## Take a tour of the new Potawatomi Community Center

The public is invited to take a look at the Potawatomi Community Center on Friday, September 24th, from 11:00 a.m. until 3:00 p.m. It is a magnificent structure.

There will be prizes and promotions, food and beverages served at noon, and what is sure to be an eye-opening look at a unique building.

See the ad on the back page of this issue.

## Conservation Corner

*Conservation Corner is a weekly article produced by the Forest County Land & Water Conservation Department. For more information contact Steve Kircher, County Conservationist-Land Information/GIS Director at 715-478-1387 or by e-mail at [lcc@co.forest.wi.us](mailto:lcc@co.forest.wi.us).*

In Wisconsin, Aquatic invasive species (AIS) prevention and management are large parts of our lakes and rivers programs, with millions of dollars awarded by the Wisconsin Department of Natural Resources (DNR) and federal agencies to help manage these threats to our waters. Understandably, significant attention has been devoted to preventing invasive species from becoming established in Wisconsin lakes, since this is often a more cost-effective option. However, once invasive species become established, they are generally here to stay. Changes in regulations, including more strict ballast water management and prohibited species lists, have prevented species from being introduced in the first place.

Moreover, boater education programs like Clean Boats, Clean Waters and Stop Aquatic Hitchhikers messaging have helped boaters take action to prevent the spread of invasive species. Previous University of Wisconsin and Wisconsin DNR research suggests that these programs are working, with the invasion rate not increasing as predicted and boaters having high reported compliance with invasive species prevention steps.

New invasions do still occur, and the need to understand the impacts of the new invasive species and the potential management options exists. Lakeshore property owners and lake association members, who are often the people leading efforts to manage invasive species need to be aware of potential management options. A recent survey of lakeshore property owners conducted by the Department of Life Science Communications and Division of Extension at the University of Wisconsin-Madison indicated that familiarity with AIS was quite high among respondents. Approximately 51% of respondents reported hearing "a lot" about AIS, while only about 1% reported hearing "nothing at all". However, when examining familiarity with ways to manage AIS once they are present in a lake, 25% of respondents reported being "not at all" familiar.

Research has suggested that, in most instances, invasive species are not present in large densities and that potentially problematic, high-density populations only exist in a small number of hot spots. If the population is problematic, and chemical control is an option, research suggests that chemical control methods can be effective. For example, using 2,4-Dichlorophenoxyacetic acid (2,4-D) for Eurasian watermilfoil can reduce densities the year of application.

Research also shows that 2,4-D treatments for Eurasian watermilfoil impact larval fish and native plants, perhaps more so than Eurasian watermilfoil itself, suggesting that chemical treatments like 2,4-D may have unintended negative impacts on healthy young fish and native plant populations.

While chemical treatments can be effective, in many cases, an invasive species might not ever exist in densities sufficient to warrant such applications. If they are present at a density where chemical control makes sense, long-term control is not guaranteed, and there can be negative impacts of chemical control on desirable native species.

## Art in The Square in Crandon Sept. 18

The leaves are turning, the air is crisp, and it's time for the annual "Art in the Square" taking place on Saturday, September 18, from 10:00 a.m. till 3:00 p.m. The Forest County Courthouse Square, located on Crandon's main street, provides a beautiful, tree-filled backdrop for this popular autumn event sponsored annually by the Forest County Chamber of Commerce.

This year's event will be scaled back hosting up to 60 vendors, double spaced with artists and crafters spaces. Participants from all parts of Wisconsin, as well as Michigan and Minnesota, will set up booths with fine quality items for show and sale. Original arts and crafts will be juried, and prizes will be awarded. The First-Place winner will be awarded \$150.00, Second Place, \$100.00, and 3rd Place, \$50.00.

The popular Flea Market section will be set up along Polk Street once again. A variety of great fall home made foods will be available to delight all tastes in the center food court. Brandt's Horse Drawn Wagon Rides will be on hand for leisurely rides around the courthouse square. We will have music live streaming throughout the grounds.

Area restaurants have some great specials to offer; and, you won't want to miss the bargains available through the area retailers! Plan to bring your family and friends (admission is free) and enjoy Art in the Square in beautiful downtown Crandon. For further information contact (715) 478-3450 or [info@visitforestcounty.com](mailto:info@visitforestcounty.com).

## Friends of the Library Book Sale in Crandon

Friends of the Library is having a book sale on Saturday, September 18th, from 9:00 a.m. until 4:00 p.m. The sale is in the lower level of the library. We have lots of young adult books and DVD movies, in addition to fiction, biographies, and children's books. In other words, we have something for everyone.

We appreciate the community for all its support in the past. If you have any "good condition" books you would like to donate, you may do that during regular library hours.

## Chequamegon-Nicolet National Forest seeks proposals for projects to improve lands and support local jobs

Rhinelander, Wis., Sept. 14, 2021—The Chequamegon-Nicolet National Forest is seeking proposals for projects to improve or benefit national forest lands and provide local employment opportunities through the Secure Rural Schools Program. Proposals are due by Nov. 12 by email or U.S. mail.

"This is an excellent opportunity for truly anyone to propose innovative projects that are meaningful to our local rural communities," said Forest Supervisor Paul Strong.

Funds to implement selected projects come from Title II of the Secure Rural Schools and Community Self-Determination Act, which established a way for counties with eligible lands to benefit from revenue-generating activities on the national forest, such as timber harvests and recreation. Ashland, Bayfield, Florence, Forest,

## Forest County Health Dept. urges residents to Get Vaccinated!

In Forest County the positive COVID-19 cases are rapidly rising, as well as the number of COVID-19 hospitalizations. The Forest County Health Department is urging residents to please get vaccinated, stay home when sick, do not attend gatherings, wash your hands, and wear a mask when you do have to be out in public, to help stop the spread of this disease.

Public Health staff at the county and both tribes are working hard to provide COVID-19 vaccinations, follow up with positive cases and offer testing. If you have tested positive we are requesting that you isolate at home away from all people. If you have been told you are a close contact of a positive case, please monitor yourself for symptoms, stay away from others and get tested.

COVID-19 vaccines are effective at helping protect against severe disease and death from variants of the virus that causes COVID-19 currently circulating, including the Delta variant.

### Free COVID-19 Vaccine and testing is available locally.

- Wolf River Pharmacy Crandon- Call 715-478-3369 to make an appointment. Moderna Vaccine is available.
- Forest County Potawatomi Health and Wellness Clinic has the FDA approved Pfizer vaccine, as well as the Moderna and Johnson and Johnson vaccines available. Monday through Friday 8am to 5 pm. Call 715-478-4300 to schedule an appointment.
- Sokaogon Chippewa Clinic has the FDA approved Pfizer vaccine as well as Moderna. Call 715-478-5180 to make an appointment.
- Aspirus (Ascension) in Crandon testing for symptomatic clients call 715-478-6300, for asymptomatic clients that need to be tested call 1-844-568-0701.
- Newcap in Crandon offers COVID-19 testing and Moderna vaccine Monday Thursday 9:00-4:00, Fridays 9:00-1:00, call 715-478-3871 for an appointment.

The Forest County Health Department continues to post case counts on our Facebook page and website [www.forestcountypublichealth.org](http://www.forestcountypublichealth.org) You can find more information about testing, treatment, vaccinations and local and statewide case counts at [www.dhs.wisconsin.gov/covid-19/index.htm](http://www.dhs.wisconsin.gov/covid-19/index.htm)

Please get vaccinated and follow the recommendations if you test positive or are a close contact. We need everyone in the community to help put a stop to this. If you have any questions, please call the Forest County Health Department at 715-478-3371.

**As of this writing on Wednesday, there are about 50 plus cases and the count is rising. There is an increase in hospitalization and one more death has been reported.**

## Presbyterian Church to Postpone Spaghetti Supper due to covid

Forest Larger Parish Presbyterian Church has postponed their annual Spaghetti Supper at the Lakewood Church building because of COVID concerns with the public crowded into a confined space.

The Presbyterian Women, who normally sponsor the event on the first Saturday in October as a fund raiser for their mission projects, hope to resume the traditional event in 2022. Please stay tuned!

## Goodman/Armstrong Creek Lions donate to the community

The Goodman/Armstrong Creek Lions recently donated to the Town of Goodman to help purchase a New Convection Oven at their Town Hall and donated to Armstrong Creek Community Center for a refrigerator.

The Lions also donated 4 backpacks fully stocked with needed school supplies. The total donation to the GAC schools was \$1500. The remaining monies will purchase snack foods for the elementary students.

**Vendors wanted for Oktoberfest**

It's an outdoor event that draws approximately 200 people. The Crooked Lake/Mountain Lions Club is sponsoring the eleventh annual Oktoberfest at the Crooked Lake Community Center on Saturday, October 9th. For only \$10, crafters can sell their goods in a 10 X 10 outside space. Vendors will need to supply their own tables, etc.

There are only twelve spaces available so everyone attending the Oktoberfest will have time to check out all the displays.

In addition to the craft fair, the Beer Garden opens at 11 a.m. with a meat raffle starting at noon. Bring school supplies to donate to Suring School and get \$1 off your first beverage.

There will be minnow races for young and old and pumpkin decorating for the little ones. Jeff Olson will offer free hayrides through picturesque Crooked Lake throughout the day. A fire-roasted pig dinner will be served from 1 p.m. to 4 p.m. with dining inside or outside. Carry-out meals will also be available. Beginning around noon our favorite DJ, Whitey, will be playing appropriate Oktoberfest music for all to enjoy.

The cost of the dinner is \$10 for adults, \$5 for children 1 and under and children 5 and under are free. If you have any questions or to reserve your craft space, call Cassie at 715-276-6196.

## Red Arrow Annual Corn Roast another success story

Saturday, September 4, 2021 started out as a drizzly cloudy day in Townsend. By the time the annual ATV/UTV parade started at 10:30, the light rain had stopped. Grand Marshal for the parade, Gary Wagner led a large group of ATVs and UTVs through Townsend and arrived at the Corn Roast site by 11:00. A wonderful presentation was made about Gary for his six years of dedicated service to Red Arrow as President. It highlighted his many accomplishments while President, which included updating of grooming equipment for both the snow season and summer trails. Gary also implemented many changes at the groomer sheds, purchasing equipment to help maintain the trails and many other innovative ideas to help the club move forward. A beautiful plaque was given to him to show the club's appreciation. Gary stated he was deeply honored and humbled by this honor that was given to him by the club. Gary thanked all the members that had helped with projects and events during the last six years.

The day then continued until early evening with FREE sweet corn (140 dozen this year), burgers, brats and hot dogs. The Old Town Hall Bar and Restaurant made sure no one was thirsty during the event. All this happened under a huge tent, although by midafternoon the sun came out and the day was absolutely beautiful for an event like this. The great weather brought a huge crowd arriving by ATV, UTV, car or truck. Raffles were held all afternoon and club clothing was for sale for anyone interested. It was stated that it was the biggest turnout yet for this yearly event held at the Old Town Hall Bar and Restaurant grounds. Watch for this same event next year on the Saturday of Labor Day weekend.

### National Forest plan Cont. from pg. 1

Oconto, Price, Sawyer and Taylor counties elected to expend a portion of their federal Title II funds to protect, restore, or enhance ecosystems, fish and wildlife habitat, or other natural resources on the national forest or to benefit the national forest.

Accrued over several years, there is almost \$670,000 available to support projects that have broad-based support and objectives such as: road, trail, and infrastructure maintenance or obliteration; soil productivity improvement; forest ecosystem health improvement; watershed restoration and maintenance; wildlife and fish habitat restoration, maintenance and improvement; noxious and exotic weeds control; or native species re-establishment.

Anyone considering a proposal should consult with their local forest office before completing the project submission form, located at <https://go.usa.gov/xMb3N>. Local district rangers and resource specialists can help ensure proposals meet Title II guidelines.

For maximum consideration, proponents should submit completed forms by Nov. 12 by email to [penny.mclaughlin@usda.gov](mailto:penny.mclaughlin@usda.gov) or by U.S. mail to Penny McLaughlin, Chequamegon-Nicolet National Forest, 500 Hanson Lake Road, Rhinelander, WI 54501.

A new Northern Wisconsin Resource Advisory Committee will review the proposals and recommend projects to the forest. The committee is made up of individuals from membership categories representing varied interests and areas of expertise. The committee's recommendations will go to the forest supervisor for final approval.

Historically, the forest worked with two Resource Advisory Committees—one for the Chequamegon, or west, side of the forest and one for the Nicolet, or east, side. The forest recruited members for the newly combined committee in 2019, and now awaits final approval from the U.S. Department of Agriculture before convening.

More information about the Chequamegon-Nicolet National Forest is available on the forest's website at <https://www.fs.usda.gov/CNNF> and through social media on Facebook and Twitter.

# Death Notices

It is with broken hearts we share the passing of **Larry Paul "Big Lar" Colburn**. His passing was unexpected and much too soon, leaving his family and friends shocked and deeply saddened. Larry passed away on Friday, September 10, 2021 at the age of 66. Larry was born April 5, 1955 to Paul and Leila Colburn, living in Crandon his entire life.

Larry was probably best known for his love of all things fast such as his modified, wheelie producing lawnmower which eventually led his daughters back to a push mower. If it had power, engines, speed and a race track, he was all in. Larry completed his certification in welding and CAD (computer aided design and drafting). Since 1983, he dedicated his life to building and operating his metal fabricating and machining business, C.P.F. Inc. Larry took great pride in his business, worked very hard and spent countless hours over the years to make it successful. He couldn't have done it without all who works there. C.P.F. Inc. remains a successful business in operation yet today due to his drive, vision for the business, determination and solid work ethic. He believed in the American Dream.

He was an animal lover. Very rarely would you see him anywhere without one of his dogs. He believed in God and Jesus Christ our savior. Larry was very patriotic with great admiration for our military men and women and supported our officers in blue. Some of his favorite past times was going to races, golfing, scuba diving and spending time with family, friends and animals. Larry was very charismatic, a funny trickster with the best contagious "I can't breathe" laugh.

Larry had a very diverse group of friends but many of his dearest friends were those within the racing community. Larry with two best friends, Jim Conway and Doug Kincaid, partnered up owning (ORE) Off Road Entertainment. All were actively involved in (CORR) Championship Off Road Racing with development of the 1999 Pro and Sportsman Rule Book to provide safe, competitive, economical off road racing events. Larry serving as Technical Director. (BBRT) Big Belly Race Team later evolved always involving a race car, track and harassment for all and others.

When Larry wasn't working or racing, he loved spending time with Lila whether it was motorcycling, traveling, caring for their farm animals or simply being together at home with their animals. He will forever be her Schnookums as she will forever be his Bootsie. Larry leaves behind a legacy of integrity, kindness and strength for his children, grandsons and great grandson. He was always the man you could rely on for advice, security, support and the hard truth even if they didn't want to hear it. He will be deeply missed by many.

The loved ones Larry leaves behind include his love of 28 years, Lila Kegley; sister, Connie (Meinrad) Marti; children, Misty and Matt, Kimberly, Kristi and Charlie; grandsons, Austin, Keyan and Hudson; and great-grandson, Tennessee.

He was preceded in death by his parents; and two best friends and dogs, Buddy (his favorite German Shepherd), Sadie, Elvis and Murphy.

For all those who loved Larry Colburn, we request you join us in celebrating his life. Visitation will be held at Weber Hill Funeral home, Friday, September 17, 2021 from 1-4 p.m. with a funeral service beginning at 4 p.m. Celebration of life following at Charlie's on Lake Metonga that we hope to see you all at. In lieu of flowers, please make any donations to the Forest County Humane Society.

Weber-Hill Funeral Home is assisting the family with the arrangements. Online condolences for the family may be directed to [www.weberhillfuneralhome.com](http://www.weberhillfuneralhome.com).

**Aponi Lysandra LeSieur, "Butterfly,"** infant daughter of Justin LeSieur and Rachel DeCorah Toyebo, passed away on Sunday, September 5, 2021 at Ascension St. Mary's Hospital in Rhinelander. She was born on September 5, 2021.

Survivors include her parents, Rachel DeCorah Toyebo and Justin LeSieur of Crandon; sisters, Amadahy Daniels and Malina LeSieur; and brother, Makye DeCorah Toyebo, all of Crandon.

She was preceded in death by her grandfather, Carlos Toyebo and great-grandparents, Gladys Poler Loft, Ronald Peterson Sr. and Betty Peterson.

Gathering of family and friends will be on Tuesday, September 14, 2021 at 10 a.m. at Weber-Hill Funeral Home in Crandon, with Mr. Robert VanZile officiating. Burial to follow at Mole Lake Tribal Cemetery, Crandon.

Weber-Hill Funeral Home is assisting the family with the arrangements. Online condolences for the family may be directed to [www.weberhillfuneralhome.com](http://www.weberhillfuneralhome.com)

**Alice Marie (Marshall) Lundin**, 83, peacefully passed away Saturday, September 4, 2021 in Eustis, Florida.

Alice attended Argonne grade school, graduated from Crandon High School, and graduated from UW Stout in Home Economics. After retirement from working at the Waukesha Training Center and moving from Muskego, WI to Crandon, WI, her and Roland did extensive traveling of USA in a variety of different Class A RVs. Eventually, they settled in a retirement community in Leesburg, Florida. She loved cooking, family gatherings, and traveling the country with Roland, family, and friends.

She is survived her husband, Roland Lundin of 63 years; daughter, Mary Jo (Dave) Pugh; son, Todd (Susan) Lundin; sister, Allegra Gruett; brother, Nelson Marshall; nine grandchildren and two great-grandchildren.

Alice was preceded in death by her parents, Francis and Joyce Marshall of Argonne; son, Mark Lundin of Argonne; and sister, Edith Dzubay of Portland, Oregon. Alice will be laid to rest in the Argonne Cemetery in a private family gathering.

Online condolences for the family may be directed to [www.weberhillfuneralhome.com](http://www.weberhillfuneralhome.com).

## Conservation Corner Cont. from pg. 1

There are additional aquatic plant management options that exist when chemical treatments might not be ideal. Chemical and biological control were believed to have more risks than benefits, while mechanical and manual control options were perceived to be very beneficial, relative to risk. Additionally, the strategy of simply monitoring a population to see if any further action would be needed was seen to be beneficial by respondents.

Reaching out to your local invasive species specialist, DNR lake contact, or consultant can help you learn more about the different AIS management options available in Wisconsin. Monitoring can especially be useful as it can help find new invasive species populations early when they are easier to manage. This can also help stakeholders make better decisions about effective management options and understand the impacts of those choices. Additionally, having a comprehensive understanding of the various management options and what they can accomplish will help you choose the best option if one is needed.

If your lake does not currently have any invasive species, take the time to not only follow the prevention steps, but also learn about what management options exist and plan what you and your neighbors might do in response to a new invasive species.

If your lake does have an invasive species present, it is important to know that problems caused by invasive species often do not occur right away. It may take years for their populations to establish at high enough densities to cause any undesirable impacts.

This should provide communities with time to learn about what management options exist and plan what they might do in response to a new invasive species. Having this time to research and plan may help communities make more constructive decisions that better align with their values and desired outcomes.

Monitoring your lake or river is an active and useful way to help inform the best course of action for your favorite body of water. This thoughtful and multi-faceted approach to managing the presence of invasive species can lead us all to better outcomes for our waters that provide us with the fisheries, water quality, and enjoyment that we all want in Wisconsin's lake.

For more information contact Steve Kircher, County Conservationist-Land Information/GIS Director at 715-478-1387 or by e-mail at [lcc@co.forest.wi.us](mailto:lcc@co.forest.wi.us).
