Nicolet College Job Fair Nov. 3

Two dozen employers from throughout the Northwoods will be at Nicolet College Wednesday, Nov. 3, for a Job Fair designed to connect those looking for work with employers that have openings.

"The big advantage for job seekers is that they have numerous employers all in one location," said Kris Peeters, executive assistant to the vice presidents of academics, student affairs and enrollment, who is coordinating the event.

"They can hear first-hand what types of openings there are, what the jobs entail, and also what kind of training is needed for any jobs of interest."

The event will run from 10 a.m. to 2 p.m. in the Lakeside Center on the Nicolet campus. It is open to both Nicolet students and the general public.

Employers attending the event include Aspirus, Aspirus MedEvac, Charter Next Generation, Cost Cutters and The Barbers Family Hairstyling, EAU Holdings, Family Hair Care, FedEx Ground, FSET - Food Share Employment and Training, Fun Factory Sweet Shoppe, Insight FS, KME Accounting & Tax Services LLC, Landmark Resort, Marshfield Clinic Health System, Minocqua Health and Rehab, Minocqua Tire and Auto, Mole Lake Casino Lodge & Conference Center, Oneida County Sheriff's Office, Opportunity Development Centers Inc., Organique Clinic, Pitlik's Sand Beach Resort, Ponsse North America, Printpack, Inc., Samoset Council, BSA, Samuel, Son & Co. Conservation Corner

Conservation Corner is a weekly article produced by the Forest County Land & Water Conservation Department. For more information contact Steve Kircher, County Conservationist-Land Information/GIS Director at 715-478-1387 or by e-mail at lcc@co.forest.wi.us.

Last week was Forest Products Week in Wisconsin. Gov. Tony Evers proclaimed the third week in October as Forest Products Week in Wisconsin to recognize forests' essential role in the state's environment and economy.

"The forest products industry contributes \$24.5 billion in goods and services and provides \$7.1 billion in value-added each year," said Collin Buntrock, DNR forest products team leader. "On top of the monetary contribution to the state's economy, the industry accounts for 3.8% of state output with 64,000 jobs directly contributed and represents almost 12% of total manufacturing jobs. In 31 counties, the forest products industry is one of the top ten employers."

Forest Products Week highlighted the importance of Wisconsin's 17 million acres of forested land - both public and private - that provide raw materials to the forest products industry, recreational opportunities and ecosystem. Through the DNR's use of sustainable forestry practices, trees are grown and harvested responsibly ensuring the economic, social and ecological benefits of the forest products industry.

HAPPY HALLOWEEN!

These two trick or treaters came to the Pioneer Office back in 2011. We wonder, do they still trick or treat?

1,409 cases of covid-19 (34 active) confirmed in forest county

Forest County Public Health officials have confirmed 116 additional persons have been diagnosed with novel coronavirus infection (COVID-19) in October as of October 22nd, for a total of 1,409 cases in Forest County. There have been 8 probable cases, this month, as well. County health officials and local partners are contacting others with whom the individuals who tested positive had close contact with. As of Friday, October 22nd, Forest County has 6,266 negative test results. There are currently 34 active cases in isolation, 1,345 released from isolation, 3 hospitalized, and 27 deaths related to COVID-19. This is a snapshot of numbers, but they are continuously changing throughout the day.

The Forest County Health Department encourages community members to practice good hand hygiene, wear a mask or cloth face covering when necessary, and stay alert for symptoms of COVID-19. If you are experiencing any symptoms or have been exposed to someone with COVID-19, please contact your health care provider and ask to be tested. If you are interested in a COVID-19 vaccine, please call our office or your primary care provider.

In an effort to keep our community members up to date on COVID-19, the Forest County Health Department will continue to update our Facebook page and local newspapers every two weeks with current COVID-19 case counts. This will include the number of negative and positive cases in Forest County. Please call our office at 715-478-3371 with any questions or concerns.

Sponsor a Memorial Tree in honor of your loved one

If you would like family members or friends to be remembered and would like to help beautify the courthouse square, you might want to sponsor a Memorial Tree this holiday season.

Your loved one will be remembered and the money will go to a good cause, which is the St. Mary's Hospital Foundation. The cost is \$50, and Ties That Bind Us will decorate the tree and place the appropriate sign on the tree.

If interested, see the form in this issue to start the process of buying a Memorial Tree.

WI to offer COVID-19 Moderna & Johnson & Johnson vaccine booster doses

DHS supports CDC recommendation to expand eligibility for COVID-19 booster shots

The Wisconsin Department of Health Services (DHS) supports the Centers for Disease Control and Prevention's (CDC) recommendation that certain populations who have increased risk of exposure to or transmission of COVID-19 receive a booster shot of Moderna COVID-19 vaccine at least six months after having received their second dose of the Moderna vaccine, and that individuals age 18 and older who received the J & J COVID-19 vaccine receive a booster dose at least two months after their primary vaccine dose.

"With three COVID-19 booster dose options now available, our national medical experts have given us additional tools to help stop the spread of the highly transmissible Delta variant and slow the spread of COVID-19 in communities throughout Wisconsin," said DHS Secretary-designee Karen Timberlake. "We ask that eligible Wisconsinites be patient as it may take time for everyone who needs a booster dose to get one."

DHS continues to await publication of the CDC clinical guidance for Moderna and J&J booster doses. Once those are published, vaccinators in Wisconsin will be able to begin providing booster doses and ensure they are following the safest protocols.

The CDC also recommended that health care professionals be allowed to provide a different COVID-19 vaccine as a booster than the one initially received, providing flexibility to health care providers and additional options for individuals. This recommendation applies to all three COVID-19 vaccines currently available in the United States.

Moderna and Pfizer COVID-19 booster recommendation: DHS recommends that the following populations receive a booster dose of Moderna or Pfizer at least six months after receiving their second dose of Moderna or Pfizer in order to further strengthen their immunity:

- * People 65 years and older
- * All residents in long-term care
- * People ages 18 and older with certain underlying medical conditions (link is external)
 - o Cancer
 - o Chronic kidney disease
 - o Chronic lung diseases, including COPD (chronic obstructive pulmonary disease), asthma (moderate-to-severe), interstitial lung disease, cystic fibrosis, and pulmonary hypertension
 - o Dementia or other neurological conditions
 - o Diabetes (type 1 or type 2)

Virtual poetry class offered Nov. 9

Nicolet Arts & Enrichment is a collaboration between Nicolet College and ArtStart Rhinelander to activate the arts on campus and throughout the community. Join us for a new Northwoods experience highlighting collaborations with area nonprofits, public art on campus, engaging cultural experiences, and dynamic conversations!

Odes & Elegies (Virtual)

Where would poetry be without these two foundational forms? The Western literary canon is full of examples by Homer, Yeats, Whitman, and Auden, but contemporary poets still find much to play with in the storied traditions of the ode and the elegy. Both forms seek to elevate and pay homage to something or someone worthy of praise, but how that tribute takes shape is up to the poet. Nowadays, odes don't have to be about Grecian urns, and elegies are not always dreary (or even about death).

In this class, offered virtually on Tuesday, November 9 from 5:30 to 7:30 p.m., we'll read some classic and modern takes and then try to write our own. All levels welcome. A link to the virtual session will be e-mailed prior to the class. Cost for this class is \$35.

Instructor Katie Vagnino is a poet, educator, and writer currently based in Minneapolis, MN. She earned her MFA from Emerson College and has taught creative writing at UW-Eau Claire, the Loft Literary Center, and many other places. She has written everything from essays and criticism to opera librettos and exhibition catalogs. Her poems have appeared in more than a dozen literary journals and have been featured on public transit. Her debut poetry collection Imitation Crab was published by Finishing Line Press in February of this year.

Register for any CE class online at nicoletce.tix.com. Links to virtual events will be sent prior to the start of class to the email address supplied during registration. If applicable, supply kits will be mailed to participants.

Christopher Shawn Kroening, age 60, of Laona, died October 7, 2021 in Rhinelander, Wisconsin. Chris was born to Robert Kroening, Sr. and Carol Sanders (Bratberg).

Chris grew up in the Milwaukee area. He was a one of a kind. There was never a dull moment when he was around. He liked to laugh and play jokes. He was in a group called "the greasers" with his friends in Milwaukee. He had a passion for muscle cars, motorcycles, shiny jewelry, flashy clothes, gambling, hustling and living in the fast lane. He was a jack of all trades.

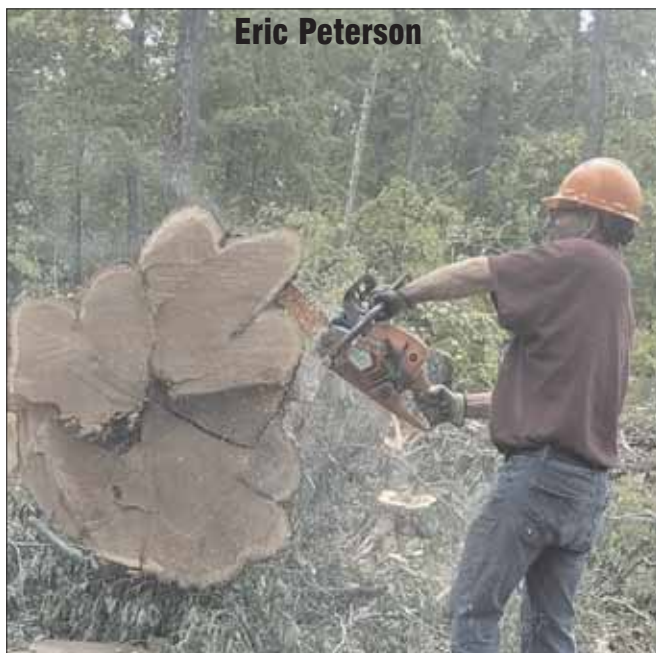

He was a chef in Milwaukee and an experienced roofer (35+ years) and mechanic. He met and married Berry White (Jerylynn Kroening) in July 1985. They moved to Forest County. Chris worked as a blackjack dealer for many years at the Carter Casino. He was good at hustling people for their money. He also worked for Smith Concrete and poured all the slabs for the HUD Houses on the Potawatomi reservation where he and his family resided (Kwe-Da-Kik Ct) before moving to Laona near Silver Lake.

He loved fishing/ice fishing. He was the crazy "white indian" being the first and last person with his shack on the ice. Chris was on softball and bowling leagues. He played on the Potawatomi Playa's team and was on a bowling team where he got another nickname "Zinger." After 27 years of marriage, Berry and him divorced. In his later years he enjoyed tanning in the sun, drinking his twisted teas, gambling, picking golf balls and spending time with his grandchildren. They kept him on his feet. He will always be remembered for his infamous windpants.

He is survived by his ex wife, Jerylynn Kroening; children, Christy Kroening (Jordan Cook) of Crandon, Brandon Kroening (Alicia Chitko) of Laona and Brandii Kroening (Richard Dick) of Kimberly; and 13 grandchildren, Jonathan Jr. and Jesabella Farr, Chevy, Carter, Ciara, Caine and Cooper Cook, Ava and Ally Kroening, Denver Dehart, Ivory and Vander Sekel and River Dick. Marian Rose Keepers (Gretzinger), age 83, of Argonne, passed away unexpectedly on October 23, 2021. Marian was born on February 12, 1938, the daughter of Roy and Lela (Bessette) Gretzinger. Marian lost her father at an early age of 17. She was the oldest of 8 siblings.

Marian worked at the A&W Rootbeer Stand as a teenager, where she met Ken, who asked to see her class ring and refused to give it back until she agreed to go out with him.

Mom fell in love with their first kiss and said she knew right then that he was the one she wanted to spend the rest of her life with. They married on October 5, 1957, and were married for 63 years and never spent an anniversary apart.

Marian was lucky enough to be able to stay at home raising her children and being a farm wife. In her younger years she would be seen driving a tractor down the road while nine months pregnant. They wanted to have 15 children because they both loved children so much but settled with nine. She threw a birthday party for every child and their spouse, hosted holiday dinners, and took in relatives and sometimes even strangers who wanted a break from their life. We would come home from school to find either a countertop filled with canned jars of food or Christmas candy and cookies.

She was a FireBell for the Argonne Fire Department, member of the Argonne Homemakers, and a host for many 4-H events. She was a member of the Altar Society at St. Mary's in Argonne for many years. Most recently, Marian was an active member of the St. Joseph Catholic Church.

Marian enjoyed working in her gardens and definitely had a "green thumb." She had a big vegetable garden and canned everything from meat to berries to vegetables. The pantry was always full. She made quilts and blankets for all her children and grandchildren until she couldn't. Nothing was ever wasted. An old T-shirt would be made into a blanket, an empty jar would store clothes pins, and if someone needed something, mom would tell them to take it. She was the most beautiful, kind, loving, and generous person you could ever meet.

Marian is survived by her nine children: sons, Roy (Barbara) Keepers, Mark (Katie) Keepers, Allen (Kim) Keepers; daughter, Sara (Robert) VanCleve; son, Kenneth (Eunice) Keepers; daughter, Nancy (Mel) Donek; son, Brian Keepers; daughter, Elizabeth (Eric) Schallhorn; and son, Benjamin (Robin) Keepers. In addition, she is survived by twenty-two grandchildren, thirty-four great-grandchildren, with four on the way; nieces, and nephews. Further, she is survived by her sisters and brothers: Carl (Lorie) Gretzinger, Myrna (Mike) Lane, Elsie Wagoner, Dale (Cindy) Gretzinger, Carol (Phil) Voll, and Anne Loduha.; and one sister-in-law, Ruby Gretzinger.

She was preceded in death by her loving husband, Kenneth Keepers; grandson, Riley Van Cleve; her parents, Roy and Lela Gretzinger; her father and mother-in-law, Roy and Marian Keepers; her brother, Leroy Gretzinger; brothers-in-law, Lowell Wagoner, Leroy Keepers and Dean Jacobsen; and sisters-in-law, Virginia Keepers and Iris Jacobsen.

Masks are optional. The visitation will be held from 10 a.m. to noon, Wednesday, November 3, 2021, at the St. Joseph Catholic Church in Crandon. Funeral Mass will follow at noon with Father Kennedy Gaspar officiating. Online condolences may be left for the family at www.weberhillfuneralhome.com.

Lillian Phalen, age 101, passed away peacefully on Saturday, October 23, 2021 at home with her family by her side.

Lillian was born September 6, 1920 in Campton, Kentucky to Edward and Mary (Jameson) Gilbert. She was one of twelve children. She moved to Crandon with her family as a child where she graduated High School with the class of 1934

After school, she met the love of her life, Patrick Phalen. The couple married in Michigan on September 17, 1938. She and Pat were blessed with five children. Family meant everything to Lillian. She spent many years as a cook at the Mole Lake school.

She had many interests to include, gardening, long walks in the woods, raspberry and blackberry picking, cooking, going to rummage sales and hunting with her husband. Many occasions were spent traveling with her sisters to visit family in Kentucky, California and Washington. Everyone was welcomed into her home with a home cooked meal.

Survivors include her daughter, Candace Norberg, Crandon; son, Patrick (Susie) Phalen Jr., Conover; daughter-in-law, Barb Phalen, Crandon; as well as eight grandchildren, twenty great-grandchildren and twelve great-great-grandchildren.

In addition to her husband, Pat; parents, Edward & Mary; Lillian is also preceded in death by sons, Miles, Richard, Jack; son-in-law, Brian Norberg as well as eight sisters, four brothers.

Honoring her wishes, a private family graveside service will be held at Crandon Lakeside Cemetery. A Celebration of Life will take place in the spring. Online condolences may be left for the family at www.weberhillfuneralhome.com

Conservation Corner Cont. from pg. 1

Every 10 jobs in the forest products industry support an additional 13 jobs in other sectors in the state. Wisconsin is also the top paper producing state in the country and 1,200 state-wide businesses are reliant on the natural resource for commercial products.

In addition to the impact on the state's economy, Wisconsin's forests and forest products industry provide environmental benefits. Forests help store carbon, which offsets greenhouse gas emissions. Even after trees have been harvested and turned into forest products, they continue to retain the carbon they stored while living.

"Forest products are used daily, and you may not even realize it," said Buntrock. "Products such as lumber help us build houses, furniture and swing sets, while other forest products are used to make paper, toothpaste and chewing gum. These are just a few examples of the thousands of forest products people use each day. It all starts in the forest."

Here are some more interesting statistics about the forest products industry in Wisconsin:

It is the number one employer in ten counties: Florence, Iron, Lincoln, Marathon, Price, Rusk, Sawyer, Taylor, Trempealeau, and Winnebago.

It is one of the top ten employers in 31 counties: Adams, Ashland, Barron, Brown, Burnett, Chippewa, Clark, Crawford, Dunn, Florence, Forest, Iron, Langlade, Lincoln, Manitowoc, Marathon, Marinette, Oconto, Outagamie, Price, Rusk, Sawyer, Shawano, Taylor, Trempealeau, Vernon, Vilas, Washburn, Waupaca, Winnebago, and Wood.

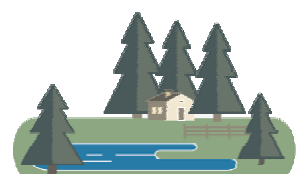

It is one of the top ten industries for value-added in 33 counties: Adams, Ashland, Barron, Brown, Chippewa, Clark, Crawford, Dunn, Florence, Forest, Iron, Langlade, Lincoln, Manitowoc, Marathon, Marinette, Menominee, Oconto, Oneida, Outagamie, Portage, Price, Rusk, Sawyer, Shawano, Taylor, Trempealeau, Vilas, Washburn, Washington, Waupaca, Winnebago, and Wood.

Forest products industry is the number one industry for industry output in 16 counties: Adams, Ashland, Brown, Chippewa, Florence, Iron, Marinette, Oneida, Outagamie, Price, Rusk, Sawyer, Trempealeau, Waupaca, Winnebago, and Wood.

It is one of the top ten industries for industry output in 38 counties: Adams, Ashland, Barron, Bayfield, Brown, Chippewa, Clark, Crawford, Dunn, Eau Claire, Florence, Forest, Iron, Jefferson, Langlade, Lincoln, Manitowoc, Marathon, Marinette, Monroe, Oconto, Oneida, Outagamie, Portage, Price, Rusk, Sawyer, Shawano, Sheboygan, Sr. Croix, Taylor, Trempealeau, Vilas, Washburn, Washington, Waupaca, Winnebago, and Wood.

In Forest County:

- Forest products industry ranked 3rd in terms of both number of employee and industry output in the county
- Forest products industry average annual income was \$28,000, \$14,000 lower than the county average
- Every ten jobs in the forest products industry supported additional two jobs in the county
- Every million dollars of output in the forest products industry generated additional \$190,000 output in the county
- Forest products industry shared 6.69% of jobs, 7.4% of output and 4% of value-added in the county

*J & J booster dose recommendation:

DHS recommends that the following populations receive a booster dose of J & J vaccine at least 2 months after receiving their first dose in order to further strengthen their immunity:

*People age 18 and older

"Booster doses are intended to help people who are vaccinated maintain the highest possible level of immune system protection for as long as possible," said Dr. Ryan Westergaard, Chief Medical Officer for the Bureau of Communicable Diseases. "It's important to remember that all the authorized COVID-19 vaccines offer strong protection after the primary series. Getting every eligible person vaccinated continues to be our most important strategy for preventing severe illness, hospitalization, and death."

A booster dose serves a different purpose than the additional dose recommended for certain immunocompromised people in early August. The additional doses are for people with certain medical conditions or who are receiving certain treatments leaving them moderately or severely immunocompromised and who may not have built a strong enough immune response after their initial vaccine. In contrast, a 'booster dose' refers to another dose of a vaccine that is given to someone who built enough protection after their initial vaccination, but then that protection decreased over time also referred to as waning immunity. Evidence suggests that immunity is waning over time for some people who were initially well-protected by the vaccine. For those people, a booster dose will strengthen and extend their protection against infection, serious illness, hospitalization, and death from COVID-19.

For additional information about booster doses, additional doses, and help accessing your COVID-19 vaccine record to determine when you may be recommended for a booster, visit the DHS Additional Doses and Booster Doses webpage.

With the high-level of disease transmission in Wisconsin, DHS continues to urge everyone who is not vaccinated to get the COVID-19 vaccine, and for all people to add additional layers of protection including masking up indoors, staying home when feeling sick, and avoiding large indoor gatherings.

For information on where to find a COVID-19 booster in Forest County or surrounding areas, please contact the Forest County Health Department at 715-478-3371. You can also go to Vaccines.gov to find availability near you. Appointments are recommended.
