Wisconsin offering COVID-19 vaccinations to children ages 12-15 (Pfizer COVID-19 vaccine deemed safe and effective)

The Wisconsin Department of Health Services (DHS) announces that children 12-15 years old are now eligible to receive the Pfizer COVID-19 vaccine and vaccinations can begin starting Thursday, May 13. The Pfizer COVID-19 vaccine requires two doses for full protection and is the first and only vaccine available for this age group.

After successful clinical trials and a rigorous review of all available data, the U.S. Food and Drug Administration (FDA) authorized Pfizer's request to expand the emergency use authorization (EUA) to include adolescents ages 12-15. On Wednesday, May 12, the Centers for Disease Control and Prevention's (CDC) Advisory Committee on Immunization Practices (ACIP) confirmed the vaccine is safe and voted to recommend the vaccine to the age group.

"Our nation's leading medical experts deemed the Pfizer vaccine safe for this age group, and the initial data shows the vaccine is 100% effective in preventing COVID-19," said DHS Secretary-designee Karen Timberlake. "This is a game changer especially as we are experiencing an increase in cases, hospitalizations, and reports of long-term symptoms in younger people. We are asking parents and guardians to get their children vaccinated as soon as they can."

Parents and guardians of children ages 12-15 can schedule a vaccination using a variety of options, including with their health care provider, at community-based vaccination clinics, local and tribal health departments, or pharmacies. To locate a provider administering the Pfizer vaccine, visit [Vaccines.gov](https://www.vaccines.gov) (link is external). Parents and guardians can learn more by visiting the COVID-19: Resources for Parents and Guardians page or by calling 1-844-684-1064 toll-free.

For up-to-date information about Wisconsin's COVID-19 response, visit the DHS COVID-19 webpage. We encourage you to follow @DHSWI on Facebook (link is external), Twitter (link is external), or dhs.wi on Instagram (link is external) for more information on COVID-19.

If you are interested in having your child age 12 or older vaccinated with the Pfizer vaccine, please call the Forest County Health Department at 715-478-3371 for more information.

964 cases of covid-19 (1 active) confirmed in Forest County

Forest County Public Health officials have confirmed additional persons have been diagnosed with novel coronavirus infection (COVID-19) for a total of 964 cases in Forest County. County health officials and local partners are contacting others with whom the individuals who tested positive had close contact with. As of Monday, May 17th, Forest County has 4,855 negative test results. There is currently 1 active case in isolation, 940 released from isolation, 0 hospitalized, and 26 deaths related to COVID-19.

In an effort to keep our community members up to date on COVID-19, the Forest County Health Department will continue to update our Facebook page and local newspapers weekly on Friday's with current COVID-19 case counts. This will include the number of negative and positive cases in Forest County. Please call our office at 715-478-3371 with any questions or concerns.

Conservation Corner

Conservation Corner is a weekly article produced by the Forest County Land & Water Conservation Department. For more information contact Steve Kircher, County Conservationist-Land Information/GIS Director at 715-478-1387 or by e-mail at lcc@co.forest.wi.us.

What's in Mosquito Sprays?

Most residential mosquito control companies use insecticides known as pyrethrins, which are chemicals derived from chrysanthemum flowers that are toxic to insects; or more frequently, pyrethroids, which are synthetic chemicals that mimic pyrethrins. Whether natural or synthetic, these are broad-spectrum insecticides that are highly toxic to a wide variety of insects, not just mosquitoes.

Companies use pyrethrins and pyrethroids in their standard treatment options. Marketing efforts and corporate talking points correctly state that these pesticides are regulated and approved for use by the Environmental Protection Agency (EPA), but that doesn't

Halia Babich Laona High School Valedictorian

Halia Babich, daughter of Jason and Tonia Babich, is the Valedictorian of the Laona High School Class of 2021. During high school, Halia competed in softball, basketball, and cross country. Halia is a member of the National Honor Society and Future Business Leaders of America (FBLA). Halia has spent many hours during the past four years volunteering for events such as the American Red Cross Blood Drive.

This fall, Halia will be attending the University of Wisconsin -La Crosse to pursue a degree in Psychology. Halia then hopes to attend graduate school to become a School Psychologist or a School Counselor.

Matthew Bauer Laona High School Salutatorian

Matthew Bauer, son of Ken and Sheena Bauer, is the Salutatorian of the Laona High School Class of 2021. During high school, Matthew participated in Future Business Leaders of America (FBLA) and helped run the Laona School Store.

Matthew is undecided on his future plans, but he is looking forward to venturing outside of Forest County.

Cortney Britten Cleereman Laona High School Commencement Speaker

Cortney Britten Cleereman was chosen as the Commencement Speaker for the Laona High School Graduating Class of 2021. The graduation ceremony will be held on Saturday, May 29th at 1pm.

Cortney is a lifelong resident of Forest County, the daughter of Greg and Pam Britten (Laona). Cortney graduated from Laona High School in 1999.

Cortney started her career working as a legal assistant for several local attorneys before becoming the Forest County Victim/Witness Coordinator and Secretary to the Forest County District Attorney in 2004. In 2011, she became the Forest County Deputy Register of Deeds and in 2012, received the Gubernatorial Appointment from Governor Walker to serve as Forest County Register of Deeds. Cortney continues to proudly serve the residents of Forest County, winning reelection in 2016 and 2020.

Cortney has continuously volunteered her time and enjoys being an active member in her community. She has been an active member/Treasurer of VFW Auxiliary Post 6823, former Vice President of the Laona

School District of Laona Graduation Ceremony May 29, 2021 at 1:00 p.m. - School Gymnasium

Due to covid 19 there is limited spectator seating at graduation. Each graduate will be allowed eight (8) seats for family and friends.

The general public will not be allowed to attend. The use of face coverings during the graduation ceremony are strongly recommended.

The graduation ceremony will be live streamed and a link will be shared on the school's Facebook page.

Holt & Balcom Logging Camp Museum in Lakewood open this summer!

Bob Brown (in white apron) recounting Holt & Balcom Logging Camp history to Wabeno fourth graders in 2019. Wabeno was the final pre-pandemic school field trip to the Museum, but the site reopens in 2021.

By Kathleen Marsh, Camp Director

After an unprecedented year of being closed due to the coronavirus pandemic, the Holt & Balcom Logging Camp Museum will reopen this summer. With maintenance and cleaning done by volunteer staff, the site is ready for school field trips and regular summer activities. School visits began May 17 with Suring coming for its annual field trip outing.

"Hopefully, other schools will be able to fit us into their year's end busy schedules," says Bob Brown, School Tours Coordinator and Camp Curator: "It's always fun to watch the excitement as the children enjoy a hands-on interactive look at their logging heritage."

As in the past, the Museum will be open on Summer Saturdays. A special 2021 program, Lucy Loved Lakewood will be presented on Saturday July 17 at 1:00 p.m. Joining Kathleen Marsh, who will portray Lucy Holt will be Lakewood historian Tom Thielke. "Lucy" will share some fond memories of her first visit to the Logging Camp in 1894 with her future husband W.A. Holt as well as precious time spent vacationing at the Holt family's iconic Island Lodge at Archibald Lake.

Tom will pick up the story of Lucy's deep connection with Lakewood, including her use of a movie camera (1920s cutting edge technology) to record local history for posterity. Tom's presentation will show rare vintage video of the Cathedral Woods, Holt logging crews at work, and Holt's sawmill operation in Oconto.

If you have never been to Holt & Balcom, or if you haven't been there recently, this is the perfect year to visit. The Museum is open Saturdays (10-3); Memorial Day through Labor Day. If you cannot come on Saturday, special tours can be arranged. Call Bob Brown (715-276-3505) or Kathleen Marsh (715-276-6515).

As always, the Museum is very grateful for donations from those who want to help keep our precious logging heritage alive at the oldest logging camp in America still sitting where it was built. Tax-deductible contributions may be sent to: Kathleen Marsh, Director; Holt & Balcom Logging Camp Museum; 16965 Nicolet Road, Townsend, WI 54175.

Updated mask guidance from the CDC

The Forest County Public Health Department is encouraged by the recent update from the Centers for Disease Control and Prevention (CDC) and the Wisconsin Department of Health Services (DHS) regarding COVID-19 and fully vaccinated individuals.

A person is considered fully vaccinated against COVID-19 if it has been two or more weeks since they got the second dose in a two-dose series (such as Pfizer or Moderna), or one dose of a single-dose vaccine (such as Johnson & Johnson).

The updated guidance and recommendations from CDC and DHS is a promising sign that we are nearing the end of the pandemic. This updated guidance reflects on the effectiveness of COVID-19 vaccines against spreading strains of the SARS-CoV-2 virus. The science shows that COVID-19 vaccines are effective in real-world settings in preventing mild and severe disease, hospitalization, and death. Therefore, individuals who are fully vaccinated can start returning to normal activities.

This guidance applies to fully vaccinated individuals. Mask wearing, regardless of vaccination status, continues to be an important tool to help slow the spread of COVID-19 in Forest County.

Forest County Tavern League makes donation

Check presentation with Robin, Adam, Kim & Darrell

The Forest County Tavern League donated \$250.00 to the Forest County Canine Unit. The State Tavern League will match that donation, bringing the total money given to the Canine Unit to \$500.

**WEDC invests in the
School District of Wabeno Area
for fab lab equipment**

Wabeno – The Wisconsin Economic Development Corporation (WEDC) announced May 5, 2021 that the School District of Wabeno is the recipient of a state grant to fund new fabrication laboratory (fab lab) facilities, which will equip Wisconsin students with essential skills for the 21st century's global economy. Wabeno Area School District was awarded \$25,000 to expand their fab lab.

"WEDC has invested over \$3.4 million for the past six years to provide 95 school districts across the state with the equipment necessary to help students learn high-demand skills, including technology, manufacturing and engineering," said Missy Hughes, secretary and CEO of WEDC. "Fab labs benefit not only the students themselves with important technology and career skills, but they also benefit Wisconsin employers, who will be able to find workers with the right skills to allow their companies to grow and thrive."

Including Wabeno Area School District, 28 school districts throughout the state are being awarded a total of \$635,089 in Fab Labs Grants this year to establish or expand their fab labs.

WEDC's Fab Labs Grant Program is designed to support hands-on learning in the subjects of science, technology, engineering, art and mathematics (STEAM) by assisting public school districts with equipment purchases such as 3D printers, laser engravers, computer numerical control routers and plasma cutters for instructional and educational purposes.

We appreciate WEDC for the funding for our continuing growth and development of our Fab Lab. With the additional funding for our programs, we are able to give our students hands-on experience in the use of technology and the development of career skills that will allow our students to keep pace with skills-based activities and jobs beyond their secondary school years," stated Jeffrey J. Walsh, District Administrator at Wabeno Area School District. "The investment in our Fab Lab also gives our community access to the technology for developing their technical and hands-on skills for their personal and business development," Walsh said.

Fab labs have the potential to benefit individual students, school districts, the surrounding community and Wisconsin's economy as a whole. For more information, visit WEDC's fab lab resource page or follow #WIFabLab on Twitter.

About The School District of Wabeno Area

The School District of Wabeno Area is a rural school district in Northeastern Wisconsin. The District has approximately 365 students in grades 4K-12. The District also houses a daycare program within the school. The School District of Wabeno Area has worked very hard in developing college-

ready, technical school-ready, workforce-ready and military-ready students. Through a well-rounded curriculum and the use of technology, the School District of Wabeno Area prepares its students through real-life experiences.

About the Wisconsin Economic Development Corporation

The Wisconsin Economic Development Corporation (WEDC) leads economic development efforts for the state by advancing and maximizing opportunities in Wisconsin for businesses, communities and people to thrive in a globally competitive environment. Working with more than 600 regional and local partners, WEDC develops and delivers solutions representative of a highly responsive and coordinated economic development network. Visit wedc.org or follow WEDC on Twitter @WEDCNews to learn more

AREA EVENTS

VACCINE FOR CHILDREN 12 & UP

The Forest County Health Department is encouraging parents of children ages 12 and older to call and schedule them for a Covid-19 vaccine if they are still in need. An accurate phone number, the child's name, and the child's date of birth will need to be provided. The only vaccine available at this time to vaccinate children ages 12 and up is the Pfizer vaccine.

The Forest County Health Department also has the Johnson and Johnson vaccine available. If you are interested in receiving this vaccine, we ask that you call and set up an appointment.

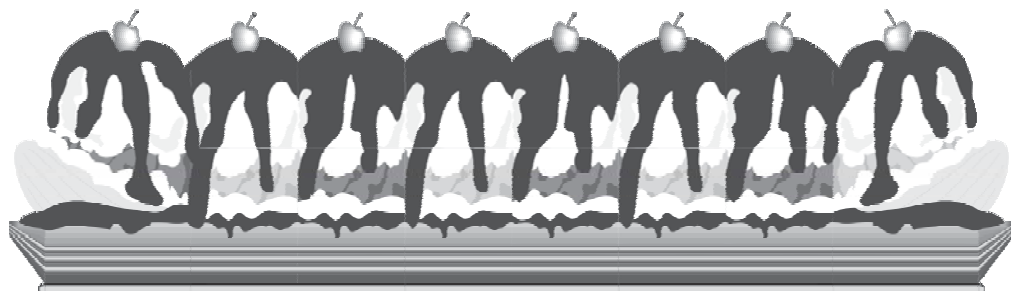

Call 715-478-3371 for more information.

Conservation Corner Cont. from pg. 1

mean they are without any negative environmental consequences.

Pyrethroids are relatively safe but should not be viewed as harmless. If you spill enough on your skin you might experience itchiness, numbness, nausea, and respiratory problems, among a rather long list of adverse events. At very high doses pyrethroids can kill you, a fact known because some people have injected it (suicide) and in one case because somebody ate food that was cooked in pyrethroid concentrate (it resembles cooking oil). There are also scattered reports that some pyrethroids are carcinogenic and estrogenic but I don't think such effects are shockingly large, and to date they seem to be restricted to mouse studies. Each pyrethroid listed above has a slightly different toxicity, so to get more information, Google the name or read the linked material by clicking on their name.

There is no way for companies to spray these broad-spectrum insecticides in your yard without also killing other insects they come in contact with, including bees, butterflies, caterpillars, ladybugs, dragonflies and other beneficial insects, along with the mosquitoes.

How Sprays Hurt Bees and Other Wildlife

The focus of much of the toxicity testing by regulatory agencies has been on domesticated honey bees because their pollination services are critically important for our agriculture system and food production. Researchers have documented widespread contamination of honey bee hives with toxic pyrethroids, finding residues of these chemicals in the pollen that bees bring back to the hive, in beeswax, and on bees themselves, at levels that can be lethal to bees or cause harmful effects.

Much less is known about the impacts of these sprays on wild insects and other native wildlife, but mosquito-control insecticides have been linked with declines of native pollinators. It's clear that wild native bees and other pollinators are also at risk from mosquito pesticides.

Wild bee susceptibility to insecticides directly correlates with the surface area to volume ratio of the bee, meaning smaller bees like alfalfa-pollinating alkali bees native to the west and southwestern U.S. are at even greater risk from mosquito sprays than honey bees.

Recently, thousands of monarch butterflies were found dead in the Fargo-Moorhead area of North Dakota and Minnesota after aerial spraying of a 100-square mile area with permethrin to control mosquitoes. Monarch populations have plummeted at an alarming rate in recent decades.

Mosquitoes themselves play an ecological role, serving as pollinators and as a food source for other wildlife.

Other Impacts of Mosquito Sprays

Mosquito sprays aren't just toxic to insects, either. Runoff can wash these chemicals from our yards into surface waters, where they can poison aquatic organisms such as fish and crustaceans, which are highly sensitive to pyrethroids. Pets exposed to pyrethroids can experience vomiting, diarrhea, lethargy, and other symptoms.

Mask Guidance Cont. from pg. 1

Important CDC/DHS Recommended Exceptions:
**Places where masks are required by federal, state, local, tribal, or territorial laws, rules, or regulations, including businesses and workplaces.

** Residents and employees of correctional and detention facilities and homeless shelters.

** Travelers on all planes, buses, trains, and other forms of public transportation traveling into, within, or out of the United States and in U.S. transportation hubs such as airports and stations.

Organizations are encouraged to adopt policies that align with the updated CDC guidance. Public Health supports the decision of businesses or organizations that continue to require masking for the safety of their staff and patrons.

While people are adapting to the updated guidance, the Forest County Health Department asks that people respect the decisions of others regarding how they choose to return to normal activities, even if they are vaccinated. Please don't confront others regarding their decision to mask or not mask, or attend or not attend events, you may not know the full story behind their decision. This is an important milestone toward getting back to pre-COVID life and should not be used to be divisive.

The Forest County Health Department is grateful for those who have already chosen to get vaccinated and we are hopeful this guidance will encourage others to get vaccinated to protect our friends and families from COVID-19.

The updated guidance can be found here: <https://www.cdc.gov/coronavirus/2019-ncov/vaccines/fully-vaccinated-guidance.html>

Cortney Britten Cont. from pg. 1

PTO, President of Title VI PAC for Laona High School, member of Wisconsin Land Information Association and also a member of the Wisconsin Register of Deeds Association. She continuously volunteers her time at many of Laona's youth events and the Crandon Off-Road Raceway. She is honored to be chosen and given the opportunity to speak at this year's commencement ceremony and also celebrate the graduation of her daughter, Taylor Cleereman. Cortney feels fortunate that Taylor was able to attend and receive her education at Laona High School. Her daughter's Class of 2021 will forever hold a very special place in her heart.

Cortney and her husband, Adam Cleereman, along with daughter, Taylor, reside in Laona where they enjoy the many wonderful things our county has to offer such as hunting, biking, UTVing, skiing, snowmobiling and just being together with family and friends.

The Deadline For ads in the Pioneer Express is 4:00 pm on Tuesday

WABENO SANITARY DISTRICT

1735 Third St., P.O. Box 4, Wabeno, WI 54566 • 715-473-2905

NOTICE Wabeno Sanitary District No. 1 Customers - HYDRANT FLUSHING May 25-26, 2021

We will be flushing the fire hydrants May 25th through 26th, 2021
 You may wish to draw water prior to our flushing dates and refrigerate it for drinking purposes.
 During the flushing period your tap water can become discolored. Should you experience discoloration, please flush your water tap until the water runs clear.
 Hydrant flushing improves water quality.
 Should you be interested, we invite you to observe the change in the initial, intermediate and final water quality from the hydrant during flushing. Hydrant flushing can increase water pressure, remove discolored water from the system and increase fire-fighting ability in various parts of our system. This exercise flushes pockets of stagnated water out of the water supply system and improves water quality not only in color, odor and taste. It can also remove harmful constituents before they are able to develop. Thank you in advance for your patience during this time period. Should you have any concerns, we ask that you feel free to contact our office at 473-2905.

Senior Spotlight Lance Coy

My best high school memory is when we went to Crivitz for the Special Olympics.
 Over the past 12 years I have learned I can do anything I set my mind to.
 In the future, I want to work within the community to help others.
 I would like to thank my family, the school district of Crandon and my teachers.

Senior Spotlight Riley Thompson

Some of my best school memories are pot lucks with Mr. Krause and going to the championship in Babe Ruth Baseball.
 Over the past 12 years I have learned to remember the moments with your friends that you will look back on and laugh at in the future.
 I plan to attend the University of Wisconsin Madison with a degree in Real Estate.
 I would like to thank my parents, grandparents, friends and teachers.

Senior Spotlight Walker Votis

My best high school memories are hanging out with my friends, getting a 5 on my AP Psych test and winning our first JV 2 basketball game sophomore year.
 Over the past 12 years I have learned to take pride in my work no matter what I am doing. Always be on time and do not procrastinate.
 In the future I plan to attend UW Stevens Point and major in Chemistry or Bio-Chemistry.
 I would like to thank my dad, mom and stepmom, who always pushed me to do better and to take harder classes. I would also like to thank my teachers and coaches.

Nicolet students save big as the college expands use of free instructional materials

Nicolet College is well on its way to hitting the \$1 million mark in textbook savings for students by continuously expanding the program that eliminates costly textbooks and replaces them with educational materials students can get for free.

Since starting the program in 2018, students have saved \$856,200 in textbook costs, said Penny Kuckkahn, director of Instructional Effectiveness and Flexible Learning.

"Textbooks can be quite expensive which adds another financial challenge for students," said Kuckkahn. "Our goal is to reduce and remove as many barriers as possible to students getting a college education. By using these free materials, known as Open Educational Resources, we are able to open the door to college a little wider for students to get the skills and education they need to get further ahead in life."

When the program was first launched in the 2018-2019 academic year, student textbook savings totaled about \$69,000.

That number has jumped to \$261,487 annually for the recently completed 2020-2021 academic year.

The majority of the instructional materials come from oercommons.org, a vast, content-rich website where educators from across the globe openly share a wide variety of instructional material that is available at no cost. "This is a major shift in how students access learning materials they need," said Cindy Domaika, who first brought OER to Nicolet and is the manager of Open and Educational Resources at the college.

"Sources range from electronic textbooks to videos and PowerPoint presentations to a wide variety of other content that is available entirely in an electronic format."

Domaika stressed that all of the material that makes it into a Nicolet OER class goes through a rigorous review process to ensure it meets academic standards.

Every Nicolet class has a list of course competencies that outline the subject matter to be learned in that course.

To gather the educational material that covers all of the competencies, Nicolet instructors and Domaika work hand in hand to find course materials.

For more information about Nicolet, visit nicolecollege.edu or call the college at (715) 365-4493.

Heidi Krusensterna Achieves NAR'S At Home with diversity® CERTIFICATION

Crandon, WI 5/13/2021 Heidi Krusensterna of Century 21 Northwoods Team has been awarded the At Home with Diversity® certification from the National Association of REALTORS®.

Krusensterna joins more than 21,000 other real estate professionals in North America who have earned the certification after completing an eight hour course addressing topics of diversity, fair housing, and business planning development. The program is designed to meet the nation's fair housing commitment by educating and equipping NAR's members with the tools they need to expand homeownership opportunities.

Real estate professionals like Krusensterna wisely plan to meet the needs of diverse clients, while maintaining a competitive edge. The At Home with Diversity® certification allows REALTORS® to not only apply the multi-faceted skills and tools they learned in the course to business practices, but conveys to clients they're dynamic real estate professionals with expertise that transcends cultural barriers.

For more information on the At Home with Diversity® certification, visit www.nar.realtor/ahwd.

Heidi Krusensterna can be reached at Century 21 Northwoods Team at 715-889-4230 or C21Heidi@mail.com

Northwoods six-county lakes meeting July 16 to highlight natural shorelines and lake stewardship

Lake group leaders and members from six northern Wisconsin counties will convene for a discussion of natural shorelines, lake stewardship, and other current issues related to lake quality and protection on Friday, July 16, via Zoom.

The meeting, from 9 a.m. to noon, will explore initiatives underway and planned to encourage lake property owners to keep their shorelines natural and take other measures to help protect water quality, protect fish and wildlife habitat, and sustain healthy lake ecosystems.

Other topics will include an update on state legislation related to lakes, rivers, wetlands and groundwater, wakeboating and other water recreation, and tribal perspectives on fisheries and sustaining healthy fish populations. Attendees are expected from Oneida, Vilas, Forest, Langlade, Lincoln, and Iron counties.

The event is jointly sponsored by the Oneida County Lakes and Rivers Association (www.oclara.org) and the Vilas County Lakes and Rivers Association (www.vclara.org). Updates will follow as the agenda is finalized and speakers are confirmed. For more information, contact Bob Martini at 715-282-5896.

HELP WANTED

High School Social Studies Teacher School District of Wabeno Area

The School District of Wabeno Area has an opening for a high school social studies teacher for the 2021-2022 school year. We are looking to hire a full-time teacher who is energetic, positive, and has a passion for teaching. This position requires a high school teaching certification. There are also many coaching and extra-curricular opportunities available for additional experience and compensation.

Requirements: Candidates must have appropriate DPI licensure. (History 1725, Social Studies 1701, 1734, 1760; prefer Psychology 1740 but not required)

How to Apply: Interested and licensed candidates may apply through WECAN or submit a letter of interest, resume, transcripts, copy of license(s), three (3) current letters of reference to: Jeffrey Walsh, District Administrator, PO Box 460 Wabeno, WI 54566. This position will remain open until filled.

The School District of Wabeno Area is an Equal Opportunity employer. The School District does not discriminate against applicants or employees based on race; age; sex or sexual orientation; creed or religion; color; handicap or disability; marital, citizenship, or veteran status; membership in the National Guard, state defense force, or reserves; national origin or ancestry; arrest or conviction record; use or non-use of lawful products off the District's premises during non-working hours; or any other characteristic protected by law.

Elementary Teaching Position School District of Wabeno Area

The School District of Wabeno Area has an opening for an elementary teaching Position for the 2021-2022 school year. Full time, regular position. Wisconsin DPI certification in elementary education is required, K-6 preferred. We are seeking a qualified teacher who possesses skills in the current initiatives in the State of Wisconsin, including successful completion of student teaching experience, knowledge of current reading and math practices, RtI as well as PBIS. A strong technology background in the usage of Google is preferred. There are also many coaching and extra-curricular opportunities available for additional experience and compensation.

Qualifications: We are looking for an energetic individual with a passion for teaching to join our team and warm inviting environment. We are seeking a professional who is a team player and dedicated to making a difference in the lives of children. Organizational skills, lesson plans, communication skills, creativity, a sense of humor, and a love of children are a must.

Requirements: Wisconsin DPI certification in elementary education is required, K-6 preferred.

How to Apply: Interested and licensed candidates may apply through WECAN or may submit a letter of interest, resume, transcripts, copy of license(s), three (3) current letters of reference to: Jeffrey Walsh, District Administrator, PO Box 460 Wabeno, WI 54566. This position will remain open until filled.

HELP WANTED Full-Time Math Teaching Position School District of Wabeno Area

Job Description: The School District of Wabeno Area has a full-time mathematics teaching position available for a dynamic teacher beginning in the 2021-2022 school year. The successful candidate will become an important member of an outstanding collaborative team working towards excellence in education.

Qualifications: Preferred candidates will possess a thorough knowledge of mathematics and demonstrate a passion to educate all students. The candidates will also have experience with professional learning communities, technology, common core, PBIS, 21st century skills, Educator Effectiveness, and RtI including interventions, and data analysis. An innovative approach with a focus on continuous improvement is necessary. The ability to engage students and form positive relationships is vital to success. Collaboration with staff, students, and community members to improve learning is imperative.

Requirements: Candidates must have appropriate DPI license (1400-Mathematics).

Additional Information: Wabeno Junior/ Senior High serves roughly 200 students grades 7-12. The School District of Wabeno Area is very progressive and strives to lead the way in education by meeting the needs of each child in innovative ways. Visit our website at www.wabeno.k12.wi.us to learn more about us.

How to Apply: Interested and licensed candidates may apply through WECAN or submit a letter of interest, resume, transcripts, copy of license(s), and three (3) current letters of reference to: Jeffrey Walsh, District Administrator, PO Box 460, Wabeno, WI 54566. This position will remain open until filled.

Application Deadline: Friday, June 4, 2021

Town of Argonne Seeking Applications for Town Treasurer

The Argonne Town Board is looking for a self-motivated town resident with strong customer skills and the ability to multi-task to fill the position of Town Treasurer.

Responsibilities for the position include but are not limited to: monthly bank reconciliation, bank deposits, snow plow contracts & property tax billings and collections.

Please submit a cover letter with a resume indicating your interest to: Argonne Town Board, PO Box 295, Argonne, WI 54511 any you will be contacted for an interview. Letter must be received no later than June 1, 2021.

Senior Spotlight Serra Laubert

My best high school memories are of Ms. Coate's Bone Marrow Lab which was some disgusting fun and the acting award I received for Senior Competition Drama.

Over the past 12 years I have learned to be organized as humanly possible and to assert myself more.

In the future, I plan to attend UW-Milwaukee in the fall for an undergrad in Social Work.

I would like to thank my Dad, Grandma Janet, the Lowery Family and all my friends for making high school enjoyable.

Senior Spotlight Alex Hoenig

My best high school memories are having shop class with my brother and hanging out with my cousins at lunch. Over the past 12 years I have learned to not take things for granted.

In the future I want to continue with my firefighter education.

I would like to thank my family for pushing me to do my best and to never give up. Aunt Donnell for helping me stay on track my senior year as I did virtual learning.

Help Wanted Little Logrollers Daycare located inside Wabeno Elementary School Part-Time Childcare Assistant Teacher

- The hours will be flexible with a maximum of 59 total hours every 2 weeks.
- Expectation will be to assist the lead teacher in the classroom and closing duties.
- Trainings: shaken baby, sudden infant death, CPR, and First Aid.
- Level 3 registry required.
- Updated registry profile, evidence of a credit, or non-credit course for infants/toddlers or school age children.
- A background check with fingerprinting is required

Please contact Laura Spink at 715.473.2592 ext. 4531 with any questions.

To apply for the position, please contact the District Office for an employment application or go to [www.wabeno.k12.wi.us/District/Employment/Opportunities/Employment Applications](http://www.wabeno.k12.wi.us/District/Employment/Opportunities/Employment%20Applications). Send the application and registry level, along with any recommendations to Jeffrey Walsh, District Administrator, 4346 Mill Lane/P.O. Box 460, Wabeno, WI 54566. Applications will be received until position is filled

The School District of Wabeno Area is an Equal Opportunity employer. The School District does not discriminate against applicants or employees based on race; age; sex or sexual orientation; creed or religion; color; handicap or disability; marital, citizenship, or veteran status; membership in the National Guard, state defense force, or reserves; national origin or ancestry; arrest or conviction record; use or non-use of lawful products off the District's premises during non-working hours; or any other characteristic protected by law.

2021 Summer Challenge

The Forest County Coalition on Activity and Nutrition (Forest County CAN!) is encouraging people of all ages to get outside and enjoy everything Forest County has to offer by participating in our 2021 Active Outdoor Challenge!

To be more inclusive and to encourage all ages and abilities to participate, we are challenging Forest County residents to 100 hours of active outdoor time June 1st - August 31st. Active outdoor time includes anything and everything outdoors in Forest county: gardening, hiking, kayaking, playing pickleball, playing tag in the backyard, stargazing, swimming, bird watching, bike riding, fishing, etc.

Share your progress online by using the hashtag #forestcountycan

Participants may begin to track their active outdoor hours beginning June 1st. on our challenge tracker available for download below or you can pick up a paper copy of the tracker at Forest County public libraries and/or the Forest County Chamber.

Participants who submit a completed 100 active hours tracker by September 10th will be entered into a drawing for \$100 worth of Forest County Chamber Bucks. Like Forest County CAN! on Facebook to get more tips on being active in the outdoors.

The Forest County Health Department reminds us that if you have questions about your health or your activity level, please talk with your doctor.
