillett. All conference selections: first team - Libby Tinsman, second team - Kylie Higgins, and honorable mention - Emma Harris. Dyllan Mittelstadt is resigning as JVGGB coach and a JV2 position will not be needed for next year. I recommend Andrew Harrison contract be renewed.

Wrestling: All conference selections: First team - Derek Moravec, second team - Evan Townsend and Paige Peterson. Derek Moravec was State Qualifier, won his first match and finished out the tournament with 6th place. I recommend Dan Moravec and Tyler Wagner contracts be renewed.

Approval of coaching contracts:

Motion by Dan Christianson second by Trinity Shepard to approve Bill Taylor as Varsity Boys Basketball coach. Motion carried 7 to 0.

Motion by Katryna VanEperen second by Trinity Shepard to approve Pete Liptack as Assistant Boys Basketball coach. Motion carried 7 to 0.

Mowgli loves to run and would be the best running partner. He has competed in dog powered sports races and even won first place in his first race. He is good with other dogs and people. He would need a fenced in yard and would need to stay on a leash. Sadly, Mowgli has been at the shelter the longest so far and would really love go to his fur-ever home.

5th Annual Community Picnic and Fun Event

Pickerel Chain Lake Association

Go have some fun! The Pickerel Chain Lake Association is holding their Annual Community Picnic and Fun Event at Oughton Park in Townsend! The date is Saturday, July 20, from 3-7:00 p.m.

There will be kid's games, beer, food, meat raffles, and plenty of visiting and old-fashioned fun.

The Association is celebrating their successful efforts to restore and enhance Smoke, Little Pickerel and Pickerel Lakes. Get in on the celebration!

Thank You and Personals

Thank You

It's been a while but you're not forgotten. Thank you guys for helping Joyce. You were Mom's heroes, Wabeno Fire Department, Scott Schaffer, Jeff and Chris Rosio.

The Joyce Ehrhardt Family

THANK YOU: I am forever grateful to all of you for helping me during this very difficult time. Your kindness and concern means a great deal to me. Thank you for all of your love, support and prayers.
- Pamela Blank P14

Six myths about activity and aging

Myth 1: There's no point to exercising. I'm going to get old anyway.

Fact: Regular physical activity helps you look and feel younger and stay independent longer. It also lowers your risk for a variety of conditions, including Alzheimer's and dementia, heart disease, diabetes, certain cancers, high blood pressure, and obesity. And the mood benefits of exercise can be just as great at 70 or 80 as they were at 20 or 30.

Myth 2: Exercise puts me at risk of falling down.

Fact: Regular exercise, by building strength and stamina, prevents loss of bone mass and improves balance, actually reducing your risk of falling.

Myth 3: It's too frustrating: I'll never be the athlete I once was.

Fact: Changes in hormones, metabolism, bone density, and muscle mass mean that strength and performance levels inevitably decline with age, but that doesn't mean you can no longer derive a sense of achievement from physical activity or improve your health. The key is to set lifestyle goals that are appropriate for your age. And remember: a sedentary lifestyle takes a much greater toll on athletic ability than biological aging.

Myth 4: I'm too old to start exercising.

Fact: You're never too old to get moving and improve your health! In fact, adults who become active later in life often show greater physical and mental improvements than their younger counterparts. If you've never exercised before, or it's been a while, you won't be encumbered by the same sports injuries that many regular exercisers experience in later life. In other words, there aren't as many miles on your clock so you'll quickly start reaping the rewards. Just begin with gentle activities and build up from there.

Myth 5: I can't exercise because I'm disabled.

Fact: Chair-bound people face special challenges but can lift light weights, stretch, and do chair aerobics, chair yoga, and chair Tai Chi to increase their range of motion, improve muscle tone and flexibility, and promote cardiovascular health. Many swimming pools offer access to wheelchair users and there are adaptive exercise programs for wheelchair sports such as basketball.

Myth 6: I'm too weak or have too many aches and pains.

Fact: Getting moving can help you manage pain and improve your strength and self-confidence. Many older people find that regular activity not only helps stem the decline in strength and vitality that comes with age, but actually improves it. The key is to start off gently.

Call for the public to report prohibited species to DNR
 To keep the database current and robust, Granberg is inviting Wisconsin residents and visitors to report if they find species that are prohibited in Wisconsin and if they find a plant or animal they've never seen before. See some of the prohibited terrestrial invasive species DNR is looking for in this slide show.
 "Early detection is crucial for the early control of these species," Granberg says. The public can contact the DNR by sending an email to Invasive.Species@Wisconsin.gov along with a photograph, location, and size descriptions for any invasive species.
 To understand which invasive species are prohibited in Wisconsin and which have been reported in an area, people can use the Wisconsin Shared Terrestrial Invasive Plant Presence online visualization tool developed by University of Wisconsin-Madison's Division of Extension. This interactive map provides information on species locations, legal classification, and area of interest.

Harnessing thousands of eyes to track down new invasive species

New technology brings together reports from all over Wisconsin, makes it easy to use

MADISON - Citizens reporting wild chervil and other invasive species they see along roadsides, bike paths, public lands and waters are part of a comprehensive database helping quickly detect new invasive species, so resources can be directed to controlling them quickly.

Wisconsinites can use this interactive map to see which invasive species are being reported where. Photo credit: University of Wisconsin-Madison, Division of Extension

The Invasive Species Archive combines monitoring data from the Department of Natural Resources, federal agencies, university researchers, and citizen scientists. It uses new technology to make it easy for property managers, local Cooperative Invasive Species Management Areas, and others who work with invasive species.

"This tool will enable our partners to take the data and immediately use it to create monitoring and control plans for invasive species," says Jason Granberg, the Department of Natural Resources invasive species specialist who built the tool.

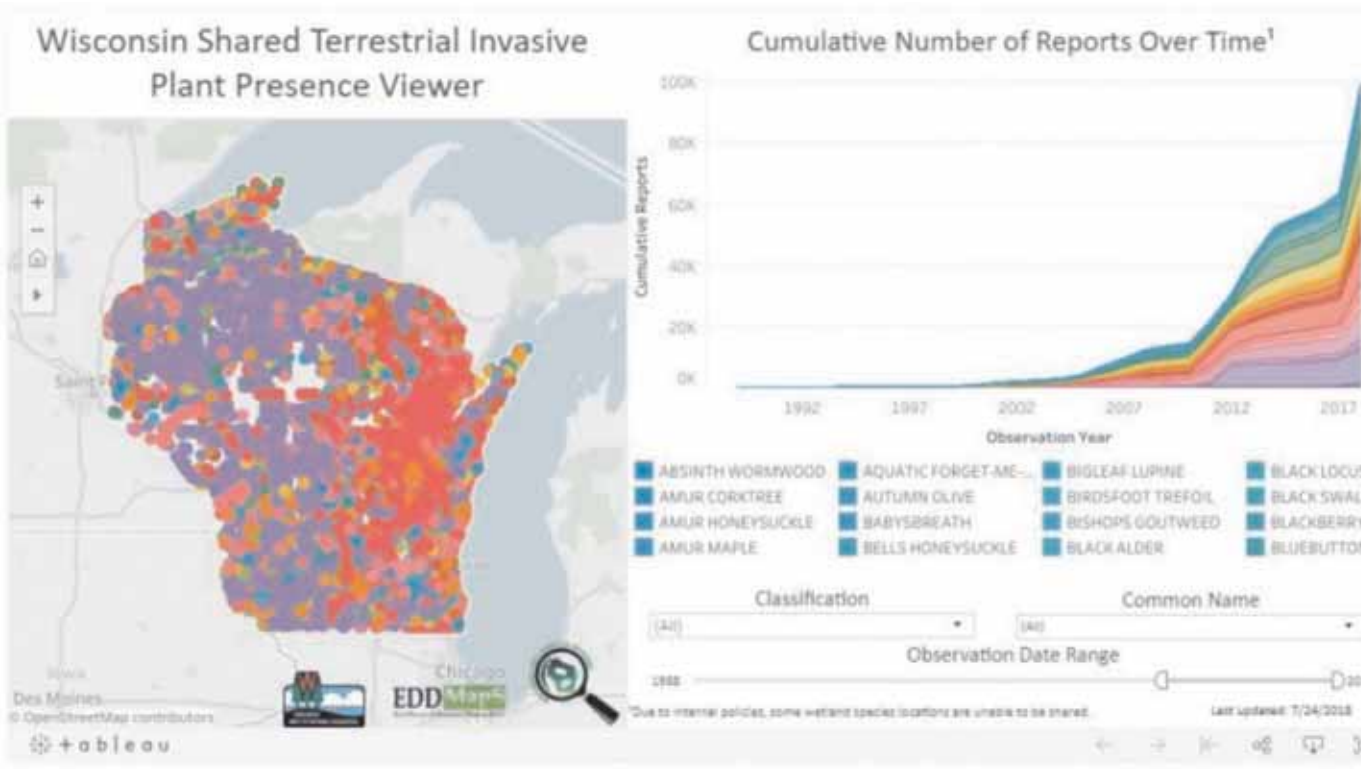

DNR has early detection and response funds that can help local conservationists address a new infestation while the population is still small enough to control, Granberg says. Once an invasive species gets established, the costs to manage and control it can become very expensive.

DNR has provided all DNR state natural area, parks, forest, and wildlife area managers and local Cooperative Invasive Species Management Areas with lists of all species reported within and near their borders. DNR also has shared the archive with the Wisconsin Department of Transportation to use in their plan to control prohibited invasive species found along road right of ways.

"It's great to have this resource at our disposal," says Bob Wakeman, who coordinates DNR aquatic invasive species efforts. "Our partners and property managers now have some help in identifying what invasive species may be on their property and developing a control strategy that helps them to prioritize where they should spend limited resources for control."

The Lower Chippewa Invasives Partnership, for example used the archive information from DNR to quickly apply for DNR rapid response funds to control amur cork trees and wild chervil. The money is helping the partnership train officials, roadside managers and landowners to address infestations of the two species, and to pay for supplies for local control of them.

Invasive species are non-native plants, animals, or pathogens that take over a new location and alter the ecosystem, affecting its function, economic value and/or human health. Typically, these invasive species can take over an area because they do not have the predators, competitors, or diseases from their home ranges which keep them in check.

Lakewood Library Cont. from pg. 1
Highway 32. After the long, hard winter took its toll on the old sign, a new one to welcome visitors was a must. The Library Board and the Friends of the Library accepted suggestions and after discussing the options, decided to stay with a similar design as the previous signage.

Funding for a new sign was a concern as a new sign had not been in the budget. However, some of the local citizens stepped up to help out. Wanting to stay local, Ben Christianson, a resident artist known for his woodworking skills, was contacted. The Thielke family and estate of Gerald Thielke, a lifelong resident of Lakewood with a career of more than 30 years in the Wabeno School District, agreed to provide the financial assistance. This combination resulted in a beautiful new sign being completed and ready for installation by the first week in July. New support posts were provided and then painted after the installation by Larry Blazewicz, Matt and Karla Sampsel, and Chris Braiske, (Library Board member), all part of the Thielke family.

The Lakes Country Public Library has been busy even though it didn't have a sign to announce its location, but hopefully the new sign will welcome additional users. The library has many summer programs scheduled and hopes that our summer guests will utilize the facility along with our year-round residents.

Ben Christianson, well-known for his woodworking and artistic talents, paints the letters on the sign.

SATURDAY, JULY 20
TRAILS OF CASH
EARN OR REDEEM 250 POINTS FOR TEN ENTRIES.
