Wabeno Area Players Present Steel Magnolias on April 21-23

Seated (L-R): M'Lynn (Lori Mattern), Shelby (Christy Mattern), Clairee (Linda Harter). Standing (L-R: Annelle (Katie Essermann), Truvy (Margi Dinny), Ouiser (Carol Bartlein).

The Wabeno Area Players invite you to laugh your socks off and shed a tear with the actresses of the play, *Steel Magnolias*. Robert Harling's comedy drama is a beautiful tribute to friendship, community, and the power of the human spirit. The Players will perform this classic play about feisty, truth-telling, vulnerable Southern women from the 1980s, at the Nancy Volk Auditorium in the Wabeno High School on Friday, April 21 and Saturday, April 22 at 7 p.m. and Sunday, April 23 at 2 p.m.

Steel Magnolias is set entirely in Truvy's Beauty Salon, where the ladies of the neighborhood come for witty banter, caring support, and to express their true feelings about life's problems as they get their hair done. Truvy (Margi Diny), is filled with down-home honesty and caring humor. She is assisted by her bumbling new assistant Annelle (Katie Essermann).

The play begins on the wedding day of fragile, yet strong-willed Shelby (Christy Mattern). The story continues as Shelby locks horns with her controlling and loving mother, M'Lynn (Lori Mattern), about Shelby's ill-advised pregnancy. M'Lynn is supported by her life-long friends, the insightful and rich Clairee (Linda Harter) and the crotchety and sarcastic Ouiser (Carol Bartlein). The play is known for the humor, strength, tolerance and loyalty these six imperfect women portray as they respond to serious crises in their lives.

The production is under the direction of Carol Bartlein. R.J. Chickey is the technical director. The set was constructed by Dave Zuleger. Lighting is by Jan Volk and Vicki Delaski. The sound technicians are Maline Enders and Molly Thornton. Stage managers are Susan Ferguson and Laure Haak.

Reserved tickets can be obtained by going to www.wabenoareaplayers.org and then click on buy tickets; or go directly to www.ShowTix4U.com and enter Wabeno Area Players and follow prompts. Tickets will also be sold at the door starting one hour before each show. Tickets are \$15.00 for adults and \$10.00 for students.

Steel Magnolias is filled with laughter and honesty, that will pull at the heart-strings. It will be a wonderful event to attend with family and friends.

Mother Nature's April Fools Joke

Mother Nature gave most of us a day off on Saturday, April 1. A 15 inch or more dump of wet snow not only plugged the doors of the main street businesses in Crandon, but kept most of the workers trapped in their snow-filled driveways. Even Schaefer's store was closed for the day, presumably because of lack of workers. We now await the water and mud when this big drop of snow melts! And, if you are a snowbird contemplating coming home to the Northwoods, give yourself some time for the snow to melt in your driveway.

Conservation Corner

Conservation Corner is a weekly article produced by the Forest County Land & Water Conservation Department. For more information, contact Steve Kircher, County Conservationist-Land Information/GIS Director, at 715-478-1387 or by e-mail at lcc@co.forest.wi.us.

Lady Beetle, also known as ladybug, refers to all members of the beetle family Coccinellidae, which is comprised of over 400 species in North America. As lady beetles belong to the beetle family, they are not technically "true bugs," which is a term reserved for species in the Hemiptera (true bug) family.

There are many species of lady beetles that are native to North America and are beneficial predators and feed on pest insects like aphids, chinch bugs, asparagus beetle larvae, alfalfa weevils, bean thrips, potato beetles' larvae, spider mites, whiteflies, and mealybugs. Some prefer aphids, scales, spider mites, while others might go for other small arthropods or insect eggs. However, they generally have a diverse palate and will consume what they can successfully attack. When needed, they will also supplement with flower nectar, water and honeydew.

Have you ever noticed a pungent odor when around lady beetles? That is a defense mechanism that has evolved in these little creatures called "reflex-bleeding." That's right, they exude blood, known as hemolymph, from their leg joints to deter predators!

Lady beetles are commonly used as a natural pest control method in gardens and farms. As mentioned, they are voracious predators of many pest insects. If you are looking to attract lady beetles to your garden, there are a variety of flowering plants, like dill, fennel, and

Notice of Public Meeting regarding the proposed Lakes Country Public Library Project

A second meeting will be held on April 19 at 4 p.m. at Lakes Country Public Library to discuss the proposed Building/Expansion project with the public.

Tom Thielke and Kathleen Marsh, Building Expansion Committee Co-Chairs, will be present to explain the project and assist in answering any questions. The library is located at 15235 State Highway 32 in Lakewood.

Clean Boats, Clean Waters Virtual trainings offered in the Northwoods

With the growing concern of aquatic invasive species (AIS) threatening the health of our Northwoods water resources, many lake residents and other concerned citizens are looking for ways to protect the lakes they love. Since 2004, the Clean Boats, Clean Waters (CBCW) Watercraft Inspection program has provided an effective, easy, and indispensable method for trained watercraft inspectors to help prevent the spread of AIS at the landings. Through the CBCW program, inspectors check boats and trailers for AIS before boaters launch and before they leave a waterbody. Inspectors also teach boaters, anglers, and water enthusiasts how and where AIS are most likely to hitch a ride into new waters and the steps to prevent the spread of AIS.

Sponsor a Crandon Senior Banner

As the school year winds down and Spring approaches, it is that time of year to honor our 2023 Crandon High School graduates. One way we do that is through our annual tradition of "Sponsor a Senior," in which we hang senior banners throughout downtown Crandon. We have had great success with this project in the past, and we hope to continue it for years to come.

The banners will cost \$45 each. If you are interested in donating to the "Sponsor a Senior 2021" project, you can donate toward a specific senior, or you can donate toward the overall project to help offset the cost of the banners. You can donate any amount of money that you feel comfortable with, and any donations are greatly appreciated as this is a privately funded project.

We are hoping to gather all donations by April 28th so that there is ample time for the production of

Happy Easter from the Four Busmen (Mike, Mark, Christ & Bob).

Since we've started Monday trips, it seems that riders are hesitating to call me on Sunday to schedule a pick up for Monday. While I appreciate you not wanting to bother me on a Sunday, we are ending up with empty buses on Mondays! Please call me on Sunday. I promise to be nice and won't be at all irritated. Also, snow cancellations may still occur (being up north and all). We still want your calls. We will usually reschedule the next day.

Get off your bunny and give me a call or send a text to 715-889-0859.

We haven't heard a peep from those of you interested in a local Crandon area trip for shopping at local stores and other stops or trips to the Nu-Roc facility so riders can visit residents there. We can also drop riders at other nursing facilities in any of our regular destinations to visit loved ones. Call Mark at 715-889-0859.

Monday and Thursday Trips

Forest County to Rhinelander, Antigo and Iron Mountain. We pick you up at your home sometime between 8 and 9 a.m. and typically arrive at the destination town around 9:45. We'll shop at Walmart for an hour or so then off to wherever the riders wish. Then...lunch! (Optional) We talk about where to eat and all riders are encouraged to voice their opinion. Then return home, arriving between 1 and 2 p.m. most days.

*****NEW MONDAY TRIPS*****

It is with a heavy heart that we write this letter. Due to Fox Valley Greenhouse abruptly closing its doors, Schaefer's IGA Greenhouse will not be opening this year. We tried to find a new supplier last minute, however Fox Valley was a very large supplier for this area and all their customers, like us, are putting a tight constraint on the available supply. It is our goal to be reopened for the 2024 spring season.

Thank You

We would like to extend our appreciation to the caring staff at Rennes in Rhineland and the wonderful people at Weber-Hill who were so kind and respectful of our mother in her final days and after her passing. But, most of all, we are thankful for her friends. Many preceded her in death, but so many more of you are still with us. You walked with her, took her to church, the store or an appointment. You stopped in to check on her, to help her or just to say hello. We are so grateful you were part of her life and that you allowed her to be part of yours.

Thank you all for your condolences, cards and wishes of sympathy. Our mom had a long and healthy life, filled with the love of her family and friends. She was an amazing mother, and we are truly blessed and proud to be her children.

marigolds, that will provide nectar and pollen as a supplemental food. You can also purchase lady beetles from garden centers or online suppliers and release them into your garden during the growing season.

While lady beetles are primarily known for their role as a biocontrol for aphids and other plant pests, some species also serve as important pollinators. The beetles feed on nectar and pollen from a variety of flowering plants and as they move from flower to flower in search of food, they inadvertently transfer pollen from one plant to another. This contributes to the health and productivity of plants and crops in their ecosystems. So, in addition to their pest control services, lady beetles can play a role in supporting plant diversity and ecosystem stability through pollination!

Despite their role as pollinators and pest predators, lady beetles (such as the notorious Asian Lady Beetle) can become a nuisance pest when overwintering in large numbers in homes and other structures. They congregate by the thousands in cracks and crevices and can be wholly annoying. Read about ways to prevent them from congregating in your home or out-buildings as an alternative to pesticides.

THANK YOU

The Nicolet Wild Rivers chapter of the Ruffed Grouse Society would like to thank everyone who attended or donated to our 31st Annual Banquet. The success of this banquet would not have been possible without the great support from our members, local businesses, volunteers and sponsors. Thank you and we look forward to your continued support next year.

2023 Spring Election Results

The Spring election was held on Tuesday, April 4th. School boards, city councils, school referendums, state referendum questions and Wisconsin Supreme Court seat were all on the ballot.

**SPRING SHOWERS ARE COMING,
MAKE SURE YOU'RE PROTECTED WITH AN UMBRELLA POLICY**

Most homeowners insurance and auto insurance policies include liability coverage that protects you against the costs arising when you're legally responsible for bodily injury or property damage.

But what happens when a claim exhausts the primary policy's limits? That's when personal umbrella and excess liability coverage kicks in. The extra layer of protection safeguards you from serious financial loss.

Umbrella policies vary widely in coverage terms and limits.
