Conservation Corner

Conservation Corner is a weekly article produced by the Forest County Land & Water Conservation Department. For more information contact Steve Kircher, County Conservationist-Land Information/GIS Director at 715-478-1387 or by e-mail at lcc@co.forest.wi.us.

Landowners and Farmers, the enrollment period for the Conservation Reserve Program is now open until February 12, 2021. Agricultural producers and private landowners interested in the Conservation Reserve Program (CRP) can sign up for the popular program beginning Jan. 4, 2021, until Feb. 12, 2021.

The competitive program, administered by USDA's Farm Service Agency (FSA), provides annual rental payments for land devoted to conservation purposes. "This signup for the Conservation Reserve Program gives producers and landowners an opportunity to enroll for the first time or continue their participation for another term," FSA Administrator Richard Fordyce said. "This program encourages conservation on sensitive lands or low-yielding acres, which provides tremendous benefits for stewardship of our natural resources and wildlife."

Through CRP, farmers and ranchers establish long-term, resource-conserving plant species, such as approved grasses or trees, to control soil erosion, improve water quality and enhance wildlife habitat on cropland. Farmers and ranchers who participate in CRP help provide numerous benefits to their local region and the nation's environment and economy. CRP general signup is held annually and is competitive.

Signed into law in 1985, CRP is one of the largest private-lands conservation programs in the United States. The program marked its 35-year anniversary in December 2020. Program successes include:

- Preventing more than 9 billion tons of soil from eroding, which is enough soil to fill 600 million dump trucks.
- Reducing nitrogen and phosphorous runoff relative to annually tilled cropland by 95% and 85% respectively.
- Sequestering an annual average of 49 million tones of greenhouse gases, equal to taking 9 million cars off the road.
- Creating more than 3 million acres of restored wetlands while protecting more than 175,000 stream miles with riparian forest and grass buffers, which is enough to around the world seven times.
- Benefitting bees and other pollinators and increasing populations of ducks, pheasants, turkey, bobwhite quail, prairie chickens, grasshopper sparrows and so many other birds.

The Forest County Forestry and Recreation Department and the Forest County Board are excited to announce that we have partnered up with Flannery Contracting of Crandon, LLC for a large park improvement project taking place at Veterans Memorial Park! Flannery Contracting and the Flannery Family have graciously offered time and material as a donation to ensure the park project results are nothing but the best.

Some of the highlights for the project are: Remove and replace the existing asphalt around the park and parking lot, correct the drainage issue at the park, install dense graded base materials and crusher fines for camper parking areas, install water and 50-amp electrical utility pedestals at the campsites, new playground equipment, new topsoil and restoration of campground, painted and paved path for bikes on the side of the pavement and much more!

For any questions or concerns, please contact the Forestry and Recreation office at (715)-478-3475.

The photo on top shows the fill dirt that is raising the level of the park to prevent problems with wet campsites. The road is the old level of the ground.

The bottom photo is the top dirt that has been removed from the campground and piled in the parking lot. The topsoil will be replaced over the new fill and planted to finish the job of raising the level of the park.

Martin H. Kruger - May 31, 1949- January 4, 2021 "You don't have to be the smartest in the room, you just have to be the hardest worker and you'll go far." This was some of the best advice he gave to his kids in his few moments of serious advice. One he didn't need to say as he led by that example each day. His hands

were a testament to a life of work that was worth doing because he was outdoors and it provided a beautiful life for his family. Full of adventures together from skiing, camping, motorcycling, hunting and fishing- even riding go carts or rollercoasters.

He was a gentle giant that seemed to greet everyone with a smirk or the tip of the hat. He was a man of few words but many jokes. Patiently waiting for the right moment to strike or a planted joke to pan out just right. One of those guys that just showed up to help, usually without being asked and always right when you needed him to.

He appreciated the simple things in life, a good 25 cent cup of coffee, a errand where he could take the motorcycle out, a quick stop for a soda but mostly the company. He enjoyed his children and his grandchildren as often as he could regardless of where or when but usually coffee or ice cream was involved.

He was born in Portage, WI to Anja and Hilbert Kruger on May 31, 1949. He grew up on Chain Lake with his parents and sister, Deanna. I'm sure he would like me to take this moment to remind you that she is "much older" than him. Growing up on Chain Lake he learned his love of family, fishing, and motorcycling. He enjoyed causing mischief with the neighborhood kids that became lifelong friends. He attended Wabeno where he graduated in 1967. After graduating high school he entered the Air Force and was stationed in Germany for 3 years.

He was a beloved husband of 47 years, marrying Debra (Tucker) Kruger, at St. Ambrose in Wabeno. They built a house in Townsend where they raised their three children Josh, Kyle, and Kaylyn. He was a wonderful husband often going out of his way to do simple things. He was also a supportive father, attending every basketball game, football game, dance performance or play. Recording it for posterity and caught audibly laughing at some ridiculous passes or missteps. He enjoyed traveling, even better if it was in great company. He had planned much more for retirement but we hear Heaven's fishing is better than Canada's. We know he will be with us in our future adventures, hopefully watching over with a big smile and maybe a few chuckles.

Marty was preceded in death by his Mother Anja and Father Hilbert, his brother-in-law Michael "Mick" Tucker, and Father-in-law Harvey "Buck" Tucker. We are certain they are enjoying a chance to be together again. He is survived by his sister Deanna (Dave) Mathys, his wife Debra Kruger, mother-in-law Marrette Tucker, their children Josh (Cristi) Kruger, Kyle (Heather) Kruger, and Kaylyn (Jason) Halverson. He is also survived by his grandchildren Memphis, Marley, Addison, Kaylee, Lacy, Tadge, Sean, Colin and numerous nieces and nephews. As well as a whole lotta Tuckers that will miss the big guy dearly.

Funeral Mass will be held at 12:00 p.m. on Monday, January 11, 2021 at St. Ambrose Catholic Church, Wabeno with Father Philip Dinh-Van-Thiep officiating. Burial to follow at Forest Home Cemetery, Townsend. Visitation will be held from 10:00 a.m. to time of service at church.

2020 Red Kettle Campaign Thank You

I would like to thank the businesses, organizations and individuals who generously donated their time and money to the Salvation Army. With your help we were able to far exceed our goal of \$16,000. We achieved a new record of \$18,770 to date. Much more than imagined.

Many thanks to Jim, Tom and Marvin for their many hours of "Ringing the Bell". We could not have had this successful season without all the volunteers.

Thank you again for all of your help! I'm looking forward to working with you all in 2021.

In appreciation,
Jacqueline J. Shepherd

Better water. Pure and simple.

Rust stains, bad tasting water, "rotten egg" smelling water, iron water and hard water to mention a few.
