Camp 5 recognized by the state for 50 years of operation

Jeff Mursau, on left, presents the state award to Cate Dellin and son Phil Prange, who has obviously been helping out in the blacksmith shop!

By Mike Monte

The Lumberjack Steam Train and the Camp 5 museum Complex was presented an award from the State of Wisconsin on the last day of operation for the season. The award was presented by Rep. Jeff Mursau, who made his visit to Camp 5 riding in the engine of the Lumberjack Steam Train.

The award gives a history of the Camp 5 Museum Complex and the 1916 Vulcan steam engine that has been running for 99 years hauling logs, lumber, lumberjacks and now visitors to the complex. The award states: "Senator Tom Tiffany and Representative Jeff Mursau, on behalf of the Wisconsin State Legislature, do hereby recognize and congratulate the Camp Five Museum Foundation for 50 years of preserving this important piece of history and providing a fun and educational experience for visitors."

The Lumberjack Steam Train and Camp 5 operated the last day of the season last Saturday. In spite of rain and drizzle, over 1,800 people rode the train to Camp 5 and enjoyed the day, complete with the Cowboys robbing each and every train.

Congratulations from the Pioneer to Camp 5 for operating a destination tourism establishment, which means that people come to Forest County with the express purpose of riding the train and visiting Camp 5. We hope it continues for another 50 years!

UW-Oshkosh Jazz Ensemble to perform in Wabeno Area Players Fine Arts Series at the Nancy Volk Auditorium, Wabeno High School, October 31 at 7 p.m.

UW-Oshkosh Jazz Ensemble under the direction of Dr. Marty Robinson.

The UW Oshkosh Jazz Ensemble, directed by Dr. Marty Robinson, is the premiere jazz group at the university. In addition, the jazz ensemble travels to national jazz festivals and often tours regionally to high schools around Wisconsin and the upper Midwest. The ensemble plays a wide variety of jazz big-band music, from the early swing era to classic 60s jazz to 80s jazz fusion to modern jazz, including everything in between, and prides itself on the ability to switch gears musically and present a rich and wide array of great jazz music, often featuring new composers and arrangers as well.

During the day of the performance a clinic will be held with the UW-Oshkosh Jazz Ensemble and area school students. Any schools wishing to participate should call (715) 889-1606 or email wabenoareaplayers@gmail.com.

The Rebel Boys Basketball Team will host a Spaghetti Dinner before the concert starting at 5:00 p.m. They are raising money for the Rebel Boys Basketball Team to Play Crivitz December 14 at the FiServ Forum (Milwaukee Bucks Stadium). The dinner will be \$6.00 per person. Come out and enjoy a dinner and show! Show your support for the Rebel Basketball Team and the Wabeno Area Players Fine Arts Series.

Tickets for the event are \$10 for Adults and \$5 for Students. The venue for the event is the Nancy Volk Auditorium (Wabeno High School, 4325 Branch St., Wabeno, WI 54566). For tickets call (800) 838-3006 or order online at uw-oshkoshjazz.brownpapertickets.com. Tickets will be available at the door starting at 6:00pm.

The McCaslin Lioness annual Kids' Halloween Party

The McCaslin Lioness will be holding their annual Kids' Halloween Party at the Townsend Town Hall on Thursday, October 31, from 4:00 until 5:30 p.m. for K-4th grades.

It will be a great time for the kids, with food, crafts, prizes and treats, plus lots of fun!

The event is free and open to the public.

Halloween Magic Show at the Crandon Library

The Crandon Public Library invites parents, caregivers and children of all ages to join us at our Halloween Magic Show!

The spectacular Magic Bob is visiting us from the Twin Cities to give us a show all children are sure to enjoy. Magic Bob will entertain the audience in many ways. He will use puppets, perform magic and engage the children with interactive story-telling.

The program is scheduled for Monday, October 14th at 5:30 p.m. in the lower level of the Crandon Public Library. Each child who attends will leave with a FREE BOOK as a gift. This is a way for us to thank you for supporting our library and its programs! So, load up the kids after school and head on down to the library for some Halloween fun!

Crandon Library will be closed October 16 & 17

The Crandon Public Library will be closed on Tuesday, October 15 and Wednesday, October 16 for a flooring update. The outdoor book drop will also be unavailable during this time. If your materials are due on either of the dates we are closed please note that we will not apply late fees to these items. Patrons may also call and renew items ahead of time at 715-478-3784. The Library will reopen on Thursday, October 17. We apologize for any inconvenience and hope patrons and community members stop in when we reopen to see our new lobby flooring!

Laona's Trick, Trunk or Treat

Laona Area Chamber of Commerce and Maple Place Inc. are proud to co-host the first-ever Trick, Trunk or Treat event for kids of Laona and surrounding communities. The event will be held Thursday, Oct. 31 at Maple Place in downtown Laona from 4-7 p.m. Here's what else you need to know:

First and second floor spaces inside Maple Place will be available to adults and businesses in Laona and surrounding communities who wish to participate in handing out Halloween candy. This is ideal for a couple of reasons: Those who live off the beaten path and don't get trick-or-treaters can now take part, and the building will help protect those involved from the elements. Those interested in participating are encouraged to decorate their space as festive as they like, and may dress in costume.

Youth will enter the building on the west side, go up and through the second floor, come back down the south staircase, out the front door, and to the east side of the building where the trunk-or-treat awaits! In an attempt to provide a safer, community-based environment that's also centrally-located for kids, adults can participate by parking cars in a row alongside the building's east wall. Their trunks hold the candy and kids go along the rows of cars and "trunk-or-treat" for goodies!

Spaces are free but donations toward sponsoring the event are always appreciated. Participant spots must be reserved by Sunday, October 27, and setup of spaces must be completed by Tuesday, October 29.

If interested in participating or would like more information, contact Laona Area Chamber of Commerce at (715) 902-0810, laonaareachamber@gmail.com, or Facebook Messenger for more details.

Connor Human Restoration welcomes new doctor

We want to welcome Dr. Dakota Malzewski, DC the newest addition to Connor Human Restoration. Dakota graduated from Palmer College of Chiropractic in Davenport, Iowa. She is fascinated by the intricate ways in which the body is connected, to include the organ systems, and she is passionate about helping others

Broadband and a generator for the Law Enforcement Center the major issues at county meeting

By Mike Monte

A joint meeting of the Forest County Finance Committee and the Building Committee was held at the courthouse last Tuesday evening, October 8th.

While a variety of subjects were discussed, the most prominent subjects were the county's possible involvement with supplying broadband towers to the county to fill in the areas where broadband internet access isn't available. According to Mark Ferris, director of the Forest County Economic Development Committee (FCEDP), all of the communities in the county are for expanded broadband and the building of broadband towers except Alvin, and he thinks they will come on board with the idea. FCEDP is working with Northwoods Connect, a Rhinelander firm, on the project

Ferris notes that broadband is important to the area, and he says: "It impacts workforce availability, housing growth, and business expansion. Obviously, it also compromises services such as e-medicine and quality of education for our students. Everyone is affected by a lack of service. With the expansion of Forest County broadband services, our county will be ahead of the curve in comparison to many other rural Wisconsin counties."

There would be three towers built to start the program. The county would have to pay \$30,000 per year for ten years, with money obtained from the Wisconsin Public Lands Commission. There will also be grant money applied for by the county. There could be as high as 15 towers to serve the county, but existing towers could be rented for the use of the broadband, saving money.

Those who want the broadband offered would pay a monthly fee, and there may be others who will opt for the coverage in areas that have broadband internet access already. In time, when the equipment is paid for, the county will also share in the profits of the enterprise.

The other part of the meeting that became contentious and chaotic at times was the purchase of a new emergency generator for the Law Enforcement Center.

Currently, the county has a bid for \$299,621 and another for \$219,805. At the last meeting, Supervisor

CoVantage teams with ADRC for dementia-friendly training

Pictured: (back row, L-R) Marista Hohensee, Emily Schroeder, Tanya Zimmerman, Amy Mangerson, Nicole Kubiacyk, Lisa Lenhard (front row, L-R) Rick Rogers, Joanna Hilger, Laura Bauknecht, Karen Lundgren, Karen Kramer, Odalis Rodriguez and Kim Fischer.

Dementia, including Alzheimer's disease, is a national health epidemic. In Wisconsin, there are currently 875,149 people over the age of 65, with approximately 105,000 of those seniors suffering from Alzheimer's disease. More than 70% of people with dementia spend the majority of their time at home in their community.

CoVantage recognizes the need for quality dementia-friendly care in the communities the credit union serves. As a response, CoVantage recently partnered with

the Aging and Disability Resource Center of Langlade County to educate staff on all forms of dementia-related diseases. The trainings were presented to staff by Meagan Fandry, ADRC Caregiver Support Coordinator, at the Antigo headquarters with surrounding branch staff participating through virtual access. Three different class times were offered over the course of two days. Over 50% of CoVantage employees completed the training.

According to Joanna Hilger, Employee Development Specialist at CoVantage, the goal of offering this course was to help employees better understand dementia and be equipped to respond effectively while serving members and their caregivers. "CoVantage Credit Union's mission is to welcome all and I really felt this training was an important step toward making the organization even more inclusive," said Hilger. As a result of the training, 15 of our branches are now certified dementia-friendly businesses and are able to better assist our member-owners and their families.

The Lake Ecology Field Day which is sponsored annually by the Forest County Association of Lakes (FCAL) was a good educational experience for high school students from Crandon, Laona and Wabeno Environmental Science classes. Lake Ecology Day took place on Tuesday, September 17th from 9 a.m. until 1:30 p.m. at the Veterans Memorial Park on the south end of Lake Metonga.

Crandon HS, under the guidance of Mrs. Kay Coates, had 42 students signed up to attend. Laona sent 15 students under the supervision of Mr. Steve Kircher, and Wabeno sent 11 students under the direction of Mrs. Liz Watson. The students were assigned to eight groups with students from all three schools in each of the groups. The eight groups rotated through 9 workshops through out the morning. 4 lucky students per rotation received tickets which had been issued at random, to ride on the shocking boat that was provided by the Sokaogon tribe and was captained by Fish Biologist Mike Pruell.

The other eight learning stations included a pontoon boat ride to an Eurasian Water Milfoil bed where the students learned about the various invasives such as milfoil, zebra mussels and rusty crayfish as explained by Les Schramm and Harry Resch. Station number 2 was a class on aquatic macroinvertebrates led by RT Krueger of Northern Lakes Service. Station 3 was co-led by Chad Mullis of the FC Sherriff's Dept. and Brad Dahlquist of the WDNR. They taught about laws and regulations for boaters and fishermen. Amber Butterfield of the Wild Rivers Invasive Species Coalition (WRISC) taught the importance of and techniques for decontaminating watercraft that are moved from lake to lake. The USFS sent two representatives to teach about the important role that bats play in our ecology. Jennifer Mabrier from the FC Potawatomi Educational Department taught about lake stratification. Retired Crandon High School science teacher Cindy Edlund returned to lead a workshop on biomagnification. Station number 8 was led by Michelle Gobert who represented the FC Forestry Department and FC 4H, teaching about the importance of trees in the shoreline environment. She took photos of each person who attended her workshop as they got to help plant a tree.

A large round of applause must be given to all the students and their teachers for the interest shown and the cooperation given by all during the day. All presenters and those helping to set-up this very worthwhile event are to be commended on a job well done. FCAL members are grateful for the opportunity to coordinate this fun, "hands-on" day of learning. Article submitted by FCAL members Harry Resch and Pam Schroeder

Three McCaslin Lions receive award

At a recent dinner meeting, the McCaslin Lions presented the Melvin Jones award to three members.

The Melvin Jones recipients were (from left) Lions Micheal Boede, Bob Diedrick, and Bill Geriten. Also shown are Lions Dennis O'Brien and John Scvarka. The McCaslin Lions appreciates them for their thousands of hours of service to the communities.

/s/ Lion Mark Zullner

Mike Pruell loads students on shocking boat. Harry Resch and Les Schramm take a group out on pontoon to learn about aquatic invasive species.

Brad Dahlquist, WDNR, teaches recreational laws and regulations for Wisconsin lakes.

Individuals who wish to set an appointment with a Certified Application Counselor can call the Lakewood Clinic at (715) 276-6321. Appointments and locations are set on a first come first serve basis. NorthLakes Community Clinic provides this free service to all individuals and families who are interested in assistance with the Marketplace or Badgercare programs in Northeastern Wisconsin.

County Meeting Cont. from pg. 1

Bunda asked a third firm for a bid that came in at around \$86,000, but that bid wasn't complete because it didn't allow for the changes in wiring and switches, and the bid was pulled back.

In the meeting on Tuesday, Bunda pushed for a rebid of the generator project that would include a total of three bids, with the idea that the county could save money on the project.

The other school of thought brought up at the meeting is that the current generator can only service the needs for a third of the Law Enforcement Center, and if there is a major weather event, the jail could be non-functional with prisoners having to be transported at county cost to other jails in the region.

The debate was hot and wasn't always polite, but from this lively argument came a resolution to accept the \$219,805 bid, because the committee recognizes this as an emergency situation.

Another motion by Bunda to obtain at least three bids for the project was defeated by a vote of 4 to 3.

The resolution that was passed has also to be passed by the full county board at the October 15th meeting. It is possible that neither bid will be accepted and another round of bidding for the generator project will be started in an attempt to save money for county taxpayers. Time and the meeting will tell.

WABENO - 2 and 3 bedroom apartments available (Orchard Ridge Apartments). Rent is based on 30% of your gross adjusted income or \$525.00 for a 2 bedroom and \$555.00 for a 3 bedroom. Forest County releases results of 2019 Wi Wins compliance checks

The Northwood's Tobacco-Free Coalition (NWTFCC) conducts annual Wisconsin Wins compliance checks. Compliance checks are done to ensure local retailers comply with the law by not selling tobacco and nicotine products to minors. After completing randomized checks this year, we would like to announce 75% of Forest County's retailers choose not to sell tobacco products to minors.

The following retailers were checked and were compliant with the law: Dollar General, Mole Lake Convenience Store, Main street Ed's, Kathy's Inn Bar & Grill, Schaefer's Food Mart, The Liquor Lode and Wine House, The Gas Depot, Still Smoking, Family Dollar, Laona Shell, *Note due to randomization, not all local retailers were checked

For free, easy, online training on tobacco sales visit www.witobaccocheck.org. Forest County Health Department is also available to conduct free in person trainings for retailers if desired. Together we can prevent tobacco sales to minors and improve the health of our youth! For more information on WI Wins, contact Holli Denton at 715-478-3371

Around the Area

Three Lakes Drama Club Fall Production: "Oz"
 Three Lakes High School Drama Club proudly presents "Oz," a short play by Don Zolidis.

Reeling from her sister's death, Beth suddenly finds herself journeying through a world suspiciously resembling the film The Wizard of Oz. However, with the yellow brick road having been sold to foreign investors after a financial meltdown, the Scarecrow reveling in his ignorant bliss, the Cowardly Lion acting like a paranoid sociopath, and the Tin Man embracing his emotional numbness, Beth wonders what role she plays in this classic story gone awry. A hilarious and heart-wrenching exploration of grief and perseverance on the road to acceptance.

Performances are at the Three Lakes High School Auditorium at 7 pm on Friday, October 25th, and Saturday, October 26th. This year, we have added a special matinee performance on Sunday, October 27th at 1 p.m.

Tickets are available at the door. \$4 for adults, \$2 for students. Bring a non-perishable item for \$1 off.

We will have a bake sale, flowers available to purchase, and a 50/50 raffle.

Two authors will discuss their work at the Rhinelander Library on November 4th

On Monday, November 4, 2019, 6:00 p.m., local authors John Bates and Elizabeth Tornes will read from a selection of their prose and poetry centered around four themes--elders, trees, birds, and water. Authors will have books available for purchase and signing following the reading.

John Bates is the author of nine books which focus on the natural history of the Northwoods. His most recent non-fiction book is *Our Living Ancestors: The History and Ecology of Old-Growth Forests in Wisconsin (And Where to Find Them)*. John's book of poetry, *Cold to the Bone*, came out in 2017.

Elizabeth Tornes has published three award-winning poetry collections, *Between the Dog and the Wolf*, *New Moon and Snowbound*. She holds a Ph.D. in Creative Writing from the University of Utah. She has also published a collection of Ojibwe oral histories, *Memories of Lac du Flambeau Elders* and lives in Lac du Flambeau, Wisconsin.

Refreshments will be provided by The Rhinelander District Library Friends of the Library

NorthLakes Community Clinic earns national recognition for commitment to improve high blood pressure

NorthLakes Community Clinic is proud to be a gold recipient of the 2019 Target: BP Recognition program. The Lakewood and White Lake clinic locations received the recognition for achieving blood pressure control rates of 70 percent or more in their adult patient population with high blood pressure. A total of 1,183 physician practices and health systems nationwide were recognized by the program for their commitment to help patients improve blood pressure control. The recognized organizations represent 29.8 million adult patients, with more than 8 million patients diagnosed with hypertension, across 46 states and territories.

Launched in 2015, Target: BP is a national initiative between the American Hospital Association and American Medical Association aimed at addressing the growing burden of high blood pressure in the U.S. The initiative aims to help health care organizations improve blood pressure control rates through use of the AMA's evidence-based M.A.P. quality improvement program, and recognizes organizations committed to improving blood pressure control.

There are 116 million U.S. adults living with high blood pressure, the nation's number one risk factor for heart attack and stroke, and less than half have it controlled to target level. Many patients are unaware of the deadly consequences associated with high blood pressure and that it can be managed working in partnership with their physician to create and follow a treatment plan.

"Although we have the tools to treat high blood pressure, many patients face a variety of barriers that make it difficult to successfully manage the condition. That's why the American Heart Association and American Medical Association created the Target: BP initiative to bring patients and providers together to successfully get blood pressure under control," said AMA President

AREA EVENTS

Craft Fair at Elcho High School on October 26th from 9-2 to support the class of 2021. Chili, walking tacos, pies, coffee, and hot chocolate will be served. A huge silent auction will be set up with an awesome variety of vendors and crafters. An event you won't want to miss!

Interested vendors call Colette @ 906-282-3965 or email at colettenelson25@yahoo.com

Patrice A. Harris, M.D., M.A. "We applaud the physicians who are already working hard to control their patients' blood pressure, and we will continue to urge more physician practices, health systems and patients to join this effort to prioritize the rising risk of high blood pressure and improve health outcomes for patients across the nation."

"Collaboration is key to managing high blood pressure," said AHA President Robert Harrington, MD, FAHA. "When doctors, clinics, patients and organizations like the American Heart Association and American Medical Association are all working towards the same goal, we have the opportunity for great success. We are pleased to be a part of the success of so many practices and so many patients in reducing high blood pressure and improving health." NorthLakes Community Clinic Lakewood and White Lake, along with all other practices and health systems being recognized, will be featured in upcoming Target: BP materials. This includes appearing in national journal ads, on TargetBP.org, and acknowledged at AMA and AHA events throughout the year.

Deer baiting bans

Before taking part in upcoming hunting seasons or placing feed for wildlife, hunters, landowners and wildlife enthusiasts should verify which counties currently prohibit wildlife baiting and feeding activities by searching the Department of Natural Resources website, dnr.wi.gov, for baiting and feeding.

Since the conclusion of the 2018 deer hunting season, new baiting and feeding bans are now in place in Green Lake, Kenosha, Waushara, Wood, Racine, Burnett, Barron, Polk and Washburn counties. Additional baiting and feeding bans may be added in 2019 if there are new chronic wasting disease or bovine tuberculosis (bTB) detections in captive or free-roaming deer. All current county-level baiting and feeding bans will remain in effect throughout the 2019 deer hunting season.

The effects of baiting and feeding may artificially increase and sustain deer populations beyond carrying capacity and alter deer behavior. The primary intended goals of a baiting and feeding ban are to protect the local wild deer herd and reduce the spread of disease.

Individuals may still feed birds and small mammals, provided feeding devices are within 50 yards of a human dwelling and at a sufficient height or design to prevent access by deer.

The DNR is required by state statute (29.336, Wis. Stats) to enact a ban on the baiting and feeding of deer for a period of three years in any county where CWD or bTB has been detected in a wild or captive deer or elk as well as a two-year ban in any county that is within 10 miles of a CWD or bTB positive detection. Baiting and feeding bans may eventually be lifted if no new CWD or bTB positive detections are found or may be extended if there are additional positive detections.

Hunters, landowners, hunters, and wildlife enthusiasts can also contact a local wildlife biologist to determine if baiting and feeding ban end dates have changed within individual counties. For more information regarding baiting and feeding, search the DNR website, dnr.wi.gov, for baiting and feeding. For more information regarding CWD in Wisconsin, search for keyword "CWD."

Editor's Note: All of northeast Wisconsin has a baiting ban, and in our area that includes Forest, Oneida, Florence, Langlade, Oconto and Marinette counties.

Death Notices

Wayne R. Bennett, 74, of Lakewood, Wisconsin passed away in Green Bay, Wisconsin on October 3, 2019 with his sons at his side.

Wayne was born September 12, 1945 in Chicago, Illinois to Roy and Jean Bennett. He married Deb (Staats) Bennett on June 2, 1973 in Green Bay, Wisconsin and settled in Lakewood, Wisconsin. He owned and operated a pallet shop, a local tavern, and dabbled with real estate, all while founding Bennett Accounting and later operating as an enrolled agent. Over the course of his career, he performed accounting, payroll, and bookkeeping for the majority of Lakewood and the surrounding community. In addition, Wayne volunteered his time to drive the local rescue squad, serve on the county board as treasurer, and also acted as president of the sanitation district. As a man of many interests, talents, and catchy phrases ("finer than frog hair") Wayne's impact in the community was strong and his presence will be missed from McAllen, TX to Iron Mountain, MI.

Wayne enjoyed spending time with family and friends, traveling, playing cribbage, hunting, and bird-watching. He loved being a grandfather to his three grandchildren, Maddox, Lindley, Bowen, and grand-dog Dante. He is survived by sons, Brian (Cindle) of Franklin and Adam of Green Bay; brother, Tim (Lori) Bennett; sister, Barb Halama; brothers-in-law, Bob (Terri) Staats, William Halama, and Larry Staats; and sisters-in-law, Judy Myers and Alanna Staats, as well as numerous nieces and nephews.

He was preceded in death by his wife, Deb Bennett; brother, George Bennett and brothers-in-law, Jim Staats and Gerry Staats.

A celebration of his life will be held October 12, 2019 from 2-6 p.m. at his home, located at 15217 Redinger Lane, Lakewood, Wisconsin. Lloyd A. Fulcer - funeral director (715) 473-2541.

Lucille A. Goodchild of Pulaski, 80, passed away October 8, 2019. She was born June 25, 1939.

Newcomer - Green Bay Chapel is handling the arrangements.

Senator Baldwin Calls for Financial Certainty for Rural Counties

Bipartisan group of 31 Senators request two-year reauthorization for PILT and SRS programs

WASHINGTON, D.C. - U.S. Senator Tammy Baldwin (D-WI) joined 30 of her Senate colleagues today requesting that any end-of-year legislation include at least a two-year reauthorization of the Payments in Lieu of Taxes (PILT) and the Secure Rural Schools and Community Self-Determination Act (SRS) programs.

The SRS program was created to provide consistent and reliable funding for more than 775 rural counties and 4,400 schools located near national forests across the country. SRS helps pay for schools, roads, and emergency response services in rural counties, and forest health projects in national forests. The PILT program is administered through the Department of the Interior and compensates rural counties for certain federal lands that cannot be taxed, including Bureau of Land Management land and national parks, forests, and wildlife refuges.

In a bipartisan letter to Majority Leader Mitch McConnell and Minority Leader Chuck Schumer, the senators wrote, "Congress has an obligation to ensure counties with large swaths of federally-owned, tax-exempt forests and rangelands can adequately provide essential services for their residents. As history has proved, without the certainty of these two critical programs, schools, libraries, and jails will close. The services counties continue to provide will see a reduction in staffing and resources. Roads will go unpaved and become unsafe. Mental health and physical health services will be scaled back and in some cases even ended. Fewer and fewer law enforcement officers will be forced to patrol larger and larger areas.

"As we work to establish a permanent county payments solution, diversify rural economies, improve forest management and forest health, strengthen historic forest revenue sharing with local governments, and ensure that our public lands provide a range of values such as clean water, jobs, grazing opportunities, and wood fiber for local economies, a short-term reauthorization of at least two years is critical to provide fiscal certainty for counties containing federally-owned lands."

The letter was led by Senators Ron Wyden (D-OR), Jim Risch (R-ID), Jeff Merkley (D-OR), and Mike Crapo (R-ID) and signed by Senators Michael Bennet (D-CO), Maria Cantwell (D-WA), Shelley Moore Capito (R-WV), Catherine Cortez Masto (D-NV), Kevin Cramer (R-ND), Steve Daines (R-MT), Dianne Feinstein (D-CA), Cory Gardner (R-CO), Kamala D. Harris (D-CA), Martin Heinrich (D-NM), Amy Klobuchar (D-MN), Joe Manchin (D-WV), Martha McSally (R-AZ), Lisa Murkowski (R-AK), Patty Murray (D-WA), Gary Peters (D-MI), Mitt Romney (R-UT), Jacky Rosen (D-NV), Mike Rounds (R-SD), Kyrsten Sinema (D-AZ), Tina Smith (D-MN), Debbie Stabenow (D-MI), Dan Sullivan (R-AK), Jon Tester (D-MT), Tom Udall (D-NM), and Roger Wicker (R-MS).

Dear Editor,

I am a high school climate activist in Ashland, and was the lead organizer of the Climate Strike there on September 20th. The following Letter to the Editor (titled "Eleven Years") answers the questions of why and how people should fight the climate crisis. Please consider it for publication.

"Eleven years from now, I will be 29. Eleven years from now, I will have graduated college and begun my career. Eleven years from now I will be starting a family, and be considering whether it's responsible to bring another child into our deteriorating world. Eleven years from now, we will see an increase in heatwaves, flooding, wildfires, hurricanes, and other extreme weather events. Eleven years from now I expect to see economic hardship, food scarcity, increased immigration, and political tension brought on by climate change. Eleven years from now, the death toll of the climate crisis will be rising. Eleven years from now, the IPCC reports that the damage we're doing to our climate will become irreversible. Unless, that is, we make some radical, systemic changes.

I'm asking you to call for this change. Educate yourself and others about the reality of the climate crisis and the concept of environmental justice, as well as policies like the Green New Deal and the Energy Innovation and Carbon Dividend Act. Find out what other people in your community are doing already. Do you have a local branch of Zero Hour? Fridays for Future? 350? Are there people working on solar installation or sustainable food systems? Are you facing pollution from mining, factory farms, power plants, or pipelines? Are there ways that you could reduce barriers to voting? Donate your money or time to organizations or campaigns that have a focus on reducing emissions. Vote, contact your legislators, sign or start petitions, and write letters to the editor or op-eds.

As a member of Generation Z, I'm asking you to fight for my future, for the future of my younger brother, for the future of the children I may one day have, and for the future of those who will be harmed by the climate crisis far more than me simply due to their zip code, their income, or the color of their skin. In the words of internationally acclaimed youth climate activist Greta Thunberg, "You say you love your children above all else, and yet you are stealing their future in front of their very eyes." Eleven years from now I will be 29. Eleven years from now, I want to be able to say I did all I could. Eleven years from now, I hope to live in a world that has woken up, come together, and acted in time to make things right."

Best,
Ella Syverson

-compliant driver licenses and ID cards. The cards look similar; REAL ID-compliant cards are marked with a star. Non-compliant cards do not have the star or are marked "NOT FOR FEDERAL PURPOSES." People may use other forms of ID, such as a passport. TSA offers a list of acceptable alternative identification cards: TSA.gov/REAL-ID

Wisconsin DMV has been offering REAL ID compliant driver licenses and IDs to customers since January 14, 2013. Since this time, nearly every Wisconsin customer has been given REAL ID information, and the opportunity to enroll in the federal program, as a part of their renewal notice. DMV is committed to helping residents who want the convenience of a REAL ID get one on their driver license or ID before the October 1, 2020 deadline.

Listen to DMV Administrator Kristina Boardman discuss the process for obtaining a REAL ID in WisDOT's October "Transportation Connects Us" podcast wisdot.libsyn.com.

For more information, visit wisconsindmv.gov/REALID.

Duck Season opened Sept. 28

Duck hunters in the North, South and Mississippi River zones will begin another fall duck hunt one-half hour before sunrise on Saturday, Sept. 28.

"With average spring breeding counts and a fairly wet summer, Wisconsin waterfowl hunters have the potential for a good hunting season," said Taylor Finger, migratory game bird ecologist with the Wisconsin Department of Natural Resources.

The Northern Zone hunt will begin Sept. 28 and run through Nov. 26. The Southern Zone hunt will run from Sept. 28 to Oct. 6, close for a five-day split, then remain open from Oct. 12 to Dec. 1. The Mississippi Zone will be open Sept. 28 to Oct. 4, close for a seven-day split, and reopen from Oct. 12 to Dec. 3. Opening day shooting hours will begin one-half hour before sunrise.

The goose season in the southern portion of the Exterior Zone will also be closed during the five-day split in October. Also, hunters should note that goose season in the Mississippi River Subzone will not open until Sept. 28 and will be closed during the seven-day split in the Mississippi River Zone.

The 2019 continental breeding surveys showed a drop in populations of most species, though most populations remained above their long-term averages. Even with promising breeding indications, local conditions and scouting will be the most important factors when pursuing ducks this fall. Because parts of the state have experienced wet conditions leading up to the duck season and some areas of the state remain dry, scouting this fall will be particularly important to identify the areas that are holding birds.

The daily bag limit statewide is six ducks, including no more than:

four mallards, of which only one may be a hen; two black ducks; two canvasbacks; three wood ducks; one pintail; three scaup; and two redheads.

Five mergansers may be harvested daily, of which no more than two may be hooded mergansers; 15 coots may be harvested daily.

Licenses and stamps required for duck hunting include a Wisconsin small game license (included in the Conservation Patron and Sports packaged licenses), a Wisconsin waterfowl stamp and a federal migratory bird stamp. The federal stamp can be purchased at a U.S. Post Office. Hunters will also have the option of purchasing the federal stamp privilege at DNR license vendors for an additional \$3 surcharge. The purchase will be noted on their license, but the stamp itself will arrive several weeks later in the mail.

Waterfowl and other migratory bird hunters must also register each year with the federal Harvest Information Program, which places them on a list of hunters that may receive a mailing asking them to provide a summary of their harvest. HIP registration is free. Hunters can register for HIP when they purchase their licenses or added later if a hunter decides they may pursue migratory game birds.

Regular Goose Season

With resident Canada goose breeding numbers similar to recent years and average production of the Ontario breeders, hunters should have ample opportunities this year and will again enjoy a full 92 days of hunting in the Exterior Zone with a three-bird daily bag limit.

Exterior Zone Canada goose season structure is as follows:
Northern Zone - Sept. 16 to Dec. 16;
Southern Zone - Sept. 16 to Oct. 6 and Oct. 12 to Dec. 1 and Dec. 16-Jan. 4, 2020; and
Mississippi River Subzone - Sept. 28- Oct. 4 and Oct. 12 to Jan. 4, 2020.

While afield, hunters must carry proof of their Canada goose harvest permit. Acceptable methods of proof include a paper copy, Go Wild-generated PDF displayed on a mobile device, an authenticated Wisconsin driver's license or Go Wild Conservation Card. As a reminder to Canada goose hunters, registration of Canada geese and in-field validation of the Canada goose hunting permit is no longer required.

State licenses and stamps, permits and HIP registration are also available through Go Wild. For more information regarding waterfowl hunting in Wisconsin, visit dnr.wi.gov and search keyword "waterfowl."

Countdown to new Federal ID requirement begins Get REAL ID by October 1, 2020

When enforcement of the REAL ID Act begins October 1, 2020, the regular Wisconsin driver license or ID will no longer be accepted identification for domestic air travel or to enter a federal building or military base. On October 1, 2020, travelers will need to present a REAL ID-compliant driver license or state ID card or another acceptable form of identification (such as a passport).

"Since a driver license or ID is the most convenient form of identification, Wisconsin DMV encourages travelers to prepare their paperwork then visit a DMV before the October 1, 2020 deadline," Wisconsin Division of Motor Vehicles (DMV) Administrator Kristina Boardman said. "Our customers are encouraged to visit the DMV sooner rather than later. Delay could mean longer lines at the DMV and travelers without a REAL ID will be denied boarding their plane."

What documents are required to get a REAL ID?

To obtain a REAL ID-compliant driver license or ID card, individuals must visit a Wisconsin DMV and bring the following original documents or a certified copy (not a photocopy, fax or scan):

- Proof of Name and Date of Birth
- Proof of Legal Presence in the U.S.
- Proof of Identity
- Proof of Name Change (if applicable)
- Proof of Social Security Number
- Proof of Address

For a complete list of acceptable documents, visit wisconsindmv.gov/REALID.

DMV's interactive Driver Licensing Guide will help customers develop a personalized checklist of the required documents needed to bring to the DMV. It also allows customers to pre-fill any required application(s), print and bring the forms or submit them electronically (if eligible), and print a checklist of required documents to bring.

Costs to get a REAL ID

If it's time to renew a driver license or ID, DMV customers can receive a REAL ID-compliant card for no additional fee if the upgrade takes place at the same time as the renewal. Customers whose current driver license or ID will not expire before 2020, may obtain a REAL ID-compliant card for \$14 (the cost of a duplicate driver license), or \$16 for a duplicate ID card.

Wisconsin offers both REAL ID-compliant and non

SPECIAL EDUCATION AIDE POSITION

The Laona School District is looking for a Special Education Aide for the 2019-2020 school year. This position is approximately 29 hours per week and will start immediately. The position requires working with students in the high school, which covers grades 7-12. Because we are a Title I Schoolwide district the candidate must have either an Associate's Degree, have 48 credits post-secondary education or successfully complete a proficiency test to qualify. The deadline to apply is Friday, October 4, 2019.

If interested, please send a resume and letter of interest to:

Jim Bradley
District Administrator
5216 Forest Ave Suite A
Laona, WI 54541

This institution is an equal opportunity employer

**High School Science Teacher Vacancy
School District of Laona**

The School District of Laona is seeking a full-time high school science teacher beginning immediately. This position will be responsible for science instruction and curriculum for students in grades 7-12. We are willing to work with applicants who have a strong science background and are seeking teacher certification in the science area.

Please submit a letter of interest, resume, transcripts, copy of license and 3 current letters of recommendation to:

Jim Bradley
District Administrator
5216 Forest Ave Suite A
Laona, WI 54541

The posting will remain open until filled.

This institution is an equal opportunity employer

Buying Insurance?
*There are so many choices &
decisions*

- Where should I buy?
- What's a good price?
- How much coverage do I need?
- What types of coverage?
- Will I have enough?

It can be overwhelming

Some companies want you to believe that the only
thing you should consider is cost, but insurance is
much more than just premiums. Insurance is
about loyalty and teamwork and community
relationships. It's about stability and consistency,
and finding the right coverage at the best price.

International Credit Union Day Thursday, October 17

On October 17, CoVantage will join with 56,000 credit unions around the world in celebration of International Credit Union (ICU) Day®. In honor of this special day, CoVantage Credit Union invites its members and the entire community to your local branch for refreshments.

At its most basic level, a credit union is people pooling their money to provide each other with affordable loans—it is literally people helping people. This cooperative spirit has led to life-changing opportunities for people all over the world who've wanted to start a small business or own a home but were denied access to other financial institutions. This is why CoVantage celebrates ICU Day. Because credit unions empower people, wherever they are in the world or life, to take control of their financial future.

The public is welcome to stop by any branch on October 17, and celebrate a movement that concerns itself with the financial success of all people.

The agenda could be subject to last minute change(s).

Meeting on sex trafficking in Laona

Human sex trafficking is the most common form of modern-day slavery. Estimates place the number of its domestic and international victims in the millions, according to the Federal Bureau of Investigation. Forest County Health Department and Forest County Potawatomi Community Health are collaborating with 5-stones: a non-profit organization that raises awareness about the magnitude of sex trafficking in Wisconsin. Join us for a parent's night October 15th at 6 p.m. at the Laona School to learn about sex trafficking in Wisconsin, and what you can do to help prevent it in Forest County!

What is Sex Trafficking?

Many people probably remember popular movies and television shows depicting pimps as dressing flashy and driving large fancy cars. More important, the women adults consensually and voluntarily engaged in the business of prostitution without complaint. This characterization is extremely inaccurate, nothing more than fiction. In reality, the pimp traffics young women (and sometimes men) completely against their will by force or threat of force; this is human sex trafficking.

Not only is sex trafficking slavery, but it is also big business as the fastest growing business of organized crime in the world reports the United Nations Office on Drugs and Crime, with an average of \$99 billion per year. The United States not only faces an influx of international victims but also has its own homegrown problem of interstate sex trafficking of minors. In Wisconsin, Human trafficking exists in both urban and rural areas. 5-stones reports Milwaukee consistently ranks among the top five cities in the US for the recovery of trafficked adolescents.

The majority of these victims are runaway or throw-away youth, but can also be forced into victims of prostitution through abduction, pressure from parents, or through deceptive agreements with traffickers through family. The average age of victim of any sex is 12 to 14 years old. Many of the victims are socially isolated from their friends or family and feel as if they cannot return to their previous lives. The lifestyle of these victims revolves around violence, forced drug use, and constant threats.

Forest County Sheriff John Dennee reports, "due to our drug epidemic, the likelihood of sex trafficking and the actual sex trafficking has increased drastically over the last few years."

To learn more, join us October 15th at 6 p.m. at the Laona School to learn how to prevent, identify, and step-in this horrible crime. "You may choose to look the other way but you can never say again that you did not know"-William Willberforce.

Medicare Part D Open Enrollment

-An Opportunity to Save Money

Open enrollment for Medicare plans in 2020 is October 15 through December 7, 2019. This is an important time for people with Medicare to review their current Part D prescription drug plan, take note of any changes, and determine if it is still the best option for them. Since insurance companies can change their Part D plan's premiums, deductibles and co-pays each year, switching to a different plan could result in extra money in your pocket!

If you have had changes in your medications this past year it seems obvious that reviewing your plan and comparing it to other plans is a good idea. But even if you have not had medication changes, the new pricing structure for the plan could mean that the costs for your same drugs will increase next year. Likewise, a different company may now offer better coverage for those same medications. Some people have saved hundreds of dollars in a year by switching to a different Part D plan. The only way to find out is to review your plan and compare it to other Part D plans.

In addition to changing the list of medications that they cover (known as their "formulary") and how they cover them, Part D plans can also impose drug restrictions on covered medications. When you are reviewing your plan or comparing it to other plans, be sure to note any drug restrictions for your specific medications. In some cases, you may need to get prior authorization before your medication is covered. Another type of restriction, step therapy, means that the insurance company will have you try an alternative drug before they pay for the one your doctor has chosen for you. And if quantity limits are in place, you are limited to a certain number of pills each month. These are more reasons it is important to carefully review your Part D plan each year.

People on SeniorCare, Wisconsin's prescription drug assistance program, are not affected by this open enrollment period. They only need to renew their enrollment every 12 months. A renewal notice will be sent in the mail to the beneficiary. If you are on SeniorCare and have had medication changes, you might want to check on the cost of a part D plan to see if SeniorCare is still the best option for you.

Free assistance with plan comparisons is available through the following resources:

- 1-800-MEDICARE or
- Medigap helpline 1-800-242-1060
- Disability Drug Helpline 1-800-926-4862 (if under age 60)
- Wisconsin Medigap Prescription Drug Helpline 1-855-67 PART D (1-855-677-2783)
- Forest County residents, ADRC of the Northwoods 1-800-699-6704

Laona Elementary Artist of the Week

Congratulations to 2nd grader Sydney Connor for being nominated as artist of the week by Mrs. Keepers. Sydney works hard to improve her skill and understanding of light and shadows, and express her creativity of different mediums in the art room. Keep up the excellent work!

It's not easy being a train robber

You might think it is an easy job to be a train robber, but you have to take into account the working conditions. Loggers and construction workers get rained out, but train robbers are tied to the train schedules, so rain or shine they have to be on the job. A look at these two dedicated train robbers at Camp 5 last weekend says it all. With seven trains to rob and the rain and drizzle starting to find the leaks in their slickers, they had to be dedicated to their job to stick with it.

It also came to our attention that the bags of gold coins they robbed from the Lumberjack Steam Train turned out to be counterfeit money. We have it from a good source, however, that these guys who have total dedication to their job will be back again next year. They never give up!
